SEALED PROPOSALS will be received at the City Clerk's office, in the CITY OF PORTSMOUTH, until the twentieth day of July next, for supplying the Overseers of the Poor with from two hundred to two hundred and fifty cords merchantable HARD WOOD, to be delivered at either Railroad Depot, or at such wharf as the Overseers may designate.
The Overseers reserve the right to reject any bid. By order of the Overseers of the Poor.
MARCELLUS BUFFORD, Clerk.
Portsmouth, N. H., May 14, 1864.

Chance for a Watchmaker.
A Watchmaker about leaving the city offers to let, on reasonable terms, his whole stock of Tools and appurtenances, which comprises almost everything needed in a first class Watchmaker's establishment. Also, the use of a Window in one of the best localities in the city. For terms, and all further particulars, address immediately
WILBER I. TRAFTON, 45 Congress st.,
Je20—3t* Portsmouth, N. H.

Je10 CHAPIN & YEATON.

Graham Flour.
For sale by A. A. PAYNE.

Local.

☞ Mayor Dearborn (who was at home a day or two from Vermont) and Dr. Goodwin (Chairman of the Board of Health) visited the Navy Yard yesterday, in reference to the U. S. ship DeSoto, and the sickness aboard her. Of course most of the rumors floating about town, respecting the sickness, &c., were at surd and groundless; for neither Capt. Pearson nor Dr. Delaney would tolerate such a state of things as reported, at the Yard, for an hour. The pilot is no doubt blameable, as well as the officers of the vessel, for taking the ship past quarantine—although they applied to Capt. Pearson for permission; and she would not have been allowed to pass the Fort but for the recent change of commanders there, and the fact that the new one had not been ordered to stop all vessels from Southern ports, as he now has, from the Health Officers—who did not know of the DeSoto's arrival until she was at the Yard.

The facts are that four men have died, and two are now sick, one perhaps fatally. The rest are apparently getting well; and there have been no new cases since the steamer arrived here. The officer who was sick at one of our hotels has recovered and gone home. So the alarmed and the alarmists—old women whether in pantaloons or petticoats—may quiet themselves.

☞ William Pierce, a young man employed in the Borers' Gang on the Navy Yard, committed suicide by hanging himself on Sunday evening, near his residence on Christian Shore. It was maturely planned, he having left a note stating the reasons for his foolish act, and also a correct order for the amount of money due him on the May and June pay-rolls at the Yard. Domestic troubles are said to have been the cause of this deed. He formerly belonged to the 13th N. H. regiment, but was discharged for disability, and since his return has been steadily employed at the Yard. He leaves a wife and two sons, and was about 35 years of age.

The Mayor and a portion of the Board of Aldermen visited the body on its discovery, but an inquest was deemed unnecessary.

THE BUCKLEYS TO NIGHT.—There is no troupe in the United States that can compare with the eminent abilities of the celebrated Buckley's Serenaders from Boston, who appear at the Temple this evening. They are well known by the music loving community, and the high expectations formed of their artistic worth, by those who have heard and seen them, will in our estimation, be more that realized. As musicians they have no equals, and for vocal power, and that harmony of execution, which characterizes the educated artist, we believe them unsurpassed. Our readers will bear in mind that they can remain positively two nights only, and of course every one "with music in his soul" will be present.

AGRICULTURAL FAIRS.—We understand that it is probable there will *not* be a Fair of the New Hampshire State Agricultural Society this year.

The Merrimack County Society design holding a Fair at their excellent grounds near Concord, the last week in September.

We believe the Carroll County Society also hold a Fair at Ossipee the first week in October.

The Rockingham County Society have it in contemplation to hold a Fair (the first since 1860) at such place as the citizens of which shall offer the greatest inducements; but have deferred the final decision of the matter until the first week in August.

A KIND ACT.—A soldier who was very badly wounded, belonging in Maine, went through Newburyport over the Eastern Railroad on Thursday morning. As he could not be moved except on a stretcher, Mr. Superintendent Prescott, with his accustomed kindness of heart, had a car attached to the train for his benefit, that he might be carried with as much comfort as possible.—Such acts will rear for Mr. Prescott a monument more lasting than marble.

☞ William Goodwin, one of the persons drowned by the upsetting of a boat on the river, Sunday forenoon, was formerly a member of the Second N. H. Regiment, and was severely wounded in the foot at the second Bull Run battle, so that he has been compelled to use crutches ever since. He was a widower, and leaves two children.

☞ The Street Sprinkler is a little tardy this year in making its appearance; so the Clerk of the Weather got tired of waiting for it in the terrible dust, and took the job out of Smart's hands for once, last evening. We hope one of them will favor us with a sprinkling every day.

☞ We are informed that Rev. Edmund Kirke, of Boston, the author of "Among the Pines," will lecture at the Temple on Sunday evening next, for the benefit of the Ladies' Sanitary Commission in this place. The announcement of so popular a speaker will be sufficient to secure him a full house.

☞ The ship Rockingham, for Callao, has been burnt by the pirate Alabama—She was owned by Wm. Jones & Co., of this city; was built in 1858, and was a first-class vessel of 976 tons.

☞ The Law Term of the Supreme Judicial Court, for this District, convenes in Exeter to-day—Tuesday.

A. Q. M. AT SALT LAKE.—D. Brainard Stover, formerly of Newburyport, Mass., and for many years a prominent citizen of California, has received the appointment of Captain and Assistant Quartermaster, and is now stationed at Great Salt Lake City, District of Utah. Capt. Stover, although quite a young man, distinguished himself in the Mexican War.

— Lewiston, Me., is taking measures for the erection of a monument to the memory of soldiers of that city who have fallen during the war.

— There are upward of two hundred and fifty applicants for the Consul Generalship to Canada, of whom forty-two are from Ohio.

— A paper published at Camp Douglas, Utah, perpetrates jokes at the expense of people "out west." That locality is as hard to find as "down east."

—The Central Congregational Church of Philadelphia has given the Rev. A. L. Stone of Boston a unanimous call to become pastor of their church.

— The Secretary of the Treasury has sent letters to all the bidders for the bonds of 1881, accepting the offers at 4 per cent. premium and upward, and declining all others.

— The sales at the Philadelphia Sanitary Fair up to Saturday last amounted to $660,000, and the contributions in cash to $490,000. The Fair will not be closed until the 30th.

— Two Portuguese sailors have astonished some of the New Yorkers by doing various wonderful things—among others, taking off their coats and putting them on again, apparently without moving a muscle.

— A California paper, in reply to an exchange which boasted that "the Democratic party never changed its name or its principles," says: "There is one other party in the country that never changes,—the Chinese."

— John F. Kennard & Co., of Boston, are to furnish Chicago with a "Fire Alarm, Police and Water Telegraph," to cost $70,000. It is said that it will be the most complete and extensive municipal telegraph in the world.

— On the night of May 20, 200 rebels in boats attempted to capture three of our blockaders off Apalachicola. A storm arose, and swamped three of their boats; and they being discovered, a third of their force and all their boats were captured.

DEATHS.

Relatives and friends are invited to attend the Funeral services of Capt. Henry Frank Salter, at the Stone Church, this (Tuesday) morning, at 9 o'clock.

TRIAL AND FRIENDSHIP.—Herrick Allen's Gold Medal Saleratus has had a trial among three million families, and is pronounced the best Saleratus in the known world. Its use always brings a smile to the household; it keeps them in health; it helps make the weak strong, and saves hundreds from that dreadful disease, dyspepsia, as you value health, use it. Most of the Grocers sell it. Depot 122 Liberty Street, New York.

☞ An intelligent Boy, of good habits and fair education, can have a fine opportunity to acquire a knowledge of the profession of printing, or be inducted into the mysteries of 'the art preservative of all arts,' —in other words, to learn the Printer's trade—at this Chronicle Office. je5tf

Is it possible that any Soldier can be so foolish as to leave the city without a supply of Holloway's Ointment and Pills? Whoever does so will deeply regret it. These medicines are the only certain cures for Bowel Complaints, Fevers, Sores and Scurvy.

If the reader of this "notice" cannot get a box of Pills or Ointment from the drug store in his place, let him write to me, 80 Maiden Lane, enclosing the amount, and I will mail a box free of expense. Many dealers will not keep my medicines on hand because they cannot make as much profit as on other persons' make. 35 cents, 88 cents, and $1.40 per box or pot. 223

FOUND—On Wednesday evening, in this city, a WALLET, containing a small sum of money. Apply at No. 2 Marlboro' street.

ROOM PAPERS!

Have Room Papers Advanced in Price, like other things!
J. F. SHORES, Jr.,
No. 1 Congress Block
Is often asked this question; and would answer that he still sells
ROOM PAPERS at eight cents per roll,
ROOM PAPERS at nine cents per roll,
ROOM PAPERS at ten cents per roll,
ROOM PAPERS at twelve and a half cts. p. roll.
These are not of so good quality as were formerly sold at those prices—still they are very fair.
Twelve and a half Cent Papers have advanced to Seventeen Cents.
Twenty-Five Cent Papers to Thirty Cents.
Thirty-Three Cent Papers to Thirty-Eight Cents.
Fifty Cent Papers to Sixty-Two Cents.
One Dollar Papers to One Dollar and Twelve Cents.
One Dollar and Twenty-Five Cent Papers to One Dollar and Forty-Two Cents.
Common, Velvet and Velvet and Gold
BORDERS,
HAVE NOT ADVANCED!
GREEN CURTAIN PAPER
Is still sold at the old price.
Thus, FRIENDS and CUSTOMERS, you have an answer to the query above—
Room Papers Have not advanced as other goods have.
☞ Remember, this is the answer of
J. F. SHORES, Jr.,
NO. 1 CONGRESS BLOCK,
who has just received from New York a further supply of
ROOM PAPERS AND BORDERS.

m24 Long Wharf.

MASON & HAMLIN'S
CABINET ORGANS,
Combining the requisites for Sacred and Secular, Church and Parlor Music; for Families, Sunday Schools, Day Schools, Churches, &c.
They are elegant as pieces of furniture; occupy little space; are not liable to get out of order or out of tune; are warranted for five years; will improve in tone by age, and are moderate in cost.
They are to private houses, Sunday schools and smaller churches, what the larger pipe organs are to large churches, and in addition to this are adapted to secular as well as sacred music.
The Cabinet Organ is essentially different from, and a marked improvement upon, all instruments of the melodeon or harmonium kind. Its superiority consists in many important characteristics.
The undersigned, Agent for the Manufacturers, will be pleased to show the Cabinet Organs to all wishing to purchase, at his residence, NO. 30 HANOVER STREET.

ap9 LAFAYETTE LAIGHTON.

— German civilization and humanity are exhibited in glowing colors by the judicial statistics of the Duchy of Mecklenburg—which show that from 1852 to 1862 the authorities "distributed" 29,025 blows with sticks. One of the offences punished with the stick is maternity not preceded by marriage, which is of frequent occurrence in the Duchy, because peasants cannot marry without permission of the lord of the manor.

SLAVMAKER & NICHOLS'

Constitution Life Syrup,
COMPOSED OF
IODIDE POTASSIUM,
With the compound concentrated fluid extract of
VALUABLE MEDICINAL
ROOTS AND HERBS.
Prepared by WM. H. GREGG, M. D.,
Graduate College Physicians and Surgeons, N. Y.
formerly Assistant Physician Blackwell's Island Hospitals, late Medical Inspector New York State Volunteer Depôts, under Gov. Edwin D. Morgan.

Constitution Life Syrup
HAS PRODUCED
A REVOLUTION IN MEDICINE!

what may seem almost incredible, is, that many diseases hitherto considered hopelessly incurable are frequently cured in a few days or weeks, and we cheerfully invite the investigations of the liberal minded and scientific to cures which have no parallel at the present day.

Our medicine is peculiar, by it the seat of disease is directly reached, and the equilibrium restored. Those who have suffered long from painful and obstinate disease, those who have vainly sought relief from advertised medicines, those who cannot be cured by other physicians—are

Invited to use Constitution Life Syrup.

During the past five years we have contended with obstacles and overcome opposition so base in lean as ever encountered by any Reformers.

Rapidity of Cure.

Some say, "Your cures are too quick," while others doubt their permanence, and think that disease can only be cured by the recuperative process of Nature." This is our reply:

In health, the body, like a well-balanced scale, is in a state of equilibrium. But when from any cause down goes one side of the scale, we have the effects of disease. What is requisite is, to restore the normal balance of the scale.

CONSTITUTION LIFE SYRUP.

A positive and specific remedy for all diseases originating from an IMPURE STATE OF THE BLOOD, and for all (hereditary) DISEASES transmitted from PARENT TO CHILD.

Such as Scrofula, Hemiplegia, Paralysis, Paralysis Agitans, Epilepsy, Convulsions, Chorea (St. Vitus' Dance), Neuralgia, Rheumatism, Gout, Lumbago, Sciatica, Tic Douloureux, Mercurial Diseases, Salivation, Fading of Weariness, Rotting of Bones, Bad Complexion, Aches on Bones, Depressed Spirits, Nervous Debility, Confusion of Thoughts, Epilepsy, Loss of Power, Shattered Nerves, St. Vitus' Dance, Pain in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficult Breathing, Trembling, Wakefulness, Eruptions on the Face, Pain Countenance, Insanity, Consumption, and all the dreadful complaints caused by departing from the path of nature.

☞ This medicine is a simple vegetable extract and one on which all can rely, as it has been used in our practice for many years, and with thousands treated it has not failed in a single instance. Its curative powers have been sufficient to gain victory over the most inveterate cases.

☞ To those who have trifled with their constitution, until they think themselves beyond the reach of medical aid, we would say, Despair not, the CHEROKEE CURE will restore you to health and vigor, and after all quack doctors have failed!

☞ For full particulars, get a circular from any drug store in the country, or write the proprietors, who will mail free to any one desiring the same, a full treatment in pamphlet form.

☞ Price, $2 per bottle or three bottles for $5, and forwarded by express to all parts of the world.

Sold by all respectable druggists everywhere.

Dr. W. R. MERWIN & CO., Sole Proprietors,
No. 69 Liberty street, New York.

Glad News for the Unfortunate!
The Long Sought For Discovered at Last.

CHEROKEE REMEDY
AND
CHEROKEE INJECTION,
Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as Incontinence of the Urine, Inflammation of the Bladder, Inflammation of the Kidneys, Stone in the Bladder, Stranury, Gravel, Gleet, Gonorrhœa, and is especially recommended in those cases of Whites (or Whites in females) where all the old numerous remedies have been tried.

It is prepared in a highly concentrated form, the dose only being from one to two tablespoonfuls three times per day.

It is a diuretic and alterative in its action; purifying and cleansing the blood, causing it to flow in all of its original purity and vigor; thus removing from the system all paralytic causes which have induced disease.

CHEROKEE INJECTION is intended as an ally or assistant to the CHEROKEE REMEDY, and should be used in conjunction with that medicine in all cases of Gonorrhœa, Gleet, Fluor Albus or Whites. Its effects are *healing, soothing and demulcent*; removing all scalding, heat, chordee and pain, instead of the burning and almost unendurable pain that is experienced with nearly all the *cheap quack injections.*

☞ By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all impurities discharge from the urine and the weakened organs are speedily restored to full vigor and strength.

☞ For full particulars get our pamphlet from any drug store in the country, or write us and we will mail free, to any address, a full treatise.

☞ Price—CHEROKEE INJECTION, $2 per bottle or three bottles for $5.

Price—CHEROKEE REMEDY, $2 per bottle or three bottles for $5.

Sent by Express to any address on receipt of price. Sold by all druggists everywhere.

No. 69 Liberty street, New York.

THE GREAT
INDIAN MEDICINE,
COMPOUNDED FROM
ROOTS, HERBS AND
LEAVES.

CHEROKEE
CURE.

An unfailing cure for Spermatorrhea, Seminal Weakness, Nocturnal Emissions, and all diseases caused by self-pollution; such as Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficult Breathing, Trembling, Wakefulness, Eruptions on the Face, Pain Countenance, Insanity, Consumption, and all the dreadful complaints caused by departing from the path of nature.

☞ This medicine is a simple vegetable extract and one on which all can rely, as it has been used in our practice for many years, and with thousands treated it has not failed in a single instance. Its curative powers have been sufficient to gain victory over the most inveterate cases.

☞ To those who have trifled with their constitution, until they think themselves beyond the reach of medical aid, we would say, *Despair not*, the CHEROKEE CURE will restore you to health and vigor, and after all quack doctors have failed!

☞ For full particulars, get a circular from any drug store in the country, or write the proprietors, who will mail free to any one desiring the same, a full treatment in pamphlet form.

☞ Price, $2 per bottle or three bottles for $5, and forwarded by express to all parts of the world.

Sold by all respectable druggists everywhere.

DR. WRIGHT'S
REJUVENATING ELIXIR,
OR ESSENCE OF LIFE.

Prepared from Pure Vegetable Extracts,

Containing nothing injurious to the most delicate.

The Rejuvenating Elixir is the result of modern discovery, and is a complete Life Elixir, being an entirely new and abstract method of cure, irrespective of all the old and worn-out systems.

This Medicine has been tested by the most eminent medical men of the day, and by them pronounced to be one of the greatest medical discoveries of the age.

One bottle will cure General Debility.
A few doses cure Hysterics in females.
One bottle cures Palpitation of the Heart.
A few doses restore the organs of generation.
From one to three bottles restore the manliness and full vigor of youth.
A few doses restore the appetite.
Three bottles cure the worst case of Impotency.
A few doses cure the low spirited.
One bottle restores the mental power.
A few doses bring the rose to the cheek.

This medicine restores to manly vigor and robust health the poor debilitated, worn-down and expiring victims of sensual pleasure.

The listless enervated youth, the overtasked man of business, the victim of nervous depression, the individual suffering from general debility, or from weakness of a single organ, will all find immediate and permanent relief by the use of this Elixir or Essence of Life.

☞ Price, $2 per bottle, or three bottles for $5, and forwarded by express, on receipt of money, to any address.

Sold by all druggists everywhere.

CHEROKEE PILLS!
SUGAR-COATED.
FEMALE REGULATOR.
Health Preserver!!
CERTAIN AND SAFE.

☞ For the Removal of Obstructions, and the Amelioration of Irregularity in the Recurrence of the Monthly Periods.

They cure or obviate those numerous diseases that spring from irregularity, by removing the irregularity itself.

They cure Suppressed, Excessive and Painful Menstruation.

They cure Green Sickness (Chlorosis).

They cure Nervous and Spinal Affections, pains in the head and lower parts of the body, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysteria, Sick Headache, Giddiness, &c., &c. In a word, by removing the irregularity, they remove the cause and with it ALL the effects that spring from it.

Composed of purely vegetable extracts, they contain nothing deleterious to any constitution, however delicate, their function being to substitute strength for weakness, which, when properly used, they never fail to do.

They may be safely used at any age and at any period, *except during the first three months*, during which the confining nature of their action would infallibly prevent pregnancy.

All letters seeking information or advice will be promptly replied to when addressed.

Full directions accompany each box.

☞ Price $1 per box, or six boxes for $5.

Sent by mail, postage free, on receipt of price.

Sold by all respectable druggists.

THE MAGEE
COOKING STOVE.

The subscriber, having received his Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water, also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shovelling up of the ashes is entirely dispensed with, the grate is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We would refer to the following purchasers:

Portsmouth.

J. Woodman Moses	John S. Holbrook
George Billbit	Frank Jones
George L. Tredwell	Henry L. Richards
John H. Piper	Warburton

MAGEE COOK,

Also on hand an assortment of the different sizes
—of the—
MAGEE PARLOR STOVE
with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"
VENTILATING & AIR WARMING
FURNACES.

The subscriber, being the Sole Agent in this vicinity for the manufacturers and sole of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 50 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases as they pass off, and with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq.,	Albert R. Hatch, Esq.,
Aaron H. Hill,	Charles H. Mendum,
Henry F. Wendell,	John Sise, and others.

The Chronicle.

☞ The New York World's Fortress Monroe correspondent gives an eye witness's account of the scene of crossing the James river by our forces. Pontoons were laid at Powhattan Point, between Wilson's Wharf and Harrison's Landing, and at an early hour the troops began to cross. Column after column made the transit of the bridge, and almost as far as the eye could reach was a sea of glittering, moving bayonets and waving flags. The scene was brilliant in the extreme. All day and far into the night the almost endless column moved across the pontoons, with no accident whatever. Early on Wednesday morning everything was over. The troops gave full vent to their enthusiasm.

— An "Army and Navy Button Company" has been organized at Waterbury, Conn.

— A French soldier recently went to a Paris exhibition, and wished to enter at half price because he had but one eye. Claim not allowed.

— An English lady, whose dress caught fire in her bedroom, immediately jumped into bed, drew the clothes over her and thus put out the fire.

— The Boston Post thinks McClellan's Oration at West Point "proves him as skilful and competent in letters as in arms." That may be very true, but it is rather equivocal.

— A western soldier writes to a Cincinnati paper thus: "I see my name reported in the list of deaths at this hospital. I knew it was a lie as soon as I saw it. Hereafter, when you hear of my death, write me and find out if it so before publishing it."

GOLDEN SHEAF WHISKEY.
C. A. RICHARDS,
99, WASHINGTON STREET,
Boston,
Would most respectfully invite the attention and examination of all Grocers, Druggists, apothecaries and Private Individuals, desiring to sell or USE STRICTLY PURE
Liquors, Wines, Cordials or Bitters,
to the list of choice goods enumerated below, which are constantly on hand in large quantities in his Large and Spacious
Wine Store and Bottling Establishment,
99 Washington street, Boston.
First on the list, as a reliable pure stimulant, stands the celebrated and widely known
Golden Sheaf Bourbon Whiskey,
made from Wheat, Rye and Corn, warranted for five years old. Put up in unique style, each bottle in a paper box, in cases of one dozen each, the large and increasing sales of which convince the proprietor that no extended advertisement is needed to extol its real merits. It will recommend itself at first trial.
Golden Sheaf Cordial.
A delightful and healthful beverage, aromatic, with a rich ginger cordial, made from the pure Golden Sheaf Bourbon.
Golden Sheaf Bitters.
The best Tonic Bitter ever offered to the public. Mingled with the rich flavor of the Bourbon are a number of other Ingredients for restoring the appetite and imparting life and vigor to the whole system
Golden Sheaf Punch.
Made from fresh, ripe lemons, and other articles, combined as a whole into a fine rich
Bourbon Whiskey Punch.
All the above put up full strength of the white key, and in cases of one dozen each. These articles are proof to age, and no exposure of climate can affect them.
JOHN AND ROBERT DUNSTER'S CELEBRATED
LONDON DOCK SPIRITS AND WINES,
Imported solely by C. A. R. in behalf of the London Docks, and bottled by him in America. The distinguished and world-wide reputation of these articles has induced the proprietor to seek and obtain the Sole Agency in this country. They are sold only in Bottles, *entirely pure, and without adulteration*, and comprise the four kinds, as follows:
LONDON DOCK GIN,
LONDON DOCK BRANDY,
LONDON DOCK SHERRY,
LONDON DOCK PORT.
All in cases of one dozen each, in strong shipping order for immediate transportation, and are sold lower than any other liquors and wines in the market, of equal quality.
Pure California Wines.
The large demand for the pure wines of California has made it a fixed fact that no well selected stock of Wines is complete without them. C. A. R. has made arrangements for the entire production of
The Largest Vineyard in California!
and is now bottling, and offers for sale, the finest CALIFORNIA WINES ever seen IN THE MARKET, of four qualities, in splendid style of labels, bottles and cases—such as
ANGELICA—Sweet.
PORT—Rich.
HOCK—Dry.
STILL CHAMPAGNE—Delicious.
Parties attracted by this advertisement, or who have already become acquainted with the qualities of these articles, can have a supply sent by mail, or express, when desired, by addressing the subscriber.
C. A. RICHARDS,
99 Washington street. - - - Boston.
NOTE—C. A. Richards would also beg leave to state that the above are only a part of the list of articles for sale and imported by him. He has, in addition, one of the largest stocks in America of Fine Bottled Wines and Spirits, of every variety and kind, together with a fine assortment of Liquors and Wines in original packages, for sale by the cask or gallon. Also, Fine Cigars, Sardines, Pickles, Sauces, and every kind of table luxury usually found in a first class wine store in this country or in Europe.
Orders are most respectfully solicited
PRESTON and THAYER, Agents for Portsmouth. Boston, Dec. 9, 1863.—tawly

E. A. STEVENS,
NO. 46 MARKET STREET.
AN UNUSUALLY LARGE STOCK
OF EVERY KIND
—OF—
KITCHEN FURNISHING GOODS.
The Virtues and Advantages
—OF—
SCHOOLEY'S
NEW IMPROVED
REFRIGERATORS
ARE:
1. We produce greater cold from less ice than any other Refrigerator ever invented.
2. We have double the cooling power at a less cost.
3. Complete and perfect ventilation.
4. Dry, cold air.
5. Sweet smelling, free from moisture, mold or must.
6. One article will not partake of the taste or smell of another, as is always the case in every other Refrigerator.
7. Any kind of perishable food can be preserved almost any length of time.
8. The Provision Chamber can easily be kept clean and sweet, as no moisture is ever deposited on its sides as is in all other kinds.
9. The mechanical structure of our Refrigerators will compare with any of the best made household furniture.
10. Our prices are more reasonable than any other Refrigerator now offered for sale.
11. A perfectly uniform temperature, so that every portion of the Refrigerator can be used at the same time.
12. A constant change of air is secured in the Provision Chamber, without any unnecessary waste of ice, or loss of air already cooled.
An assortment of the above, with common Upright and Chest Refrigerators, for sale at the old prices, notwithstanding an advance of 10 per ct. has been made by the manufacturers on the 19th inst. Terms Cash. E. A. STEVENS.

Gas Fixtures.
Persons who desire to have any repairs or alterations made in Gas Pipes or Fixtures, are requested to send in their orders at once. The work can be done much more promptly now than later in the season. E. A. STEVENS.

"A Stitch in Time Saves Nine."
All Furnaces, Stoves and Funnels should be thoroughly cleaned out and put in order, as soon as fires are done being made in them. If allowed to remain filled with ashes and soot through the summer, they will decay very rapidly, and useless expense be incurred.
A full supply of Limings and Repair Pieces constantly on hand, and all orders attended to with dispatch. E. A. STEVENS.

HALEY, MORSE & BOYDEN'S
SELF-ADJUSTING
CLOTHES WRINGER.
THE BEST IN THE WORLD.
Over 40,000 have been sold by the manufacturer in a little more than two years—nearly 400 of them in Portsmouth and vicinity!
Buy one and try it—if not perfectly satisfactory the money will be refunded.

Facts for the People.
The enormous rise in price of Iron, Coal and Labor, has caused manufacturers to advance the price of STOVES and Castings several times since their began; and it is now arranged to make a general advance of 25 to 30 per cent. this season.
We have not yet raised the price of Stoves in proportion to their increased cost, but shall be compelled to do so very shortly. Persons who expect to purchase anything in the Stove and Furnace line within a year or two, will save money by doing so at once. The price of a Stove is not so much an object, now, as its capacity and the cost of operating it. All things considered, there is no Stove equal to
THE MODEL COOK.
IT IS, IN FACT,
The Best Stove Out,
for economy, convenience and dispatch.
Many people think it hard to use an old stove as long as possible, but it is far better to throw it away and purchase a MODEL COOK, than to keep it at the present high price of fuel.
One of our shrewdest citizens who purchased a MODEL COOK STOVE a year since, says he has saved more than its cost already.
A careful, prudent farmer purchased one, and after it had been in operation some days his son came into the store and said, "something was wrong at their house;" his father asked himself used wood off the same pile, he burned three baskets full a day, and his father only one! We sold him a Stove before he left, and there has been no complaint since.
These Stoves are in use in many hotels and boarding houses, and in hundreds of private families in this city and vicinity, and give the best of satisfaction.
For sale at
E. A. STEVENS'S
House Furnishing Establishment,
NO. 46 MARKET STREET.

CHILDREN'S CARRIAGES.
The subscriber has purchased for cash, of the largest manufacturer in the country,
200 CHILDREN'S CHAISES,
WAGONS, CARS, GIGS,
TOY GIGS AND WAGONS,
of about 20 different styles—prices from $3 to $21 each.
Some of the above are very elegant silver-plated and silk-lined Chaises. The assortment is the largest and best ever offered in this city. A part of the above are already in store and ready for sale—the balance is expected daily.
Call and examine the stock, whether intending to purchase or not.

The Old Established Hospital,
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually!
DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at the Old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can and his facilities for such cures in correspondence with the most eminent Physicians of the Old World, for obtaining the safest as well as the latest remedies for the speedy cure, offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.
In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords, Bubos, Ulcerated Throat, Nose, Face, Shin Bones, Cutaneous Eruptions, Blotches, Ulcers, Abscesses, and all other impurities of the system, are perfectly cured under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.
YOUNG MEN.
Young Men addicted to secret habits, who have impaired their healths and destroyed the power of their minds, thus depriving themselves of the pleasure of the Married Life, are notified that in consulting Dr. J. Teller, they will find a friend to console and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. J. T. broken down, to know rejoice in all that makes life desirable and man happy. The reader is of course aware that the delicate nature of the subject will prevent a more minute description of this terrible disease.
DR. TELLER'S GREAT WORK.
A book for everybody—Startling disclosures: Dr. Teller's great work for the Married or those contemplating marriage—200 pages—full of plates—price 25 cts. Sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The single Married and the Married happy. A lecture on Love, or how to choose a Partner—a complete work on Midwifery, it contains hundreds of secrets, never before published.—Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps, inclosed, will secure a copy by return mail. Dr. TELLER has devoted a lifetime to the cure of those diseases upon which his books treat.
TO THE LADIES.
DR. TELLER still remains the only Agency in America, for the sale of Dr. Vichol's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.
CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.
Office hours from 8 A. M. to 8 P. M., and on Sundays from 2 to 5 P. M.
N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice. N. B.—No students or boys employed. Notice this, address all letters to

my10 JOHN SISE, 6 Market Square.

Morning Chronicle.

Portsmouth, N. H.

WEDNESDAY, JUNE 22, 1864.

THE REBELLION.

Gen. Sherman reports that he was premature in announcing that the enemy had abandoned his position, although he based his report on that of all the corps commanders. Johnston has, however, thrown back his flanks and abandoned all his works in front of the Kennesaw mountain, but holds that mountain as the apex of his position.

Gen. Foster reports that he has been informed by the rebel Gen. Sam Jones, commanding at Charleston, that five Union officers, prisoners of war, have been placed in Charleston, to be retained there under our fire. Gen Foster has protested against this weak and cruel act, and at his request the War Department has transferred to him an equal number of rebel officers of equal rank to be placed under the enemy's fire as long as our officers are exposed in Charleston. Meanwhile the fire on the city is continued.

THE VIRGINIA CAMPAIGN.

Gen. Grant's batteries command Petersburg and the bridge across the Appromattox. Unofficial accounts represent our loss to to have been very severe in the assaults on the enemy's works on Saturday. An officer from the front reports the army in excellent spirits and eager for the signal to again attack the intrenchments of the enemy. The wounded have all been well cared for.

Beauregard has at Petersburg his own army, and portions of the forces of Longstreet, Wilcox, and Ewell,—roughly estimated at 30,000 men. Up to Sunday, there had been charges and counter charges, but no positive advantage gained on either side. The rebels were being reinforced but our troops were slowly pushing their way in upon the doomed city. The small force which Gen. Butler sent out against the Richmond and Petersburg railroad, numbered but 4000 men. They advanced three or four miles directly in the teeth of Lee's veteran army, and succeeded in cutting it in two by destroying three miles of railroad, over which troops were passing as fast as trains could run. The rebel Gen. Pickett came down with a rebel force, but was held at bay by a mere handful of our men until the work was accomplished, when our men retired.

Sunday was comparatively a quiet day with the army, operations being confined to reconnoissances, slight skirmishing and some sharpshooting. Our lines now extend some distance beyond Petersburg, up the Appomattox river. Gen. Sheirdan has arrived at White House.

Gens. Grant and Butler went up the James river, Sunday, and had an interview with Adm. Lee, who commands our iron clad fleet. An attack was made on our centre, about 10 o'clock Sunday night, but it was quickly repulsed.

Gen. Hunter is reported to be at Forest Depot, on the Virginia and Tennessee R. R., 8 or 10 miles from Lynchburg.

☞ The telegraph reports that Col. Joshua L. Chamberlain, of the 20th Maine regiment, has been "shot through both thighs,—recovery doubtful." Col. Chamberlain is a native of Brewer, Me., and at the commencement of the war was Professor of Modern Languages at Bowdoin College. Actuated by motives of the loftiest patriotism he early went to the war as Lieut. Colonel of the 20th Maine, and has since been promoted to the position of Colonel,—acting for some months as Brigadier General. He has been in several engagements and has uniformly commended himself as a brave, skilful and competent officer. Last summer, after the Gettysburg fight, in which the 20th did much better work than the newspapers ever gave it credit for, he received a furlough on account of ill health, and returned home. Unable, however, to withstand the promptings of duty he started on his return; but in Washington the Surgeon insisted that his health would not then permit him to take the field, and he was detailed for service on court martial. But soon after the commencement of the present campaign he rejoined his regiment, and has since been at its head. We most sincerely trust that his injuries are not so severe as represented, and that he may yet recover to do good work for the cause he has so much at heart.

— It is reported in Washington that Gen. Grant has released Gen. Gilmore from arrest, and ordered him to report at Washington and await further orders.

— Hon. John F. Potter, of Wisconsin, has been appointed and confirmed as Consul General for the British North American Provinces.

— It is stated that the army balloons are to be kept till the close of the war, when they will be sent in search of the "gone-up" Confederacy.

NEW HAMPSHIRE ITEMS.

—— No important business was transacted by the Legislature on Monday.

—— The Soldiers' Monument, at Bangor, which was dedicated on the 17th, is made of Concord granite.

—— The Jackson Manufacturing Company at Nashua has made a semi-annual dividend of 10 per cent., $100 per share, payable June 20.

—— A Concord dispatch states that volunteering for the cavalry regiment is now going on finely. About twenty men enlisted on Monday, their town bounty averaging about $300. Three hundred and twenty men are now needed to fill regiments.

—— Of the one hundred and seventy men required from the 2d district under the recent deficiency draft, one has been held to service, eight have paid commutation and one hundred and seventeen have put in substitutes. The latter brought on Monday $650 and $700.

—— Capt. William Badger of Upper Gilmanton, Co. D, 4th N. H. regiment, and Capt. David O. Burleigh of Laconia, Co. I, 4th, have been cashiered—"to forfeit to the United States all pay and allowances that now are or may hereafter be due; to have the straps and buttons cut off in the presence of the regiment, and to be drummed out of service with the placard 'Coward' upon their backs."

—— The most important measures to be disposed of by the Legislature before its adjournment are: Improvement of State House or the removal of the capital; the funding of the public debt; the apportionment of public taxes; the manner of raising soldiers to fill up future quotas for New Hampshire; and the disposition of the bill introduced in relation to railroads, which provides a hearing for persons in relation to exorbitant charges upon freight or passenger tariffs. Efforts are being made to call a constitutional convention for the purpose of reducing the number of representatives, for abolishing the religious test oath, and for allowing soldiers in the field the right to vote.

— The Gold bill has stopped speculation in gold, but has not brought down its price.

— Gen. Brooks commands the 10th corps, as successor to Gen. Gilmore.

— The thermometer stood in Bangor, on Sunday, at 101 in the shade. Bangor is pretty near the jumping off place.

— A boy has died in Roxbury, Mass., from injuries received by being hit by a stone thrown by another boy.

— A boy, who had been bathing, was rended insensible by sun stroke in East Boston on Monday.

— About two hundred acres of the Arlington estate, immediately around the old Mansion House, Washington, have been set apart as a burial ground for soldiers.

— Godey calls his Lady's Magazine for July a "hurra" number, and he does well. The fine steel engraving "Yankee Doodle," is alone sufficient to make good his boast.

— New York merchants and bankers who are liable to draft, are procuring substitutes in advance and putting them into the army.

— Informal calculations show that the total expenses of this Government for the fiscal year ending with the present month have been nine hundred millions of dollars.

— Sec. Chase has asked authority from Congress to negotiate a loan of four hundred millions at six per cent. Interest payable in coin.

— The Navy Department has received intelligence of the capture of the British steamer Syren off Beaufort, N. C., with a cargo of liquors. The prize is an iron screw steamer, schooner-rigged.

— Mr. Belmont, the Chairman of the National Democratic Committee, has refused to call a meeting for the consideration of the proposal to postpone the Chicago Convention.

— Gen. Hancock has been compelled by his old wound to ask to be relieved, and Gen. Birney has command of his corps. He expects to be in the field again in a week.

— A Washington correspondent asserts that Stanton and Chase won't speak to Postmaster Blair, and that Seward and Welles don't "and out" on Cabinet meetings. The family doesn't seem to be as happy as it ought.

— The Charlestown police arrested 18 small boys on the bridge between that city and Cambridge, on Sunday afternoon.—They were engaged in a fierce fight. Quite a number jumped into the water to escape from the police, but were captured.

— The Davenport Sisters are tying and untying knots in Boston, in their usual astounding style, and as Mr. Davenport says: if it ain't spirits, what is it?—a question which Barnum has asked also. A Boston paper calls it "devoltry" (spells it with an e) and says that as an entertainment it is very good, but as for demonstrating the immortality of the soul, it comes about as near it as the Prince of Wales does to being Queen of England.

NOTES OF FORMER DAYS.

Collected and Collated — By Uncle Toby.

In our old paper, the "Independent Chronicle and Universal Advertiser" of June, 1777, we find advertisements about Military Hospitals, and advertisements of deserters, exactly as in modern days. We find also a law of Massachusetts, "to prevent monopoly and oppression,"—in other words to fix the prices at which goods shall be sold, under heavy penalties.

The prize sloop Betsey is advertised for sale by auction under the Sheriff's direction, at Gen Hancock's wharf, in Boston, July 3, 1777,—as follows:

To be sold by public vendue. On Wednesday, the 3d of July next, at General Hancock's Wharf, at eleven o'clock, in the forenoon, the prize sloop Betsey, burden about 60 tons. She is a prime sailer, uncommonly well found, and has been constantly used in the fishing trade. Also her cargo, consisting of about 160 quintals of choice fish, a few barrels of good beef, and a quantity of codlines and leads. At the same time and place, will be sold, for 7 years servitude, two negro men and one negro woman, at the expiration of which term they are to be free'd by the purchasers. The sloop and fish are at General Hancock's wharf.

Wm. Greenleaf, Sheriff.

Next, we copy a tory letter, with the following introduction:

Providence, June 21.

The following is a copy of an intercepted letter from a person at Rhode Island, to Ned Winslow, at Plymouth; and is here inserted by way of specimen of the lying abilities of the tories, never more necessary than at this time to cheer each other's desponding spirits. "*Dear Sir*, I cannot omit this opportunity of returning you, and the rest of my friends, my many thanks, for your civilities to Mrs. Eadaile, during the time we were at Plymouth. There is no expressing the joys of our little party, on being safely landed among our own people. We found your amiable daughter here, well and in high spirits. I don't know how many Colonels, Majors, &c. &c. &c., the white wench's black eyes (according to Shakespear) have smote. Both Mrs. Hutchinson and herself, intend writing to all their friends by this opportunity.

"The rebel game, I take it, will be up this summer, when I fancy they will lose at a damned rate. Poor Ticonderoga, we are credibly informed, was taken by General Carleton, the 27th of last month! Philadelphia will soon follow the same fate. Lord Howe is gone or going very soon up the Delaware, with a large force, and I suppose the General beats his march by land about the same time, with a considerable army. He has at least 30,000, with Continentals, which is at least 10,000, the last return being 7800. Your son, I hear is well at New York, whom I hope soon to see, but at present we have no opportunity. I suppose you have heard of the boasted exploits of the Yankees, in an attempt on the picket guard last Wednesday night, and two nights after, on this island; and I make no doubt, but they have, according to custom, killed 200 or 300 of the enemy. Three they have killed, and wounded 1, but done in a rascally manner. I should write more, but the bearer of this is going directly. My respect and compliments to all friends. I am, dear Sir, your much obliged humble servant, Samuel Eedaile."

Last, but not least, we find a column of small type filled with an advertisement of the schemes of the United States' Lottery, of four classes, 100,000 tickets each—authorized by Congress, and signed by Chas. Thomson, Secretary. The schemes were quite plausible, but too long to copy here. The advertisement closes thus:

As this lottery is established for the sole purpose of raising a sum of money for carrying on the present just war, undertaken in defence of the rights and liberties of America, in which every individual and posterity will be so deeply interested, it is not doubted but every real friend to his country will most cheerfully become an adventurer, and that the sale of the tickets will be very rapid, especially as even the unsuccessful adventurer will have the pleasing reflection of having contributed, in a degree, to the great and glorious America.

The managers appointed by Congress are, Sharp Delany, John Purviance, Owen Biddle, David Jackson, Jacob Barge, Jonathan B. Smith, and James Searle, who are upon oath, and give bond for the faithful discharge of their trust.

The drawing of the first class will begin at Philadelphia, the 10th day of April next, or sooner, if sooner full.

The managers are instructed to sell the tickets for ready money only.

— The rebel fleet in Mobile Bay is said to consist of the ram Tennessee, four vessels partly cased with iron, and four wooden vessels protected by cotton. We have 16 wooden vessels there.

— The commutation clause of the enrollment bill was discussed in the Senate on Monday, and there was quite a diversity of opinion. The bill was finally recommitted to the Military committee, and the indications are that commutation will not be abolished.

— The N. Y. World believes that "of the one hundred and twenty-five million dollars appropriated for recruits, at least one-half found its way into the pockets of the fellows who are now bawling for Lincoln and Johnson." So the copperhead World is willing to admit that the Union men do enlist and get the bounties?

— The Portland Courier states that Artemus Ward recently refused an office of ten thousand dollars and his *excuses* for one hundred lectures in the United States and Canadas. Artemus will think those excuses must have been made at his *expense*.

The Railroad Accident at Berlin. The terrible accident to the express train from New York for Boston on Monday morning, occurred near Berlin, Conn., about 7 miles south of Hartford, while the train was going at the rate of about twenty-five miles an hour. The cause is not definitely stated, but it is supposed to have been occasioned by the spreading of the rails. There were eleven cars and one baggage car in the train, and the rear car was the first to be thrown from the track, on a curve, where the track was raised six or seven feet. The rear car drew down with it the one immediately in front of it, and both were utterly demolished. The third car from the end of the train was thrown off the track and the hind wheels wrenched off, but the coupling broke in time to prevent its following the others down the embankment. But, what is singular, the baggage car was broken, the intervening cars being uninjured.

Thirty-six persons were injured more or less seriously—seven of them severely. The other passengers immediately set to work to extricate the wounded from the ruins. Water was obtained from a marsh near by, and the sufferers were relieved as far as possible. Several physicians repaired at once from Hartford in a special car. Those injured were mostly passengers who had got aboard at the way stations. This is the first serious accident that has occurred on this road.

— The Paris *Constitutionel* learns that Prussia and Austria have consented to a prolongation of the armistice for a fortnight.

Ho! for a Sail!
THE FAST-SAILING PILOT BOAT
DRAGONET
is now ready for large or small parties to and from the Isles of Shoals, or up and down the Coast, or on the Pilot cruising ground. Charges reasonable, and accommodations excellent.
The boat is new, well found and finished in every respect, and can accommodate one hundred by day and give good room.
The "Dragonet" takes the place of the old favorite yacht "Sybil," and is more than her equal in every respect—and the public will find the most ample satisfaction in testing her quality.
For terms, &c., and to engage the boat, apply on board, at Rollins' Wharf, foot of Court street or of WM. RANDALL, No. 8 Jefferson street.

Coal $14.00 Per Ton!
MONEY SAVED BY USING EDDY'S PATENT
KEROSENE COOKING STOVE.
By the use of two or more burners sufficient heat is obtained for doing most of the cooking for a family, at a very small expense and with great facility.
Economy is perhaps their greatest recommendation in these times of high prices of Coal, for with one of these Stoves tea may be prepared for a family at a cost for fuel not exceeding One Cent, and dinner not exceeding Two Cents.
They are portable, and burn without smoke or odor, hence they may be used in any part of the house.
Call and see one in operation, at No. 12 Market street. Sole Agents for Portsmouth,
J. W. & A. STAVERS.
Also, Dealers in Crockery, Glass Ware, Room Papers, Lamps, Window Shades, Boots, Shoes, and Fancy Goods. Je16

Mrs. M., who is thoroughly versed in the affective maladies of the sex, can be consulted by ladies.
Patients furnished with board and experienced nurses.
Boston, June 7, 1864.—eply 8taw

"A Wonderful Discovery."
DR. TEBBETS'S "PHYSIOLOGICAL HAIR REGENERATOR" is compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "DYE," and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth of new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off and removes all dandruff, heat, humors and itching from the scalp. It keeps the head soft, mellow and perfectly healthy, and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing has no superior. The "HAIR REGENERATOR" is warranted to produce the above results in all cases, if not the money to be refunded. With it every "GRAY HEAD" in New England can be restored in less than sixty days.
THACHER, opposite the Post Office and 12 Market Square, Agent for Portsmouth.—Geo. O. Goodwin, No. 36 Hanover street, Boston, Wholesale Agent for New England, and sold by Druggists everywhere. TEBBETS BROTHERS, Proprietors and Chemists, Proprietors, Manchester, N. H. Jel—tf

Proposals for Wood.
SEALED PROPOSALS will be received at the City Clerk's office, in the CITY OF PORTSMOUTH, until the twentieth day of July next, for supplying the Overseers of the Poor with from two hundred to two hundred and fifty cords merchantable HARD WOOD, to be delivered at either Railroad Depot, or at such wharf as the Overseers may direct.
The Overseers reserve the right to reject any bid. By order of the Overseers of the Poor.
MARSHAL BURROUGHS, Clerk.
Portsmouth, N. H., May 14, 1864.

Chance for a Watchmaker.
A Watchmaker about leaving the city offers to let, on reasonable terms, his whole stock of Tools and appurtenances, which comprises almost everything needed in a first class Watchmaker's establishment. Also, the use of a Window in one of the best localities in the city. For terms, and all further particulars, enquire immediately of

Local.

☞ The new little steamer "Pioneer," which was launched a week or two ago, is lying at Capt. Tucker's Wharf, and her wood-work is about completed. The machinery is expected soon, and it is hoped she may be put running in July. Considerable change was made from the original design of her construction. Instead of a light, cheap boat, she is built mainly of oak and hackmetack; and her engines are much more powerful than at first proposed, so as to render her suitable for towing purposes, and make a better boat every way, and more costly.

The Pioneer is expected to carry five hundred, or more, passengers, and will well accommodate two or three hundred; and all concerned will regret that she could not be completed in time to open the Shoals season.

☞ The Strawberry season has begun—our native crop, we mean, a little tardily. Mr. Avery had a hundred boxes, and more on Tuesday—mostly from Stratham; but also including some of those rich dark colored seedlings from Mr. Lane of Candia, the praises of which were last year in everybody's mouth who could get the fruit itself. The price is now from 40 to 60 cents per box, and we fear will not rule much lower—and they do say the yield will not be large nor the season long, unless we have rain right off. The best box yet sent us comes from Avery's, 29 Congress Street, as above referred to—and they measure three and four inches round, and you must take two bites at them.

☞ The famous Buckleys and their talented Troupe of Minstrels gave a grand Concert at the Temple last night, to a large and delighted audience. It were easy enough to multiply words in their praise; but good music, like good wine, needs no bush,—and it is sufficient to say that in the "Buckleys'" performances you get all that can be crowded into or drawn out of minstrelsy, which is saying a great deal to some folks. All with jingle and fun enough in them to enjoy such, should be on hand this evening, the last chance.

The Agent informs us that at least 500 persons, for whom there was not room, were turned away last night. The receipts were nearly $400. So you must go early this evening, "if you want to see how the inside of the hall looks."

For the Chronicle.

☞ We notice with regret that the Board of Aldermen of this city have ignored the pecuniary claims of the Portsmouth Cornet Band, by refusing to allow their bill for services rendered on three recent occasions. We learn that one of the Aldermen, as a committee appointed for the purpose, made a square arrangement to perform as above stated, not alluding to their terms, and he now votes to table the matter on account of the exorbitancy of their bill. Three dollars each per day is the sum charged, and while almost any Irishman on our coal wharves can realize this amount of money each day, we should certainly infer that for the time, money and breath spent,—to say nothing of the talent required—$3 is much too low. We have no personal interest in the matter save that we earnestly desire to have this enterprising body of young men so well encouraged as to enable them to maintain their organization; and yet the contingency of the dissolution of the Portsmouth Cornet Band is not at all improbable, as those remarks relative to the matter were prompted by accidentally learning that the subject of dissolving the institution was seriously discussed at their last meeting.

We should regard it as a misfortune to our city—to which it is an honor—to lose the existence of so fine a band of music.—We trust that the Board of Aldermen will not act niggardly in the matter, but will take such action as shall ensure satisfaction to all concerned. MUSIC.

☞ It will be seen that Pilots Preble and Randall offer the staunch, commodious and fast-sailing yacht "Dragonet" for the accommodation of pleasure sailers, the present season. She is represented as a fast and pleasant boat; and her owners know as well as anybody what a good craft is, and when they have got one.

☞ The official list of the casualties in the 13th N. H. regiment in the battles of June 1st, 2d, 3d and 4th, contains the following names:—

Capt. E. W. Goss, Co. I, wounded.
Sergt. E. H. Leslie, Co. F, wounded.
Corp. Wm. Warburton, Wm. T. Mathews, killed; L. B. Tarleton, J. P. Randall, R. M. Zeller, Wm. H. Gray, all of Co. K, wounded.

☞ Capt. Philip H. W. Fontane, of the U. S. Marine Corps, has resigned. He was stationed at the Portsmouth Navy Yard a few years since.

☞ The lecture advertised to be delivered next Sunday evening, by Rev. Edmund Kirke, author of Among the Pines, is postponed to the early part of July, of which due notice will be given.

☞ The ship Rockingham, from Callao for Queenstown, was burned by the Alabama April 23, in lat. 15 south, lon. 32 west. The Alabama was spoken the following day by a vessel which has arrived at London. The Rockingham was commanded by Capt. Gerrish, and was on the voyage from Callao for England with a cargo of guano, having sailed from the former port on the 24th of February last. This is the second instance among the various captures by the rebel pirates in which a cargo of Peruvian guano has been destroyed. The pirates heretofore have usually bonded vessels having cargoes from the Peruvian guano islands, on the ground that the cargo was owned by foreign parties. It is likely that Jeff. Davis has latterly sent more stringent orders to his sea robbers.

SLAYMAKER & NICHOLS' OLYMPIC CIRCUS.—This extensive and complete establishment is spoken of by the press wherever it has appeared, as one of the best and most entertaining exhibitions of the kind which has ever been brought before the public. "Among the most marked and pleasing features, [says the Philadelphia Inquirer] is Snow's Troupe of Acting Dogs and Monkeys, which, for intelligence, docility, training, and perfect accomplishments, have never had any equals in America. They do a vast number of entertaining tricks, besides performing in the juvenile legend of Little Red Riding Hood, in which they enact a variety of parts in costume, with all the skill and seeming appreciation of human artists. This affords a delightful and really wonderful entertainment, particularly to children. The ponies are beautiful little creatures, and the trained horse Pegasus is a fine animal. As for the company, we have only to mention that it contains such brilliant names as Wm. Nichols, Darius Wood, Mademoiselle Helene, Signora Julie, and the wonderful Snow Brothers, &c., &c."

The establishment will enter Portsmouth in grand procession on Friday next. See advertisement on last page, and look out for the procession.

— Mr. Wm. W. W. Wood, who relieves Mr. Stimers as Inspector of Iron-clads, is one of the most experienced engineers in the service, and is highly spoken of by professional men, as not only master of his business, but as a gentleman of unblemished reputation.

MARRIAGES.

In Kensington, June 18, JOHN FRENCH to Miss IRENE BROWN.

DEATHS.

BUSINESS NOTICES.

☞ Mr. E. A. Joy's Juvenile Singing School, Saturday afternoons at 3 o'clock, at Mercantile Hall.

☞ Mr. Joy's evening Singing School for Ladies and Gentlemen, is held at Mercantile Hall, on Tuesday evenings.

☞ We are informed that Rev. Edmund Kirke, of Boston, the author of "Among the Pines," will lecture at the Temple on Sunday evening next, for the benefit of the Ladies' Sanitary Commission in this place. The announcement of so popular a speaker will be sufficient to secure him a full house.

TRIAL AND FRIENDSHIP.—Herrick Allen's Gold Medal Saleratus has had a trial among three million families, and is pronounced the best Saleratus in the known world. It can always bringe a sense to the household; it keeps them in health; it helps make the weak strong, and saves hundreds from that dreadful disease, dyspepsia. As you value health, use it. Most of the Grocers sell it. Depot 112 Liberty Street, New York.

☞ An intelligent Boy, of good habits and fair education, can have a fine opportunity to acquire a knowledge of the profession of printing, or be inducted into the mysteries of "the art preservative of all arts,"—in other words, to learn the Printer's trade—at this Chronicle Office. je5tf

Is it possible that any Soldier can be so foolish as to leave the city without a supply of Holloway's Ointment and Pills? Whoever does so will deeply regret it. These medicines are the only certain cures for Bowel Complaints, Fevers, Sores and Scurvy.

If the reader of this "notice" cannot get a box of Pills or Ointment from the drug store in his place, let him write to me, 80 Maiden Lane, enclosing the amount, and I will mail a box free of expense. Many dealers will not keep my medicines on hand because they cannot make as much profit as on other persons' make. 35 cents, 88 cents, and $1.40 per box or pot. 223

☞ The *Domestic Dyes* prepared by Geo. H. Reed & Co. offer the simplest and most perfect means of dyeing household apparel ever presented the public. They embrace 50 different shades, and include all the new and fashionable colors—and are perfectly *fast*. Samples on silk and wool can be seen and the colors procured of THACHER Je20

Proposals for Pine Timber and Plank.
SEALED PROPOSALS will be received at the City Clerk's Office in the city of Portsmouth, N. H., until SATURDAY, July 2, 1864, at 12 o'clock at noon, for furnishing the following schedule of timber and plank for repairing the Sagamore Bridge, to be delivered at some wharf or depot in said city:

40 pieces White Pine 8 by 10 inches, 32 feet long.
40 " " 8 by 10 " 30 "
30 " " 8 by 10 " 34 "
25,000 feet board measure White Pine Plank, 3 inches thick and 21 feet long.

Persons proposing will state the price by the thousand feet board measure; they will also state the time when the whole can be delivered, if being wanted immediately.

Separate bids will be received for the Timber and Plank.

The undersigned claim the right to reject any bid.

By order of the Board of Aldermen.

Smith's Catarrh Snuff.
For the cure and immediate relief of Catarrh, Colds in the Head, Dryness of the Air Passages, &c.
This Snuff does not sneeze one in inhaling it. It will break up a Cold in the Head in a few minutes. It is softening and soothing in its effects. Every one, as far as is known, is satisfied with its results. The large demand it is having, by the press and dozen, shows its value. The Proprietor was cured last winter of Catarrh of many years standing, with his "Catarrh Snuff," and the cure is PERMANENT.

ROOM PAPERS!
Have Room Papers Advanced in Price, like other things!
J. F. SHORES, Jr.,
No. 1 Congress Block
Is often asked this question; and would answer that he still sells
ROOM PAPERS at eight cents per roll,
ROOM PAPERS at nine cents per roll,
ROOM PAPERS at ten cents per roll,
ROOM PAPERS at twelve and a half cts. p. roll.
These are not of so good quality as were formerly sold at those prices—still they are very fair.
Twelve and a half Cent Papers have advanced to seventeen Cents.
Twenty-Five Cent Papers to Thirty Cents.
Thirty-Three Cent Papers to Thirty-Eight Cents.
Fifty Cent Papers to Sixty-Two Cents.
One Dollar Papers to One Dollar and Twelve Cents.
One Dollar and Twenty-Five Cent Papers to One Dollar and Forty-Two Cents.
Common, Velvet, and Velvet and Gold
BORDERS,
HAVE NOT ADVANCED!
GREEN CURTAIN PAPER
is still sold at the old price.
Thus, FRIENDS and CUSTOMERS, you have an answer to the query above—
Room Papers Have not advanced as other goods have.
☞ Remember, this is the answer of
J. F. SHORES, Jr.,
NO. 1 CONGRESS BLOCK,
who has just received from New York a further supply of

MASON & HAMLIN'S
CABINET ORGANS,
Combining the requisites for Sacred and Secular, Church and Parlor Music; for Families, Sunday Schools, Day Schools, Churches, &c.
They are elegant as pieces of furniture; occupy little space; are not liable to get out of order or out of tune; are warranted for five years; will improve in tone by age, and are moderate in cost.
They are to private houses, Sunday schools and smaller churches, what the larger pipe organs are to large churches, and in addition to this are adapted to secular as well as sacred music.
The Cabinet Organ is essentially different from, and a marked improvement upon, all instruments of the melodeon or harmonium kind. Its superiority consists in many important characteristics.
The undersigned, Agent for the Manufacturers, will be pleased to show the Cabinet Organs to all wishing to purchase, at his residence, NO. 30 HANOVER STREET.

Constitution Life Syrup,
COMPOSED OF
IODIDE POTASSIUM,
With the compound concentrated fluid extract of
VALUABLE MEDICINAL
ROOTS AND HERBS.

Prepared by WM. H. GREGG, M. D.,
Graduate College Physicians and Surgeons, N. Y. formerly Assistant Physician Blackwell's Island Hospitals, Medical Director New York State Volunteer Depots, under Gov. Edwin D. Morgan.

Constitution Life Syrup
HAS PRODUCED
A REVOLUTION IN MEDICINE!

What may seem almost incredible, is, that many diseases hitherto considered hopelessly incurable are frequently cured in a few days or weeks, and we cheerfully invite the investigations of the liberal minded and scientific to cures which have no parallel at the present day.

Our medicine is peculiar, by it the seat of disease is directly reached, and the equilibrium restored. Thousands have suffered long from painful and obstinate diseases, those who have vainly sought relief from advertised medicines, those who cannot be cured by other physicians—are

Invited to use Constitution Life Syrup.

During its progress we have met and overcoming with obstacles and overcome opposition as bitter as ever encountered by any Reformers.

Rapidity of Cure.

Some say, "Your cures are too quick," while others doubt their permanence, and think that diseases can only be cured by the "slow recuperative process of Nature." This is our reply:

In health, the blood is in a well-balanced scale, in a state of equilibrium. But when from any cause down goes one side of the scale, we have the effects of disease. What is requisite is, to restore the normal balance of the scale.

CONSTITUTION LIFE SYRUP,

A positive and specific remedy for all diseases originating from an IMPURE STATE OF THE BLOOD, and for all (hereditary) DISEASES transmitted from PARENT TO CHILD.

Paralysis.

Hemiplegia, Paresis, Paraplegia, Paralysis Agitans.

It is so universally admitted that Constitution Life syrup is the only effective means of restoration to the various forms of Paralysis, that we need no relevant remark. It is emphatically the Great Life-Giving Power.

Dyspepsia.

Indigestion, Bowel Complaint, Constipation, Weight at Stomach, Sick Headache, Want of Appetite, Flatulence, Bad Breath.

Scrofula.

Tumors, Glandular Swellings, Ulceration, King's Evil, Erysipelas, Salt Rheum.

This taint (hereditary or acquired), filling life with untold misery, is by all usual medical remedies incurable.

Rheumatism.

(Arthritic), Neuralgia, Gout, Lumbago, Sciatica, Tic Doloureux.

If there is any disease in which the Constitution Life Syrup is a sovereign, it is in Rheumatism and its kindred affections. The most severe pains are almost instantly alleviated—enormous swellings are reduced. Cases, chronic or vicarious, of 20 or 30 years standing, have been cured by us.

Nervousness.

Nervous Debility, Craziness of Thought, Epilepsy, Loss of Power, Shattered Nerves, St. Vitus' Dance.

Thousands who have suffered for years will bless the day on which they read these lines. Parkhealer's to weak, nervous, lost men. The medicine procure an inestimable blessing—directing their footsteps to a Hope which fulfils more than it promises.

Mercurial Diseases.

Salivation, Feeling of Weariness, Rotting of Bones, Foul Complexion, Ulcers in Bones, Deposited Specific.

Constitution Life Syrup purges the system entirely of the effects of Mercury, restoring the Bad Breath, and curing the Weak Joints and Rheumatic Pains which the use of Calomel is sure to produce. It brings Spongy Gums and secures the Teeth as firmly as ever.

Constitution Life Syrup

Eradicates, root and branch, all Eruptive Diseases of the Skin, like

ULCERS, PIMPLES, BLOTCHES,

And all other difficulties of this kind, which so much disfigure the outward appearance of both males and females, often making them a disgusting object to themselves and their friends.

CONSTITUTION LIFE SYRUP

Cures all Swellings of the Glands,

Either of the Face, Neck or Female Breast, and should be taken at once at the swelling is detected, thus preventing their breaking and producing troublesome Discharging Sores, which disfigure so many of the young and middle aged, commencing, from six to twenty years of age. Young children are very subject to Discharges from the Ears, which depends upon a Scrofulous constitution. These cases soon recover by taking a few doses of the Life Syrup.

All scrofulous persons suffering from Debility, Emaciation, Dyspepsia, Dropsy, of the limbs or abdomen, and in the female Dropsy of the ovaries and womb, general Debility, with inflammation and ulceration of the uterus; are permanently cured by Constitution Life Syrup. The disease known as Goitre or Swelled Neck, the Life Syrup will reduce it entirely. Its remedy should be taken for some time, as the disease is exceedingly chronic and stubborn, and will not be removed without extra effort. Tumors of the Ovaries, Tumors of the Breast, and swelling of other glands of the body will be completely reduced without resorting to the knife or operations of any kind.

Epileptic Fits, Sympathetic or Organic Diseases of the Heart (as Palpitation, Pleurisy, Tumors—producing a grating, or like a saw sound), Dropsy of the Heart Case and all the affections of this important organ, or persons suffering from any severe pain in the region of the Heart, will be greatly relieved by Constitution Life Syrup.

Broken Down and Delicate Constitutions, Suffering from Indiscretion in Excesses, Pain in the Back, Loss of Memory, Forebodings, Horror of Darkness, Dizziness, Dimness of Vision, Dry Hot Skin and Extremities, Want of Sleep, Restlessness, Pale Haggard Countenance and Languidness of the Muscles, Indisposition to Mental Exertion, Want of the CONSTITUTION LIFE SYRUP.

For all forms of **Secretive Diseases**, either of the Sexes Urinal, Tongue, Spots Discharges or Gleet, no remedy has ever proved its equal.

MUTIL PATCHES upon the mouth face, depending upon a diseased action of the liver, are very distressing to the young wife and mother. A few bottles of Constitution Life Syrup will correct the secretion, and remove the deposit which is directly under the skin.

In Diseases of the Liver, giving rise to languor, dizziness, indigestion, weak stomach, or an uncle sated dry tongue, costiveness, or cold and hot sweats, accompanied with burning or other unpleasant symptoms, relief may be obtained by the use of CONSTITUTION LIFE SYRUP.

As a General Blood-Purifying Agent, the Life Syrup stands surrounded by any preparation in the world.

Diseases of the Spine, as usually developed in the young, Hip Disease, Neuralgia, and all Nervous Diseases, and Ladies who are suffering from diseases for which they are at a loss to know what to do, are warmly invited to try the CONSTITUTIONS LIFE SYRUP. It will restore their pallid countenance, strengthen their weak back and side, give them new energy, new life and happiness.

THE RICH AND POOR are liable to the same diseases, and medical science have made the Constitution Life Syrup for the benefit of all.

PURE BLOOD produces healthy men and women; and the constitution is suggested in youth, disease and premature death are the results. Do not delay when the means are so near at hand, and within the reach of all.

TO MOTHERS AND MARRIED LADIES—It is the safest and most efficacious medicine ever discovered for purifying the system and relieving the suffering attendant upon childbirth. It strengthens both the mother and the child, prevents pain and disease, and increases and enriches the food—the best evidence that it think it indispensable. It is highly useful both before and after confinement, as it prevents disease attendant upon childbirth.

Constitution Life Syrup

Is the Poor Man's Friend and the Rich Man's Blessing!—Buy it, take it, and be cured.—It is Universal in its effects

Glad News for the Unfortunate!

The Long Sought For Discovered at Last.

CHEROKEE REMEDY

—AND—

CHEROKEE INJECTION,

Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as Incontinence of the Urine, Inflammation of the Bladder, Inflammation of the Kidneys, Stone in the Bladder, Strictures, Gravel, Gleet, Gonorrhœa, and is especially recommended in those cases of Fever Sores or Ulcers in the Urethra, where all the old nauseous medicines have failed.

It is prepared in a highly concentrated form, the dose only being from one to two tablespoonfuls three times per day.

It is diuretic and alterative in its action; purifying and cleansing the blood, causing it to flow in all its original purity and vigor; thus removing from the system all pernicious causes which have induced disease.

CHEROKEE INJECTION is intended as an auxiliary or assistant to the CHEROKEE REMEDY, and should be used in conjunction with that medicine in all cases of Gonorrhœa, Gleet, Fluor Albus or Whites. Its effects are lasting, nothing and drastic; removing all scalding, heat, chordee and pain, instead of the burning and almost unendurable pain that is experienced with nearly all the cheap quack injections.

☞ By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.

For full particulars get our pamphlet from any drug store in the country, or write us and we will send free, to any address, a full treatise.

Price—CHEROKEE REMEDY, $2 per bottle or three bottles for $5.

Price—CHEROKEE INJECTION, $2 per bottle, or three bottles for $5.

Sent by Express to any address on receipt of price. Sold by all druggists everywhere.

DR. W. R. MERWIN & CO., Sole Proprietors, No. 59 Liberty street, New York.

THE GREAT

INDIAN MEDICINE,

COMPOUNDED FROM

ROOTS, HERBS AND LEAVES.

CHEROKEE CURE.

An unfailing cure for Spermatorrhœa, Seminal Weakness, Nocturnal Emissions, and all diseases caused by self-pollution; such as Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficult Breathing, Trembling, Nervousness, Dyspepsia, Pain in the Face, Pale Countenance, Insanity, Consumption, and all the dreadful complaints caused by departing from the path of nature.

☞ This medicine is a simple vegetable extract and one on which all can rely, as it has been used in our practice for many years, and with thousands treated it has not failed in a single instance. Its curative powers have been sufficient to gain victory over the most stubborn cases.

☞ To those who have trifled with their constitution, till they have become a terror to the physician of medical aid, we would say, *Despair not!* the CHEROKEE CURE will restore you to health and vigor, and after all quack doctors have failed!

☞ For full particulars, get a circular from any drug store in the country, or write the proprietors, who will send free to any one desiring the same, a full treatment in pamphlet form.

☞ Price $2 per bottle or three bottles for $5, and forwarded by express to all parts of the world.

Sold by all respectable druggists everywhere.

Dr. W. R. MERWIN & CO., Sole Proprietors, No. 59 Liberty street, New York.

DR. WRIGHT'S

REJUVENATING ELIXIR,

OR ESSENCE OF LIFE.

Prepared from Pure Vegetable Extracts,

Containing nothing injurious to the most delicate.

The Rejuvenating Elixir is the result of modern discoveries in the Vegetable kingdom; being an entirely new and abstract method of cure, irrespective of all the old and worn out systems.

This medicine has been tested by the most eminent medical men of the day, and by them pronounced to be one of the greatest medical discoveries of the age.

One bottle will cure General Debility.
A few doses will cure Hysterics in female.
One bottle cures Palpitation of the Heart.
A few doses restore the organs of generation.
Two or three bottles restore the manliness and full vigor of youth.
A few doses restore the appetite.
One bottle will cure the worst cases of Impotency.
A few doses cure the low spirited.
One bottle restores mental power.
A few doses bring the rose to the cheek.

This medicine restores to manhood, youth and robust health the poor debilitated, worn-down and despairing devotee of sensual pleasure.

The ladies enervated youth, the over-tasked man of business, the victim of nervous depression, the individual suffering from general debility, or from weakness of a single organ, will all find immediate and permanent relief by the use of this Elixir or Essence of Life.

☞ Price, $2 per bottle, or three bottles for $5, and forwarded by express, on receipt of money, to any address.

Sold by all druggists everywhere.

Dr. W. R. MERWIN & CO., Sole Proprietors, No. 59 Liberty street, New York.

CHEROKEE PILLS!

SUGAR-COATED.

FEMALE REGULATOR.

Health Preserver!!

CERTAIN AND SAFE.

☞ For the Removal of Obstructions, and the Insurance of Regularity in the Recurrence of the Monthly Periods.

They cure or obviate those numerous diseases that spring from irregularity, by removing the irregularity itself.

They cure Suppressed, Excessive and Painful Menstruation.

They cure Green Sickness (Chlorosis).

They cure Nervous and Spinal Affections, pains in the back and lower parts of the body, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysteria, Sick Headache, Giddiness, &c., &c. In a word, by removing the irregularity, they remove the cause and with it all the effects that spring from it.

Composed of simple vegetable extracts, they contain nothing deleterious to any constitution. Ladies, whenever the ordinary means fail to exhibit strength for weakness, which, when properly used, they never fail to do.

They may be safely used at any age and at any period, except *during the first three months*, during which the unfailing nature of their action would invariably prevent pregnancy.

All letters asking information or advice will be promptly, freely and discreetly answered.

Full directions accompany each box.

☞ Price $1 per box, or six boxes for $5.

Sent by mail, postage free, on receipt of price.

Sold by all respectable druggists.

THE MAGEE

COOKING STOVE.

The subscriber, having received his Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick ovens for perfection in baking.

There is a new style and very superior broiler and tea iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large capacity Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We would refer to the following purchasers:

Portsmouth.

MAGEE COOK.

Also on hand an assortment of the different sizes

—of the—

MAGEE PARLOR STOVE

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"

VENTILATING & AIR-WARMING

FURNACES.

The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable furnace, would ask those about remodelling or erecting buildings to examine this truly valuable article before purchasing.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable—and as none of the air which comes in contact with the fire-pots is used for respiration, the tendency to produce headache so much complained of in other furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other furnaces, is obviated in the

MAGEE FURNACE.

The size or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are turned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq.,	Albert H. Hatch, Esq.,
Aaron H. Hill,	Charles H. Mendum,
Henry F. Wendell,	John Sise, and others.

Daily Morning Chronicle

ESTABLISHED 1852. PORTSMOUTH, N. H. THURSDAY, JUNE 23, 1864. VOL. XXIV. No. 148.

The Chronicle.

A GREAT CHEESE REGION.—At a convention held at Rome, Oneida county, N. Y., representatives were present from sixty-four cheese factories which employed 36,570 cows. Of these cheese factories, 34 were in Oneida county. The others were in Herkimer, Chautauque and Cortland counties. The largest of these factories is that of Kenney & Frayer, Cortland county, which has 1600 cows, and the New Woodstock, which has 1200. There were nine private dairies represented which have together 416 cows. The system of manufacturing cheese upon a combined plan, and on a large scale, is one of recent origin, and this list shows how it has absorbed the dairy interest of that region.

The Rochester Democrat quotes a telegraphic dispatch:—"The Rebel papers declare that Lee is getting Grant just where he wants him; that Grant is really retreating, and Lee pursuing," and says: This reminds us of a facetious Iowa editor who got a whaling in his printing office, and described it next day—giving all the facts, but making himself the hero. The narrative ran thus: "There was a blow. Somebody fell. We got up. Turning upon our antagonist, we succeeded in winding his arms around our waist, and by a quick manœuvre threw him on top of us, bringing our back, at the same time, in contact with the bed of the printing press. Then inserting our nose between his teeth, and his hands in our hair, we had him!"

SPEER'S
SAMBUCI WINE,
PURE AND FOUR YEARS OLD,
OF CHOICE OPORTO FRUIT,
For Physician's Use, Females, Weakly Persons and Invalids.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs; very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by physicians and chemists as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite and benefiting liver and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

☞ None genuine unless the signature of "ALFRED SPEER, Passaic, N. J.," is over the cork of each bottle.

Make One Trial of this Wine.

For sale by **W. R. Preston**, Portsmouth. The trade in Boston supplied by G. C. Goodwin & Co. and Weeks & Potter.

ALFRED SPEER, Proprietor, Vineyard, Passaic, N. J.; Office, 208 Broadway, N. Y. John LaFoy, Paris, Agent for France and Germany. my13tf

Important to the Afflicted.

DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience of unlimited extent. Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of

GONORRHŒA AND SYPHILIS.

Beneath his treatment, all the horrors of venereal and impure blood, Impotency, Scrofula, Gnorrhœa, Ulcers, pain and distress in the regions of procreation, Inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, Humors, frightful Swellings, and the long train of horrible symptoms attending this class of diseases, are made to become as harmless as the simplest ailings of a child.

SEMINAL WEAKNESS.

Dr D. devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the subject for business, or the pleasures of society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the Back and Limbs, Dimness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Pain in the Side, Consumption, &c. The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, dislike of society, self-distrust, timidity, &c., are among the evils produced. Such persons should, before contemplating matrimony, consult a physician of experience, and be once restored to health and happiness.

Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving description of your cases. Dr. Dow has also for sale the French Capotes, warranted the best procurable. Order by mail. Three for $1 and a red stamp.

Highly Important to Females
IN DELICATE HEALTH.

DR. DOW, Physician and Surgeon, No 7 & 9 Endicott street, Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. So invariably certain is the new mode of treatment, that the most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.

Dr. Dow has no doubt had greater experience in the cure of diseases of women and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to his office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office Hours from 8 A. M. to 9 P. M.

CERTAIN CURE
in all cases, or No Charges Made.

Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all difficult and chronic diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SHIELD. Order by mail. Two for $1 and a red stamp.

Boston, April 7, 1864.—eodly.

E. A. STEVENS,
NO. 46 MARKET STREET.

AN UNUSUALLY LARGE STOCK
OF EVERY KIND
—OF—
KITCHEN FURNISHING GOODS.

The Virtues and Advantages
—OF—
SCHOOLEY'S
NEW IMPROVED
REFRIGERATORS

are:

1. We produce greater cold from less ice than any other Refrigerator ever Invented.
2. We have double the cooling power at a less cost.
3. Complete and perfect ventilation.
4. Dry, cold air.
5. Sweet smelling, free from moisture, mold or must.
6. One article will not partake of the taste or smell of another, as is always the case in every other Refrigerator.
7. Any kind of perishable food can be preserved almost any length of time.
8. The Provision Chamber can easily be kept clean and sweet, as no moisture is ever deposited on its sides as in all other kinds.
9. The mechanical structure of our Refrigerators will compare with any of the best made household furniture.
10. Our prices are more reasonable than any other Refrigerator now offered for sale.
11. A perfectly uniform temperature, so that every portion of the Refrigerator can be used at the same time.
12. A constant change of air is secured in the Provision Chamber, without any unnecessary waste of ice, or loss of air already cooled.

An assortment of the above, with common Upright and Chest Refrigerators, for sale at the old prices, notwithstanding an advance of 15 per ct. has been made by the manufacturers on the 19th inst. Terms Cash. E. A. STEVENS.

Gas Fixtures.

Persons who desire to have any repairs or alterations made in the Pipes or Fixtures, are requested to send in their orders at once. The work can be done much more promptly now than later in the season. E. A. STEVENS.

"A Stitch in Time Saves Nine."

All Furnaces, Stoves and Funnels should be thoroughly cleaned out and put in order, as soon as fires are done being made in them. If allowed to remain filled with ashes and soot through the summer, they will decay very rapidly, and useless expense be incurred.

A full supply of Linings and Repair Pieces constantly on hand, and all orders attended to with dispatch. E. A. STEVENS.

HALEY, MORSE & BOYDEN'S
SELF-ADJUSTING
CLOTHES WRINGER,
THE BEST IN THE WORLD.

Over 40,000 have been sold by the manufacturer in a little more than two years—nearly 400 of them in Portsmouth and vicinity!

Buy one and try it—if not perfectly satisfactory the money will be refunded.

Facts for the People.

The enormous rise in price of Iron, Coal and Labor, has caused manufacturers to advance the price of Stoves from 15 to 25 dollars several times since the war began; and it is now arranged to make a general advance of 25 to 50 per cent. this season.

We have not yet raised the price of Stoves in proportion to their increased cost, but shall be compelled to do so very shortly. Persons who expect to purchase anything in the Stove and Furnace line within a year or two, will save money by doing so at once. The price of a Stove is not so much an object, now, as its capacity and the cost of operating it. All things considered, there is no Stove equal to

THE MODEL COOK,
IT IS, IN FACT,
The Best Stove Out,

for economy, convenience and dispatch.

Many people think it best to use an old stove as long as possible, but it is far better to throw it away and purchase a MODEL COOK, than to keep it at the present high price of fuel.

One of our shrewdest citizens who purchased a MODEL COOK STOVE a year since, says he has saved more than its cost already.

A careful, prudent farmer purchased one, and after it had been in operation some days he came into the store and said, "something was wrong at their house; his father and himself could not agree upon the point, but three barrels full a day, and his father only one! We sold him a Stove before he left, and there has been no complaint since.

These stoves are in use in many hotels and boarding houses, and in hundreds of private families in this city and vicinity, and give the best of satisfaction.

For sale at

E. A. STEVENS'S
House Furnishing Establishment,
NO. 46 MARKET STREET.

CHILDREN'S CARRIAGES.

The subscriber has purchased for cash, of the largest manufacturers in the country,

200 CHILDREN'S CHAISES,
WAGONS, CABS, GIGS,
TOY GIGS AND WAGONS,

of about 20 different styles—prices from $3 to $21 each.

Some of the above are very elegant silver-plated and silk-lined Chaises. The assortment is the largest and best ever offered in this city. A part of the above are now in store and ready for sale—the balance is expected daily.

Call and examine the stock, whether intending to purchase or not.

American and Foreign Patents.
H. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837.)
76 State street, opposite Kilby street,
Boston.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Reissues, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Research made into the validity or utility of any Patent, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGE AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.
The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their applications in a form to secure them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.
Mr. H. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.
During eight months, the subscriber, in course of his large practice, made on *twelve* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.
Boston, Dec. 19, 1863.—8tawly

Morning Chronicle.

Portsmouth, N. H.

THURSDAY, JUNE 23, 1864.

THE REBELLION.

Owing to the disloyal character of the present city government of Memphis, as well as its utter inefficiency in the management of city affairs, Gen. Washburne has announced that in the event of the re-election of the present Mayor, the military authorities will take charge of the municipal department of Memphis.

THE VIRGINIA CAMPAIGN.

Gen. Sheridan has already started on another raid. A demand for the surrender of Petersburg has been made, and refused. The city seems to be commanded by the guns of both armies, which are on opposite sides of it, thus making it difficult for either to enter. It is said that it will be bombarded this week. With its capture, the Danville railroad would be the only communication south left the rebels. The width of the track differs from all others and will prevent the withdrawal of rolling stock.

Three rebel rams came down the James on Sunday but steamed slowly back on being fired on by our monitors. No general engagement had taken place up to Tuesday noon. The rebels have been shelled out by the gunboats in several attempts to throw up earthworks near the James river in the vicinity of Turkey Bend and Malvern Hill.

— The Bangor Whig has at last yielded to the pressure and put up the price of the Daily to $8, and the Weekly, $2.

— The Chief of the Cherokee Indians has been commissioned a Brigadier in the rebel army.

— A company of rebel boys, about forty strong, not one over 16 years of age, has been formed at Columbus, Ga, to guard the railroad bridge at West Point.

— Some Boston gentlemen are flanking the coal dealers, by uniting to charter a vessel and send her to Philadelphia for a cargo of coal.

— A grand Masonic celebration of St. John's Day, Friday, June 24, occurs at Lewiston Falls, Me. The Portland Knights Templar attend in a body.

— The blockade runner Perensy, blown up on the 9th, while attemping to get into Wilmington, is reported to have had $80,000 in gold on board.

— Amesbury and Salisbury will not consolidate. The vote of the former on Monday was, yeas 170, nays 140; and of the latter, yeas 131, nays 340.

— A new house occupied by Mr. John Lyons, at Old Orchard, near Saco, Me., with its furniture, also new, was burnt on Saturday afternoon last. No insurance.

— The U. S. House of Representatives on Tuesday rejected the severe conscription bill reported from its Military Committee, by a vote of 100 to 56.

— The N. Y. Herald's dispatch states that Col. Chamberlain, of the 20th Maine, left for Washington on Sunday; and that it is believed he will recover.

— The Atlantic Monthly for July has an extraordinary list of contributors, in which the names of nearly all the prominent New England writers appear. The number commences a new volume.

— Thieves cut a hole five inches in diameter in the outer casing of the safe in the Alfred Bank, at Alfred, Me., on Friday night last, but they were unable to get through the steel bars composing the inner casing.

— The bill reported in the U. S. House of Representatives for aiding the construction of a military railroad from Bangor to the frontier, will not be considered till next winter. Probably a special committee of the House will visit Maine this summer.

— Eugene Finnegan, aged 9, and Charles Dame, aged 7, were drowned in Saco river last Saturday afternoon, having waded into the channel beyond their depth. A young lad, about 12 years old, of Biddeford, was drowned the night before while bathing.

— The Saco Democrat states that it is estimated that over a thousand dollars worth of hen clams were taken at Old Orchard during the past season. Hen clams are an institution down that way,—peculiar to the locality, we believe.

— During the debate in the Senate on Monday, Mr. Wilson stated that since the commencement of the rebellion between one million seven hundred thousand and one million eight hundred thousand men have been enlisted for three years' service in the armies.

THE SUNDAY WILL CASE.—The Worcester Transcript, referring to the denial of the fact that a will made on Sunday had been declared to be valid in Massachusetts, says:

The case referred to is undoubtedly that of Belknap F. Brooks, which was decided in this county, at the last April term of the Supreme Court. In that case a will made on Sunday was held valid by the Probate Court of this county, and this decision was confirmed by Chief Justice Bigelow at Nisi-Prius. The case is reserved for the full Court.

OUR ARMY MISSION.

Extracts from Rev. Mr. Patterson's Letters.

WHITE HOUSE, June 8.

I am in the Hospital of the 18th Army Corps, which has lost over three thousand men since it came into this department.—Here I find the Sanitary and Christian Commission performing a work corresponding to my ideal of what they ought to be and do. They are both doing nobly. The Sanitary does not seem like the same organization which I saw in the other department. I am told that its inefficiency there is the fault of the Medical Director and not of the Commission. I had always favored and commended the Sanitary Commission, and as I find it in this department it is worthy of all commendation.

ON BOARD NEW YORK, Pamunkey River, June 14.

I have embarked again, with my face turned towards peace and civilization. I have helped through the great pressure at Point of Rocks, and White House, and now I think I will stop at Fortress Monroe a day, bid the boys good bye—come on to Washington, and go through the hospitals there, and gather up the boys who are able to come home—if there be such—and come home. We have had very hard work the past week—but the wounded are now all removed, and our base changed to the James river. My little experience connected with the army has not been idle experience.

I hope these sounds of alarm may soon cease. I believe we shall have a peace by and by which will be a blessing to us all, and especially to this Southern land. In the scenery along these rivers, there is little to show that the country ever saw a civilized man until it was visited by the Union armies. Though there have been plantations here and there on the Pamunkey for more than a hundred years, these F. F. V.'s never found that the river could be navigated by other than light draught barges, until Uncle Sam revealed the fact by sending his transports up these waters. Now the large class of steamers, such as ply on Long Island Sound, are quite at home on the Pamunkey. The curse of slavery is written everywhere. Invention and improvement do not go hand in hand with abominations like this.

JUNE 15.

I am still on board the New York. Our boat did not touch at Fortress Monroe, but came directly up the James. We came to a stand-still this morning opposite Fort Powhattan, memorable since the war of 1812.

The rebels built strong earthworks here early in the rebellion. It fell into our hands during the McClellan campaign, and has been alternating between rebel and loyal from that time until now. Its guns look down from the bluff above us, but they do not frown. The "Stars and Stripes" float over them. It was not the fort that stopped us. When I arose at sunrise I saw the river spanned by a pontoon bridge, and a line of troops passing over it. How long they had been crossing I do not know, but they continue to pass—an immense army, cavalry, infantry and artillery, attended by baggage trains, ambulance trains, &c. How long we shall be detained I know not, but I am contented to wait, for every hour passes over its thousands to fight the battles of the Union.

Do you know that in the Potomac army there are sixteen thousand wagons, drawn each by six horses? Sixty of these wagons will reach a mile. The mere wagon train in a single line would reach two hundred and sixty-six miles. We are about fifteen miles from Petersburg, and the army is pressing in that direction. I look away to a hill, many miles distant, and see the dark dusty line still approaching. Many of the troops are on transports—some here—some farther up the river.

The iron-clad Atlanta, which we captured from the rebels, lies in the river but a few rods from us. She is a singular looking craft. Her hull rises scarcely two feet above the water. Her deck is shaped like a house-roof. The second shot from the Weehawken crippled her wheel-house, the only weak spot about her. This has been strengthened by Yankee ingenuity, and she is now one of the most formidable iron-clads in the Navy. She is valued at one million seven hundred thousand dollars, and was built by contributions of the jewels of Southern ladies.

I am well. Sometimes when I think of the toils and exposures of the past month I am surprised that I keep so well. We should think it quite a hardship at home to sleep on the floor, or the ground. But we can do it here—I do it and sleep better than usual. We have sick and convalescent soldiers on board. Last night I worked until 11 o'clock, caring for them, then spread my shawl upon the cabin floor, drew my rubber blanket over me, and slept.

When I wrote yesterday I thought of returning this week. I do not think so now. If there is more fighting, I must stay and help the boys. I will try, however, and not over-reach very far my leave of absence.

There was a break in the line of troops, when a link of the pontoon was lifted, and we passed through. We are gliding by Harrison's Landing. On the right is the Harrison Mansion, in which was born the President who was so true and honest that incipient treason permitted him to hold the reins of Government but one brief month. The mansion is unharmed. On its summit is a signal station. The broad fields stretch away before me which constituted the base of McClellan's operations during the closing days of his campaign.—A little above the Harrison house, on the opposite shore, is Jordan Point lighthouse. It is built like any other two-story house, with a light on the top.

We have reached City Point. The city once consisted of a Court House, a Church, and about a dozen houses. Now it consists of a dozen chimneys, or signal stations, a fort, a large U. S. flag, and a couple of negroes. At Bermuda Hundred again—which you know is at the junction of the James and Appomattox.

NEW HAMPSHIRE ITEMS.

—— The returned members of the 2d N. H. Regiment were mustered out of service at Concord on Tuesday.

—— The great Falls Manufacturing Company has declared a dividend of 5 per cent., payable July 1.

—— Col. Hapgood, of the 5th N. H. regiment, has been wounded in the arm, and has arrived in Washington.

—— The New Hampshire Medical Society will hold its annual meeting in Concord, June 28th and 29th.

—— Parties in the Legislature are endeavoring to secure the passage of a bill abolishing town settlements for paupers and establishing county poor farms in their stead.

—— The Boston Journal's Concord correspondent states that agents are in all sections of the State buying up wool as fast as clipped, and paying from 75 to 80 cents per pound.

—— The Wolfborough News states that the drouth is beginning to tell, quite severely, on the hay and grain crops in some localities. The frost on the 12th inst. did considerable damage in some sections of Carroll county.

—— Maj. Charles W. Sawyer, 4th N. H. regiment, son of Hon. Thomas E. Sawyer, of Dover, who was wounded in the shoulder in the recent battles under Butler, is very low from bleeding, and his chances of recovery are regarded as extremely doubtful.

—— At the Union Legislative Caucus at Concord on Tuesday evening, the following officers were renominated: Secretary of State, Allen Tenny; Treasurer, Peter Sanborn; Warden of State Prison, John Foss; State Printer, Amos Hadley; Commissary General, Newell Clifford. The Democrats nominated for Commissary General, Wm. R. Russell of Portsmouth.

THE LEGISLATURE.

TUESDAY.—Senate not in session. The Speaker of the House announced the special committee on the Agricultural College, Mr. Haven of this city being chairman. Notice was given of a bill to incorporate the N. H. Universalist State Convention. A bill was introduced and referred, relating to marriages,—providing for a three weeks publishment. Mr. Wingate of Exeter being ill, Mr. Tucker of this city was appointed a member of the committee on the apportionment of taxes, in his place. The select committee on the conduct of the Warden of the Prison reported Mr. Foss' statement under oath, from which it appears that five men who were pardoned a few weeks before the expiration of their sentence, were enlisted to help fill the quota of Alton, they agreeing, after they were pardoned but before they were released, to go for $350 each,—the bounty paid by Alton being $575. The Warden received the balance; and states that they were pardoned without any reference to their entering the army. The Warden stated that he has received no compensation from any source for services in obtaining pardons, nor has any State official, to his knowledge. The delegation from this county reported that the bill to abolish the term of the Probate Court, held at Plaistow, be indefinitely postponed.

— Gen. Gilmore has arrived in Washington.

— The President has gone on a visit to Gen. Grant.

— Hon. Daniel E. Somes, of Biddeford, Me., has been appointed Consul to Curacoa.

— The price of ingot copper has risen to 46 cents a pound.

— George Francis Train spoke in New York on Monday night, for the benefit of widows and orphans of soldiers.

— A dispatch from Provost Marshal General Fry, states that substitutes may be enlisted in the navy as well as in the army.

— A letter written in Alfred, Me., last October, has just reached Saco, Me., having been on the road ever since.

— Clam bait has "riz." Last year it was worth from $5 to $6 per barrel; this year, $10.50.

— Illinois, with a population of over two millions, has only three cities of large size—Chicago, Quincy and Peoria.

Coal $14.00 Per Ton!

MONEY SAVED BY USING EDDY'S PATENT
KEROSENE COOKING STOVE.

By the use of two or more burners sufficient heat is obtained for doing most of the cooking for a family, at a very small expense and with great facility.

Economy is perhaps their greatest recommendation in these times of high prices of Coal, for with one of these Stoves tea may be prepared for a family at a cost for fuel not exceeding One Cent, and dinner not exceeding Two Cents.

They are portable, and burn without smoke or odor, hence they may be used in any part of the house.

Call and see one in operation, at No. 12 Market street. Sole Agents for Portsmouth,
J. W. & A. STAYERS.
Also, Dealers in Crockery, Glass Ware, Room Papers, Lamps, Window Shades, Boots, Shoes, and Fancy Goods. Je16

"A Boon to Thousands of Sufferers."

Sent under seal, in a plain envelope, to any address, *post paid*, on receipt of six cents or two postage stamps by
DR. J. C. KLINE, 127 Bowery, New York.
Je9—3mdaw Post Office Box 4586.

A Card to Invalids.

A Clergyman, while residing in South America as a missionary, discovered a safe and simple remedy for the Cure of Nervous Weakness, Early Decay, Diseases of the Urinary and Seminal Organs, and the whole train of disorders brought on by baneful and vicious habits. Great numbers have been already cured by this noble remedy. Prompted by a desire to benefit the afflicted and unfortunate, I will send the recipe for preparing and using this medicine, in a sealed envelope, to any one who needs it. *Free of Charge.*

Hair Dye! Hair Dye!!

BATCHELOR'S Celebrated HAIR DYE

Is the Best in the World!

The only Harmless, True and Reliable Dye Known!

This splendid Hair Dye is Perfect—changes Red, Rusty, or Grey Hair instantly to a Gloss Black or Natural Brown, without injuring the hair or staining the skin, leaving the hair soft and beautiful; imparts fresh vitality, frequently restoring its pristine color, and rendlies the ill effects of bad dyes. The Genuine is signed WILLIAM A. BATCHELOR, all others are mere imitations and should be avoided. Sold by all Druggists, &c. FACTORY—81 BARCLAY ST., N. Y. **Batchelor's New Toilet Cream** for Dressing the Hair. jn23eplydaw

"A Wonderful Discovery."

DR. TEBBETS' "PHYSIOLOGICAL HAIR REGENERATOR" is compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "DYE," and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth of new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off and removes all dandruff, heat, humors and itching from the scalp. It keeps the hair soft, moist and perfectly healthy, and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "REGENERATOR" is warranted to produce the above results in all cases; if not the money to be refunded. We ask it every "GRAY HEAD" in New England can be restored in less than sixty days.

THACHER, agent, opposite the Post Office and 12 Market Square; Agent for Portsmouth—Geo. C. Goodwin, No. 38 Hanover street, Boston, Wholesale Agent for New England, and sold by Druggists everywhere. TEBBETTS BROTHERS, Druggists and Chemists, Proprietors, Manchester, N. H. Je1—tf

Proposals for Pine Timber and Plank.

SEALED PROPOSALS will be received at the City Clerk's Office in the city of Portsmouth, N. H., until SATURDAY, July 2, 1864, at 12 o'clock, at noon, for furnishing the following dimensions of Timber and Plank for repairing the Sagamore Bridge, to be delivered at some wharf or depot in said city:

40 pieces White Pine 8 by 10 inches, 32 feet long.
40 " " 8 by 10 " 16 "
20 " " 8 by 10 " 24 "
36,000 feet board measure White Pine Plank, 3 inches thick and 21 feet long.

Persons proposing will state the price by the thousand feet board measure; they will also state the time when the whole can be delivered, it being wanted immediately.

Separate bids will be received for the Timber and Plank.

The undersigned claim the right to reject any bid.

By order of the Board of Aldermen.
JOSEPH B. ADAMS,
WILLIAM E. HADLEY,
Committee on Streets, Roads and Bridges.
Portsmouth, N. H., June 21, 1864.

Proposals for Wood.

SEALED PROPOSALS will be received at the City Clerk's office, in the CITY OF PORTSMOUTH, until the first Monday of July next, for supplying the Overseers of the Poor with from two hundred to two hundred and fifty cords merchantable HARD WOOD; to be delivered at either Railroad Depot, or at such wharf as the Overseers may designate.

The Overseers reserve the right to reject any bid. By order of the Overseers of the Poor.
MARCELLUS BUFFORD, Clerk.
Portsmouth, N. H., May 14, 1864.

☞ The *Domestic Dyes* prepared by Geo. H. Reed & Co. offer the simplest and most perfect means of dyeing household apparel ever presented the public. They embrace 40 different shades, and include all the new and fashionable colors—and are perfectly *fast*. Samples on silk and wool can be seen and the colors procured of THACHER jo20

Local.

☞ We mentioned a few days ago, that a petition signed by many tax payers of the city was to be presented to the Board of Aldermen,—asking that the front end of Jefferson Hall be cut off, to enlarge and much improve Market Square. We learn that the matter was referred to a committee of the Aldermen, who gave the petitioners a special hearing one evening last week, at which several prominent citizens, large tax-payers and men personally interested in the welfare of our city, earnestly urged the alteration. No public decision of the matter has yet been made, that we are aware of; and as the repairs on the old hall are going on as at first, it would seem that the petition is not to be heeded.

☞ It is pleasant to note the great improvements in several of our streets, this year—as State, Islington and Summer streets, the grounds at the Eastern depot, and elsewhere. The convex plan has been wisely adopted as in other cities, in place of the old concave absurdity. But we are sorry to see that loose stones are more than usually common in our streets; and many of the foolish old cross-walks (of which there are four or six times as many as are really of service to anybody,) are striking out of the grounds from three to six inches. Ugh!

☞ And so our old correspondent Islington has been and gone and done it—Wheel(er)ed into line of the innumerable caravan that courseth up to the estate of benedicts; formed two partnerships in a single year, in one of which at least he must of course play silent partner. Well, as usual, he is on the Winn-ing side; but he will find matrimony a more ticklish craft to navigate across the sea of life, even than Diogenes' tub amid the varying currents of the Narrows. However, with a good mate, he will learn to weather the storms, and no doubt the young couple will prove that they No-well how to avoid the shoals in the paths of all mortals, be their "dream of bliss" never so bright. We give them, success.

☞ Rev. Mr. Patterson, who was expected home this week, is not now expected, the late battles having rendered his longer service with our wounded soldiers desirable and beneficial. Rev. Dr. Burroughs is therefore to supply his place in the pulpit of the Universalist Church next Sunday, as he did the last, when he gave a discourse worthy of the christian patriot and liberal citizen who delivered it, and gratifying to the large audience who heard it.

☞ Sagamore Bridge needs, and is to have, extensive repairs. It cost about $2000, fourteen years ago or so, if memory serves us; and has been replanked once, at an expense of $600, we believe; and now needs new stringers and plank again, which will cost perhaps a thousand or two. After that, competent judges estimate that it will stand six or eight years, and must then be entirely renewed. Rather a dear luxury, considering how very few people and how little business it really accommodates; but a very pleasant accession to rural enjoyment.

☞ We don't know whether Mr. Adler, of Bachman & Co., intended to suggest or recommend to us petticoat government, in sending us that fine specimen of "the Pride of the World Hoop Skirt;" but if we *were* doomed to struggle or wriggle through life in women's rig at all, we'll be shrunk ever so small if we'd wear hoops or any such absurdity. However, if we may be allowed to judge, this is a nice sample of the article which sways the world at present—and besides a large stock of such "traps," Bachman & Co. wish us to state that they have just received, from New York and Boston, a large stock of assorted summer dry goods, &c., to which they invite the attention of the ladies.

☞ Another great improvement in Market street, is Mr. John W. Moses' new clothing store—only a few doors from the Square, and in the same old stand he has occupied for more than a score of years. His store is really a new one, and one of the handsomest and best in the city, too; and his old customers, and the new ones, will find a larger stock of goods than ever, and prices reasonable—and it is worth something to any person of taste to be allowed to buy goods in so nice a store.

Mr. Moses having re-opened his new store with new clothes and clothing, announces the same in a new advertisement; and we hope he will keep doing so for another twenty years, if he wants to.

THE BUCKLEYS' SUCCESS here, is a new feature in concertizing, with us. Not only were the performances tip-top all round; but the audiences were immense, and the receipts unprecedented — touching more than six hundred dollars ($600) for the two nights. The price of admission was more than ever attempted before; but the house would have been filled the *second* night at least, at a double charge, so well was the first concert received. Good so, Buckleys—come again.

☞ Henry A. Wise, Chief of Bureau of Ordnance, in company with several other officials, visited the Portsmouth Navy Yard on Wednesday, and from thence, in company with some of the officers of the Yard, made an excursion down the river.

☞ Acting Ensign Henry M. Pierce, of this city, now attached to the sloop-of-war Portsmouth, at New Orleans, has been promoted to the rank of Acting Master.

— In 1863 the income of the Hospital at Greenwich, England, for disabled sailors, was £154,000. Complaints, however, have arisen, that this charity, like so many other similar institutions, has not been made as extensively useful as it might have been.

— In Thursday's engagement before Petersburg Gen. Hinks' horse in leaping a ditch stumbled, throwing him and fallen upon him. The General, still suffering from his old wound, was quite seriously injured, but insisted upon retaining command through the day.

— A late California paper says that Abel Sterns of Los Angeles, California, lost about 7,000 head of cattle through want of food, during the last winter. That gentleman is believed to be the largest stock and land owner in the United States. He owns this year 48,000 cattle, besides 9,000 calves.

— The Portland Press indignantly denies the statement that "a Pike weighing 150 pounds was recently hauled out of Witingham pond, Vt.,"—in fact, gravely goes into a discussion to show its utter absurdity. But it forgot to ask what *Mr. Pike's* name is. That would have taken less space.

MARRIAGES.

BUSINESS NOTICES.

☞ Mr. E. A. Joy's Juvenile Singing School, Saturday afternoons at 3 o'clock, at Mercantile Hall.

☞ Mr. Joy's evening Singing School for Ladies and Gentlemen, is held at Mercantile Hall, on Tuesday evenings.

☞ An intelligent Boy, of good habits and fair education, can have a fine opportunity to acquire a knowledge of the profession of printing, or be inducted into the mysteries of 'the art preservative of all arts,'—in other words, to learn the Printer's trade—at this Chronicle Office. je5tf

He is the happiest who does most to make others happy. The inventor of Herrick Allen's Gold Medal Saleratus must be the happiest man in existence, for we hazard nothing in saying that the use of the Gold Medal Saleratus cannot fail to make a happy household. Our better half says she does not fear of our ever frowning, as long as she can get the genuine Herrick Allen's. We say success to the inventor, and if everybody knew how good it is, no other would be used. A good many of our Merchants have it. Their depot is 112 Liberty Street, New York.

☞ Parties from London and Paris order Speer's wine, appreciating it above French wines. It is said to be unsurpassed for summer complaints, and for weakly persons. Our druggists have obtained some direct from Mr. Speer. The price is low for so excellent a wine, and every family should have a bottle in the house.—[Philadelphia Press.

SOLDIERS TO THE RESCUE!—Young men, rushing into the exposures and dangers of a soldier's life, should prepare themselves for the fatal fevers, the dysentery, the sores and scurvy, which are almost certain to follow. Holloway's Pills, used occasionally during the campaign, will insure sound health to every man.

If the reader of this "notice" cannot get a box of Pills or Ointment from the drug store in his place, let him write to me, 80 Maiden Lane, enclosing the amount, and I will mail a box free of expense. Many dealers will not keep my medicines on hand because they cannot make as much profit as on other persons' make. 35 cents, 88 cents, and $1.40 per box or pot. 214

MASON & HAMLIN'S
CABINET ORGANS,
Combining the requisites for Sacred and Secular, Church and Parlor Music; for Families, Sunday Schools, Day Schools, Churches, &c.
They are elegant pieces of furniture; occupy little space; are not liable to get out of order or out of tune; are warranted for five years; will improve in tone by age, and are moderate in cost.
They are to private houses, Sunday schools and smaller churches, what the larger pipe organs are to large churches, and in addition to this are adapted to secular as well as sacred music.
The Cabinet Organ is essentially different from, and a marked improvement upon, all instruments of the melodeon or harmonium kind. Its superiority consists in many important characteristics.
The undersigned, Agent for the Manufacturers, will be pleased to show the Cabinet Organs to all wishing to purchase, at his residence, NO. 30 HANOVER STREET.

Morning Chronicle.

A WHALE AT PEAS.—The dinner was a capital one; the Cunard directors are famous for good feeding; and Judge Tipps, father to my young companion, played an excellent knife and fork. A dish of peas came round, the last of the marrow fats, the latest peas of summer; and, indeed, I cannot conceive from what remote market; the steamboat purveyors had been barren, in respect to this vegetable, for some weeks.—I am very fond of peas, and was rejoiced to see my favorite ones again; and I anxiously awaited their arrival. Miss Tipps, Miss Julia Tipps, and Tipps *mere*, as the French would say, had each taken a decorous spoonful from the flying dish, and now the black waiter was offering the delicacy to Tipps himself, enough being *left* for five persons at least. What was my horror to behold the Judge deliberately monopolize the whole—sweep, as I live, every pea into his own plate—and turning to me, with a greasy smile, remark—"I guess, stranger, I'm a whale at peas."—*Blackwood's Magazine.*

THE COURSE OF TRUE LOVE.—A sporting young lady says: "If the course of true love never does run smooth, why don't they water it, and roll it regularly so many hours a day, until they get the course so smooth that a donkey could run upon it."

A dentist presented a bill for the tenth time to a rich skinflint. "It strikes me," said the latter, "that this is a pretty round bill." "Yes," replied the dentist, "I've sent it round often enough to make it appear so, and I have called now to get it squared."

Constitution Life Syrup,

COMPOSED OF

IODIDE POTASSIUM,

With the compound concentrated fluid extract of

VALUABLE MEDICINAL

ROOTS AND HERBS,

Prepared by WM. H. GREGG, M. D.,

Graduate College Physicians and Surgeons, N. Y. formerly Assistant Physician Blackwell's Island Hospitals, late Medical Inspector New York State Volunteer Depots, under Gov. Edwin D. Morgan.

Constitution Life Syrup

HAS PRODUCED

A REVOLUTION IN MEDICINE!

What may seem almost incredible, is, that many diseases hitherto considered hopelessly incurable are frequently cured in a few days or weeks, and we cheerfully invite the investigations of the liberal minded and scientific to cures which have no parallel at the present day.

Our medicine is peculiar, by it the seat of disease is directly reached, and the equilibrium is restored. Those who have suffered long from painful and obstinate diseases, those who have vainly sought health from advertised nostrums, those who cannot be cured by other physicians—are

Invited to use Constitution Life Syrup.

During the past five years we have contended with obstacles and overcome opposition as bewildered as ever met and met by any Reformers.

Rapidity of Cure.

Some say, "Your cures are too quick," while others doubt their permanence, and think that diseases can only be cured by the slow recuperative process of Nature. We say to our reply:

In health, the body, like a well-balanced scale, is in a state of equilibrium. But when from any cause down goes one side of the scale, we have the effects of disease. What is requisite is, to restore the normal balance of the scale.

CONSTITUTION LIFE SYRUP.

A positive and specific remedy for all diseases arising from an IMPURE STATE OF THE BLOOD, and for all (hereditary) DISEASES transmitted from PARENT TO CHILD.

Paralysis.

Hemiplegia, Paresis, Paraplegia, Paralysis Agitans.

It is so universally admitted that Constitution Life Syrup is the only effective remedy for restoration in the various forms of Paralysis, that we need not reiterate that it is emphatically the Great Life-Giving Power.

Dyspepsia.

Indigestion, Liver Complaint, Constipation, Weight at Stomach, Sickness, Costiveness, Flatulence, Bad Breath, Want of Appetite.

Scrofula.

Strumo, Glandular Swellings, Ulceration, King's Evil, Erysipelas, Salt Rheum.

The taint (hereditary or acquired), filling life with untold misery, is by all usual medical remedies incurable.

Rheumatism.

(Arthritis), Neuralgia, Gout, Lumbago, Sciatica, The Dolorosa.

If there is any disease in which Constitution Life Syrup is a sovereign, it is in Rheumatism and its kindred affections. The most intense pains are almost instantly relieved—spontaneous swellings are reduced. Cases, chronic or vicarious, of 20 or 30 years standing, have been cured by us.

Nervousness.

Nervous Debility, Confusion of Thoughts, Epilepsy, Loss of Memory, Sensational Nervous, St. Vitus' Dance.

Thousands who have suffered for years, will bless the day on which they read these lines. Particularly to weak, suffering woman will this medicine prove an invaluable blessing—directing their footsteps to a Hope which fulfils more than it promises.

Mercurial Diseases.

Salivation, Rheumatism, Nervousness, Wasting of Flesh, Bad Complexion, Aches in Bones, Depressed Spirits.

Constitution Life Syrup purges the system entirely from all the evil effects of MERCURY, removing the Disease and curing the Weak Joints and Rheumatic Pains which the use of Calomel is sure to produce. It hardens Spongy Gums and secures the Teeth as firmly as ever.

Constitution Life Syrup

Eradicates, root and branch, all Eruptive Diseases of the Skin, like

ULCERS, PIMPLES, BLOTCHES,

And all other difficulties of this kind, which so much disfigure the outward appearance of both males and females, often making them a disgusting object to themselves and their friends.

CONSTITUTION LIFE SYRUP

Cures all Swellings of the Glands,

Either of the Face, Neck or Female Breast, and should be taken as soon as the swelling is detected, thus preventing their breaking out, producing troublesome Discharging Sores, which disfigure so many of the younger portion of the community, from six to twenty years of age. Young children are very subject to Discharges from the Ears, which depends upon a Scrofulous constitution. These cases soon recover by taking a few doses of the Life Syrup.

All scrofulous persons suffering from Debility, Emaciation, Dyspepsia; Dropsy, of the limbs or abdomen, and in the Head, Dropsy of the Brain or Ventricles, generally accompanied with inflammation and ulceration of the uterus; are permanently cured by Constitution Life Syrup. The disease known as Goitre or Swelled Neck, the Life Syrup will remove entirely. The remedy should be taken for some time, as the disease is exceedingly chronic and stubborn, and will not be removed without extra effort. Tumors of the Ovaries, Tumors of the Breast, and swelling of other glands of the body will be completely reduced without resorting to the knife or operations of any kind.

Epileptic Fits, Sympathetic or Organic Diseases of the Heart (as Palpitation, Disease of Valves—producing a grating or filing sound), Dropsy of the stomach and all those diseases of this important organ, or persons suffering from any acute pain in the region of the heart, will be greatly relieved by Constitution Life Syrup.

Broken Down and Delicate Constitutions, Suffering from Indiscretion or Excess, Premature Decay, Loss of Memory, Forebodings, Horror of Contagion, Fear of Disease, Dimness of Vision, Dry Hot Skin and Extremities, Want of Sleep, Restlessness, Pale Haggard Countenance and Languid Look.

Your system, all require the aid of the CONSTITUTION LIFE SYRUP.

For all Secondary or Tertiary Diseases, either of the Nose Throat, Tongue, Spine, Forehead or Scalp, no remedy has ever proved its equal.

MOTHERS! MOTHERS! MOTHERS!

Who are suffering from a diseased action of the Liver, are very unpleasant to the young wife and mother. A few bottles of Constitution Life Syrup will correct the secretion, and remove the deposit which is directly under the skin.

In Diseases of the Liver, giving rise to languor, dizziness, indigestion, weak stomach, or an elevated or cancerous condition of that organ, accompanied with burning or other unpleasant symptoms, relief may be expected by the use of CONSTITUTION LIFE SYRUP.

☞ *As a general Blood-Purifying Agent, the Life Syrup stands unrivalled by any preparation in the world.*

Diseases of the Spine, as usually developed in the young, Hip Disease, Neuralgia, and all Nervous Diseases, and Ladies who are suffering from diseases for which they are at a loss to know what to do, we would advise the use of CONSTITUTION LIFE SYRUP. It will restore their pallid countenance, strengthen their weak back and side, give them new energy, new life and happiness.

THE RICH AND POOR are liable to the same diseases. Nature and Science have made the Constitution Life Syrup for the benefit of all.

PURE BLOOD produces healthy pale and women; and if the constitution is neglected in youth, disease and early death are the results. Do not delay so long as the means are so near at hand, and within the reach of all.

TO MOTHERS AND MARRIED LADIES.

It is the easiest and most effectual medicine ever discovered for purifying the system and relieving the suffering attendant upon childbirth. It strengthens both the mother and the child, prevents pain and disease, and increases and enriches the food—Those who have used it think it indispensable. It is highly useful both before and after confinement, as it prevents disease attendant upon childbirth.

Constitution Life Syrup

Is the Poor Man's Friend and the Rich Man's Blessing!—Buy it, take it, and be cured.—It is Universal in its effects

Glad News for the Unfortunate!

The Long Sought For Discovered at Last.

CHEROKEE REMEDY

—AND—

CHEROKEE INJECTION,

Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as Incontinence of the Urine, Inflammation of the Bladder, Inflammation of the Kidneys, Stone in the Bladder, Gravel, Brick Dust Gravel, Gleet, Gonorrhœa, and is especially recommended in those cases of Fluor Albus or Whites in females, where all the old nauseous medicines have failed.

It is prepared in a highly concentrated form, the dose varying from one to two tablespoonfuls three times per day.

It is diuretic and alterative in its action; purifying and cleansing the blood, causing it to flow in all of its original purity and vigor; thus removing from the system all pernicious causes which have induced disease.

CHEROKEE INJECTION is intended as an ally or assistant to the CHEROKEE REMEDY, and should be used in conjunction with that medicine in all cases of Gonorrhœa, Gleet, Fluor Albus or Whites. Its effects are *healing, soothing and demulcent*, removing all scalding, heat, chordee and pain, instead of the burning and almost unendurable pain that is experienced with nearly all the *cheap quack injections.*

☞ By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all improper discharges are stopped, and the weakened organs are speedily restored to full vigor and strength.

For the particulars get our pamphlet from any drug store in the country, or write us and we will mail free, to any address, a full treatise.

Price—CHEROKEE REMEDY, $2 per bottle or three bottles for $5.

Price—CHEROKEE INJECTION, $2 per bottle, or three bottles for $5.

Sent by express to any address on receipt of price. Sold by all druggists everywhere.

Dr. W. R. MERWIN & CO., Sole Proprietors, No. 59 Liberty street, New York.

THE GREAT

INDIAN MEDICINE,

COMPOUNDED FROM

ROOTS, HERBS AND LEAVES.

CHEROKEE CURE.

An unfailing cure for Spermatorrhœa, Seminal Weakness, Nocturnal Emissions, and all diseases caused by self-pollution; such as Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficult Breathing, Trembling, Wakefulness, Dryness on the Face, Pale Countenance, Insanity, Consumption, and all the fatal complaints caused by departing from the path of nature.

☞ This medicine is a simple vegetable extract and one on which all can rely as it has been used in our practice for many years, and with thousands treated it has not failed in a single instance. Its curative powers have been sufficient to gain victory over the most stubborn cases.

Do not be deceived by trifling with their constitution, until they think themselves beyond the reach of medical aid, we would say, *Despair not!* the CHEROKEE CURE will restore you to health and vigor, and after all quack doctors have failed!

☞ For full particulars, get a circular from any drug store in the country, or write the proprietors, who will mail free to any one desiring the same, a full treatment in pamphlet form.

☞ Price, $2 per bottle or three bottles for $5, and forwarded by express to all parts of the world.

Sold by all respectable druggists everywhere.

Dr. W. R. MERWIN & CO., Sole Proprietors, No. 59 Liberty street, New York.

DR. WRIGHT'S

REJUVENATING ELIXIR,

OR ESSENCE OF LIFE.

Prepared from Pure Vegetable Extracts,

Containing nothing injurious to the most delicate.

The Rejuvenating Elixir is the result of modern discoveries in the Vegetable kingdom; being an entirely new and abstract method of cure, irrespective of all the old and worn-out systems.

This medicine has been tested by the most eminent medicinists of the day, and by them pronounced to be one of the greatest medical discoveries of the age.

One bottle will cure General Debility.

A few doses cure Hysterics in females.

One bottle cures Palpitation of the Heart.

A few doses remove the organs of generation.

From one to three bottles restore the manliness and full vigor of youth.

A few doses restore the appetite.

Three bottles cure the worst case of Impotency.

A few doses cure the low spirited.

One bottle restores mental power.

A few doses bring the roses to the cheek.

This medicine restores to manly vigor and robust health the poor debilitated, worn-down and despairing devotee of sensual pleasure.

Young men, in the morning of youth, the over-tasked man of business, the victim of nervous depression, the individual suffering from general debility, or from weakness of a single organ, will all find immediate and permanent relief by the use of this Elixir or Essence of Life.

☞ Price, $2 per bottle, or three bottles for $5, and forwarded by express, on receipt of money, to any address.

Sold by all druggists everywhere.

Dr. W. R. MERWIN & CO., Sole Proprietors, No. 59 Liberty street, New York.

CHEROKEE PILLS!

SUGAR-COATED.

FEMALE REGULATOR.

Health Preserver!!

CERTAIN AND SAFE.

☞ For the Removal of Obstructions, and the Insurance of Regularity in the Recurrence of the Monthly Periods.

They cure or obviate those numerous diseases that spring from irregularity, by removing the irregularity itself.

They cure Suppressed, Excessive and Painful Menstruation.

They cure Green Sickness (Chlorosis).

They cure Nervous and Spinal Affections, pains in the back and lower parts of the body, Hysterics, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysteria, Sick Headache, Giddiness, &c., &c. In a word, by removing the irregularity, they remove the cause and with it ALL the effects that spring from it.

Composed of simple vegetable extracts, they contain nothing deleterious to the constitution, however delicate, their function being to substitute strength for weakness, which, when properly used, they never fail to do.

They may be safely used at any age and at any period, *except during the first three months*, during which the unfailing nature of their action would infallibly prevent pregnancy.

All letters seeking information or advice will be promptly, freely and discreetly answered.

All directions accompany each box.

☞ Price $1 per box, or six boxes for $5.

Sent by mail, postage free, on receipt of price

Sold by all respectable druggists.

THE MAGEE

COOKING STOVE.

The subscriber, having received his Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which makes it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other stove now in use, as no dust can possibly escape into the room, and the shovelling of coal in the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove. Numbers of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We would refer to the following purchasers:

Portsmouth.

We invite all those in want of the very best Stove in the market to examine the

MAGEE COOK,

Also on hand an assortment of the different sizes

—of the—

MAGEE PARLOR STOVE

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"

VENTILATING & AIR-WARMING

FURNACES.

The subscriber, being the Sole Agent in this vicinity for the above celebrated and valuable Furnace, would ask those about remodelling or erecting buildings to examine these invaluable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pots used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in this

MAGEE FURNACE.

The fire or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 50 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases in the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq.,	Albert R. Hatch, Esq.,
Aaron H. Hill,	Charles H. Mendum,
Henry F. Wendell,	John Sise, and others.

Gray's Patent

Molded Collars

Have now been before the public for nearly a year. They are universally pronounced the neatest and best fitting collars extant.

The upper edge presents a perfect curve, free from the angles noticed in all other collars.

The gravat causes no puckers on the inside of the turn-down collar—they are AS SMOOTH INSIDE AS OUTSIDE—and therefore perfectly free and easy to the neck.

The Garotte Collar has a smooth and evenly finished edge on BOTH SIDES.

These Collars are not simply flat pieces of paper cut in the form of a collar, but are MOLDED AND SHAPED TO FIT THE NECK.

They are made in "Novelty" (or turn-down) style, in every half size from 12 to 17 inches, and in "Eureka" (Garotte), from 13 to 17 inches, and packed in "solid sizes" in neat blue cartons, containing 100 each; also in smaller ones of 10 each, the latter a very handy package for Travellers, Army and Navy Officers.

☞ EVERY COLLAR is stamped "Gray's Patent Molded Collar."

Sold by all dealers in Men's Furnishing Goods. The Trade supplied by

HATCH, JOHNSON & CO.,

Importers and Wholesale Dealers in Men's Furnishing Goods and Umbrellas, 81 Devonshire street, Boston. mh21—13w8m

The Chronicle.

Garibaldi is described by the London Economist as not a great man in most of those points where the world looks for greatness, being, especially in intellect, of ordinary class, and singularly wanting in judgment. But, continues the writer, "his extraordinary strength lies in the enthusiasm which pervades his own spirit, and which, just because it so pervades him, he is able to communicate to and sustain in others. His sole greatness, and it is a most real and rare sort, lies in the childlike purity of his nature, in his unegotistic generosity, in his unswerving singleness of purpose. He has faith to remove mountains, and he lives and acts among a people where faith has more power than over our cold northern temperaments. But unfortunately his faith is promiscuous and unsifting. He has faith in special providences, in wild schemes, in weak men, and bad men. He is easily impressed, easily bamboozled, easily misled. He is, in fact an intensely amiable, affectionate, believing, unsuspecting child. He never could be brought to trust Cavour, or to mistrust Victor Emanuel.

GRUMBLERS.—There is a class of people who can see no good in anything which conflicts at all with their peculiar notions, and whose ideas of right and wrong are not measured by any moral standard, but only by the number of dollars it puts into their own pockets. The spirit of old-fogyism which clung to the mantles of our forefathers has not entirely departed from some of those to whom their garments have descended. Although as a nation we are fully up to the times, and follow the lead of the "bellwether" in most of the popular issue of the day, still there is a certain class, whose numbers, fortunately, are "growing small by degrees and beautifully less" whose chief end and aim is to find fault. The first great mistake was in bringing them into the world, but when once here they show no disposition to amend, and go on making a bad matter worse. They seem as though bound to find fault. It is either too hot or too cold, too wet or too dry for them, and so they continue from day to day, finding fault at last with death for relieving the world of their presence.—*N. Y. Sun.*

"When Gen. Grant first went to Washington, an old friend, who happened to meet him there, exclaimed, 'Well, General, so you're going to take Richmond?' Grant replied, briefly, but significantly, 'I'll try to whip Lee.'"

— Between Limerick and Waterborough, Me., near the Little Ossipee, is an elm 30 feet in circumference, containing a cavity in which thirteen men have stood at one time. The Biddeford Journal says it is the largest tree in York County.

— A Western Court has decided that a kiss is a valid consideration and forced an old bachelor to redeem the promise made to a pretty maiden that he would give her a pony for a kiss. He had tried to crawl out of his bargain.

— An ostler died in Stockport, the other day, who had not slept in a bed for over 20 years. His name was Morehouse, but he saw less of the house than the ordinary run of men. He was a dissipated wretch, and was found dead in the street.

— A "Liverpool Man" has offered £1000 a year for three years to establish a body of trained nurses in the workhouse of that town. He has merely stipulated as a condition for his gift that his name shall in no way be disclosed in connection with the scheme.

— It is reported that Mr. Scoville, the reader of the New York Common Council, and the widely known "Manhattan" of the London Telegraph, has been arrested in pursuance to orders from the State Department at Washington. His outrageous letters to the Telegraph are doubtless the cause of his arrest, if the report is true.

— According to a message communicated to the Senate, Arguelles captured the slaves in the expedition as was his official duty, but instead of surrendering them to the Governor General, he sold a portion of them, and reported that they died of small pox and their bodies had been burned, and bribed a curate to attest it.

E. A. STEVENS,
NO. 46 MARKET STREET.

AN UNUSUALLY LARGE STOCK
OF EVERY KIND
—OF—
KITCHEN FURNISHING GOODS.

The Virtues and Advantages
—OF—
SCHOOLEY'S
NEW IMPROVED
REFRIGERATORS
ARE:
1. We produce greater cold from less ice than any other Refrigerator ever invented.
2. We have double the cooling power at a less cost.
3. Complete and perfect ventilation.
4. Dry, cold air.
5. Sweet smelling, free from moisture, mold or must.
6. One article will not partake of the taste or smell of another, as is always the case in every other Refrigerator.
7. Any kind of perishable food can be preserved almost any length of time.
8. The Provision Chamber can easily be kept clean and sweet, as no moisture is ever deposited on its sides as in all other kinds.
9. The mechanical structure of our Refrigerators will compare with any of the best made household furniture.
10. Our prices are more reasonable than any other Refrigerator now offered for sale.
11. A perfectly uniform temperature, so that every portion of the Refrigerator can be used at the same time.
12. A constant change of air is secured in the Provision Chamber, without any unnecessary waste of ice, or loss of air already cooled.
An assortment of the above, with common Upright and Chest Refrigerators, for sale at the old prices, notwithstanding an advance of 15 per ct. has been made by the manufacturers on the 10th inst. Terms Cash. E. A. STEVENS.

Gas Fixtures.
Persons who desire to have any repairs or alterations made in Gas Pipes or Fixtures, are requested to send in their orders at once. The work can be done much more promptly now than later in the season. E. A. STEVENS.

"A Stitch in Time Saves Nine."
All Furnaces, Stoves and Funnels should be thoroughly cleaned out and put in order, as soon as fires are done being made in them. If allowed to remain filled with ashes and soot through the summer, they will decay very rapidly, and useless expense be incurred.
A full supply of Linings and Repair Pieces constantly on hand, and all orders attended to with dispatch. E. A. STEVENS.

HALEY, MORSE & BODEN'S
SELF-ADJUSTING
CLOTHES WRINGER.
THE BEST IN THE WORLD.
Over 40,000 have been sold by the manufacturer in a little more than two years—nearly 400 of them in Portsmouth and vicinity!
Buy one and try it—if not perfectly satisfactory the money will be refunded.

Facts for the People.
The enormous rise in price of Iron, Coal and Labor, has caused manufacturers to advance the price of STOVES and castings several times since the war began; and it is now arranged to make a general advance of 25 to 50 per cent. this season.
We have not yet raised the price of Stoves in proportion to their increased cost, but shall be compelled to do so very shortly. Persons who expect to purchase anything in the Stove and Furnace line within a year or two, will save money by doing so at once. The price of a Stove is not so much an object, now, as its capacity and the cost of operating it. All things considered, there is no Stove equal to
THE MODEL COOK.
IT IS, IN FACT,
The Best Stove Out,
for economy, convenience and dispatch.
Many people think it best to use an old stove as long as possible, but it is far better to throw it away and purchase a MODEL COOK, than to keep it at the present high price of fuel.
A careful, prudent farmer purchased one, and after it had been in operation some days his son came into the store and said, "something was wrong at their house;" his father and himself went down off the same pile, he burned three baskets full a day, and his father only one! We sold him a Stove before he left, and there has been no complaint since.
These Stoves are in use in many hotels and boarding houses, and in hundreds of private families in this city and vicinity, and give the best of satisfaction.
For sale at

The Old Established Hospital.
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually!
DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the safest as well as the latest remedies for these diseases, offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.
In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords, Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Blotches, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.
YOUNG MEN.
Young Men addicted to secret habits, who have impaired their healths and destroyed the vigor of their minds, thus depriving themselves of the pleasure of the Married Life, are notified that in consulting Dr. J. Teller, they will find a friend to counsel and a Physician who has cured thousands in almost every part of the United States, who applied to Dr. T. broken down in health, now rejoice in all that makes life desirable and make happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.
DR. TELLER'S GREAT WORK.
A book for everybody.—Startling disclosures. Dr. Teller's great work for the Married or those contemplating marriage—300 pages—full of plates—price 25 cts. Sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The single Married and the Married Happy. A lecture on Love, or how to choose a Partner—a complete work on Midwifery, it contains hundreds of secrets, never before published.—Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps, inclosed, will secure a copy by return mail. Dr TELLER has devoted a lifetime to the cure of those diseases upon which his books treat.
TO THE LADIES.
DR. TELLER still remains the only Agency in America, for the sale of Dr. Valnot's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unsuspected, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.
CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.
Office hours from 8 A. M. to 8 P. M., and on Sundays from 2 to 5 P. M.
N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.
N. B.—No students or boys employed. Notice this, address all letters to

Morning Chronicle.

Portsmouth, N. H.

FRIDAY, JUNE 24, 1864.

THE REBELLION.

Gen. Sherman reports, Tuesday evening, that it had rained almost incessantly, yet our lines had been pressed forward steadily. An important position had been gained by Gen. Howard, which the rebels made a desperate attempt to regain on Monday night. They were repulsed in seven distinct assaults on one brigade, and lost not less than 700 or 800 men; 200 were killed and left. Under a heavy fire of artillery, the position was fortified and is now safe. Fighting has been quite severe at all points, the enemy resisting stubbornly and attempting the offensive whenever they can.

A gunboat expedition up the Atchafalaya river has captured two 30-pound Parrotts from the rebels.

An expedition from Point Lookout, Md., to Westmoreland county, Va., has had two fights, captured a number of prisoners, 400 cattle, 200 horses, and 400 contrabands, and burnt the flouring mills of ex-Senator Hunter, destroying over $300,000 of property.

THE VIRGINIA CAMPAIGN.

Richmond papers report an attack on Lynchburg by Gen. Hunter on Saturday, and that he was repulsed. Sec. Stanton says it is believed, however, that it was nothing more than a reconnissance, and that having ascertained the place to be strongly defended, Gen. Hunter withdrew, and is operating upon the enemy's communications at other points.

Correspondents state that Gen. Birney, who was nearest Petersburg, bombarded the city for five hours on the morning of the 20th. The rebels did not reply, possibly because their batteries are so well covered by our sharpshooters that it is difficult to work their guns. Prisoners report that Hill's and Longstreet's corps arrived at Petersburg on Friday. Rebel cavalry and artillery attacked White House on the 20th. Our loss was very slight. Gen. Sheridan arrived in time to participate. The rebels charged upon the works, but were repulsed and were driven back by the gunboats, which they mistook for transports. Their loss was comparatively heavy. They expected to capture our troops there, and then to cut off Gen. Sheridan.

Sec. Stanton has received dispatches from City Point dated Wednesday evening. There had been no fighting on that day, but movements were in progress which can not at present be announced.

— Gen. Hancock is recovering from his sickness caused by his Gettysburg wound.

— Gen. Grant has ordered a whiskey ration to be given the troops.

— Isabella Cubas, the well-known dancense, died on Monday, aged 27.

—The Democratic Convention at Chicago has been postponed till Aug. 29.

— There is considerable yellow fever at Havana.

— Rev. Dr. A. L. Stone, of Boston, will decline the call given him from Philadelphia.

— The Persia's news caused a fall of two per cent. on the Confederate loan in England.

— Gen. Scott's "Memoirs of his own life and times," has been completed and is already in the hands of a publisher.

— A number of the personal friends of Gen. McClellan in Boston recently made him a present of a valuable library, worth about $2000.

— A mean fellow, by name William Mix, has been sentenced to six years' imprisonment, for robbing the Philadelphia Sanitary Fair of $5000.

— A boat's crew from the Mattabeset on the 8th destroyed a distillery on a creek near Edenton, N. C., a favorite resort for guerrillas.

— The order of the War Department prohibiting the transmission of military business over the wires of the Independent Telegraph Company is revoked.

— Perley states that George Francis Train is organizing a Catholic emigration from Ireland to work on the Pacific railroad, the men to receive liberal wages and farms under the homestead law.

— A large five-story steam flour mill, at Hartford, Conn., was burnt on Wednesday evening. It contained 15,000 bushels of grain, together with flour, corn, etc. Loss $60,000.

— The trotting match on the Fashion Course on Wednesday, between Fillingham, Butler and John Morgan, mile heats, to wagon, was won by Fillingham in three straight heats. Morgan was withdrawn before starting.

— Tom Hyer, who is now a hopeless cripple, beggared in purse and bankrupt in health, was the grateful recipient of a benefit in New York on Tuesday evening, by which he realized from $800 to $1000. It was a very striking evidence of the esteem in which he is held by the patrons of the ring.

NEW HAMPSHIRE ITEMS.

—— The Newmarket Bank pays a semi-annual dividend of 4 per cent. July 1st, free of government tax.

—— Hon. Oliver Pillsbury, late of the Governor's Council, lies dangerously ill, of throat disease, at his residence in Henniker.

—— James R. Cheney, of Stratham aged 17 years and 7 months, committed suicide by hanging on Tuesday afternoon, while laboring under temporary insanity.

—— Samuel Dana Wingate, Esq., of Exeter, one of the most useful members of the House, is so ill at his home that it is believed he will not be able to resume his seat this session. Mr. Wingate is Register of Probate for this county.

—— Maj. Charles Walter Sawyer, 4th N. H. V., (formerly of the 1st) died in Concord on Wednesday morning. He was a son of Hon. Thos. E. Sawyer, of Dover, and highly esteemed. He was wounded in the shoulder in a recent battle.

—— Mr. Joshua Libby, while driving a heavily loaded team from Dover to Strafford, on the 18th inst., was thrown beneath the wheels at the foot of Mount Misery Hill, in Barrington, owing to the restiveness of his team, breaking both bones of the leg, and causing a comminuted fracture of the arm.

THE LEGISLATURE.

In the Senate a bill was introduced, to facilitate raising troops to fill the State quotas. The following bills were passed: An act to extend the charter of the Somersworth Savings Bank: An act relative to removing the records of Hillsborough county; also, a resolution authorizing the State Treasurer to borrow money on the credit of the State.

In the House the following bills were introduced and referred: a bill in amendment of the charter of the city of Portsmouth— referred to the delegation from this city; a bill to facilitate the raising of the quota of troops required by this State, authorizing the Governor to offer a bounty of $300, and cities to offer a further bounty; a bill in relation to the construction of railroads,— authorizing towns and cities to raise not exceeding fifty per cent. of the valuation of the town for the year, and appropriating the same for the building of any railroads. A resolution was adopted, that the committee on the Judiciary be instructed to report to the House a joint resolution for taking the sense of the legal voters of this State, at the next annual election, upon the question whether a Convention shall be called to so amend the Constitution of the State that on and after the first day of March, 1875, the House of Representatives shall consist of 120 members, to be elected annually by districts. Mr. Haven spoke earnestly against the principle of the proposition.

THE U. S. SENATE, on Wednesday, passed the following bills:

The bill to promote the efficiency of the Navy; the bill to compensate the officers and crew of the gunboat Essex for the capture of the rebel ram Arkansas; the bill for the establishment of a navy yard and dry dock at Cairo; the bill for the relief of officers and seamen on the books of vessels wrecked or lost in the naval service; also, the joint resolution to amend the contract between the Secretary of the Navy and John Ericsson for the construction of war vessels; the bill to repeal the appropriation of $25,000 for the Naval Hospital at the Portsmouth Navy Yard; the bill for the punishment of persons who aid seamen to desert; the bill in relation to assimilating the rank of warrant officers in the navy; and the bill in relation to the investment of the Naval fund.

The House resolved, the Senate concurring, to adjourn on the 30th June.

☞ In the British House of Lords, on the 9th, there was an earnest discussion in regard to the alleged enlistments by U. S. officers in Ireland. The Marquis of Clanricarde moved for the production of papers relating to the matter, and charged the Federal Government with being a party to the systematic recruiting of British subjects. He urged a vigorous remonstrance against the proceeding, and declared that non-attention to such remonstrances would be cause for war. Lord Brougham seconded the motion, and said the Federals are inveigling poor Irishmen into a breach of the law. Earl Russell assented to the production of the papers, and reiterated his defence of the conduct of Lord Lyons and himself, asserting that they had done all they could in the way of remonstrance.—He could not go so far as to say that non-attention to the remonstrances was a cause for war, but he must admit that the case was one of a class that frequently lead to war. He believed that England had just as much reason to complain of the Confederates as of the Federals. He assured the House that the representations already made would be continued, and hoped with success, but the war was being conducted with such fury and recklessness that all remonstrances appeared unavailing. The Marquis of Clanricarde said it was notorious that Federal recruiting was going on in Ireland. Earl Russell replied that if he would furnish proof the parties should be forthwith prosecuted. The motion was then agreed to.

— A dispatch states that Isaac Henderson, Navy Agent at New York, was arrested on Wednesday, on very serious charges, embracing fraud, bribery, transmission of false vouchers, &c.

OUR ARMY MISSION

Extracts from Rev. Mr. Patterson's Letters.

POINT OF ROCKS, June 18.

If you have received my former letters you know why I am here. There has been work for hand and heart, and probably will continue to be. Day before yesterday I worked through the day, feeding and caring for men who were being brought to the Hospital transport. As soon as the boat left for Fortress Monroe I started for the front near Petersburg. There had been fighting during the day, and on reaching the field hospital I found the wounded coming in. I went to work immediately washing the men, distributing nourishment among them, speaking words of cheer and spiritual comfort as I felt they were needed, and continued in that service until 1 o'clock. Then wrapped in my blanket I sought rest on the grass. Cannon thundered in the distance, still I enjoyed a very comfortable sleep. In the morning I helped Chaplain Ambrose, of the 12th N. H. regiment, select a burial place, aided in getting our men into the ambulances, and then went out to see our N. H. boys in the entrenchments. I had time to visit only the 13th. They were at the extreme front, within rifle shot of the enemy's lines. I found the boys in high glee over a brilliant exploit, which is spoken of by military men as one of the most gallant feats in the history of the war. The brigade had just reached here after a long and weary march. The 13th were deployed as skirmishers. They found the enemy occupying a strong position on the brow of an easily sloping hill. A strong line of rifle-pits encircled the fort. They were obliged to charge about half a mile across a field to gain the rifle-pits, then about a quarter of a mile further to gain the fort. To take the works by a strong line of battle would have subjected us to terrible slaughter; so Gen. Smith conceived the idea of attempting it with a skirmish line, presuming that the rebels might reserve their fire for the line of battle which they would expect to follow, and that possibly the works might be carried without great loss. The 13th charged across the field with the utmost impetuosity, and gained the rifle-pits. These pits had been so constructed that the rebels believed they could shell them from the fort. But the shells struck the earth a few yards before reaching the pits, and glanced over them, so that by lying down our boys were secure. Here they lay for a little while, then rising suddenly they deployed to the left, and rushed upon the fort with a yell that sent consternation into the hearts of the enemy. They defended their works until our boys began to climb the parapet; then some of them threw down their arms and the rest fled.—We took several guns and a large number of prisoners. Gen. Smith, witnessing the achievement from the distance, clapped his hands for joy. All the officers and men distinguished themselves. To Capt. Goss belongs the honor of being the first man upon the parapet. He leaped the works, swinging his sword, and calling his men to follow. A Portsmouth boy by the name of Wilson planted the colors. Capt. Betton was obliged to fall out on the march in consequence of sickness. Among the casualties are—wounded, Capt. Dodge, leg and shoulder; Adj. Boutwell, shoulder [he had just returned to his regiment from the hospital]; Lieut. Gafney, groin, badly; Corp. Geo. S. Faust, side and arm; Wm. H. Clinton, arm amputated; Sergt. John J. Curtis, thigh. One Portsmouth man by the name of Walley was killed. There were about fifty casualties in the 13th. I took the names of all, but unfortunately lost them. I find that the N. H. regiments stand high in the army. But while the 13th feel that they performed a brave feat, they award the highest praise to the black troops. Two forts were but a little way apart, in the same general line of defence. They charged at the same time, but the colored troops were the first to gain the works. Who says the negro "will not fight"? And more uncomplaining men were never seen. They feel that they are fighting for their race—for individual liberty—and that death is better than bonds.

[In the closing paragraph of the letter published yesterday, the sentence describing City Point should have read: "Now it consists of a dozen chimneys, a signal station, a fort, a large U. S. flag, and a camp of negroes."]

RYE ITEMS.—The "Washington House" was recently sold at public auction. It was bid off by Joshua Lane, Esq., of Hampton who will make some alterations in the House, and open it during the summer months.

Information has been received that Mr. William T. Mathes, Co. K, 13th N. H. Regt., was killed in one of the late battles in Virginia. He was one of the Rye volunteers that enlisted under Lieut. Coffin.

Sergeant Stephen B. Tarlton, of Rye, Co. C, 13th, was wounded in the head, but is reported doing well.

Mr. John Johnson, formerly of Rye, but now a member of a N. Y. Regiment, was severely wounded in the shoulder.—*Cor. Ballot.*

— To-day is Class Day at Harvard, and will be celebrated in the usual spirited manner. The boys always make a spread on these days.

BRIGHTON CATTLE MARKET.

WEDNESDAY, June 22.

Salmon Falls Manufacturing Company

ROLLINSFORD, N. H., June 12th, 1864.

The annual meeting of the Proprietors of the SALMON FALLS MANUFACTURING COMPANY will be holden at their Counting Room in Rollinsford, N. H., on WEDNESDAY, the 22d day of June, instant, at 11 o'clock, A. M., for the choice of officers, and the transaction of such other business as may legally come before the meeting. By order of the Directors.

CHAS. T. EMERY,

mh10 Market Square.

Coal $14.00 Per Ton!

MONEY SAVED BY USING EDDY'S PATENT

KEROSENE COOKING STOVE.

By the use of two or more burners sufficient heat is obtained for doing most of the cooking for a family, at a very small expense and with great facility.

Economy is perhaps their greatest recommendation in these times of high prices of Coal, for with one of these Stoves tea may be prepared for a family at a cost for fuel not exceeding One Cent, and dinner not exceeding Two Cents.

They are portable and emit neither smoke or odor, hence they may be used in any part of the house.

Call and see one in operation, at No. 12 Market street. Sole Agents for Portsmouth.

J. W. & A. STAVERS.

Also, Dealers in Crockery, Glass Ware, Room Papers, Lamps, Window Shades, Boots, Shoes, and Fancy Goods. Je16

Mrs. M., who is thoroughly versed in the afflictive maladies of the sex, can be consulted by ladies.
Patients furnished with board and experienced nurses.
Boston, June 7, 1864.—spnly 3taw

"A Wonderful Discovery."
DR. TEBBETTS' "PAYSIOLOGICAL HAIR REGENERATOR" is compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "Dye," and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth of new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off and removes all dandruff, heat, humors and itching from the scalp. It keeps the hair soft, moist and perfectly healthy, and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "REGENERATOR" is warranted to produce the above results in all cases, if not the money to be refunded. With it every "GRAY HEAD" in New England can be restored in less than sixty days.
THACHER, opposite the Post Office and 12 Market Square, Agent for Portsmouth—Geo. C. Goodwin, No. 38 Hanover street, Boston, Wholesale Agent for New England, and sold by Druggists everywhere. TEBBETTS BROTHERS, Druggists and Chemists, Proprietors, Manchester, N. H. Je1—tf

Proposals for Pine Timber and Plank.
SEALED PROPOSALS will be received at the City Clerk's Office in the city of Portsmouth, N. H., until SATURDAY, July 2, 1864, at 12 o'clock at noon, for furnishing the following schedule of Timber and Plank for repairing the Sagamore Bridge, to be delivered at some wharf or depot in said city:
40 pieces *White* Pine 8 by 10 inches, 32 feet long.
40 " " " 8 by 10 " 16 "
20 " " " 8 by 10 " 12 "
25,000 feet board measure White Pine Plank, 3 inches thick and 21 feet long.
Persons proposing will state the price by the thousand feet board measure; they will also state the time when the whole can be delivered, it being wanted immediately.
Separate bids will be received for the Timber and Plank.
The undersigned claim the right to reject any bid.
By order of the Board of Aldermen,
JOSEPH B. ADAMS,
WILLIAM E. HADLEY,
Committee on Streets, Roads and Bridges.
Portsmouth, N. H., June 21, 1864.

Proposals for Wood.
SEALED PROPOSALS will be received at the City Clerk's office, in the CITY OF PORTSMOUTH, until the fourteenth day of July next, for supplying the Overseers of the Poor with from two hundred to two hundred and fifty cords merchantable HARD WOOD, to be delivered at either Railroad Depot, or at such wharf as the Overseers may designate.
The Overseers reserve the right to reject any bid. By order of the Overseers of the Poor,
MARCELLUS BUFFORD, Clerk.
Portsmouth, N. H., May 14, 1864.

☞ The *Domestic Dyes* prepared by Geo. H. Reed & Co. offer the simplest and most perfect means of dyeing household apparel ever presented to the public. They embrace 40 different shades, and include all the new and fashionable colors—and are perfectly *fast*. Samples on silk and wool can be seen and the colors procured of THACHER je20

Local.

☞ One of the dirtiest tricks to which people claiming to be decent are addicted, so far as we know, is sweeping old paper and other litter from their stores into the street. If lazy shop-boys are stupid enough to do it, their employers ought to see to it that some better disposition be made of the trash—if nothing better, put it into the stove; but many a lad might save and pick up enough, so that Coleman or Blaisdell would pay him as much more in a year as he now earns.

We had about as soon have dirt in the parlor as the store or office, and litter is equally distasteful in the street as the door-yard, for all we can see; and it is rather provoking, day after day, after having the sidewalk and street near your door swept, to have a peck of litter come rolling along across your premises, from the neighbors' sweepings.

Even our old friend, the ornamenter and decorator general of all creation, allows *his* clerks to commit this outrage on decency, always much to our astonishment; and but for the lamentable prevalence of this offence among us, it would be considered as vile a habit as if committed by a housewife or servant from the door of a dwelling. And where is the difference? A very little care on the part of every one, would much improve the appearance of our streets—not to mention back-yards.

☞ A few days since, we are informed, as Walter, the little son of N. G. Weeks, shipmaster, of this city, was walking near the corner of Vaughan street, a carriage, furiously driven, came along, and somehow the lad was knocked down by it, and one of the wheels would have passed directly over his head and neck, but for the skilful exertions and quick movements of Lieut. A. Jackson Sides, formerly of the 6th N. H. V., who was standing near, and who actually grasped the whirling wheel and lifted it over the boy, so that his neck was but slightly scarred. The grateful parents, desirous of evincing their gratitude in some way, have presented Mr. Sides with an elegant silver water-set—pitcher, salver, and gold-lined goblet—which, suitably inscribed, may be seen for a day or two in the window of Mr. Bodge's jewelry store, where they were furnished. The Salver's inscription is:

"Presented to Lieut. A. J. Sides by Capt. N. G. Weeks, as a slight recompense for saving the life of his son Walter. Portsmouth, June 18, 1864."

The Pitcher: "Lieut. A. J. Sides, from Mrs. N. G. Weeks."

The Goblet: "Lieut. A. J. Sides, from Walter Weeks."

A very elegant present, and fitting acknowledgment for valuable service rendered.

☞ A very sagacious old mechanic and taxpayer, who worked on the Sagamore Bridge when first built, suggests that it might be shortened perhaps a hundred feet at each end, by supplying abutments of stone and earth in place of wood—to the great advantage of tax-payers, and without any disadvantage that is apparent at first sight. There is said to be a ledge on either shore, and the flow of water is comparatively very small—the bridge being located by the County Commissioners, at the very widest part of the creek, for the special accommodation of somebody; when by going a very little higher up, one half the span would have sufficed. The length of the present structure we think is about 300 feet, and as extensive repairs are now to be made, we think these suggestions are worth consideration, at any rate.

☞ Owing to the great scarcity and exceeding high wages of workmen, we understand that Messrs. Job Jenness & Son will not have the new Ocean House at Rye Beach in readiness to open the present season. It will be a spacious, elegant and convenient edifice when completed, but there is yet an immense amount of work to be done on it.

Meantime, Messrs. Jenness will conduct the Surf House, at Rye Beach, near by, and also the Webster House, Hanover street, Boston, as heretofore.

THE CIRCUS comes into town to day—and so it must needs rain, according to the popular theory that a storm always comes with these institutions. But it does *not* always rain on these occasions; and the absurdity of this proposition is more easily demonstrated than some others equally general and equally erroneous—for a circus exhibits somewhere every day, and it certainly doesn't get rained on all the time.—However, we do hope this will bring us rain to-day. For particulars (of the show, not the weather) see fourth page, and the illuminated cattle-pound on the Parade.

☞ The Portsmouth Gas Light Company are to increase their charges 25 per cent. after July 1st. Necessary, of course—but the same fellows who growl at their bills, also grumble that their dividends on the stock are not larger! Consistent as fault finders usually are.

☞ William Fitzgerald, son of Mr. Ezekiel Fitzgerald, of this city, has been appointed Master's Mate, U. S. N., and ordered to report for duty at New York.

BAD FOR THE POLITICIANS.—The price of Gas is going up.

☞ Some wood, piled near the track of the Concord & Portsmouth railroad, above Epping, caught fire on Thursday afternoon, and was destroyed. The heat so warped the rails that the down train did not reach this city until some time after it was due.

☞ Levi Bartlett, Esq., of Boston, died on Tuesday morning, aged 80. He was a brother of the late Hon. Ichabod Bartlett, of this city.

☞ A partial list of casualties in the 3d N. H. regiment, June 16, mentions among the killed the name of Harrison Johnson.

THE SECOND N. H. REGIMENT.—The following correspondence, which we find in the Monitor, explains itself:

18TH ARMY CORPS,
Camp near Cold Harbor, Va.,
June 11, 1864.

To his Excellency the Governor and the Honorable Council:—The term of service of the original members of the Second Regiment N. H. Vol. having expired on the 7th inst., the officers and less than seventy-five of the old men, who had not re-enlisted, took their departure on the 9th inst. for New Hampshire, with the colors and records of the regiment. Many have faithfully fulfilled their contract and deserve well of the country. There are left behind in the trenches and under fire, two hundred and fifty men, without officers, colors or records. You will doubtless understand the feelings of those men, veterans of three years' service, and others whose time has not yet expired, on finding themselves thus alone, after all the dangers and hardships they have encountered. Maj. Gen. Smith, commanding the corps, was kind enough on being informed of the facts to withdraw the men from the trenches and direct them to be employed temporarily as Head Quarter Guard, and also to order the colors and records of the regiment to be returned. Capt. Patterson, with a magnanimity and devotion to the cause and to the men with whom he has so long served, which ought to secure for him the gratitude of every son of New Hampshire, has consented to remain with the men and be again mustered into the service. Please send him immediately a Lieut. Colonel's commission. The 2d N. H. regiment is not yet to be blotted out. Its record, although glorious, is not yet full. Fill up its thinned ranks and it will still carry its honored flag as heretofore in the front of battle until the rebellion is finally quelled and the authority of the government established over all the land.

A list of names for commissions in the line will be sent forthwith. Cooper, than whom there is no braver man in the army, will return. I hope soon to see the 2d reorganized and in its old place in the Army of the Potomac.

I have the honor to be, very respectfully, your obedient servant,
GILMAN MARSTON, Brig. Gen.

The foregoing communication bore the following endorsement:

HEADQUARTERS 18TH ARMY CORPS,
Camp near Cold Harbor, Va.,
June 11, 1864.

Gen. Marston's letter is respectfully forwarded to the Executive of New Hampshire, with an earnest request that the faithful men of the 2d N. H. Vols. may not be neglected, but that the colors may be immediately returned and officers appointed to fill the vacancies now existing.
WM. F. SMITH, Major General.

The Governor and Council have commissioned Capt. J. N. Patterson as Lieut. Col., and Lieut. John D. Cooper, Jr., as Major. Both officers have nobly earned their promotions.

MARRIAGES.

In this city, June 23d, by Rev. Henry F. Lane, assisted by Rev. Geo. M. Adams, Dr. A. P. STEVENS and Miss CARRIE PETIGREW, daughter of the late Mr. Wm. Petigrew, both of this city.

In Barrington, June 19, HIRAM H. WOOD to Miss LYDIA S. HAM, of Dover.

DEATHS.

☞ Mr. E. A. Joy's Juvenile Singing School, Saturday afternoons at 3 o'clock, at Mercantile Hall.

☞ Mr. Joy's evening Singing School for Ladies and Gentlemen, is held at Mercantile Hall, on Tuesday evenings.

☞ An intelligent Boy, of good habits and fair education, can have a fine opportunity to acquire a knowledge of the profession of printing, or be inducted into the mysteries of the art preservative of all arts,—in other words, to learn the Printer's trade—at this Chronicle Office. je6tf

He is the happiest who does most to make others happy. The inventor of Herrick Allen's Gold Medal Saleratus must be the happiest man in existence, for we hazard nothing in saying that the use of the Gold Medal Saleratus cannot fail to make a happy household. Our better half says she does not fear of our ever frowning, as long as she can get the genuine Herrick Allen's. We say success to the inventor, and if everybody knew how good it is, no other would be used. A good many of our Merchants have it. Their depot is 112 Liberty Street, New York.

SOLDIERS TO THE RESCUE!—Young men, rushing into the exposures and dangers of a soldier's life, should prepare themselves for the fatal fevers, the dysentery, the sores and scurvy, which are almost certain to follow. Holloway's Pills, used occasionally during the campaign, will insure sound health to every man.

If the reader of this "notice" cannot get a box of Pills or Ointment from the drug store in his place, let him write to me, 80 Maiden Lane, enclosing the amount, and I will mail a box free of expense. Many dealers will not keep my medicine on hand because they cannot make as much profit as on other persons' make. 35 cents, 88 cents, and $1.40 per box or pot. 21¢

ROOM PAPERS!

Have Room Papers Advanced in Price, like other things!

J. F. SHORES, Jr.,
No. 1 Congress Block
Is often asked this question; and would answer that he still sells
ROOM PAPERS at eight cents per roll,
ROOM PAPERS at nine cents per roll,
ROOM PAPERS at ten cents per roll,
ROOM PAPERS at twelve and a half cts. p. roll.
These are not of so good quality as were formerly sold at those prices—still they are very fair.
Twelve and a half Cent Papers have advanced to Seventeen Cents.
Twenty-Five Cent Papers to Thirty Cents.
Thirty-Three Cent Papers to Thirty-Eight Cents.
Fifty Cent Papers to Sixty-Two Cents.
One Dollar Papers to One Dollar and Twelve Cents.
One Dollar and Twenty-Five Cent Papers to One Dollar and Forty-Two Cents.
Common, Velvet, and Velvet and Gold
BORDERS,
HAVE NOT ADVANCED!
GREEN CURTAIN PAPER
Is still sold at the old price.
Thus, FRIENDS and CUSTOMERS, you have an answer to the query above—
Room Papers Have not advanced as other goods have.
☞ Remember, this is the answer of
J. F. SHORES, Jr.,
No. 1 CONGRESS BLOCK,
who has just received from New York a further supply of
ROOM PAPERS AND BORDERS.

MASON & HAMLIN'S
CABINET ORGANS,
Combining the requisites for Sacred and Secular, Church and Parlor Music; for Families, Sunday Schools, Day Schools, Churches, &c.
They are elegant as pieces of furniture; occupy little space; are not liable to get out of order or out of tune; are warranted for five years; will improve in tone by age, and are moderate in cost.
They are to private houses, Sunday schools and smaller churches, what the larger pipe organs are to large churches, and in addition to this are adapted to secular as well as sacred music.
The Cabinet Organ is essentially different from, and a marked improvement upon, all instruments of the melodeon or harmonium kind. Its superiority consists in many important characteristics.
The undersigned, Agent for the Manufacturers, will be pleased to show the Cabinet Organs to all wishing to purchase, at his residence, NO. 30 HANOVER STREET.

TABLES TURNED.—Jeff Davis' letter to Gov. Vance contains a remarkable saying,—in which he dwells on slavery as a dreadful thing. No peace, says he (in substance,) can we have by submission, except by becoming slaves to our own negros! Ah, there is where the shoe pinches. While somebody else is the slave, selfishness says, all is well,—but when the chain chafes my limbs then slavery is dreadful. Truly it is so:—and whatever we would have others do to us, even so we should do unto them. This is the law and the prophets,—but it is neither slavery nor aristocracy. U. T.

— The Boston Police now wear Panama hats: they still object to those arrested giving straw bail.

— The debt of the country on the last of this month will be one thousand seven hundred and twenty-five millions.

— A man named Lewis is under arrest in Philadelphia for an attempt to murder his own sister, against whom he had conceived an extraordinary hatred.

— The Crystal Palace in London has been opened ten years, and has been visited, it is said, by more than fifteen and a quarter millions of persons.

Constitution Life Syrup,
COMPOSED OF
IODIDE POTASSIUM,

With the compound concentrated fluid extract of

VALUABLE MEDICINAL
ROOTS AND HERBS,

Prepared by WM. H. GREGG, M. D., Graduate College Physicians and Surgeons, N. Y. formerly Assistant Physician, Blackwell's Island Hospitals, late Medical Inspector New York State Volunteer Corps, under Gov. Edwin D. Morgan.

Constitution Life Syrup
HAS PRODUCED
A REVOLUTION IN MEDICINE!

What may seem almost incredible, is, that many diseases hitherto considered hopelessly incurable are frequently cured in a few days or weeks, and we cheerfully invite the investigations of the liberal minded and scientific to cures which have no parallel on the present day.

Our medicine is peculiar, by it the seat of disease is directly reached, and the equilibrium restored. Those who have suffered long from painful and obstinate diseases, those who have vainly sought relief from advertised medicines, those who cannot be cured by other physicians—are **invited to use Constitution Life Syrup.**

During the past five years we have contended with obstacles and overcome opposition as hideous as ever encountered by any Reformers.

Rapidity of Cure.

Some say, "Your cures are too quick," while others doubt their permanence, and think that disease can only be cured by the slow recuperative process of Nature. This is our reply:

In health, the body, like a well-balanced scale, is in a state of equilibrium. But when from any cause down goes one side of the scale, we have the effects of disease. What is requisite is, to restore the balance, and the cure is effected.

CONSTITUTION LIFE SYRUP.

A positive and specific remedy for all diseases originating from an IMPURE STATE OF THE BLOOD, and for all (hereditary) DISEASES transmitted from Father to CHILD.

Paralysis.

Hemiplegia, Paresis, Paraplegia, Paralysis Agitans.

It is so universally admitted that Constitution Life Syrup is the only effective means of restoration to the various forms of Paralysis, that we need not reiterate that it is emphatically the Great Life-Giving Power.

Dyspepsia.

Indigestion, Liver Complaint, Constipation, Weight at Stomach, Biliousness, Want of Appetite, Flatulence, Bad Breath.

Scrofula.

Strumas, Glandular Swellings, Ulceration, King's Evil, Erysipelas, Tetter, Salt Rheum.

This taint (hereditary or acquired), filling life with untold misery, is by all usual medical remedies incurable.

Rheumatism.

Arthritis, Neuralgia, Gout, Lumbago, Sciatica, Tic Doloureux.

If there is any disease in which the Constitution Life Syrup is a sovereign, it is in Rheumatism and its kindred affections. The most intense pains are almost instantly alleviated—enormous swellings are reduced. Cases, chronic or vicarious, of 20 or 30 years standing, have been cured by us.

Nervousness.

Nervous Debility, Confusion of Thoughts, Epilepsy, Loss of Power, Shattered Nerves, St. Vitus' Dance.

Thousands who have suffered for years will bless the day on which they read these lines. Particularly to weak, nervous females, our medicine prove an inestimable blessing—directing their footsteps to a Hope which fulfils more than it promises.

Mercurial Diseases.

Salivation, Feeling of Weariness, Retting of Bones, Red Complexion, Aches in Bones, Depressed Spirits.

Constitution Life Syrup purges the system entirely from all the effects of Mercury, removing the Bad Breath, and curing the Weak Joints and Rheumatic Pains which the use of Calomel is sure to produce. It hardens Spongy Gums and secures the Teeth as firmly as ever.

Constitution Life Syrup
Eradicates, root and branch, all Eruptive Diseases of the Skin, like

ULCERS, PIMPLES, BLOTCHES,

And all other difficulties of this kind, which so much disfigure the outward appearance of both males and females, often making them a disgusting object to themselves and their friends.

CONSTITUTION LIFE SYRUP
Cures all Swellings of the Glands,

Either of the Face, Neck or Female Breast, and should be taken as soon as the swelling is detected, thus preventing their breaking and producing troublesome Discharging Sores, which disfigure so many of the youngest members of the community, from six to twenty years of age. Young children are very subject to Discharges from the Ears, which are caused by a scrofulous constitution. These cases soon recover by taking a few dose of the Life Syrup.

All scrofulous persons suffering from Debility, Emaciation, Dyspepsia, Dropsy, of the limbs or abdomen, and in the female Dropsy of the ovaries and womb, generally accompanied with Inflammation and Scrofula of the uterus, are permanently cured by Constitution Life Syrup. The disease known as Goitre or Swelled Neck, the Life Syrup will remove entirely. The Tumor should be taken for some time, as the disease is exceedingly chronic and stubborn, and will not be removed without extra effort. Tumors of the Ovaries, Tumors of the Breast, and swelling of other glands of the body will be completely reduced without resorting to the knife or operations of any kind.

Epileptic Fits, Sympathetic or Organic Diseases of the Heart (as Palpitation, Disease of Valves—produced by a gradual wasting, Dropsy, and Death), the Heart Case and all the affections of this important organ, or persons suffering from any acute pain in the region of the Heart, will be greatly relieved by Constitution Life Syrup.

Broken-Down and Delicate Constitutions, Suffering from Indisposition to Exercise, Pain in the Back, Loss of Memory, Forebodings, Horror of Darkness, Fear of Disease, Dimness of Sight, Pale Skin and Extremities, Want of Sleep, Restlessness, Pale Haggard Countenance and Languishy of the Muscular System, all require the aid of the CONSTITUTION LIFE SYRUP.

For all forms of **Ulcerative Diseases**, either of the Nose Throat, Tongue, Spine, Forehead or Scalp, no remedy has ever proved its equal.

MOTH PATCHES upon the female face, depending upon a diseased action of the Liver, are very unsightly and unpleasant to the lady members. A few bottles of Constitution Life Syrup will correct the secretion, and remove the deposit which is directly under the skin.

In Diseases of the Liver, giving rise to languor, dizziness, indigestion, weak stomach, or an uncleated or cancerous condition of that organ, accompanied with burning or other important symptoms, relief may be obtained by the use of CONSTITUTION LIFE SYRUP.

☞ *As a general Blood-Purifying Agent, the Life Syrup stands unrivalled. It is a preparation in the world.*

Diseases of the Spine, as usually developed in the young, Hip Disease, Neuralgia and all Nervous Diseases, and Ladies who are suffering from diseases for which they are at a loss to know what to do, we would advise the use of CONSTITUTION LIFE SYRUP. It will restore their pallid countenance, strengthen their weak back and limbs, give them new energy, new life and happiness.

THE RICH AND POOR are liable to the same diseases. Nature and Science have made the Constitution Life Syrup for the benefit of all.

PURE BLOOD produces healthy men and women; and if the constitution is neglected in youth, disease and premature death are the results. Do not delay when the means are so near at hand, and within the reach of all.

TO MOTHERS AND MARRIED LADIES. It is the safest and most effectual medicine ever discovered for purifying the system and relieving the suffering attendant upon childbirth. It strengthens both the mother and the child, prevents pain and disease, and increases and enriches the blood—those who have used it think it indispensable. It is highly useful both before and after confinement, as it prevents disease attendant upon childbirth.

Constitution Life Syrup

Is the Poor Man's Friend and the Rich Man's Blessing!—Buy it, take it, and be cured.—It is Universal in its effects

Glad News for the Unfortunate!

The Long Sought For Discovered at Last.

CHEROKEE REMEDY
—AND—
CHEROKEE INJECTION,
Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as Incontinence of the Urine, Inflammation of the Bladder, Infection of the Kidneys, Stone in the Bladder, Strictures, Gravel, Gleet, Gonorrhea, and is especially recommended in those cases of Fluor Albus (or Whites in females) where all the old nauseous medicines have failed.

It is prepared in a highly concentrated form, the dose only being from one to two tablespoonfuls three times per day.

It is a diuretic and alterative in its action; purifying and cleansing the blood, causing it to flow in all of its original purity and vigor; thus removing from the system all pernicious causes which have induced disease.

CHEROKEE INJECTION is intended as an ally or assistant to the CHEROKEE REMEDY, and should be used in conjunction with that medicine in all cases of Gonorrhœa, Gleet, Fluor Albus or Whites. Its effects are *healing, soothing and demulcent*, removing all scalding, heat, chordee and pain, instead of the burning and almost unendurable pain that is experienced with nearly all the *cheap quack injections.*

☞ By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.

For full particulars get our pamphlet from any drug store in the country, or write us and we will send you it free of charge.

Price—CHEROKEE REMEDY, $2 per bottle, or three bottles for $5.

Price—CHEROKEE INJECTION, $2 per bottle, or three bottles for $5.

Sent by Express to any address on receipt of price. Sold by all druggists everywhere.

DR. W. R. MERWIN & CO., Sole Proprietors, No. 59 Liberty street, New York.

THE GREAT
INDIAN MEDICINE,
COMPOUNDED FROM
ROOTS, HERBS AND
LEAVES.

CHEROKEE
CURE.

An unfailing cure for Spermatorrhœa, Seminal Weakness, Nocturnal Emissions, and all diseases caused by self-pollution; such as Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficult Breathing, Trembling, Wakefulness, Eruptions on the Face, Pain in the Head, Insanity, Consumption, and all the direful complaints caused by departing from the path of nature.

☞ This medicine is a simple vegetable extract and free, to which all can rely, and has been used in our practice for many years, and with those ends treated it has not failed in a single instance. Its curative powers have been sufficient to gain victory over the most stubborn cases.

☞ To those who have trifled with their constitution, until they think themselves beyond the reach of hope, we would say, *Despair not!* the CHEROKEE CURE will restore you to health and vigor, and after all quack doctors have failed!

☞ For full particulars get a circular from any drug store in the country, or write the proprietors, who will mail free to any one desiring the same, a full treatment in pamphlet form.

☞ Prices, $2 per bottle or three bottles for $5, and forwarded by express to all parts of the world.

Sold by all respectable druggists everywhere.

Dr. W. R. MERWIN & CO., Sole Proprietors, No. 59 Liberty street, New York.

DR. WRIGHT'S
REJUVENATING ELIXIR,
OR ESSENCE OF LIFE.

Prepared from Pure Vegetable Extracts,

Containing nothing injurious to the most delicate.

The Rejuvenating Elixir is the result of modern discoveries in the Vegetable kingdom; being an entirely new and abstract method of cure, irrespective of all the old and worn-out systems.

This medicine has been tested by the most eminent medical men of the day, and by them pronounced to be one of the greatest medical discoveries of the age.

One bottle will cure General Debility.
A few doses cure Hysterics in females.
One bottle cures Palpitation of the Heart.
A few doses restore the organs of generation.
From one to three bottles restore the manliness and full vigor of youth.
A few doses restore the appetite.
Three bottles cure the worst case of Impotency.
A few doses make the low spirited.
One bottle restores mental power.
A few doses bring the rose to the cheek.

This medicine restores to manly vigor and robust health, the poor debilitated, worn-down and despairing devotee of sensual pleasure.

The listless enervated youth, the over-tasked man of business, the victim of nervous depression, the individual suffering from general debility, or from weakness of a single organ, will all find immediate and permanent relief by the use of this Elixir or Essence of Life.

☞ Price, $2 per bottle, or three bottles for $5, and forwarded by express, on receipt of money, to any address.

Sold by all druggists everywhere.

Dr. W. R. MERWIN & CO., Sole Proprietors, No. 59 Liberty street, New York.

CHEROKEE PILLS!
SUGAR-COATED.
FEMALE REGULATOR.
Health Preserver!!
CERTAIN AND SAFE.

☞ For the Removal of Obstructions, and the Insurance of Regularity in the Recurrence of the Monthly Periods.

They cure or obviate those numerous diseases that spring from irregularity, by removing the irregularity itself.

They cure Suppressed, Excessive and Painful Menstruation.

They cure Green Sickness (Chlorosis).

They cure Nervous and Spinal Affections, pains in the back and lower parts of the body, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysteria, Sick Headache, Giddiness, &c., &c. In a word, by removing the irregularity, they remove the cause and with it ALL the effects that spring from it.

Composed of simple vegetable extracts, they contain nothing deleterious to any constitution, however delicate, their function being to substitute strength for weakness, which, when properly used, they never fail to do.

They may be safely used at any age and at any period, *except during the first three months*, during which the unfailing nature of their action would infallibly procure pregnancy.

All letters seeking information or advice will be promptly, freely and discreetly answered.

Full directions accompany each box.

☞ Price $1 per box, or six boxes for $5.

Sent by mail, postage free, on receipt of price.

Sold by all respectable druggists.

THE MAGEE
COOKING STOVE.

The subscriber, having received his Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiled meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shovelling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We would refer to the following purchasers:

Portsmouth.

J. Woodman Moses	John R. Holbrook
George Dillon	Frank Jones
George L. Treadwell	Henry L. Richards

And the hosts of others who are using them.

We invite all those in want of the very best Stove in the market to examine the

MAGEE COOK.

Also on hand an assortment of the different sizes
—of the—

MAGEE PARLOR STOVE

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"
VENTILATING & AIR-WARMING
FURNACES.

The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air (filled with moisture) which is none of the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert R. Hatch, Esq.,
Aaron H. Hill, Charles H. Mendum,
Henry F. Wendell, John Shee, and others.

STOVES
Of almost all other kinds on hand and for sale CHEAP AS THE CHEAPEST.

THE BOBOLINK.

Where the pheasant late was drumming,
With her brown and spotted wings;
Where the velvet bee is humming,
Where the ox-eye daisy swings—
The gay bobolink is coming,
With his song the welkin rings.
His coat is black as night,
His epaulettes are white;
A meadow bard is he,
Minstrel of liberty.

Hear the chorus of the rover
As he sings on a reed,
On the thistle, in the clover,
On the tip-top of the weed.
On the elm-twig bending over,
Singing when he hunks the seed.
Where the soft cotton grows,
As white as winter snows,
He never sings the lay
That charms the ear to-day.

How soft and tender is the twitter
Of this meadow minstrel gay!
How jubilant the wings that flitter
While he sings his roundelay
Above the still and faithful mate
Upon her nest of wool and hay!
When the glad husband sings,
His wife, with folded wings,
Hid in the grass and flowers,
Forgets the fleeting hours.
—[GEORGE W. BUNGAY.

THE "DEAR BABIES."—Conventionally, Infancy is only another name for Innocence. Practically, they are often wide as the poles asunder. Mothers, as a matter of course, will dispute this proposition; yet they know, in the depths of their affectionate hearts, that it is too true. A baby is a specimen of human nature uncontrolled by principle. It is a being of fierce instincts with no morals. Infant Neros and Caligulas are as plenty as blackberries, but where will you find your sucking Howards? Produce your philanthropic baby. Show us a sample of the race that will not gouge. Do they not all seize us by the hair, and tug thereat, with exulting war-whoops, as if they longed to scalp us? Is it not necessary to keep their nails short, in order to avoid scarification? Are they not guilty of the most ferocious assaults upon the commissariat whence they derive their hourly rations?

Has any baby ever been known to exhibit the slightest emotion of gratitude? Do they not murder our sleep out of sheer malice, compelling parents to rise at the dead hour of night, and walk matches against time until daylight? Is it not a common thing to see them become partially apoplectic with unbridled passion? And then look at their hypocrisy! Do they not indulge in blood-curdling shrieks of seeming agony, and, when undressed in consequence of suspicion of pins, do they not kick up their heels and crow at the thought of having hoaxed the mothers that bore them!

It is all very well to say that "Heaven is near us in our infancy," but the majority of parents know from bitter experience that it is quite the reverse. It is the opinion of observant persons, who have studied babies from a philosophical standpoint, that if their capacity for mischief were equal to their ferocity, they would soon exterminate the adults of the human family.—*N. Y. Ledger.*

Wisdom often comes too late in life to be of much service to us. There's no use in mustard after meat.

A wife full of truth, innocence and love is the prettiest flower that a man can wear next his heart.

Happiness is like a pig with a greasy tail, which everybody runs after, but nobody can hold.

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837.)
76 State street, opposite Kilby street,
Boston.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Also, Specifications, Bonds Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given, prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of decisions and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H Eddy has made for me THIRTEEN applications, in all, but two of which patents have been granted, and that is *near pending*. Such unmistakeable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART.

During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.
R. H. EDDY.

Boston, Dec. 19, 1863.—6tawly

E. A. STEVENS,
NO. 46 MARKET STREET.

AN UNUSUALLY LARGE STOCK
OF EVERY KIND
—OF—
KITCHEN FURNISHING GOODS,

The Virtues and Advantages
—OF—
SCHOOLEY'S
NEW IMPROVED
REFRIGERATORS
ARE:

1. We produce greater cold from less ice than any other Refrigerator ever invented.
2. We have double the cooling power at a less cost.
3. Complete and perfect ventilation.
4. Dry, cold air.
5. Sweet smelling, free from moisture, mold or must.
6. One article will not partake of the taste or smell of another, as is always the case in every other Refrigerator.
7. Any kind of perishable food can be preserved almost any length of time.
8. The Provision Chamber can easily be kept clean and sweet, as no moisture is ever deposited on its sides as in all other kinds.
9. The mechanical structure of our Refrigerators will compare with any of the best made household furniture.
10. Our prices are more reasonable than any other Refrigerator now offered for sale.
11. A perfectly uniform temperature, so that every portion of the Refrigerator can be used at the same time.
12. A constant change of air is secured in the Provision Chamber, without any unnecessary waste of ice, or loss of air already cooled.

An assortment of the above, with common Upright and Chest Refrigerators, for sale at the old prices, notwithstanding an advance of 15 per ct. has been made by the manufacturers on the 19th inst. Terms Cash.
E. A. STEVENS.

Gas Fixtures.

Persons who desire to have any repairs or alterations made in Gas Pipes or Fixtures, are requested to send in their orders at once. The work can be done much more promptly now than later in the season.
E. A. STEVENS.

"A Stitch in Time Saves Nine."

All Furnaces, Stoves and Funnels should be thoroughly cleaned out and put in order, as soon as fires are done being made in them. If allowed to remain filled with ashes and soot through the summer, they will decay very rapidly, and useless expense be incurred.

A full supply of Linings and Repair Pieces constantly on hand, and all orders attended to with dispatch.
E. A. STEVENS.

HALEY, MORSE & BOYDEN'S
SELF-ADJUSTING
CLOTHES WRINGER.
THE BEST IN THE WORLD.

Over 40,000 have been sold by the manufacturer in a little more than two years—nearly 400 of them in Portsmouth and vicinity!

Buy one and try it—if not perfectly satisfactory the money will be refunded.

Facts for the People.

The enormous rise in price of Iron, Coal and Labor, has caused manufacturers to advance the price of STOVES and Castings several times since the war began; and it is now arranged to make a general advance of 25 to 50 per cent. this season.

We have not yet raised the price of Stoves in proportion to their increased cost, but shall be compelled to do so very shortly. Persons who expect to purchase anything in the Stove and Furnace line within a year or two, will save money by doing so at once. The price of a Stove is not so much an object, now, as its capacity and the cost of operating it. All things considered, there is no Stove equal to

THE MODEL COOK.
IT IS, IN FACT,
The Best Stove Out,

for economy, convenience and dispatch.

Many people think it best to use an old stove as long as possible, but it is far better to throw it away and purchase a MODEL COOK, than to keep it at the present high price of fuel.

One of our shrewdest citizens who purchased a MODEL COOK STOVE a year since, says he has saved more than its cost already.

A careful, prudent farmer purchased one, and after it had been in operation some days his son came into the store and said, "something was wrong at their house;" his father and himself used wood off the same pile, he burned three barrels full a day, and his father only one! We sold him a Stove before he left, and there has been no complaint since.

These Stoves are in use in many hotels and boarding houses, and in hundreds of private families in this city and vicinity, and give the best of satisfaction.

For sale at
E. A. STEVENS'S
House Furnishing Establishment,

The Old Established Hospital.
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually!
DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the safest as well as the latest remedies for these diseases, other inducements to the unfortunate to call early and rapid cure, to be obtained at no other office in America.
In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords, Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Copper Colored Eruptions, Biles, Tetters, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with unfailing success.
YOUNG MEN.
Young Men addicted to secret habits, who have impaired their health and destroyed the vigor of their minds, thus depriving themselves of the pleasure of the Married Life, are notified that in consulting Dr. J. Teller, they will find a friend to console with a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. J. broken down in health, now rejoice in all that makes life desirable to man happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.
DR. TELLER'S GREAT WORK
A book for everybody.—Startling disclosures. Dr. TELLER's great work for the Married or those contemplating marriage—200 pages—full of plates—price 25 cts. Sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The Single Married and the Married Happy. A lecture on Love, or how to choose a Partner—a complete work on Midwifery, it contains hundreds of secrets, never before published.—Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps, inclosed, will secure a copy by return mail. Dr TELLER has devoted a lifetime to the cure of those diseases upon which his books treat.
TO THE LADIES.
Dr. TELLER still remains the only Agency in America, for the sale of Dr. Vebolti's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.
CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.
Office hours from 8 A. M. to 8 P. M., and on Sundays from 2 to 5 P. M.
N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to

Morning Chronicle.

Portsmouth, N. H.

SATURDAY, JUNE 25, 1864.

THE VIRGINIA CAMPAIGN.

Correspondents state that the bridges across the Appomattox, connecting Petersburg with Pocahontas and Richmond, are daily shelled, and rendered wholly unavailable to the rebels. The rebels are very busy enlarging and strengthening their works and constructig new ones.

THE U. S. SENATE, on Thursday evening passed the bill to repeal the $300 clause of the enrollment act, by a vote of 24 to 7. It does away with commutation, but allows drafted persons to furnish substitutes. Under all future drafts the term of service is not to exceed one year; credit is to be given for surplus, and no person drafted on future calls, or who shall volunteer under the same, is to be again liable until the existing enrollment is exhausted.

"SOLD AGAIN."—The other day, when the Concord people were to have, but afterwards did not have, the grand "Reception" of the N. H. 2d Regt., the active and intelligent reporter "F. F." of the Boston Journal, with commendable enterprise, before the hour assigned, sent by telegraph his account of the celebration (as it was to have been,) which we condensed and published, without credit. On which the Portsmouth correspondent of the Ballot, (who, by the way, steals as many items as anybody,) says:

The Portsmouth Chronicle and many other smart papers were caught in the snare. (Mem: when you publish a bogus telegram don't insert it as an original item.)

Good advice, which we will follow when we know it beforehand; and we will only say that but for our acquaintance with the Boston Journal's estimable correspondent aforesaid, we should conclude that "F. F." must signify either very fast or very loud.

— The President has returned from his visit to Gen. Grant.

— The Amesbury Villager says the Salisbury Mills is at the head of factory stocks,—now selling for $300—$200 above par.

— The manufacturing companies in Easthampton, Mass., have rented seven pews for the free use of their employees.

— They had some "May Day" exercises in Portland on Wednesday evening—June 22. Being a Fair, it could hardly be called a day after the Fair.

— The rush of immigrants is unparalled. Within twenty-four hours ending Wednesday noon five vessels, bringing 3,235 passengers from Liverpool, arrived at New York.

— The bill, which has already passed the House, extending the homestead principle to confiscated lands of Southern rebels, has been reported from the Senate Committee on Public Lands without amendment.

— The U. S. House of Representatives on Thursday, after an attempt on the part of some Administration men to criticise the financial policy of Sec. Chase, finally adopted the loan bill as it was prepared at the Treasury Department.

— The U. S. House has instructed the Military Committee to inquire into the expediency of a bill paying full bounties to soldiers who volunteered for less than three years and not less than nine months, &c. This refers to those who have died or may die in the line of duty.

— In the case of Wilkins agt. Earle, at New York, the jury has returned a verdict of $21,645.26, to which the Court has added $500 allowance for expenses. The plaintiff sued for a package of money left in charge of the clerk of the hotel of which the defendant is proprietor.

— According to the Boston Post, the story that Andy Johnson's mother peddles tripe in Philadelphia is received with doubt, inasmuch as the old lady was buried twelve years ago in Greenwood Cemetery. Nobody but fools ever believed such a dirty lie.

— A New York dispatch reports a terrible fight on Wednesday night among some negroes holding a picnic near Hunter's Point. The police at length made a charge and dispersed them. Knives, pistols, &c., were freely used. Twenty negroes were more or less injured, and it is reported that two of them have died.

— The Portland Argus states that a gentleman in Portland was much disturbed by cats a few nights since, and in the morning found two strung across a clothes line in his back yard, their tails firmly tied by a cord. One was quite dead and the other about used up. They had "fought it out on that line;" but the fellow who put them there ought to be hanged with the same line.

— Miss Maudana Tileston, daughter of the late Cornelius Tileston, of Williamsburg, Mass., was married a few weeks since, at Oxford, Ohio, to Rev. Calvin Fairbank, after an engagement of thirteen years. Preparations for their wedding were being made twelve and a half years ago, when Mr. Fairbank was imprisoned in Kentucky for assisting slaves to escape, and he has just been released.

OUR ARMY MISSION

Extracts from Rev. Mr. Patterson's Private Letters.

POINT OF ROCKS, June 15.

At five o'clock the order came to our camp to prepare to move. Then there was activity, and cheerful but resolute faces.—Ah, to look into the eyes of men who expect in a few minutes to walk straight into the jaws of death! We had all day been expecting our order to advance upon the enemy's lines, and now we supposed it had come. In a few moments knapsacks were packed and all were ready to move. What should I do? return to the hospital in the rear? Here were boys with whom I had mingled in the pleasant scenes of the home, the Sunday School, the Church.—Here were men with whom I had taken the moonlite and the evening meal, sitting upon the ground surrounded by the insignia of war, and the cannon thundering in our ears, feeling it a higher honor to sit down with liberty's defenders than to be the guest of kings. They might need me in a few minutes to bear them from the field and whisper words of comfort in their dying ears. I would not return to the hospital.—I would advance with them. These were the thoughts which passed through my mind, and this the purpose instantly formed. The order came—but it was not to advance. The 18th army corps was ordered to the line between the James and the Appomattox. Accompanied by Capt. Betton, I returned to the hospital, placed my baggage on the train, and started through the dust. When we had walked about two miles, we heard the most furious cannonade and musketry firing in the direction of the position held by our forces. Thinking the rebels had attacked our line we started back.—When we had returned about half way we met our corps, and were informed that the 6th corps had been ordered to take their place, and that a battle had begun. The battle raged through the long night, and at intervals through the day the roar of cannon and musketry has awakened the echoes. We could destroy the city at any moment, for it is directly under our guns. But of course Grant will not destroy it if he can help it.

POINT OF ROCKS, June 16.

When we reached Bermuda Hundred yesterday, we learned that a severe battle had been going on nearly all day at Petersburg. As soon as we could transfer our stores to another steamer we came to this point, which is on the south side of the Appomattox, about eight miles above its junction with the James. As soon as possible after landing we established a hospital in a little church which fortunately stands near the shore. There are four or five houses here, and the families are poor enough. One of them, a Union man, opened his door, and bade us welcome to all he possessed. He said he had been praying for our coming ever since the war began.

As soon as we could make the boys comfortable—that is, when they were dressed and fed, and all arrangements made for the night, I wrapped my blanket around me and threw myself on the ground beneath a tree,—a branch of which I enclose—and with pioneers felling timber but a little way off—with rebel prisoners tramping by—thinking of the dear ones at home—of the boys in the trenches—of the wickedness of man and the goodness of God, I fell asleep, and was wakened early by the booming of cannon at Petersburg, which is about seven miles distant. I arose, and after walking awhile in the fields and woods, helped give the boys their breakfast, and at the present writing we are moving. This is not a suitable place for a hospital: we lack good water. Where we shall pitch our tent I know not. Now we halt, while a force of infantry and artillery passes by, hurrying to the front. Near the tree where I slept is a house through which two rebel shells passed but a few hours before. But I slept near its shadow undisturbed. I know I am in the discharge of duty, and am happy in the consciousness of serving God and man.

FORTRESS MONROE, June 19.

Hearing that a hospital transport was being loaded with wounded men, I suspended writing and hastened to the wharf to help make them as comfortable as possible. The Surgeon said he needed me very much on board, so I have come to the Fort. I intend to start for Baltimore this afternoon to procure supplies—shall probably return to-morrow, and to the front on Tuesday. I shall not be at home next Sunday. If my parish and my friends could see what I see, they would say with one united voice,—"Stay longer if your strength holds out." I trust I shall not have to stay much longer before the great need will be over. May God send us the victory.

— A six year old boy at Pittsburg, Pa., lately gouged out one of the eyes of a playmate with a rusty nail, and was proceeding to gouge out the other when his screams brought assistance.

— The old Breckinridge Democratic Committee have issued a call for a meeting in opposition to the Belmont Committee.—Some members of the former Committee are now in rebeldom, fighting in the ranks of the Confederate army.

NEW HAMPSHIRE ITEMS.

—— J. W. Eaton has been appointed postmaster at South Hampton, in place of Charles Fuller, resigned.

—— A bill incorporating the Sovereign Grand Consistory of the Masonic Fraternity in New Hampshire has passed the House.

—— One hundred recruits for the Ninth regiment, now in the corps of Gen. Burnside, left Concord on Thursday forenoon.

—— Warren G. Hackett, of the N. H. Sharpshooters, son of Thomas Hackett of Bedford, died in Hospital at Washington on the 15th.

—— Some mean critter at Exeter—no doubt a copperhead—has robbed the clothes-line of a poor invalid soldier. The thief ought to be hung on that line to dry himself.

—— Capt. Nat. Low, jr., of Dover, 11th N. H. Vols., has been confirmed by the Senate as Assistant Quartermaster in the U. S. Army. He has received orders to report by letter to the Quartermaster General until further orders.

—— Capt. Elisha E. Dodge, Co. B, 18th N. H., received a severe fracture of the right thigh in a recent engagement before Petersburg. Capt. Dodge resides at Rollinsford. His father was in the war of 1812, and his grandfather in that of the revolution.

—— Rain fell copiously in various parts of the State on Monday last. They had a shower in Claremont of two hours' duration. In Marlow the shower was powerful, and the wind very high, prostrating trees. New Hampton and Holderness were visited with showers, and so of several towns along the Connecticut, above Cornish.

—— Laconia, at a town meeting Tuesday, voted to pay a bounty of $100 to the citizens of that town who enlisted for service at Fort Constitution. The town also voted to pay the same bounty to those who have re-enlisted in old regiments, and to raise $15,000 to procure men under future calls. A surplus of 16 men is now credited to the town.

—— It is stated that the public hearing before the Committee on the removal of the State Capital commenced on Thursday morning, and will continue several days. The report of the committee will probably be presented to the Legislature on Tuesday next. On Wednesday the Legislature is expected to resolve itself into Committee of the Whole in order to allow counsel of both sides an opportunity to speak on the floor of the House. There is already great excitement upon the question.

—— A young man was taken to Concord from Boston on Tuesday by a substitute broker. He was examined by the surgeon and passed; when he was asked how much bounty he received. He replied $100,—the regular price being from $600 to $700. Surprise being expressed that he should go for so small a sum he said "What do I care about the bounty; as soon as I am enlisted I shall return to Boston on a furlough and be married to Miss Nellie Rufus who is worth $10,000. She promised certain that she would have me if I would enlist, and the man who brought me here is going to see that the bargain is carried out." On investigation, it was found that he was slightly "defective" in the "upper story," and the poor victim was released. The substitute broker meanwhile skedaddled.

— They tell of an American's losing $250,000 at cards in Paris recently.

— It is stated in a Washington dispatch that we have 50,000 rebel prisoners, of whom 2500 are officers.

— An attempt is being made in Boston to restore to virtue and happiness women of the town.

— A great pressure is being made by brokers and speculators to repeal the gold sale bill.

— All the rebel prisoners collected since the army crossed the James river have been sent to City Point, for transfer eastward.

— $25,000 more for the Sanitary Commission are on the way from California. Is there another State like it in the world?

— The Vision, the small boat only 16 feet long, sailed from New York for Europe on Thursday.

— Gen. Wilson, commanding a cavalry force, is said to have left City Point on a raid.

—The workmen at the Charlestown navy yard have given $5000 to the Christian Commission.

— Gen. Gardner was taken from Fort Lafayette, Wednesday morning, and sent, it is supposed, to Gen. Foster, in front of Charleston, S. C.

— The U. S. Senate has repealed the Fugitive Slave law, by a vote of 57 to 12. This action erases the law from the National Statute book.

— Gen. Buell, having been mustered out of the volunteer service, has now resigned his colonelcy in the regular army. Good by, Buell.

— A man has been burned to death in Liverpool from the ignition of lucifer matches which he carried in his trowsers pocket.

— It is now considered pretty certain that the term of service will be reduced to one year. Whether commutation will be stricken out or increased to $500 is doubtful at present.

THE LEGISLATURE.

THURSDAY.—The House voted to postpone to the next session of the Legislature the subject of assuming the war debts of towns. The committee on Finance reported there is now due the State from the general Government $694,451.37, as appears by the Treasurer's books. The bill in amendment of the charter of Portsmouth, was reported back by the delegation from this city, without amendment. It provides that the Board of Aldermen shall be judges of the election of its members, and was prepared at the request of the Board. The bill was laid on the table, and made the special order for Friday at 10 o'clock. A bill was introduced, authorizing towns to pay drafted men what they actually pay for substitutes. Mr. Coleman of Newington introduced a resolution that each member shall receive his pay of $2 per day in specie or its equivalent. Referred to committee on the judiciary.

In Convention the following State officers were re-enlisted:

Secretary of State, Allen Tenny; Treasurer, Peter Sanborn; Warden of State Prison John Foss; State Printer, Amos Hadley; Commissary General, Newel Clifford, of Portsmouth.

— A horrible case of poisoning has occured at Ithica, N. Y. Miss Charlotte L. Haggie died on the 15th inst., from arsenical poison, which it is conclusively proven was administered by her mother; and a sister, about eighteen years of age, died in November, exhibiting same symptoms. The wretched and guilty mother has been arrested. The parties are of the first social position.

$100 Reward.

LOST—A light calfskin WALLET, belonging to the Subscriber, containing $700—three $100 greenbacks, and $400 in smaller bills. The finder will receive the above reward on leaving the same at the Chronicle Office, or the Paint Shop of the subscriber, or his residence No. 3 Mulberry street. A. J. SHOREY.

Portsmouth, June 24, 1864.—3t*

To Let.

No. 8 Market street, SECOND FLOOR, and in connection with the large room on the third or upper floor. This room has a westerly light and can have a skylight if required. The location is the best in the city, and is well calculated for light manufacturing purposes. The entrance is sightly, and direct from the street.

Apply to JOHN W. MOSES,

Je22 Clothing Store, No. 6 Market street.

Ho! for a Sail!

THE FAST-SAILING PILOT BOAT DRAGONET

Is now ready for large or small parties to sail from the Isles of Shoals, or up and down the Coast, or on the Pilot cruising ground. Charges reasonable, and accommodations excellent.

The boat is new, well found and finished in every respect, and can accommodate one hundred by day and give good room.

The "Dragonet" takes the place of the old favorite yacht "Sybil," and is more than her equal in every respect—and the public will find the most ample satisfaction in testing her quality.

For terms, &c., and to engage the boat, apply on board, at Rollins' Wharf, foot of Court street or of WM. RANDALL, No. 3 Jefferson street.

Coal $14.00 Per Ton!

MONEY SAVED BY USING EDDY'S PATENT

KEROSENE COOKING STOVE.

By the use of two or more burners sufficient heat is obtained for doing most of the cooking for a family, at a very small expense and with great facility.

Economy is perhaps their greatest recommendation in these times of high prices of Coal, for with one of these Stoves no may be prepared for a family at a cost for fuel not exceeding One Cent, and dinner not exceeding Two Cents.

They are portable, and burn without smoke or odor, hence they may be used in any part of the house.

Call and see one in operation, at No 12 Market street. Sole Agents for Portsmouth.

Patients furnished with board and experienced nurses.

Boston, June 7, 1864.—spnly Staw

"A Wonderful Discovery."

DR. TEBBETS'S "PHYSIOLOGICAL HAIR REGENERATOR" is compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "DYE," and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth of new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off and removes all dandruff, heat, humors and itching from the scalp. It keeps the hair soft, moist and perfectly healthy, and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "REGENERATOR" is warranted to produce the above results in all cases, if not the money to be refunded. With it every "GRAY HEAD" in New England can be restored in less than sixty days.

"HAUNER, opposite the Post Office and 12 Market Square, Agent for Portsmouth.—Geo. C. Goodwin, No. 38 Hanover street, Boston, Wholesale Agent for New England, and sold by Druggists everywhere. TEBBETS & BROTHERS, Druggists and Chemists, Proprietors, Manchester, N. H. Je1—tf

Proposals for Pine Timber and Plank.

SEALED PROPOSALS will be received at the City Clerk's Office in the city of Portsmouth, N. H., until SATURDAY, July 2, 1864, at 12 o'clock at noon, for furnishing the following schedule of Timber and Plank for repairing the Sagamore Bridge, to be delivered at some wharf or depot in said city:

40 pieces White Pine 8 by 10 inches, 32 feet long.
40 " " 8 by 10 " 16 "
20 " " 8 by 10 " 34 "
25,000 feet board measure White Pine Plank, 3 inches thick and 21 feet long.

Persons proposing will state the price by the thousand feet board measure; they will also state the time when the whole can be delivered, it being wanted immediately.

Separate bids will be received for the Timber and Plank.

The undersigned claim the right to reject any bid.

By order of the Board of Aldermen.
JOSEPH B. ADAMS,
WILLIAM E. HADLEY,
Committee on Streets, Roads and Bridges.
Portsmouth, N. H., June 21, 1864.

Proposals for Wood.

SEALED PROPOSALS will be received at the City Clerk's office, in the CITY OF PORTSMOUTH, until the twentieth day of July next, for supplying the Overseers of the Poor with from two hundred to two hundred and fifty cords merchantable HARD WOOD, to be delivered at either Railroad Depot, or at such wharf as the Overseers may designate.

The Overseers reserve the right to reject any bid. By order of the Overseers of the Poor.
MARCELLUS BUFFORD, Clerk.
Portsmouth, N. H., May 14, 1864.

☞ The *Domestic Dyes* prepared by Geo. H. Reed & Co. offer the simplest and most perfect means of dyeing household apparel ever presented the public. They embrace 60 different shades, and include all the new and fashionable colors—and are perfectly *fast.* Samples on silk and wool can be seen and the colors procured of THACHER jeb20

Local.

CHRONICLE NOTICE.—All bills are expected to be settled July 1st; after which date no contract for yearly advertising will be considered as including copies of the Chronicle—which will in *all cases* be charged $6 per year, or $5 cash in advance—and any special agreement heretofore made to the contrary, will terminate at that time. All interested will please take notice.
June 25, 1864.

☞ There is always a great deal of blowing and growling about the price of coal. And just at this time, we notice smart items going the rounds of the papers, respecting "a flank movement" which certain men are making on the coal dealers, by sending vessels after cargoes of coal, thereby saving two or three dollars per ton, &c. Now we don't believe the coal dealers make, or ever made, any larger or easier profits than other men; nor do we see why they are not entitled to a living as well as other people.

No doubt coal is sold for less at wholesale than at retail, and so is all other merchandise; but we go in for every man sticking to his own trade, and attending to his own business, and being willing to "live and let live." Does anybody doubt that if fifty families club together and send for a cargo of flour, they can save something on each barrel? Ditto newspapers, dry goods, and everything else? Well, why not speculate in these, or other things, as well as go into the coal business?

We make these remarks entirely voluntarily, without having any particular regard for the coal merchants, from whom we ask and expect no favors, except the privilege of buying our supply of them, and full weight of clear anthracite. But perhaps we may as well close by venturing the prediction, as we did last year at this time—and it came true, too—that coal will not go lower this year than now; and advising all who can to lay in their year's supply at once. And as to the best place to buy—why this Chronicle has no authentic "official" information of any other than the extensive yard of Capt. Tucker, on Water street; so of course to that we commend our readers.

☞ On Thursday evening, an attempt was made by a New York substitute broker calling himself James Clark, and a man named Dixon, to "run off" six marines whom Clark had enlisted at the Portsmouth Marine Station the day previous. It appears that they enlisted with the private agreement that they should receive the assistance of the broker and his confederate in deserting, after which they could be enlisted again and so on, *ad infinitum*, unless frustrated in their patriotic movements. But, by some means, the officers at the Marine Station received information in regard to this brilliant project in season to make preparations for their arrival. So when the boat landed, two or three officers, in disguise, jumped in; and while the men were in the act of rowing off they received an inducement to row them back to the shore, the incentive in that direction consisting of a couple of Colt's remediators, in the hands of two individuals who knew well how to apply them. Upon landing, they were instantly secured and placed in double irons, until Friday noon, when they were delivered over to Provost Marshal Wiggin of this city. Great credit should be awarded to Capt. Hebb and Lieut. Washburne, as well as to Lieut. Stoddard, for their tact and energy in the adoption of the proper means for securing these rascals.

Dixon has been employed for the past year or two, in conveying passengers from this city to the Yard, and more recently to and from the Vandalia.—He has a wife residing in the city.

IN BOARD OF ALDERMEN, on Thursday evening a petition was received from William H. Dennett for a highway from the North Road to the Warren lot, owned by him, one which a hearing was ordered of all parties interested, at the City Rooms, July 9, at 3 P. M.

It was voted that notice be given that a hearing will be granted the petitioners for a new highway to Freeman's Point, at the City Rooms, July 14, at 3 P. M.

The application for the use of the Ward Room in Ward One for Sunday School purposes by the City Mission was referred to the chairman with power to act.

The application of Albert Blaisdell for permission to incumber Middle street for building purposes, referred to the committee on streets with power to act.

The City Marshal was instructed to notify persons obstructing Hanover street, to cause the same obstructions to be removed on Friday.

On nomination of the Mayor, Jeremiah Locke and Charles E. Leach were appointed Watchmen as Supernumeraries.

The subject of appointing Fence Viewers was laid over till next meeting.

Notice was received from the gas company of an increase of the price of gas, after July 1 to 2.4 cents per hour for each gas light in the streets.

Charles W. Brewster's application to have sidewalk relaid on Islington street, was granted.

☞ We hear it frequently stated that our city license for entertainments is double and in some cases three times that of any other city in the State or vicinity. It seems to us it should not be. Portsmouth should be as liberal as her sister cities. Think of it, Messrs. Mayor and Aldermen.

☞ A little son of Capt. Geo. W. Tucker of this city, about 10 years old, while playing with another boy a day or two ago, fell while wrestling, and his collar-bone was broken by his companion falling upon him. Look out, boys—be careful.

☞ See auction column for sales to-day, of carriages, &c., by Mr. Wendell, and a lot of grass, near the city.

☞ What do the girls go to the Post office so much, after? Why, after the mails of course.

"The editor of the Chronicle labors hard to puff the Phenix Hotel at Concord. All right, Frank; hat chalked, you know; but we should call it rather hard lines, even at that.—*Cor. Ballot.*

The hardest labor we ever did, of that sort, was to puff personally, after eating some of the good dinners at that excellent hostelrie. We shall not attempt to cur-tail the right of the above correspondent to growl at the Phenix all he pleases; but when he says that we falsely praise that popular hotel only because we are a welcome guest there, we think it but fair to presume that he condemns it simply because *he* is *not.*

But, be that as it may—if there is anything we dislike, it is the idea of pauperizing editors, or dead heading them at shows, on railroads, or at hotels; and we never yet asked a favor of the sort, without at least proffering the usual quid pro quo, which now-a-days is greenbacks. And here we must say that the guilt fraternity in general really pay more than common folks for their purchases of this sort, in one way or another, instead of getting them "for nothing," as some stupid people are apt to imagine.

As to this particular case—we never yet have asked Dumas or any other man to give us a dinner or lodging—though we don't know any one whom we would *sooner* apply to, were we hungry and short. Nor has he ever yet solicited from us any "puff"; nor, we imagine, does he fear any criticism, such as the above. It is not for his sake, but to vindicate our own share in the matter, that we speak. We have always been well served at the Phenix, and we took pleasure in saying so, among other pleasant remembrances of Concord; but we did not say it was the *only* good house in the world, or in Concord; for we ask no better quarters or treatment than we have found at the Eagle. In fact, we don't believe it is any special mark of good breeding or experience to complain of hotels, any way. We have had the good fortune to find many satisfactory ones; and high among them, in our estimation, ever stands the Phenix. Long may it stand, beside the State House!

F.

MARRIAGES.

In this city, June 2, by Rev. Henry F. Lane, MR. AUGUSTUS FENNY to MISS ANNA M. ST. JOHN, of Portland, Me.—June 10, by the same, MR. JOHN HOOD to MISS ABBY GOULD, of Biddeford, Me.

DEATHS.

In Norfolk, Va., May 18, NATHANIEL CURRIER, aged 67 years, formerly of New Hampshire.

In Madbury, June 15, MISS ROSANNA EMERSON, aged 21.

MARINE CHRONICLE.

PORT OF PORTSMOUTH.

Arr 23d, sch White Sea, Lee, New York.

BUSINESS NOTICES.

☞ Mr. E. A. Joy's Juvenile Singing School, Saturday afternoons at 3 o'clock, at Mercantile Hall.

☞ Mr. Joy's evening Singing School for Ladies and Gentlemen, is held at Mercantile Hall, on Tuesday evenings.

☞ An intelligent Boy, of good habits and fair education, can have a fine opportunity to acquire a knowledge of the profession of printing, or be inducted into the mysteries of the art preservative of all arts,—in other words, to learn the Printer's trade—at this Chronicle Office. je5tf

He is the happiest who does most to make others happy. The inventor of Herrick Allen's Gold Medal Saleratus must be the happiest man in existence, for we hazard nothing in saying that the use of the Gold Medal Saleratus cannot fail to make a happy household. Our better half says she does not fear of our ever frowning, as long as she can get the genuine Herrick Allen's. We say success to the inventor, and if everybody knew how good it is, no other would be used. A good many of our Merchants have it. Their depot is 115 Liberty Street, New York.

SOLDIERS TO THE RESCUE!—Young men, rushing into the exposures and dangers of a soldier's life, should prepare themselves for the fatal fevers, the dysentery, the scores and scurvy, which are almost certain to follow. Holloway's Pills, used occasionally during the campaign, will insure sound health to every man.

If the reader of this "notice" cannot get a box of Pills or Ointment from the drug store in his place, let him write to me, 80 Maiden Lane, enclosing the amount, and I will mail a box free of expense. Many dealers will not keep my medicines on hand because they cannot make as much profit as on other persons' make. 35 cents, 88 cents, and $1.40 per box or pot. 214

Smith's Catarrh Snuff.

For the cure and immediate relief of Catarrh, Colds in the Head, Dryness of the Air Passages, &c.

This Snuff does not excite one in inhaling it. It will break up a Cold in the Head in a few minutes. It is soothing and soothing in its effects. Every one, as far as is known, is satisfied with its results. The large demand it is now giving, by the gross and dozen, shows its value. The Proprietor was cured last winter of Catarrh of many years standing, with his "Catarrh Snuff," and the cure is PERMANENT.

U. S. 10-40 LOAN.

Principal and Interest payable in Coin
FIRST NATIONAL BANK
OF PORTSMOUTH,
Designated Depository of the United States.

This Bank hereby announces that it is prepared to receive subscriptions on account of United States Bonds, authorized by the act of March 3d, 1864; bearing date March 1st, 1864, redeemable at the pleasure of the government, after ten years, and payable forty years from date, bearing interest at Five per cent. a year, payable in coin annually on Bonds not over One Hundred Dollars, and semi-annually on all other Bonds.

Subscribers will receive either Registered or Coupon Bonds, as they may prefer. It is expected that Coupon Bonds will be ready for delivery about the 4th of April.

Subscribers will be required to pay, in addition to the amount of the principal of the Bonds, in lawful money, the accrued interest in Coin (or in United States Notes or the Notes of National Banks, adding Fifty per cent. for Premium until further notice), from the first day of March until the day of subscription.

Subscriptions and remittances may be addressed to the

MASON & HAMLIN'S
CABINET ORGANS,
Combining the requisites for Sacred and Secular, Church and Parlor Music; for Families, Sunday Schools, Day Schools, Churches, &c.
They are elegant as pieces of furniture; occupy little space; are not liable to get out of order or out of tune; are warranted for five years; will improve in tone by age, and are moderate in cost.
They are to private houses, Sunday schools and smaller churches, what the larger pipe organs are to large churches, and in addition to this are adapted to secular as well as sacred music.
The Cabinet Organ is essentially different from, and a marked improvement upon, all instruments of the melodeon or harmonium kind. Its superiority consists in many important characteristics.
The undersigned, Agent for the Manufacturers, will be pleased to show the Cabinet Organs to all wishing to purchase, at his residence, NO. 30 HANOVER STREET.

ap9 LAFAYETTE LAIGHTON.

Morning Chronicle.

A WAR CORRESPONDENT of the N. Y. Tribune, from whom we have before quoted, in speaking of the recent movement beyond the James, gives the following pleasant description:

You should see the brilliant cavalcade and hear the tramp and clangor of hoof and saber when Grant and Meade and their staffs and the whole mounted retinue of headquarters go sweeping by. Of course the small man on the small black horse leading the troop is Grant. If you did not know it before, the soldiers who rush out to the road, or half half on the march, as I point him out to each other, have told you. The small black pacing horse, half a queen's pony, half a king's Bucephalus, with arched neck and champing bit, and small, alert, flexile ears, and short, mouse-like hair, and great tail carried royally like a banner; whose form is symmetry, spite of the sloping hips that belong to all pacers, whose muscles are watch springs, whose impatient air seems to resent his small size—this little black imp of a horse, a horse that is "all horse," is "Jeff Davis," and Grant is on his back. The rider sits him with uncommon grace, controls him with one small gauntleted hand, never once regards the torrent of horsemen that follow, looks nor right nor left, but never fails to acknowledge with a quick gesture the salutes of the soldiers—all-absorbed, all-observant, silent, inscrutable, he controls and moves armies as he does his horse.

The rider at his side is worth marking well. His horse is the ideal war-horse, tall and powerful, and horse and rider look like a picture of helmeted knight of old, gaunt, tall, grizzled, with the large Roman nose of will and power, and wearing a slouched hat, the wide brim bent down all round, but not concealing the lightning glance of eyes that are terrible in anger—such is Geo. G. Meade, noblest Roman of them all, relentless fighter, and good General, to whose hearty and wise seconding Grant does not, and the country should not, hesitate to acknowledge the greatest indebtedness.

An unromantic doctor says that tight-lacing is a public benefit, inasmuch as it kills off all the foolish girls, and leaves the wise ones to grow up to be women.

A lady in Connecticut who has seen the machine on carriages which tells how far they have been run, is at work to invent a similar instrument to tell how far husbands have been in the evening, when they have just stepped down to the Post Office.

GOLDEN SHEAF WHISKEY.

C. A. RICHARDS,
99 WASHINGTON STREET,
Boston,

Would most respectfully invite the attention and examination of all Grocers, Druggists, Apothecaries and Private Individuals, desiring to sell or USE STRICTLY PURE

Liquors, Wines, Cordials or Bitters,

to the list of choice goods enumerated below, which are constantly on hand in large quantities in his Large and Spacious

Wine Store and Bottling Establishment,
99 Washington street, Boston.

First on the list, as a reliable pure stimulant, stands the celebrated and widely-known

Golden Sheaf Bourbon Whiskey,

made from Wheat, Rye and Corn, Warranted for five years old. Put up in unique style, each bottle in a paper box, in cases of one dozen each, the large and increasing demand for which evinces the proprietor that no extended advertisement is needed to extol its real merits. It will recommend itself on trial.

Golden Sheaf Cordial.

A delightful and healthful beverage, aromatic, with a rich ginger cordial, made from the pure Golden Sheaf Bourbon.

Golden Sheaf Bitters.

The best Tonic Bitter ever offered to the public. Mingled with the rich flavor of the Bourbon are a number of other ingredients for restoring the appetite and imparting life and vigor to the whole system.

Golden Sheaf Punch.

Made from fresh fruit, spices, cordials, and other articles, combined as a whole into a fine rich

Bourbon Whiskey Punch.

All the above put up full strength of the whiskey, and in cases of one dozen each. These articles are universally popular, and no exposure of climate can affect them.

JOHN AND ROBERT DUNSTER'S
CELEBRATED
LONDON DOCK
SPIRITS AND WINES,

Imported solely by C. A. R., in wood, from the London Docks, and bottled by him in America. The distinguished and world-wide reputation of these articles has induced the subscriber to seek and obtain the Sole Agency in this country.—They are sold only in Bottles, *of the finest, and without adulteration*, and comprise the four kinds, as follows:

LONDON DOCK GIN,
LONDON DOCK BRANDY,
LONDON DOCK SHERRY,
LONDON DOCK PORT.

All in cases of one dozen each, in strong shipping order for immediate transportation, and are sold lower than any other liquors and wines in the market, of equal quality.

Pure California Wines.

The large demand for the pure wines of California has made it a fixed fact that no well selected stock of Wines is complete without them. C. A. R. has made arrangements for the entire production of

The Largest Vineyard in California!

and is now bottling, and offers for sale, the finest CALIFORNIA WINES ever seen IN THIS MARKET, of four qualities, in splendid style of labels, bottles and cases—such as

ANGELICA—Sweet.
PORT—Rich.
HOCK—Dry.
STILL CHAMPAGNE—Delicious.

Parties attracted by this advertisement, or who have already become acquainted with the qualities of these articles, can have a price list sent by mail, or sampler by express, when desired, by addressing the subscriber.

C. A. RICHARDS,
99 Washington street, - - - Boston.

NOTE.—C. A. Richards would also beg leave to state that the above are only a part of the list of articles for sale and bottling by him. He has in addition, one of the largest stocks in America of **Fine Bottled Wines and Spirits**, of every variety and kind, together with a fine assortment of Liquors and Wines in original packages, for sale by the cask or gallon. Also, **Fine Cigars, Sardines, Pickles, Sauces**, and every kind of table luxury usually found in a first class wine store in this country or in Europe.

Orders are most respectfully solicited.

PRESTON and TRACHER, Agents for Portsmouth. Boston, Dec. 9, 1863.—Stawly

Constitution Life Syrup,
COMPOSED OF
IODIDE POTASSIUM,
With the compound concentrated fluid extract of
VALUABLE MEDICINAL
ROOTS AND HERBS,
Prepared by WM. H. GREGG, M. D.,
Graduate College Physicians and Surgeons, N. Y.
formerly Assistant Physician Blackwell's Island Hospitals, late Medical Director New York State Volunteer Depots, under Gov. Edwin D. Morgan.

Constitution Life Syrup
HAS PRODUCED
A REVOLUTION IN MEDICINE!

What may seem almost incredible, is, that many diseases hitherto considered hopelessly incurable are frequently cured in a few days or weeks, and we cheerfully invite the investigations of the liberal minded and scientific to cases which have no parallel at the present day.

Our medicine is peculiar, by it the seat of disease is directly reached, and the equilibrium restored. Those who have suffered long from painful and obstinate diseases, those who have vainly sought relief from advertised medicines, those who cannot be cured by other physicians—are **Invited to use Constitution Life Syrup.**

During the past five years we have contended with obstacles and overcome opposition to been as lean as ever encountered by any Reformers.

Rapidity of Cure.

Some say, "Your cures are too quick," while others doubt their permanence, and think that diseases can only be cured by the "slow recuperative process of Nature." This is our reply:

In health, the body is in a well-balanced scale, is in a state of equilibrium. But when from any cause down goes one side of the scale, we have the effects of disease. What is requisite is, to restore the natural balance of the scale.

CONSTITUTION LIFE SYRUP.

A positive and specific remedy for all diseases originating from the IMPURE STATE OF THE BLOOD, and for all hereditary DISEASES transmitted from PARENT to CHILD.

Paralysis.

Hemiplegia, Parsoil, Paraplegia, Paralysis Agitans.

It is so universally admitted that Constitution Life Syrup is the only effective means of restoration to the various forms of Paralysis, that we need not reiterate that it is emphatically the Great Life-Giving Power.

Dyspepsia.

Indigestion, Liver Complaint, Constipation, Weight at Stomach, Biliousness, Want of Appetite, Flatulence, Bad Breath.

Scrofula.

Strumo, Glandular Swellings, Ulceration, King's Evil, Erysipelas, Tumors, Salt Rheum.

This taint (hereditary or acquired), filling life with untold misery, is by all usual medical remedies incurable.

Rheumatism.

(Arthritis), Neuralgia, Gout, Lumbago, Sciatica, The Dolourous.

If there is any disease in which the Constitution Life Syrup is a sovereign, it is in Rheumatism and its kindred affections. The most intense pains are almost instantly alleviated—enormous swellings are reduced. Once, chronic or vicarious, of 20 or 30 years standing, have been cured by us.

Nervousness.

Nervous Debility, Confusion of Thoughts, Epilepsy, Loss of Power, Shattered Nerves, St. Vitus' Dance.

Thousands who have suffered for years will bless the day on which they read these lines. Particularly to those suffering from the ill will the medicine prove an inestimable blessing—directing their footsteps to a Hope which fulfils more than it promises.

Mercurial Diseases.

Salivation, Debility of Weariness, Rotting of Bones, Bad Complexion, Aches in Bones, Depressed Spirits.

Constitution Life Syrup purges the system entirely from all the effects of Mercury, removing the Bad Breath, and curing the Weak Joints and Rheumatic Pains which the use of Calomel is sure to produce. It hardens the Gums and secures the Teeth as firmly as ever.

Constitution Life Syrup

Eradicates, root and branch, all Eruptive Diseases of the Skin, like

ULCERS, PIMPLES, BLOTCHES,

And other difficulties of this kind, which so much disfigure the outward appearance of both males and females, often making them a disgusting object to themselves and their friends.

CONSTITUTION LIFE SYRUP

Cures all Swellings of the Glands,

Either of the Neck, Groin, Female Breast, and should be taken as soon as the swelling is detected, thus preventing their breaking and producing troublesome Discharging Sores, which disfigure so many of the youthful portion of our community, from six to twenty years of age. Young children are very subject to Discharges from the Ears, which should not be considered a Scrofulous affection. These cases soon recover by taking a few doses of the Life Syrup.

All scrofulous persons suffering from Debility, Emaciation, Dyspepsia; Dropsy, of the limbs or abdomen, and in the female Dropsy of the ovaries and womb, pains in the Shoulders accompanied with inflammation and ulceration of the uterus, are permanently cured by Constitution Life Syrup. The disease known as Goitre or Swelled Neck, the Life Syrup will remove entirely. The Tumors of the Ovaries, Tumors of the Breast, and swelling of other glands of the body will be completely reduced without resorting to the knife or operations of any kind.

Epileptic Fits, Sympathetic or Organic Diseases of the Heart are frequently cured by the use of Valves producing a grating or filing sound, Dropsy of the Heart, which produces all the affections of this important organ, or persons suffering from any acute pain in the region of the heart, will be greatly relieved by Constitution Life Syrup.

Broken Down and Delicate Constitutions.

Suffering from Indisposition to Exercise, Pain in the Back, Loss of Appetite, Dizziness, Dyspepsia, Horror of Society, Fear of Disease, Dreams and Nightmare, Cold Shoulders and Extremities, Want of Sleep, Restlessness, Pale Haggard Countenance and Languishing of the Muscular System, will receive the aid of the CONSTITUTION LIFE SYRUP.

For all forms of **Ulcerative Diseases**, either of the Throat, Nose, Lungs, Stomach, Bowels or Scalp, no remedy has ever proved its equal.

MOTH PATCHES upon the female face, depending upon derangement of the Liver, are very unpleasant to the young wife and married. A few bottles of Constitution Life Syrup will correct the secretion, and remove the deposit which is directly upon the skin.

In Diseases of the Liver, giving rise to languor, dizziness, indigestion, weak stomach, or an alternated or enormous condition of the system, accompanied with burning or other unpleasant symptoms, relief may be obtained by the use of CONSTITUTION LIFE SYRUP.

As a general Blood-Purifying Agent, the Life Syrup stands unrivalled by any preparation in the world.

Diseases of the Spine, as usually developed in the young, Hip Disease, Neuralgia, and all Nervous Diseases, and Ladies who are suffering from disease of the Uterus, or who are a low to know that to do, we would advise the use of CONSTITUTION LIFE SYRUP. It will restore their lost constitutions, strengthen their weak backs and side, give them new energy, new life and happiness.

THE RICH AND POOR are liable to the same diseases. Nature and Science have made the Constitution Life Syrup for the benefit of all.

PURE BLOOD produces healthy men and women; and if the constitution is neglected in youth, disease and early death are the results. Do not delay when the means are so near at hand, and cheap enough to reach all.

TO MOTHERS AND MARRIED LADIES. It is the safest and most effectual medicine ever discovered for purifying the system and relieving the suffering which depends upon impure blood. It strengthens both the mother and the child, prevents pain and disease, and increases and enriches the nourishment of the babe, which is indispensable. It is highly useful both before and after confinement, as it prevents disease attendant upon childbirth.

Constitution Life Syrup

Is the Poor Man's Friend and the Rich Man's Blessing!—Buy it, take it, and be cured.—It is Universal in its effects

Glad News for the Unfortunate!

The Long Sought For Discovered at Last.

CHEROKEE REMEDY
AND
CHEROKEE INJECTION,
Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as Incontinence of the Urine, Inflammation of the Bladder, Inflammation of the Kidneys, Stone in the Bladder, Stricture, Gravel, Gleet, Gonorrhea, and is especially recommended in those cases of Fever Albus or Whites, in females, where all the old nauseous specifics have failed.

It is prepared in a highly concentrated form, the dose only being from one to two tablespoonfuls three times per day.

It is diuretic and alterative in its action; purifying and cleansing the blood, causing it to flow in all of its original purity and vigor; thus removing from the system all pernicious causes which have induced disease.

CHEROKEE INJECTION is intended as an ally or assistant to the CHEROKEE REMEDY, and should be used in conjunction with that medicine in all cases of Gonorrhoea, Gleet, Fluor Albus or Whites. Its effects are healing, soothing and diminishing removing all scalding, heat, chordee and pain, instead of the burning and almost unendurable pain that is experienced with nearly all the cheap quack injections.

☞ By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.

For full particulars get our pamphlet from any drug store in the country, or write us and we will send free, to any address, a full treatise.

Price—CHEROKEE REMEDY, $2 per bottle or three bottles for $5.

Price—CHEROKEE INJECTION, $2 per bottle, or three bottles for $5.

Sent by Express to any address on receipt of price. Sold by all druggists everywhere.

Dr. W. R. MERWIN & CO., Sole Proprietors,
No. 59 Liberty street, New York.

THE GREAT
INDIAN MEDICINE,
COMPOUNDED FROM
ROOTS, HERBS AND
LEAVES.

CHEROKEE
CURE.

An unfailing cure for Spermatorrhea, Seminal Weakness, Nocturnal Emissions, and all diseases caused by self-pollution; such as Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficult Breathing, Trembling, Wakefulness, Eruptions on the Face, Pale Countenance, Insanity, Consumption, and all the direful complaints caused by departing from the path of nature.

☞ This medicine is a simple vegetable extract and one can which all can rely, as it has been used in our practice for many years, and with thousands treated it has not failed in a single instance. Its curative powers have been sufficient to gain victory over the most stubborn cases.

☞ To those who have trifled with their constitution, until they think themselves beyond the reach of medical aid, we would say, *Despair not*; the CHEROKEE CURE will restore you to health and vigor. Many cases that quack doctors have failed!

☞ For full particulars, get a circular from any drug store in the country, or write the proprietors, who will mail free to any one desiring the same, a full treatise on pamphlet form.

☞ Prices, $2 per bottle or three bottles for $5, and forwarded by express to all parts of the world.

Sold by all respectable druggists everywhere.

Dr. W. R. MERWIN & CO., Sole Proprietors,
No. 59 Liberty street, New York.

DR. WRIGHT'S
REJUVENATING ELIXIR,
OR ESSENCE OF LIFE.

Prepared from Pure Vegetable Extracts,

Containing nothing injurious to the most delicate.

The Rejuvenating Elixir is the result of modern discoveries in the Vegetable kingdom; being an entirely new and abstract method of cure, irrespective of all the old and worn out systems.

This medicine has been tested by the most eminent medical men of the day, and by them pronounced to be one of the greatest medical discoveries of the age.

One bottle will cure General Debility.

A few doses cure hysterics in females.

One bottle cures Palpitation of the Heart.

A few doses restore the organs of generation.

From one to three bottles restore the manliness and full vigor of youth.

A few doses restore the appetite.

Three bottles cure the worst case of Impotency.

A few doses cure the low spirited.

One bottle restores mental power.

A few doses bring the rose to the cheek.

This medicine restores to manly vigor and robust health, debilitated, worn-down and despairing devotee of sensual pleasure.

The listless enervated youth, the over-tasked man of business, the victim of nervous depression, the individual suffering from general debility, or from weakness of a single organ, will find immediate and permanent relief by the use of this Elixir or Essence of Life.

☞ Price, $2 per bottle, or three bottles for $5, and forwarded by express, on receipt of money, to any address.

Sold by all druggists everywhere.

CHEROKEE PILLS!
SUGAR-COATED.
FEMALE REGULATOR.
Health Preserver!!
CERTAIN AND SAFE.

☞ For the Removal of Obstructions, and the Insurance of Regularity in the Recurrence of the Monthly Periods.

They cure or obviate those numerous diseases that spring from irregularity, by removing the irregularity itself.

They cure Suppressed, Excessive and Painful Menstruation.

They cure Green Sickness (Chlorosis).

They cure nervous and Spinal Affections, pains in the back and lower parts of the body, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysteria, Sick Headache, Giddiness, &c., &c. In a word, by removing the irregularity, they remove the cause and with it all the effects that spring from it.

Composed of simple vegetable extracts, they contain nothing deleterious to any constitution, however delicate, their functions being to substitute strength for weakness, which, when properly used, they never fail to do.

They may be safely used at any age and at any period, *except during the first three months*, during which the unfailing nature of their action would infallibly *procure* pregnancy.

All letters for information or advice will be promptly, freely and discreetly answered.

Full directions accompany each box.

☞ Price, $1 per box, or six boxes for $5.

Sent by mail, postage free, on receipt of price

THE MAGEE
COOKING STOVE.

The subscriber, having received his Fall Stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, which can be confined day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this, city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We would refer to the following purchasers:

Portsmouth.

J. Woodman Moses, John H. Holbrook, George Billbi's, Frank Jones, George L. Tread well, Henry L. Richards, John H. Piper, Warburton Greenleaf, Robert King, George B. French, John W. White, Phillip Woods, James Shaw, Mrs. Mary Jones, James Pender, J. B. Upham, G. C. Dodge, Kittredge Sheldon, Albert F. Merrill, John Teague, William R. Martin, William Cartlage, Mrs. John Lake, Michael Walch, B. F. Martin, James Bowles, Samuel Hall, Tobias Hall, Ira Dixon, Thomas Hones, William Laws, Charles A. Hodgdon, Adam Moore, William Crowley, Charles H. Rollins, Samuel Gookin, Oren Bradon, Marcellus Eldridge, Martin L. Twombly, Peter Page, Alfred S. Trafton, C. C. Jackson, Nathan Jones, Samuel W. Albert Blaisdell, *Greenland.*
J. H. Robinson, *Epping.*
Isaac Joy, *South Berwick.*
Capt. Tra Andrews, *Biddeford, Me.*

And the hosts of others who are using them.

We invite all those in want of the very best Stove in the market to examine the

MAGEE COOK.

Also on hand an assortment of the different sizes of the—

MAGEE PARLOR STOVE

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"
VENTILATING & AIR-WARMING
FURNACES.

The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodeling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, which does not scorch, nor burn out the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headaches so much complained of in other furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former models, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed, the objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them at the point where they come from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the case can be made to consume the gases of the coal, as they pass off with a large amount of the best generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert R. Hatch, Esq.,
Aaron H. Hill, Charles H. Mendum,
Henry F. Wendell, John Sise, and others.

Gray's Patent
Molded Collars

Have now been before the public for nearly a year. They are universally pronounced the neatest and best fitting collars extant.

The upper edge presents a perfect curve, free from the angles noticed in all other collars.

The great causes no puckers on the inside of the turn-down collar—they are AS SMOOTH INSIDE AS OUTSIDE—and therefore perfectly free and easy to the neck.

The Garotte Collar has a smooth and evenly finished edge on BOTH SIDES.

These Collars are not simply flat pieces of paper cut in the form of a collar, but are MOLDED AND SHAPED TO FIT THE NECK.

They are made in "Novelty" (or turn-down) style, in every half size from 12 to 17 inches, and in "Eureka" (Garotte), from 13 to 17 inches, and packed in "solid sizes" in neat blue cartons, containing 100 each; also in smaller ones of 10 each, the latter a very handy package for Travellers, Army and Navy Officers.

☞ EVERY COLLAR is stamped
"Gray's Patent Molded Collar."

Sold by all dealers in Men's Furnishing Goods. The Trade supplied by

HATCH, JOHNSON & CO.,
Importers and Wholesale Dealers in Men's Furnishing Goods and Umbrellas, **81 Devonshire street, Boston.** mh21—3taw3m

Daily Morning Chronicle

ESTABLISHED 1852. PORTSMOUTH, N. H. MONDAY, JUNE 27, 1864. VOL. XXIV. No. 151.

The Chronicle.

[Communication.]

"OUR SAFETY IS IN PREPARATION FOR DANGER."—The London Illustrated News gives us a picture of the ruins of the church at Santiago, where in December last such a terrible calamity startled the civilized world with its enormous and sudden destruction of life. In commenting upon this sad affair, it alludes to the marvellous carelessness of the crowds of more civilized people, who do not insist that every public building in which vast crowds are gathered shall be provided with means of immediate egress in case of fire or other danger to the occupants.

It may be deemed the weakness of a nervous old man, when I say, Messrs. Editors of the Portsmouth Daily Chronicle, that I have passed some very uneasy evenings at the Temple in Portsmouth, which is the only building in this city now used for public gatherings of unusual size, and which is so eminently wanting in the means of escape, that the least cause for an excitement, when it is filled and overrunning as it was at times the past winter, would cause a panic and perhaps much suffering and loss of life. Access to the doors is through narrow passages, in which scarcely two persons can go abreast; and with no excitement one can hardly get out of the building, but at the slowest movement and some compression.

I mention this now because I observe from some remarks in your paper, that the proprietors of the Temple contemplate making some alteration this season. They can easily, at a very slight additional cost, throw open two immense doors at the back of the stage, making them to open outward. So that in case of alarm of fire in the building, they might be unlooked and thrown wide open. Such a safety valve would give a feeling of comparative security against the awful effects which would be produced were the building or any part of it to take fire in its present state with a packed audience inside. Another advantage of such an arrangement would be the facility of renovating the air in the building by opening these wide doors for an hour prior to admitting the audience. It would serve much to prevent the effects of the vitiated atmosphere, which in the present state of the building is often intolerable.

If these arrangements for safety and health could be made with the other contemplated improvements, the Temple would be much more a place of resort to a class of our citizens who are now shut out from prudential motives. PRUDENCE.

ALL IS NOT GOLD THAT GLITTERS.—A Baltimore item of June 21 says;

As an evidence of the bogus character of the gold quotation sent hither from New York, and posted on the bulletin boards of our gold gamblers, it may be well to state this afternoon a respectable banker here tested the faith of our gold speculators in their quotations, offering to sell $5,000 in gold to a broker who had posted on his bulletin, "Gold wanted at 202." The dealer, however, "backed down," and the highest he was willing to purchase at was 198 1-2.

— In Bath, Me., for three years past, there have been two tanks which the City has kept well supplied with ice water for the use of the thirsty.

SPEER'S
SAMBUCI WINE,
PURE AND FOUR YEARS OLD,
OF CHOICE OPORTO FRUIT,
For Physician's Use, Females, Weakly Persons and Invalids.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs; very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by physicians and chemists as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefitting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

☞ None genuine unless the signature of "ALFRED SPEER, Passaic, N. J.," is over the cork of each bottle.

Make One Trial of this Wine.

3. Complete and perfect ventilation.
4. Dry, cold air.
5. Sweet smelling, free from moisture, mold or must.
6. One article will not partake of the taste or smell of another, as is always the case in every other Refrigerator.
7. Any kind of perishable food can be preserved almost any length of time.
8. The Provision Chamber can easily be kept clean and sweet, as no moisture is ever deposited on its sides as in all other kinds.
9. The mechanical structure of our Refrigerators will compare with any of the best made household furniture.
10. Our prices are more reasonable than any other Refrigerator now offered for sale.
11. A perfectly uniform temperature, so that every portion of the Refrigerator can be used at the same time.
12. A constant change of air is secured in the Provision Chamber, without any unnecessary waste of ice, or loss of air already cooled.
An assortment of the above, with common Upright and Chest Refrigerators, for sale at the old prices, notwithstanding an advance of 15 per ct. has been made by the manufacturers on the 19th inst. Terms Cash. E. A. STEVENS.

Gas Fixtures.
Persons who desire to have any repairs or alterations made in Gas Pipes or Fixtures, are requested to send in their orders at once. The work can be done much more promptly now than later in the season. E. A. STEVENS.

"A Stitch in Time Saves Nine."
All Furnaces, Stoves and Funnels should be thoroughly cleaned out and put in order, as soon as fires are done being made in them. If allowed to remain filled with ashes and soot through the summer, they will decay very rapidly, and useless expense be incurred.
A full supply of Linings and Repair Pieces constantly on hand, and all orders attended to with dispatch. E. A. STEVENS.

HALEY, MORSE & BOYDEN'S
SELF-ADJUSTING
CLOTHES WRINGER,
THE BEST IN THE WORLD.
Over 40,000 have been sold by the manufacturer in a little more than two years—nearly 400 of them in Portsmouth and vicinity!
Buy one and try it—if not perfectly satisfactory the money will be refunded.

Facts for the People.
The enormous rise in price of Iron, Coal and Labor, has caused manufacturers to advance the price of STOVES and Castings several times since the war began; and it is now arranged to make a general advance of 25 to 50 per cent. this season.
We have not yet raised the price of Stoves in proportion to their increased cost, but shall be compelled to do so very shortly. Persons who expect to purchase anything in the Stove and Furnace line within a year or two, will save money by doing so at once. The price of a Stove is not so much an object, now, as its capacity and the cost of operating it. All things considered, there is no Stove equal to
THE MODEL COOK.
IT IS, IN FACT,
The Best Stove Out,
for economy, convenience and dispatch.
Many people think it best to use an old stove as long as possible, but it is far better to throw it away and purchase a MODEL COOK, than to keep it at the present high price of fuel.
One of our newest citizens who purchased a MODEL COOK STOVE a year since, says he has saved more than its cost already.
A careful, prudent farmer purchased one, and after it had been in operation some days his son came into the store and said, "something was wrong at this house;" his father and himself used wood off the same pile, he burned three baskets full a day, and his father only one! We sold him a Stove before he left, and there has been no complaint since.
These Stoves are in use in many hotels and boarding houses, and in hundreds of private families in this city and vicinity, and give the best of satisfaction.
For sale at
E. A. STEVENS'S
House Furnishing Establishment,
NO. 46 MARKET STREET.

CHILDREN'S CARRIAGES.
The subscriber has purchased for cash, of the largest manufacturers in the country,
200 CHILDREN'S CHAISES,
WAGONS, CABS, GIGS,
TOY GIGS AND WAGONS,
of about 20 different styles—prices from $3 to $21 each.

The Old Established Hospital.
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually!
DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in no respondence with the most eminent Physicians of the Old World,) of obtaining the sale, as well as the latest remedies for these diseases, offer inducements to the unfortunate of a quick and vigilant cure, to be obtained at no other office in America.
In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Groins, Spermatic Cords Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Biles, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.
YOUNG MEN.
Young Men addicted to secret habits, who have impaired their healths and destroyed the vigor of their manhood, depriving themselves of the pleasure of the Marriat Life, are invited to call consulting Dr. J. Teller, they will find a friend to console and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. T. broken down in health, now rejoice in all that makes life desirable and man happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.
DR. TELLER'S GREAT WORK.
A book for everybody—startling disclosures. Dr. TELLER's great work for the Married or those contemplating marriage—200 pages—full of plates—price 25 cts. Sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The single Married and the Married Happy. A lecture on Love, or how to choose a Partner—a complete work on Midwifery, it contains hundreds of secrets, never before published.—Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps, inclosed, will secure a copy by return mail. Dr. TELLER has devoted a lifetime to the cure of those diseases upon which his books treat.
TO THE LADIES.
DR. TELLER still remains the only Agency in America, for the sale of Dr. Nichol's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in female.
CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.
Office hours from 8 A.M. to 8 P.M., and on Sundays from 9 to 6 P.M.
N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed, from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—Students or boys employed. Notice this, address all letters to

my10 JOHN SISE, 5 Market Square

Morning Chronicle.

Portsmouth, N. H.

MONDAY, JUNE 27, 1864.

THE REBELLION.

Rebel papers report that Gens. Averill and Cook were but two or three miles from Lynchburg on the 20th, having had a skirmish with Imboden, gaining some advantages; the papers represent, however, that they were checked by the rebel infantry. The claim also that the Union troops had been repulsed in several attempts to capture the entrenchments. One portion of our cavalry is reported to be making for the south side of the railroad, while another is making for the Danville railroad.

THE VIRGINIA CAMPAIGN.

The N. Y. Post learns upon official authority that Gen. Grant's losses in killed, from the time of leaving the Rapidan until reaching the James river, were not over 4000; the wounded were less than 50,000, a large majority being slightly injured. The permanent loss to the army will not be over 20,000.

The Washington Star of Friday evening reports that Gen. Grant occupies the position in Piney Woods and the outskirts of Petersburg lately held by the rebels, including all their works south of the Appomattox. Asst. Sec. Dana reports that our entire loss since crossing the James is not over 10,000. Gen. Foster is reported to have moved north of the James river and intrenched a position within 9 miles of Richmond. These operations are represented to be perilous and important. The rebels are in full force on his front and right, while our gunboats are on his left.

A movement has been made on the Weldon railroad, and Wilson's division of cavalry have torn up the track at River Station. Lee anticipated a movement which has been made in the same direction by the 2d and 6th corps, and confronted them by Hill's corps. A sharp engagement ensued, and the rebels captured 4 guns. Several charges were made by the rebels, in which they suffered severely. Hill entered a gap between the 6th and 2d corps and surprised the 2d division, charging fairly into our pits and ordering the men to surrender. We lost 1000 prisoners, and 1500 killed and wounded. At 8 P. M. the 2d corps charged and recovered the line of works from which they had been forced, losing scarcely a man as the rebels fired too high. A number of prisoners were taken. The 6th corps on the 23d drove the enemy before them in their advance on the railroad. At 2 P. M. a large force of rebels was seen moving as if to resist their advance: but nothing but picket firing occurred during the night.

By Telegraph—Sunday noon.

A special dispatch to the Boston Sunday Herald from Washington, June 25th, says: Intelligence from the front up to yesterday noon shows that although our forces got decidedly the worst of it in the fight which opened on Thursday morning, yet in the afternoon of that day the victory was decidedly ours. Bartow's division of the 2d corps, which fled in the morning, was reformed and went into the fight with great zeal in the afternoon. The 2d and 6th corps attacked the enemy under A. P. Hill, and drove him back 3 or 4 miles beyond the Weldon and Petersburg railroad. Gen. Wright's corps advanced to the railroad, and entrenchments were thrown up more effectually to hold it. The battle which was fought for this result commenced 2 or 3 miles south of the Appomattox river, and some 5 miles east of the railroad. The enemy contested our advance with great vigor. The great flank movement is thus far a great success, for it not only threatens the safety of Richmond, but it renders Petersburg less tenable. Yesterday's rebel papers announce that Gen. Wilson's cavalry had destroyed the railroad running from Petersburg to Lynchburg.

Judging from the protracted debate in the House to-day, and the action of the Republican caucus, there is no doubt but that the commutation clause will be repealed.—The vote on the question is to be taken the first thing on Monday. The House was the scene of great excitement at different times during the debate to-day.

TOO FAST, BY HALF.—Some days ago there was a statement in some papers that Gen. Butler had placed Gen. Gilmore under arrest. Next there was a statement that Gen. Grant had discharged Gen. Gilmore from arrest: and in publishing this, a copperhead print in New England hinted out the request for Gen. Butler to resign immediately. Now it turns out that Gen. Gilmore has not been arrested by Gen. Butler nor by any one else; but that he has been relieved at his own request by Gen. Grant.

— A man but a short time discharged as cured from the Carlow, Ireland, Lunatic Asylum, lately suddenly flung his wife on the ground, and in spite of her screams and struggles, had gnawed off nearly all the flesh of the poor creature's face and swallowed it, before assistance came.

THE LEGISLATURE.

FRIDAY.—In the Senate an act was reported, in relation to fines for the violation of the act for the suppression of intemperance. In the House, Mr. Page of Warren gave notice that he should move a reconsideration of the vote postponing to the next session the consideration of assuming the war debt of towns. A bill, providing for the punishment of the lessee of any building or place where intoxicating liquor is sold, was introduced, read twice, and referred: also, a bill to prevent disturbances at public meetings, which provides for a fine of $50 and imprisonment for 90 days; also, a bill authorizing towns to erect monuments to deceased soldiers. The resolution making an appropriation for the Reform School, was amended on motion of Mr. Walker of this city, by substituting $7000 for $6000.

The Committee on Retrenchment and Reform was instructed to inquire into the expediency of establishing salaries for the County Treasurers. Mr. Pitman, of Bartlett, introduced a bill to prohibit miscegenation,—that whites and blacks shall not intermarry, and issues of such marriages be illegitimate. The Committee on the House of Reformation to whom was referred the consideration of the matter of appropriating funds to pay a debt of $8000 and interest to the "Portsmouth" Bank, reported a resolution referring the matter to the Committee on Finance. Adopted.

Mr. Walker of Portsmouth called up the bill amending the charter of the city of Portsmouth—question on its passage. Mr. Wendell moved that the bill be put back upon its second reading, and recommitted to the Committee. He said it might as well have been referred to the Aldermen of Portsmouth as to the delegation of that city. There were citizens of Portsmouth who desired to be heard upon the question, and he hoped the House would not strike before they were heard. Mr. Walker thought the proposed amendment right and just. The charter was one of the oldest in the State, and experience had shown the necessity of various amendments, and this was one. Two other cities, at least, had a similar provision in their charters, and it was a right exercised by this House and by all legislative bodies to judge of the election of their own members. If there was anything unjust or wrong in it, let it be voted down, but if not be hoped the House would pass the bill. The question was then taken, and the motion to recommit declared lost—71 to 102, Mr. Wendell demanding the yeas and nays.

NEW HAMPSHIRE ITEMS.

—— The Boston & Maine R. R. Company have put another train on the route from Gt. Falls to Boston, leaving Gt. Falls about 8 o'clock in the morning.

—— Gen. Lyman, the government agent, has decided to report in favor of locating the hospital in Manchester on the Fair grounds.

—— It is said that Col. Harriman of the 11th N. H. regiment is among the officers recently placed by the rebels under our fire in Charleston.

—— Rochester will celebrate the Fourth, with a procession, collation, picnic, oration, etc. The oration is to be given in a grove, where the tables will also be spread,—a good idea.

—— The Dover Gazette states that Capt. John Ricker of that city, who was reported killed in one of the recent battles in Virginia, is alive and in one of the hospitals.

—— The Peterborough Transcript states that a terrific hailstorm swept over the towns of Marlow, Stoddard and Antrim on Monday last. The wind was violent. Trees were blown down, blocking the roads, and glass was broken by the hailstones.

—— Counterfeits on the fifty cent pieces, of the fractional currency, are very plenty in Manchester. On the genuine, the outline gilt figures "50" on the back are a single line, while on the counterfeit the line is double.

—— A servant at the house of Wm. A. Putney, Esq., in Manchester, was married the other day, as we learn from the Union, and her husband has been in the habit of passing the night at Mr. P.'s residence. The gentleman had been absent from home, and had not been apprised of these circumstances, which were known to the rest of the family. About midnight of the night after Mr. Putney's return, he was awakened by some one attempting to enter through a window, and supposing it to be a robber, he fired a revolver, wounding him in the arm. The man left, but the next morning it was found to be the servant's husband, who will not hereafter attempt to enter without giving the countersign.

— The Sanitary Commission at Sacramento has $18,000 in gold to forward.

— A San Francisco dispatch reports the farmers to be harvesting their wheat, and glad to get half a crop.

— The Senate has adopted a resolution asking the President whether any person has been authorized to enlist recruits in foreign countries.

HEAR BOTH SIDES, AND THEN JUDGE. Our voice has been and is, for "Liberty and Union, now and forever, one and inseparable." But there are other voices, uttered by an aristocracy based on slavery, hating free labor, and despising the free laborer, though they are glad to make him a dupe and use him as a tool.

We copy one of these voices from "Prentice," a well known border state editor:

Andy Johnson, it is said, was a good tailor, but there's very little that's manly about him. His party, in nominating him seemed to act upon the motto, "*measures, not men.*"

Another is from the Richmond Examiner of June 13:

"The Convention of Black Republicans in Baltimore have renominated for President of their country Abraham Lincoln, the Illinois rail-splitter, and for Vice President Andrew Johnson, known in the West as the Tennessee tailor, one of the meanest of that craft; whether they shall ever be elected or not depends upon the Confederate army altogether."

The Examiner sees no chance of Fremont's election,—but looks to the democratic party to help on the rebellion, saying:

"We learn that the Democrats are now universally turning their thoughts to Franklin Pierce and the Connecticut Seymour as their nominees for President and Vice President. To give them the least chance of electing those two advocates of peace, Grant must be defeated, the invasion must collapse and die out, and the very name of war must become a word of horror, uttered with loathing and execration. Therefore, it is the interest of the Democrats to do their very uttermost to weaken the Federal army, *discredit* Federal finance, in short, to extinguish the war altogether, in order to extinguish the party which invented the war and governs it and lives by it."

The Examiner chuckles over the high price of gold,—hopes that the peace democrats may inaugurate civil war at the north, (after the New York city pattern we suppose,)—and closes thus:

Here, then, are elements of trouble and storm, which happily threaten to interfere, not only with Lincoln's election, but with the peace of Yankee society. Before November the whole North may be writhing in *intestine convulsion*; her brute mass now pressing us so heavily may be flung off, and this Confederacy may be standing erect, redeemed, radiant, triumphant, shaking her invincible locks in the sun.

For all this, we look to the Confederate Army. Lee, Beauregard and Johnson can both give the Yankees a President and make us well rid of them and their Presidents forever.

We commend these extracts to the attention of every candid man who wishes for peace. It is easy to see what *sort* of peace these rebels and their advocates want, and would grant, viz. the utter *subjugation* of the whole country to their domination. Let those among our own people here, who whine over "the subjugation of the south," as they call it, consider what the labor despising aristocracy there have always claimed and claim now! They hate the abolitionists, as they call all who fight them,—but they *despise* and contemn those craven partisans who would kneel and lick the dust from their feet, and who at this moment are doing all they can to bring about the condition which the Richmond paper craves, viz. a triumphant confederacy, and a divided country, one half ruled by Jeff Davis & Co. and the other by the rioters and traitors of the Baltimore and New York mob pattern.

It is devoutly to be wished that all such suicidal policy may be condemned and discarded by the great northern democracy—the great mass of our free people. U. T.

☞ Mrs. Southworth, in "The Bridal Eve," has given to the novel-reading public another of her entertaining stories and one of her most attractive books. The author is remarkable for her warm and brilliant invention, her wealth of imagery, her ready flow of ideas, her pathos, and her clear insight into the motives which govern the human heart. "The Bridal Eve" is among the best of Mrs. Southworth's novels, containing deeper thought and meaning and a more elaborate plot than any of her preceding works. Published by T. B. Peterson & Bros., Philadelphia, and for sale by all booksellers.

THE NEW MONITORS.—We understand that since the removal of Mr. Stimers from the position of Chief Engineer of the new monitors, Mr. Ericsson has taken charge of them and will make radical changes on them, to make them, if possible, serviceable to the Government. It has been decided to fit up three or four of them to remove torpedoes. The turrets will be taken off, the extra piping in the water compartments taken out, and outriggers put upon the bows, with appliances to remove torpedoes and other obstructions. The new light draft monitors, it thus appears, *are* failures. *Boston Journal.*

— The World's dispatch says "the grandest operations of the war are in progress."

— The steeple and towers of churches in Petersburg have been shot away.

— Fires are quite prevalent in the woods in Aroostook county, Me.

— Two unsuccessful attempts have been made to launch the iron-clad Puritan at at New York.

— Dr. Jacques, one of the Railroad Commissioners in Connecticut, thinks the accident at Berlin was caused by the expansion of the rails by heat.

Agents Wanted,

To canvass for a new and splendid Historic Engraving, entitled

SIGNING THE COMPACT

IN THE CABIN OF THE MAYFLOWER.

Painted by EDWIN WHITE, N. A. Engraved in the highest style by GEO. E. PERINE.

Size of Print, 33 by 24 inches. **Price. $5.**

Every one who reveres the memory of the Pilgrim Fathers will desire to own and study this beautiful picture.—*Boston Journal.*

There are few subjects of deeper historical interest to the children of the Pilgrims, and we can not doubt but it will be widely welcomed and treasured.—*New York Tribune.*

This splendid print is worthy of a place in every house. All the details of the picture may be relied on as faithful.—*Boston Traveller.*

The above engraving will be sold exclusively by subscription.

Agents Wanted in every town and county, to whom the most liberal inducements will be offered, and exclusive territory given.

Address E. R. PELTON, Publisher,
Je29—2t&o1t 5 Beekman St., New York.

VERNATELLA.

Warranted to make the Soles of Boots and Shoes water and dampness proof, and wear one third longer.

VERNATELLA

Is a preparation from Copper, having no grease, linseed oil, or anything of the kind, and when the soles are once saturated with it, water can no more get through them than through copper itself.

Price 25 Cents Per Bottle,

at retail everywhere.

But its cost to the purchaser is really NOTHING, as it makes the soles wear enough longer to more than pay for it, leaving as a net gain the making of them Water and Dampness Proof, and the preservation thereby of that priceless gem, the health.

☞ LADIES, READ THIS! ☜

SAVE YOUR HEALTH.

Use Vernatella on the Soles of your Shoes. It makes them water proof and thereby protects your feet from dampness, for the ground is always more or less moist, either from rain or the morning and evening dew.

At wholesale in Boston by Geo. C. Goodwin & Co., 38 Hanover street; S. M. Colcord & Co., 86 Hanover st.; M. S. Burr & Co., 36 Tremont st.; Carter, Rust & Co., 42 Hanover st.; and Wholesale Druggists generally. Also, by all the principal dealers in Boots and Shoes.

Coal $14.00 Per Ton!

MONEY SAVED BY USING EDDY'S PATENT

KEROSENE COOKING STOVE.

By the use of two or more burners sufficient heat is obtained for doing most of the cooking for a family, at a very small expense and with great facility.

Economy is perhaps their greatest recommendation in these times of high prices of Coal, for with one of these Stoves tea may be prepared for a family at a cost for fuel not exceeding One Cent, and dinner not exceeding Two Cents.

They are portable; and burn without smoke or odor, hence they may be used in any part of the house.

Call and see one in operation, at No 12 Market street. Sole Agents for Portsmouth,

J. W. & A. STAVERS.

Also, Dealers in Crockery, Glass Ware, Room Papers, Lamps, Window Shades, Boots, Shoes, and Fancy Goods. Je16

mh25—1y3m* New York City.

Dr. JOHN C. MOTT,
PHYSICIAN AND SURGEON,
86 COURT STREET, corner of Howard, Boston, is consulted daily from 10 until 2, on all diseases of the Urinary and Genital Organs, Scrofulous Affections, Humors of all kinds, Sores, Ulcers and Eruptions, Female Complaints, &c. An experience of over twenty years' extensive practice enables Dr. M. to cure all of the most difficult cases. Medicines entirely vegetable.
ADVICE FREE.
Mrs. M., who is thoroughly versed in the afflictive maladies of the sex, can be consulted by ladies.
Patients furnished with board and experienced nurses.
Boston, June 7, 1864.—spnly 8taw

"A Wonderful Discovery."
DR. TEBBETTS' "PHYSIOLOGICAL HAIR REGENERATOR" is compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "DYE," and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth of new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off and removes all dandruff, heat, humors and itching from the scalp. It keeps the hair soft, moist and perfectly healthy and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "REGENERATOR" is warranted to produce the above results in all cases, if not the money to be refunded. With it every "GRAY HEAD" in New England can be restored in less than sixty days.
THACHER, opposite the Post Office and 12 Market Square, Agent for Portsmouth.—Geo. C. Goodwin, No. 38 Hanover street, Boston, Wholesale agent for New England, and sold by Druggists everywhere. TEBBETTS BROTHERS, Druggists and Chemists, Proprietors, Manchester, N. H. je1—tf

Proposals for Pine Timber and Plank.
SEALED PROPOSALS will be received at the City Clerk's Office in the city of Portsmouth, N. H., until SATURDAY, July 2, 1864, at 12 o'clock at noon, for furnishing the following schedule of Timber and Plank for repairing the Sagamore Bridge, to be delivered at some wharf or dock in said city:

40 pieces	White Pine	8 by 10 inches,	32 feet long.
40 "	"	8 by 10 "	34 "
30 "	"	8 by 10 "	34 "

25,000 feet board measure White Pine Plank, 3 inches thick and 21 feet long.
Persons proposing will state the price by the thousand feet board measure; they will also state the time when the whole can be delivered, it being wanted immediately.
Separate bids will be received for the Timber and Plank.
The undersigned claim the right to reject any bid.
By order of the Board of Aldermen.
JOSEPH B. ADAMS,
WILLIAM E. HADLEY,
Committee on Streets, Roads and Bridges.
Portsmouth, N. H., June 21, 1864.

Proposals for Wood.
SEALED PROPOSALS will be received at the City Clerk's office in the CITY OF PORTSMOUTH, until the twentieth day of July next, for supplying the Overseers of the Poor with from two hundred to two hundred and fifty cords merchantable HARD WOOD, to be delivered at either Railroad Depot, or at such wharf as the Overseers may designate.
The Overseers reserve the right to reject any bid. By order of the Overseers of the Poor.
MARCELLUS BUFFORD, Clerk.
Portsmouth, N. H., May 14, 1864.

☞ The *Domestic Dyes* prepared by Geo. H. Reed & Co. offer the simplest and most perfect means of dyeing household apparel ever presented the public. They embrace 40 different shades, and include all the new and fashionable colors—and are perfectly *fast*. Samples on silk and wool can be seen and the colors procured of THACHER ju20

Local.

☞ So far as our personal knowledge extends, the editors to the manor born, who have in times past had charge of our local papers, have as a general thing and unless unduly provoked, shown themselves decently well-bred and in some degree worthy the name of gentlemen. It has been left to the hired slang-whanging scribblers who have been brought from abroad to do party work too dirty even for any of our precious home time-servers,—to strip off the sort of shield or protection afforded by the usual editorial impersonation, and to refer insultingly and offensively if they were able, to their "better," whose misfortune it is to be their cotemporaries.

The lafest copperhead importation delights in nothing but believing everything and everybody superior to himself, private as well as public, women as well as men—black and white; (and thus he finds plenty of subjects for this abuse;) and his frequent direct personal libels on our best and most honored citizens are vastly more injurious to himself than any one else, and far more disgraceful to his owners and employers than to him, for he knows no better; and perhaps they don't either, after all. Well, let them blow. "Time makes all things even," they say—but we guess it will be some time before a blackguard counts as much as a decent man, in the estimation of any whose opinion is worth respecting. F.

☞ A number of years ago, perhaps 20 or 30, a citizen of Boston, who belonged to the 1st Universalist Society there, purchased from some family in Portsmouth a life-size painted portrait of Rev. John Murray, the celebrated Universalist preacher. This portrait has now fallen into the hands of a clerical gentleman who wishes to know who was the painter, where and when it was painted, whether from life or copied, &c.—Perhaps these questions could be answered if we knew what family owned the picture here; or by some other process. If any person who knows anything about the matter will inform the editor of the Chronicle, he will very much oblige U. T.

☞ It is reported that Capt. Wm. F. Parrott, of Greenland, is about to erect a fine brick mansion on Haymarket Square, Middle street, on the site recently purchased by him of Ex-Mayor Simes—the present good wooden dwelling now standing there to be removed or demolished, we suppose. We hear Mr. G. J. F. Bryant, of Boston, is the architect; and that Albert Blaisdell, Esq., will superintend the construction. It will, without doubt, be one of the finest residences in the city,—and the owner's elegant country-seat at Greenland is already one of the most eligible in this vicinity.

☞ June, the lovely "month of roses"—"when if ever come perfect days," is in its last week. The roses are a little late, perhaps on account of the drouth; the wild honey-suckles (clover-heads) we never saw so dark in color or so perfect in shape as this season; the locust trees are in full blossom; roses are about the only wild flowers just now; but a few days since, at Newington, we chanced on a bed of valerian, or the lovely mocassin-flower, and in a few minutes plucked perhaps a couple of hundred, and then regretfully left more than we supposed ever grew within ten miles of this in all our life—and that, too, growing in a spot within a rod or two of which we have passed almost weekly for years.

☞ It will be noticed that Messrs. Ferguson & Burley have removed their livery business to their new stable on Vaughan street—where no doubt they will be found as courteous and attentive to all orders in their line as heretofore. They are right down good fellows, and hosts of friends will with us wish them increased success in the new location.

☞ The Rochester Courier states that George P. Edgerly, Esq., has been compelled by ill health to leave his position of clerk of the post at Point Lookout, Md., and is now with his father, Judge J. B. Edgerly. Mr. Edgerly was for some months clerk at the Provost Marshal's office in this city, and his many friends here will regret that ill-health has compelled him to resign.

☞ In the assault on the enemy's works near Petersburg, June 15, the following members of Co. K, of the 12th N. H. regiment, were wounded: Corp. W. W. Mace, George H. Berry, John Harmon. These names are given in Col. Stevens' official report which does not mention the name of Nathan Walley, reported killed.

☞ The Manchester Union states that by the fire on the line of the Concord and Portsmouth railroad on Thursday afternoon about two hundred cords of wood were destroyed. It was near the dwelling house of Mr. J. P. Eaton, the Lawrence Railroad Conductor, from whose land it was cut. It was drawn to the road, and measured, and Mr. Eaton claims that it had been delivered.

☞ E. S. Tobey, Esq., of Boston, acknowledges the receipt of $26.25 from the laborers in the Master's Department of the Navy Yard at Portsmouth, for the Christian Commission.

DEATH OF WM. WARBURTON AND WM. T. MATTHEWS.—In a letter just received, written soon after the battle of Coal Harbor, Capt. Betton says:

"Corp. Wm. Warburton died like a good soldier—as he was. I saw him when he died. He tried to speak, but could not—he raised his hand and pointed to Heaven, only. William T. Matthews was shot—dying instantly; it was impossible to get them off the field. They were buried that night after dark. Both of the above were noble fellows, and much beloved by us all."

— A San Francisco dispatch states that half a million pounds of wool is being prepared there for shipment east.

— A bill providing salaries instead of commissions for Postmasters has been reported in the Senate.

— All the London papers speak in a discouraging tone of the Conference on the Danish question.

— Perley telegraphs that the President has expressed himself repeatedly, since his return from the James river, in praise of Gen. Grant's movements and prospects.

— The House of Representatives has postponed the bill to establish a navy yard at Cairo, till the next session. A commission is to inspect the location, and report.

— The total amount contributed to the Christian Commission by the officers, mechanics, etc., at the Charlestown Navy Yard is $6072.93.

— Thomas Couliard, alias Spencer, who murdered the Warden of the Maine State Prison fourteen months ago, was hanged on Friday.

— H. W. Beecher says there is not a child that does not walk prettily till he is old enough to think how he walks; and there is not a boy that is old enough to think about how he walks that is not a gawky.

— The sales in Gold at New York are said to be in small amounts, and the purchasers those only who need it to take goods out of bond. The importers are not remitting either gold or exchange, but send forward government script and State stocks, to be settled for or redeemed, if required, at some future day.

MARRIAGES.

In this city, June 25, by Rev. Geo. M. Adams, assisted by Rev. James De Normandie, Rev. WILLIAM G. NOWELL, of Rookford, Ill., to Miss HARRIET P. HILL, daughter of Capt. James M. Hill, of this city.

DEATHS.

In this city, June 24, Miss OLIVE MELCHER.
Funeral this, Monday, morning at 9 o'clock, from her late residence, No. 55 Washington st.

In Wakefield, May 12, ELIZABETH P. WENTWORTH, 74, widow of Jos. H. Wentworth.
In Strafford, June 15, WM. BERRY, 85.—June 16, Mrs. JOSEPH FRENCH, 91. Her funeral took place in New Durham, Elder Joseph Boody, who is 92 years old, delivering the discourse.

BUSINESS NOTICES.

☞ Mr. E. A. Joy's Juvenile Singing School, Saturday afternoons at 3 o'clock, at Mercantile Hall.

☞ Mr. Joy's evening Singing School for Ladies and Gentlemen, is held at Mercantile Hall, on Tuesday evenings.

☞ An intelligent Boy, of good habits and fair education, can have a fine opportunity to acquire a knowledge of the profession of printing, or be inducted into the mysteries of "the art preservative of all arts," —in other words, to learn the Printer's trade—at this Chronicle Office. je5tf

He is the happiest who does most to make others happy. The inventor of Herrick Allen's Gold Medal Saleratus must be the happiest man in existence, for we hazard nothing in saying that the use of the Gold Medal Saleratus cannot fail to make a happy household. Our better half says she does not fear of our ever frowning, as long as she can get the genuine Herrick Allen's. We say success to the inventor, and if everybody knew how good it is, no other would be used. A good many of our Merchants have it. Their depot is 112 Liberty Street, New York.

SOLDIERS TO THE RESCUE!—Young men, rushing into the exposures and dangers of a soldier's life, should prepare themselves for the fatal fevers, the dysentery, the sores and scurvy, which are almost certain to follow. Holloway's Pills, used occasionally during the campaign, will insure sound health to every man.

If the reader of this "notice" cannot get a box of Pills or Ointment from the drug store in his place, let him write to me, 80 Maiden Lane, enclosing the amount, and I will mail a box free of expense. Many dealers will not keep my medicines on hand because they cannot make as much profit as on other persons' make. 35 cents, 88 cents, and $1.40 per box or pot. 214

CHRONICLE NOTICE.—All bills are expected to be settled July 1st; after which date no contract for yearly advertising will be considered as including copies of the Chronicle—which will *in all cases* be charged $6 per year, or $5 cash in advance—and any special agreement heretofore made to the contrary, will terminate at that time. All interested will please take notice. June 25.

Removal!
Ferguson & Burley's

Smith's Catarrh Snuff.
For the cure and immediate relief of Catarrh, Colds in the Head, Dryness of the Air Passages, &c.
This Snuff does not sneeze one in inhaling it. It will break up a Cold in the Head in a few minutes. It is softening and soothing in its effects. Every one, as far as is known, is satisfied with its results. The large demand, it is hoped, by the gross and dozen, shows its value. The Proprietor was cured last winter of Catarrh of many years standing, with his "Catarrh Snuff," and the cure is PERMANENT.
For sale in Portsmouth by the THACHERS and PRESTON, Druggists, and by A. A. PAYNE and WELLS, Grocers.

ROOM PAPERS!

Have Room Papers Advanced in Price, like other things!
J. F. SHORES, Jr.,
No. 1 Congress Block
Is often asked this question; and would answer that he still sells
ROOM PAPERS at eight cents per roll,
ROOM PAPERS at nine cents per roll,
ROOM PAPERS at ten cents per roll,
ROOM PAPERS at twelve and a half cts. p. roll.
These are not of so good quality as were formerly sold at those prices—still they are very fair.
Twelve and a half Cent Papers have advanced to Seventeen Cents.
Twenty-Five Cent Papers to Thirty Cents.
Thirty-Three Cent Papers to Thirty-Eight Cents.
Fifty Cent Papers to Sixty-Two Cents.
One Dollar Papers to One Dollar and Twelve Cents.
One Dollar and Twenty-Five Cent Papers to One Dollar and Forty-Two Cents.
Common, Velvet, and Velvet and Gold
BORDERS,
HAVE NOT ADVANCED!
GREEN CURTAIN PAPER
Is still sold at the old price.
Thus, Patrons and Customers, you have an answer to the query above—
Room Papers Have not advanced as other goods have.
☞ Remember, this is the answer of
J. F. SHORES, Jr.,
No. 1 CONGRESS BLOCK,
who has just received from New York a further supply of
ROOM PAPERS AND BORDERS.

m24 Long Wharf.

MASON & HAMLIN'S
CABINET ORGANS,

Combining the requisites for Sacred and Secular, Church and Parlor Music; for Families, Sunday Schools, Day Schools, Churches, &c.
They are elegant as pieces of furniture; occupy little space; and hold the tune out of order or out of tune; are warranted for five years; will improve in tone by age, and are moderate in cost.
They are to private houses, Sunday schools and smaller churches, what the larger pipe organs are to large churches, and in addition to this are adapted to secular as well as sacred music.
The Cabinet Organ is essentially different from, and a marked improvement upon, all instruments of the melodeon or harmonium kind. Its superiority consists in many important characteristics.
The undersigned, Agent for the Manufacturers, will be pleased to show the Cabinet Organs to all wishing to purchase, at his residence, NO. 30 HANOVER STREET.
my24 A. PEARSON.

Je7 W. CLAGGETT.

Morning Chronicle.

☞ In the U. S. Congress on Tuesday, the House did a wise and just thing in refusing to repeal the $300 commutation clause of the enrollment act. It is the third or fourth time the question has been debated. No one can have forgotten how the Democratic Congressmen and newspapers opposed the clause; it will therefore be remarked with surprise that the Democrats have now voted solid in favor of retaining it. A year ago the exemption was the popular argument *against* the enrollment law; was denounced as aristocratic; held up to the angry view of the mob as a rich man's measure, and as both intended and calculated to lift from the shoulders of the wealthy the heavy burden of military service which was laid on the poor. The riots in New York city—so far as the draft was the occasion of them—were stimulated by the incendiary appeals of copperhead newspapers, and their outcries were almost wholly against *this* feature of the law. Will anybody explain why the party has changed front? War Democrats, Peace Democrats, and those who are neither till after the Chicago Convention, vote together to keep in the exemption. Is it because the administration thought a repeal necessary to increase the strength of the armies and subdue the rebellion? Or is it the mere insane desire to oppose?

There is a tree in front of Gen. Harrow's Division, of Gen. Sherman's army, which is called the fatal tree. Eight men were shot one after another, as soon as they advanced to the ill-fated tree to take a secure position behind its huge trunk. Seven men were shot, when a board was placed there with the word "Dangerous" chalked upon it. The rebels shot the board into fragments, and a sergeant took his place behind the tree. In less than five minutes two minie balls pierced the sergeant's body, and he fell, the eighth martyr beneath the shadow of the tree of death.

$4 FOR $1

We are now sending by mail, free of postage, our FINEST DIAMOND POINT "UNION GOLD PENS," with Silver Extension Case, with Lead Pencil, combined; cheap at three times the price of ONE DOLLAR. Never before retailed less than $4. They are acknowledged to be the most durable and beautiful in market. 20,000 persons are now using them, and constantly sending orders for more. We also send, without extra charge, ☞ HOODS GREAT BOOK OF 100 SECRETS, OR HOW TO MAKE FIVE DOLLARS A DAY, Without Capital. One of these Secrets cost the publisher $250 for the right to publish it. Several persons are now making $10 per month by these Secrets. This book is worth $20 to any man or woman. Lieut Ass Bennett, a wounded soldier, writes us from Chicago, he has realized, in four months, $618 by knowledge obtained from this Book. Charles E. Wright, of Portland, says "God speed the day when all shall possess our valuable Secrets." Four hundred and fifty thousand copies have already been sold from poverty to prosperity." Quar. White, in the Army, writes: "We received your Fine Gold Pens, and find them to surpass in all other respects all in this department." We send one Gold Pen, Silver Extension Case and Book of Secrets for $1. Three for $2.75. Four for $3.50. Twelve for $10.20. We warrant every Pen sent to be of the gold. Address M. YOUNG & BROS., 157 Monroe street, New York. Send Government money.

Important to the Afflicted.

DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the afflicted with remedies that have never, since he first introduced them, failed to cure the most alarming cases of

GONORRHŒA AND GLEET.

Beneath his treatment, all the horrors of venereal and impure blood, Impotency, Scrofula, Gonorrhœa, Gleet, gain a distressing emphasis of prostration, Inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, Humors, Painful Swellings, and the long train of horrible symptoms attending this class of diseases, are made to become as harmless as the simplest ailings of a child.

SEMINAL WEAKNESS.

Dr D., devotes a great part of his time to the treatment of those cases caused by a secret and solitary vice, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the Back and Limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive function, symptoms of Consumption, &c. The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, nervous foreboding, aversion of society, self-distrust, timidity, &c., are among the evils produced. Such persons should, before contemplating matrimony, consult a physician of experience, and be assured of their restored to health and happiness.

Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be boarded with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving description of your cases. Dr. Dow has also for sale the French Capsules, warranted superior to any other. Order by mail. Three for $1 and a red stamp.

Highly Important to Females

IN DELICATE HEALTH.

DR. DOW, Physician and Surgeon, No 7 & 9 Endicott Street, Boston, is consulted daily for all diseases incident to the female system: Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. So invariably certain is the new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.

Dr. Dow has no doubt had greater experience in the care of diseases of women and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Females, he therefore, acknowledges no superior in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office Hours from 8 A. M. to 9 P. M.

CERTAIN CURE

in all cases, or No Charges Made.

Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all difficult and chronic diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the profession than the celebrated Dr. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

Boston, April 7, 1864.—eodly

Constitution Life Syrup,

COMPOSED OF

IODIDE POTASSIUM,

With the compound concentrated fluid extract of

VALUABLE MEDICINAL

ROOTS AND HERBS,

Prepared by WM. H. GREGG, M. D.,

Graduate College Physicians and Surgeons, N. Y. formerly Assistant Physician Blackwell's Island Hospital, late Medical Inspector New York State Volunteer Regiments, under Gov. Edwin D. Morgan.

Constitution Life Syrup

HAS PRODUCED

A REVOLUTION IN MEDICINE!

What may seem almost incredible, is, that many diseases hitherto considered hopelessly incurable are frequently cured in a few days or weeks, and we cheerfully invite the investigations of the liberal minded and scientific to cures which have no parallel in the annals of medicine.

Our medicine is peculiar, by it the seat of disease is directly reached, and the equilibrium restored. Those who have suffered long from painful and obstinate diseases, those who have vainly sought relief from advertised medicines, those who doubt their ever being cured, and think their diseases can only be cured by the slow recuperative process of Nature." This is our reply:

In health, the body, like a well-balanced scale, is in a state of equilibrium. But when from any cause down goes one side of the scale, we have the effects of disease. What is requisite is, to restore the scale to its proper balance of health.

CONSTITUTION LIFE SYRUP.

A positive and specific remedy for all diseases originating from an IMPURE STATE OF THE BLOOD, and for all (hereditary) DISEASES transmitted from PARENT to CHILD.

Paralysis.

Hemiplegia, Paralysis, Paraplegia, Paralysis Agitans.

It is so universally admitted that Constitution Life Syrup is the only effective means of restoration in the various forms of Paralysis, that we need only reiterate that it is emphatically the Great Life-Giving Power.

Dyspepsia.

Indigestion, Liver Complaint, Constipation, Weight at Stomach, Costiveness, Want of Appetite, Flatulence, Bad Breath.

Scrofula.

Strumæ, Glandular Swellings, Ulceration, King's Evil, Erysipelas, Tumors, Salt Rheum.

This taint (hereditary or acquired), filling life with untold misery, is by all usual medical remedies incurable.

Rheumatism.

[Arthritis], Neuralgia, Gout, Lumbago, Sciatica, The Bolonese.

If there is any disease in which the Constitution Life Syrup is a sovereign, it is in Rheumatism and its hundred affections. The most intense pains are almost instantly alleviated—enormous swellings are reduced. Cases, chronic or vicarious, of 20 or 30 years standing, have been cured by us.

Nervousness.

Nervous Debility, Confusion of Thoughts, Epilepsy, Loss of Power, Shattered Nerves, St. Vitus' Dance.

Thousands who have suffered for years will bless the day on which they read these lines. Particularly to weak, suffering women will this medicine prove an inestimable blessing—directing their footsteps to a Hope which fulfils more than it promises.

Mercurial Diseases.

Salivation, Feeling of Weariness, Rotting of Bones, Bad Complexion, Aches in Bones, Depressed Spirits.

Constitution Life Syrup purges the system entirely from all traces of Mercury, Iodide of Iron, removing the Bad Breath, and curing the Weak Joints and Rheumatic Pains which the use of Mercury invariably induces. Restores Spongy Gums and secures the Teeth as firm as ever.

Constitution Life Syrup

Eradicates, root and branch, all Eruptive Diseases of the Skin, like

ULCERS, PIMPLES, BLOTCHES.

And all other diseases of this kind, which so much disfigure the outward appearance of both males and females, often making them a disgusting object to themselves and their friends.

CONSTITUTION LIFE SYRUP

Cures all Swellings of the Glands,

Either of the Face, Neck or Female Breast, and could be taken as a specific against Cancer, if detected, thus preventing their breaking and producing troublesome Discharging Sores, which disfigure so many of the best portions of the community. Born six to twenty years of age, Young children are very subject to Discharges from the Ears, which depend upon a scrofulous constitution. These cases soon recover by taking a few doses of the Life Syrup.

All scrofulous persons suffering from Debility, Emaciation, Cough, Phthisis; Dropsy, of the limbs or abdomen, and in the female Dropsy of the ovaries and womb, generally accompanied with inflammation and ulceration, and pain, are now permanently cared by Constitution Life Syrup. The disease known as Goitre or Swelled Neck, the Life Syrup will remove either by the remedy should be taken for some time, as the disease is exceedingly chronic and stubborn, and will not be removed without extra effort. Tumors of the Ovaries, Tumors of the Breast, and swellings of other glands of the body will be completely reduced without recourse to the knife or operations of any kind.

Epileptic Fits, Sympathetic or Organic Diseases of the Heart (or Palpitation), Disease of Valves—Dropsy, Shortness of Breath, Pain in the region of the Heart Case and all the affections of this important organ, or persons suffering from any Disease of the Heart or Blood Vessels, will be greatly relieved by Constitution Life Syrup.

Broken Down and Delicate Constitutions,

Suffering from Indisposition to Exercise, Pain in the Back, Loss of Memory, Forebodings, Horror of Company, Dizziness, Diseases of the Urinary Organs, Dry Hot Skin and Extremities, Want of Sleep, Restless Nights, Pale Haggard Countenance and Lustrously of the Muscles of the Eyes, Cured by the use of the CONSTITUTION LIFE SYRUP.

For all forms of **Ulcerative Diseases**, either of the Nose Throat, Tongue, Spine, Forehead or Scrofulous Swellings, Ulcerated Sores, Ulcers in Ears, Blotches, Pimples, Blotches, Eruptions of the Skin, Tetter, Ringworm, Scald Head, Salt Rheum, Scurvy, Blotches, Boils, Tumors, Pain Haggard Countenance and Lustrously of the Muscles of the Eyes, Cured by the use of the CONSTITUTION LIFE SYRUP.

MOTH PATCHES upon the female face, depending upon a diseased action of the Liver, are very unpleasant to the young, with a view to marriage. A few bottles of Constitution Life Syrup will correct the secretion, and remove the deposit which is disfiguring the face.

In Diseases of the Liver, giving rise to languor, dizziness, indigestion, weak stomach, or an ulcerated or cancerous condition of that organ, accompanied with burning or other painful symptoms, relief may be obtained by the use of CONSTITUTION LIFE SYRUP.

☞ *As a general Blood-Purifying Agent, the Life Syrup stands unrivalled by any preparation in the world.*

Diseases of the Spine, so usually developed in the young, High Diseases, Neuralgia, and all Nervous Diseases, and Ladies who are suffering from diseases for which they are at a loss to know what to do, will find a remedy in CONSTITUTION LIFE SYRUP. It will restore their pale countenance, strengthen their weak back and rose, give them new energy, new life and happiness.

THE RICH AND POOR are liable to the same diseases. Nature and Science have made the Constitution Life Syrup for the benefit of all.

PURE BLOOD produces healthy men and women; and if the constitution is neglected in youth, disease and misery will follow in manhood. Do not delay when the means are so near at hand, and within the reach of all.

TO MARRIED LADIES.

It is the safest and most effectual medicine ever discovered for purifying the system and relieving the suffering attendant upon childbirth. It strengthens both the mother and child, it prevents pain and disease, and increases and enriches the food—Those who have used it think it indispensable. It helps weak mothers through and after confinement, as it prevents disease attendant upon childbirth.

Constitution Life Syrup

Is the Poor Man's Friend and the Rich Man's Blessing!—Buy it, take it, and be cured.—It is Universal in its effects

Glad News for the Unfortunate!

The Long Sought For Discovered at Last.

CHEROKEE REMEDY

—AND—

CHEROKEE INJECTION,

Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as Incontinence of the Urine, Inflammation of the Bladder, Inflammation of the Kidneys, Stone in the Bladder, Stricture, Gravel, Gleet, Gonorrhœa, and is especially recommended in those cases of Fluor Albus (or Whites in females) where all the old nauseous medicines have failed.

It is prepared in a highly concentrated form, the dose only being from one to two tablespoonfuls three times per day.

It is diuretic and alterative in its action; purifying and cleansing the blood, causing it to flow in all of its original purity and vigor; thus removing from the system all pernicious causes which have induced disease.

CHEROKEE INJECTION is intended as an ally or assistant to the CHEROKEE REMEDY, and should be used in conjunction with that medicine in all cases of Gonorrhœa, Gleet, Fluor Albus or Whites. Its effects are *healing, soothing and diminishing*, removing all scalding, heat, chordee and pain, instead of the burning and sometimes intolerable pain that is experienced with nearly all the *cheap quack injections.*

☞ Both the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all improper discharges are removed, and the weakened organs are speedily restored to full vigor and vitality.

For full particulars get our pamphlet from any drug store in the country, or write us and we will send free, to any address, a full treatise.

Price—CHEROKEE REMEDY, $2 per bottle, or three bottles for $5.

Price—CHEROKEE INJECTION, $3 per bottle, or three bottles for $5.

Sent by Express to any address on receipt of price. Sold by all druggists everywhere.

Dr. W. R. MERWIN & CO., Sole Proprietors, No. 59 Liberty street, New York.

THE GREAT

INDIAN MEDICINE,

COMPOUNDED FROM

ROOTS, HERBS AND

LEAVES.

CHEROKEE CURE.

An unfailing cure for Spermatorrhea, Seminal Weakness, Nocturnal Emissions, and all diseases caused by self-pollution; such as Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficult Breathing, Trembling, Wakefulness, Eruptions on the Face, Pain in the Head, Dizziness, Convulsions, and all the direful complaints caused by departing from the path of nature.

☞ This medicine is a simple vegetable extract and one one bottle will cure any case, if it has been used in our practice for many years, and with thousands treated it has not failed in a single instance. Its wonderful powers have been sufficient to gain victory over the most stubborn cases.

☞ To those who have trifled with their constitution, until they think themselves beyond the reach of medical aid, we would say, *Despair not!* the CHEROKEE CURE will restore you to health and vigor, and after all quack doctors have failed!

☞ For full particulars get a circular from any drug store in the country, or write the proprietors, who will mail free to any one desiring the same, a full treatise on this important topic.

☞ Prices, $2 per bottle or three bottles for $5, and forwarded by express to all parts of the world.

Sold by all respectable druggists everywhere.

Dr. W. R. MERWIN & CO., Sole Proprietors, No. 59 Liberty street, New York.

DR. WRIGHT'S

REJUVENATING ELIXIR,

OR ESSENCE OF LIFE.

Prepared from Pure Vegetable Extracts,

Containing nothing injurious to the most delicate.

The Rejuvenating Elixir is the result of modern discoveries in the Vegetable kingdom; being an entirely new and abstract method of cure, irrespective of all the old and worn-out systems.

This medicine has been tested by the most eminent medical men of the day, and by them pronounced to be one of the greatest medical discoveries of the age.

One bottle will cure General Debility.

A few doses cure Hysterics in females.

One bottle cures Palpitation of the Heart.

A few doses restore the organs of generation.

From one to three bottles restore the manliness and full vigor of youth.

A few doses restore the appetite.

Three bottles cure the worst case of Impotency.

A few doses cure the low spirited.

One bottle restores the nervous, will all find immediate and permanent relief by the use of this Elixir or Essence of Life.

☞ Price, $2 per bottle, or three bottles for $5, and forwarded by express, on receipt of money, to any address.

Sold by all druggists everywhere.

Dr. W. R. MERWIN & CO., Sole Proprietors, No. 59 Liberty street, New York.

CHEROKEE PILLS!

SUGAR-COATED.

FEMALE REGULATOR.

Health Preserver!!

CERTAIN AND SAFE.

☞ For the Removal of Obstructions, and the Insurance of Regularity in the Recurrence of the Monthly Periods.

They cure or obviate those numerous diseases that spring from irregularity, by removing the irregularity itself.

They cure Suppressed, Excessive and Painful Menstruation.

They cure Green Sickness (Chlorosis).

They cure Nervous and Spinal Affections, pains in the back and lower parts of the body, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysteria, Sick Headache, Giddiness, &c., &c. In a word, by removing the irregularity, they remove the cause and with it ALL the effects that spring from it.

Composed of simple vegetable extracts, they contain nothing deleterious to any constitution, however delicate, their function being to substitute nature for weakness, which, when properly used, they never fail to do.

They may be safely used at any age and at any period, *except during the first three months*, during which the unfailing nature of their action would infallibly *prevent* pregnancy.

All letters seeking information or advice will be promptly answered and discreetly answered.

Full directions accompany each box.

☞ Price $1 per box, or six boxes for $5.

Sent by mail, postage free, on receipt of price

Sold by all respectable druggists.

THE MAGEE

COOKING STOVE.

The subscriber, having received his Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove; the ashes are so dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We would refer to the following purchasers:

Portsmouth.

J. Woodman Morse, John R. Holbrook, George Billbi, Frank Jones, George L. Tread-well, Henry L. Richards, John H. Piper, Warburton Asel Quimby, Greek, Robert King, George B. French, John W. White, Philip Woods, James Shay, Mrs. Mary Jones, James Pender, J. B. Upham, G. C. Dodge, Elbridge Sheldon, Albert F. Merrill, John Teague, Dr. Martin, William Cardiage, Mrs. John Lake, Michael Walch, H. F. Martin, James Bowles, Samuel Hall, Tobias Hans, Ira Dixon, Thomas Hones, William Lavs, Charles A. Hodgdon, John Moore, William Critchley, Charles H. Rollins, Samuel Goodman, Oren Bragdon, Marcellus Eldredge, Martin L. Twombly, Peter Page, Alfred S. Trafton, C. C. Jackson, Nathan Jones, Samuel W. Greenland.

Albert Blaisdell,

Epping.

J. B. Robinson,

South Berwick.

Isaac Joy,

Biddeford, Me.

Capt. Ira Andrews,

And the hosts of others who are using them.

We invite all those in want of the very best Stove in the market to examine the

MAGEE COOK.

Also on hand an assortment of the different sizes

—of the—

MAGEE PARLOR STOVE

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"

VENTILATING & AIR-WARMING

FURNACES.

The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cope can be made to consume the gases of the coal, and they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the reception of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces are unequaled. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used.

We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert R. Hatch, Esq., Aaron H. Hill, Charles H. Mendum, Henry F. Wendell, John Sise, and others.

The Chronicle.

Communication.

OUR BAND.—We were very glad, Messrs. Chroniclers, to see in your issue of the 22d a communication signed "Music," in defence of the Portsmouth Cornet Band, whose claims to the public consideration you have often and long advocated in the columns of your paper.

It has always been the policy, we believe, of all the past city governments to foster the interests of this institution, and it will certainly be much regretted by the great majority of the people if the present government should allow itself to deviate from the old course by improper considerations of economy, or for other unwise reasons.—Will not the authorities deliberate and consider well before they assist in destroying a band so meritorious as this, and whose fame is now widely extended?

Should this band be dissolved, we fear, and are very much inclined to believe, that years would elapse before any other band could be organized in this city at all,—and if over organized, years before it could equal this. Regrets too late to do any good—like almost all regrets—would arise. We hardly ever realize any blessing, and rarely appreciate any good until after its loss.

It requires time to produce a good band of music, as it does to make a beautiful garden or park. Let it be seen to, that the work of years in this case is not entirely thrown away and wasted.

It is well known that most musicians, when associated together, from some unknown cause, perhaps a certain nervous sensibility, scarcely ever maintain harmonious relations towards each other. The young men composing this band have the rare faculty of knowing how to avoid all piques and quarrels. They are also good men at their every day business, commanding high wages. It is not to be expected, that they should leave their occupations at a loss, nor ought they to do so. Much less should they be expected to play at a less rate than other bands because they happen to be our own towns people. Besides, we imagine that their work is no easy one.

Few persons are apt to consider that large expenses are necessarily incurred in keeping up a large band like this, but a little calculation would serve to convince one of the fact.

At this time of the year in a climate like this of ours people commence, very properly, to spend more time out of doors, and they like some amusement to enable them to spend that time agreeably and pleasantly; shall not something be done to enable them to do so innocently, so that they may not be led away by false and deceitful pleasures?—for occupations of some kind they must and will have.

We ought to have, but we do not have, unlike most cities, public parks or commons to which the people can resort and enjoy natural and artificial works.

Now we would recommend or humbly petition the authorities that they cause a series of concerts to be given on Market Square by our band. We say, we ask the authorities to attend to this, because it is for the public good, and therefore the expenses should be defrayed by the public. But if this cannot be, will not some of the liberal-minded citizens of Portsmouth assist in the matter?

Whether this would be a popular movement or not, the crowds will attest which now collect near the hall, whenever the band makes its evening rehearsals.

At all events let this band be sustained; for if it be lost, the loss will be a serious one, and one that will be felt for a very long time. PRO BONO PUBLICO.

Illinois is almost wholly devoted to the production of staples of life. Our coming harvest of wheat promises, on the whole, to be full, if not more than an average crop. In Adams and some other counties, with two or three weeks of propitious weather, we shall have unusual crops of wheat; still, the season is backward. Our gallant young men are still as ever rushing to the service of their country. But labor-saving machinery is supplying the place of hard work. As great a breadth of land has been planted and sown this year as ever. It would surprise some of your farmers to know the extent of single farms in Illinois. Some of our farmers turn off for the eastern market a thousand head of fat cattle in a year; and we have men who have sent from their own farms as many as five to six thousand head per year. I could give you the names and location of each. John Alexander has not less than six thousand acres under cultivation. Mr. Funk cannot cross his land short of riding eight miles; and one can hardly find an acre in his domain which would not make a nice garden spot.—*Cor. N. Y. Paper.*

E. A. STEVENS,
NO. 46 MARKET STREET.

AN UNUSUALLY LARGE STOCK
OF EVERY KIND
—OF—
KITCHEN FURNISHING GOODS.

The Virtues and Advantages
—OF—
SCHOOLEY'S
NEW IMPROVED
REFRIGERATORS
ARE:

1. We produce greater cold from less ice than any other Refrigerator ever invented.
2. We have double the cooling power at a less cost.
3. Complete and perfect ventilation.
4. Dry, cold air.
5. Sweet smelling, free from moisture, mold or must.
6. One article will not partake of the taste or smell of another, as is always the case in every other Refrigerator.
7. Any kind of perishable food can be preserved almost any length of time.
8. The Provision Chamber can easily be kept clean and sweet, as no moisture is ever deposited on its sides as in all other kinds.
9. The mechanical structure of our Refrigerators will compare with any of the best made household furniture.
10. Our prices are more reasonable than any other Refrigerator now offered for sale.
11. A perfectly uniform temperature, so that every portion of the Refrigerator can be used at the same time.
12. A constant change of air is secured in the Provision Chamber, without any unnecessary waste of ice, or loss of air already cooled.

An assortment of the above, with common Upright and Chest Refrigerators, for sale at the old prices, notwithstanding an advance of 15 per ct. has been made by the manufacturers on the 19th inst. Terms Cash. E. A. STEVENS.

Gas Fixtures.

Persons who desire to have any repairs or alterations made in Gas Pipes or Fixtures, are requested to send in their orders at once. The work can be done much more promptly now than later in the season. E. A. STEVENS.

"A Stitch in Time Saves Nine."

All Furnaces, Stoves and Funnels should be thoroughly cleaned out and put in order, as soon as fires are done being made in them. If allowed to remain filled with ashes and soot through the summer, they will decay very rapidly, and useless expense be incurred.

A full supply of Linings and Repair Pieces constantly on hand, and all orders attended to with dispatch. E. A. STEVENS.

HALEY, MORSE & BOYDEN'S
SELF-ADJUSTING
CLOTHES WRINGER.
THE BEST IN THE WORLD.

Over 40,000 have been sold by the manufacturer in a little more than two years—nearly 400 of them in Portsmouth and vicinity!

Buy one and try it—if not perfectly satisfactory the money will be refunded.

Facts for the People.

The enormous rise in price of Iron, Coal and Labor, has caused manufacturers to advance the price of STOVES and Castings several times since the war began; and it is now arranged to make a general advance of 25 to 50 per cent. this season.

We have not yet raised the price of Stoves in proportion to their increased cost, but shall be compelled to do so very shortly. Persons who expect to purchase anything in the Stove and Furnace line within a year or two, will save money by doing so at once. The price of a Stove is not so much an object, now, as its capacity and the cost of operating it. All things considered, there is no Stove equal to

THE MODEL COOK.
IT IS, IN FACT,
The Best Stove Out,
for economy, convenience and dispatch.

Many people think it best to use an old stove as long as possible, but it is far better to throw it away and purchase a MODEL COOK, than to keep it at the present high price of fuel.

One of our citizens who purchased a MODEL COOK STOVE a year since, says he has saved more than its cost already.

A neighbor who purchased one, and after it had been in operation some days his son came into the store and said, "something was wrong at their house;" his father and himself used wood of the same pile, but burned three baskets full a day, and his father only one! We sold him a Stove before he left, and there has been no complaint since.

These Stoves are in use in many hotels and boarding houses, and in hundreds of private families in this city and vicinity, and give the best of satisfaction.

The Old Established Hospital.
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually!
DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can; and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the safest as well as the most remedies for these diseases, offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.
In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords, Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Blotches, Pimples, &c. and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been treated by more than 20,000 cases annually, with immense Success.
YOUNG MEN.
Young Men addicted to secret habits, who have impaired their health and destroyed the vigor of their minds, thus depriving themselves of the pleasure of the Married Life, are notified that in consulting Dr. J. Teller, they will find a friend to console and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. J. broken down in health, and rejoice in all that makes life desirable and man happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.
DR. TELLER'S GREAT WORK.
A book for everybody.—Startling disclosures. Dr. TELLER's great work for the Married or those contemplating marriage—300 pages—full of plates—price 25 cts. Sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The single Married and the Married Happy. A lecture on Love, or how to choose a Partner—a complete work on Midwifery, it contains hundreds of secrets, never before published.—Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps, inclosed, will secure a copy by return mail. Dr TELLER has devoted a lifetime to the cure of those diseases upon which his books treat.
TO THE LADIES.
Dr. TELLER still remains the only Agency in America, for the sale of Dr. Vichol's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.
Caution.—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, for the guidance of persons. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or observation.
Office hours from 8 A.M. to 8 P.M., and on Sundays from 2 to 5 P.M.
N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to

my10 JOHN SISE, 5 Market Square

Morning Chronicle.

Portsmouth, N. H.

TUESDAY, JUNE 28, 1864.

THE REBELLION.

Rebel forces have destroyed several freight trains with supplies, in Gen. Sherman's rear. 800 rebel conscripts ran away from their camp on the 10th, and 600 reached our lines. B. Tuttle, the chief scout of Gen. Sherman's army, with four men has made a daring descent on a forage post 14 miles southwest of Atlanta, in which he captured a Lieut. Col., a captain and others, and burned a store house containing 50,000 bushels of corn and a large lot of bacon. The rebels have strongly fortified Cedar Bluffs.

Mobile is garrisoned by two small brigades of rebel troops, the remainder having been sent to reinforce Johnston.

THE VIRGINIA CAMPAIGN.

Gen. Hunter has destroyed the railroad near Staunton, portions of the Gordonsville and Lynchburg R.R., and an important part of the James River Canal. He is now on his way to a point in Western Virginia. The Richmond Enquirer says "the damage he has done is very extensive: many of the farmers have been plundered of all their grain and cattle and other stock, and every establishment of public utility along his route was destroyed."

Richmond papers report that Gen. Wilson's cavalry has destroyed considerable portions of the Petersburg and Weldon and the Petersburg and Lynchburg railroads.—The N. Y. World's dispatch says our army now permanently holds the Petersburg and Weldon railroad, the 6th corps having driven Hill's corps back several miles. A portion of Polk's late rebel command, from Johnston's army, is said to have arrived at Petersburg on the 18th.

Unofficial accounts state that the rebels made assaults on Gen. Burnside and Baldy Smith on Friday, but were repulsed in both cases, with loss in killed, wounded and prisoners. A Fortress Monroe dispatch states that about 400 of the force which charged on Gen. Smith, deserted and came into our lines during the action.

Gens. Sheridan and Getty with their commands left White House on Friday.

GOLD STORIES.—The New York Shipping List of Saturday June 25, says:

It is well know that many of the "operators" who sold "short" previous to the adoption of the Gold Bill, have been performing the circle of the ring trying to procure gold to fill their contracts, and all sorts of unreliable quotations have been freely circulated for effect. A daily cotemporary relates a practical incident which goes to show that since the bill became a law, the gold quotations have been wholly nominal, and had no reliable basis. On Wednesday, when the excitement was at its height, "two gentlemen, the Messrs. Blankman, holders of a large amount of gold, desirous to take advantage of the supposed high prices, went to Wall street to sell. They found that only two brokers were disposed to operate in the precious metal at all. They called upon one of these. He was buying gold in small amounts at 210 and selling it at 216. What was the price of gold at that establishment? Our travellers announced that they had gold to sell. 'How much?' Two hundred and eighty thousand dollars.' 'They would have to see the head of the house,' and were shown to his private room. Informed of the state of the case, the head of the house admitted that he was paying 210, but could not pay it for that amount. He was sure that gold couldn't keep up, that it would certainly be below two hundred to-morrow,' and, in fact, this good natured tradesman preferred, rather than buy the gold, to recommend his customers to his neighbor. So the two gentlemen went to the other broker. He also was buying at 210 and selling at 216, and was as little anxious to buy a large sum at his own price as his neighbor had been. 'He knew that gold would be below two hundred to-morrow.' Well, it it was to fall, the two gentlemen would like to sell now on the best terms they could get. 'What would he give?' He didn't know. He would prefer not to buy it at all.' As there was no third broker for the gentlemen to be commended to, they were merely bowed out, and left Wall street somewhat enlightened as to what was not the price of gold."

We may add that it has come to our knowledge that a gentleman, yesterday, endeavored to sell $100,000 in gold, and could get no bid at over 200 per cent.—and, we believe the majority were under that figure. It is evident that 210 to 220 and 230 have been paid only for little dribblets.

Brig Gen Carr will probably be assigned to the colored division now commanded by Gen. Hinks. The latter, if he would but take advice, is unfitted for active service by any one of three or four of his worst wounds, particularly by one received as long ago as Malvern Hill; but he insisted upon being permitted to lead the negroes until they had an opportunity of showing their worth. Having done so, he will now accept other and less active duty. That he lives in spite of wounds that would kill another man, reminds one of the remark of Rufus Choate, when told that if he persisted in his habit of exhausting labor he would injure his constitution: "Why, I haven't had a constitution for ten years—I'm living under the by-laws."

— Tom Hyer died on Sunday.

— Memminger, the rebel Secretary of the Treasury, has resigned.

NEW HAMPSHIRE ITEMS.

—— The Monitor states that the following appointments have been made in the Second Regimennt:

Capt. J. N. Patterson to be Lieut. Col.; Adjutant John D. Cooper, to be Major; Capt. H. D. F. Young Captain Co. F; Capt. Albert M. Perkins Captain Co. D; Capt. L. N. Converse Captain Co. A; Capt. Hugh R. Richardson Captain Co. C; Sergt. George T. Carter Captain, Co. B; Q. M. Sergt. Abner F. Durgin 1st Lieut. and Q. M.; Hospital Steward Wm. G. Stark Assistant Surgeon; Sergt. Frank W. Morgan 1st Lieut. Co. B; Sergt. Major James E. Saunders 1st Lieut. Co. C; Sergt. Edward D. Bean 1st Lieut. Co. C; Sergt. George W. Nixon 1st Lieut. Co. D; 1st Sergt. Charles McGlauflin 1st Lieut. Co. E; Sergt. Henry A. Flint 1st Lieut. Co. F; Sergt. Samuel F. Holbrook, 1st Lieut. Co. A; 1st Sergt. Albert J. Hanson 1st Lieut. Co. H; 1st Sergt. Thomas E. Marshall 1st Lieut. Co. I; 1st. Lieut. James I. Locke 1st Lieut. Co. K.

These officers and men have been honorably discharge from the service, their term of three years' enlistment having expired. They have again volunteered their services in their country's behalf, and the Governor and Council in view of their faithful services rendered have conferred the above named positions upon them.

—— The Traveller says that the Cocheco Company, in Dover, in the first half of this year, lost $15,000; and on the last half cleared that and $52,000 more. Its capital is $1,300,000. It declares no dividend.

—— Col. Bailey requests the original members of the 2d N. H. Vols., who have just been mustered out of service, to send their address to Maj. McFarland, Paymaster U. S. A., Concord, that the amount due them from the 1st of May, by an act of Congress increasing the pay of soldiers, may be sent them.

—— Twenty three citizens of the town of Washington made the past season 63,136 pounds of Maple Sugar, worth about $10,000. The largest amount made by one individual was 4,533 pounds.

—— The school house in District No 3, in Goffstown, was set on fire on Friday night. A milkman discovered the fire about 3 o'clock in the morning, and by help of the citizens it was soon put out. The building was considerably damaged.

—— Lizzie Brooks, six years of age, daughter of Joseph H. Brooks, was drowned at Manchester, on Friday afternoon, in consequence of falling through a bridge. Though the body was recovered in ten minutes, attempts at resuscitation were fruitless.

—— The New York University has conferred the degree of LL.D. upon President Smith of Dartmouth College.

—— Petty thieves are operating in Exeter. Mrs. Cobb has lost several valuable pot plants from her front yard; Mr. Nelson Currier's cellar has been robbed of pork, butter, etc.; and several clothes lines in the town have suffered to an unusual degree.

—— The News Letter states that the Boston and Maine railroad company have decided to erect a new depot in Exeter this season.

☞ Lieut. Col. Coughlin sends to the Mirror a complete list of casualties in the 10th N. H. regiment from May 7 to June 18. The following are all members of Company G, Capt. G. W. Towle:

May 9,—Wm. Clark, wrist. May 14,—1st Sergt. Charles H. Hoyt, head and arm severly,—Joseph Ray, killed; Chas. Buzzell, hip, serious; Chas. L. Hoyt, head, severe; Francis Niles, hips, severe; Chas. Young, head, severe; Wm. J. W. Burke, foot, slight; Lewis Dow, head, severe; Nicholas Kays, head, severe; Ed. Whitney, arm, severe; Mich. Hair, arm, severe.

Col. Stevens' report of the casualties in the 13th N. H. regiment from May 7 to June 15th gives the following names of members of Co. K, Capt. Betton:

June 1.—Corp. Wm. Warburton, killed; W. T. Mathews, killed; Sgt. S. B. Tarlton, in head, slight; J. P. Randall, in hand, severe; R. M. Zeiler, in hand, severe; W. H. Grey, in knee, severe. June 15.—Corporal W. H. Mace, wounded in hand severe; Private John Hanson, missing.

The list also includes the names of Capt. Enoch W. Goss, Co. I, wounded in head, slightly, and of Sergt. Edwin H. Leslie, Co. F, in foot severely.

Gen. Weitzel, Chief Engineer upon Butler's Staff, is a curious man. Endowed with wonderful *nous*, located in a big head, set on a long neck, atop of a long body, swung along by pendulum legs, he is—Godfrey Weitzel, and there is none other. Would there were, for the sake of the country, and every one a Brigadier-General. After the glorious exhibition of the fighting qualities of the negro last week before Petersburg, he was heard to say triumphantly, "This war is as good as settled—the negroes will fight, and Baldy Smith says so." It must be understood that up to that time Gen. Smith was supposed to distrust negro soldiers, though now unequivocal in their praise. During one of the engagements on the front a soldier cried out to Gen. Weitzel, who was with the skirmishers, "General, a Johnny has got me prisoner: Come out here and save me." The General sprang out, presented his pistols, released the man, and brought in the Rebel, who begged him not to shoot, and was astonished beyond measure when he learned the rank of his captor.

— The House has passed the amendatory Pacific Railroad act, 70 against 37.

Sambo says: "Dees folks made a good many of these patches from the seat of war out of whole clot."

— The coal dealers of New York have agreed to another advance of fifty cents per ton, prices there being $11 and $11.50.

Religion is an insurance against fire in the next world, for which honesty is the best policy.

— The Senate has passed the bill to provide for compensation to postmasters by a fixed salary, in lieu of commissions.

There is a Gaelic proverb: "If the best man's faults were written on his forehead, it would make him pull his hat over his eyes."

— A grandson of Daniel Webster, and son of the late Col. Fletcher Webster, has enlisted as a private soldier, and is on the way to the field.

The barking of dogs is an acquired hereditary instinct, supposed to have originated in an attempt to imitate the human voice.—Wild dogs and domestic breeds which have become wild, never bark, but only howl.

—The Newburyport Herald says "the continued dry weather has shrunk the hay crop, which hereabouts will hardly exceed two thirds the average yield."

— The New York Post publishes figures to show that the mean temperature of the last week was higher than during any week at the same period of the season for ten years.

— The rebel steamer Fox, with an assorted cargo, run into Charleston on the night of the 7th and went out again on the night of the 11th.

— A friend of ours says if it doesn't rain soon he'll let his garden "go to grass" next year,—he doesn't wish to get interested in it and have it dry up in this way.

— Joseph A. Scoville, the New York correspondent of the London Standard and Herald, recently reprimanded by the U. S. military authorities, died quite suddenly on Saturday morning.

☞ The Newburyport Daily Herald has raised its price to $6 per year. It ought to have done this long ago; and will have to go higher before it goes lower, or we miss our guess.

— In the fall of 1861, General McClellan expelled the Hutchinson family from the camps of the army of the Potomac for singing "abolition" songs. To-day, our soldiers go into the conflict singing John Brown songs.

— Emerson Etheridge of Tennessee, Clerk of the last House of Representatives, has fully gone over to the Democrats, and addressed the National Democratic Association at Washington on Thursday evening last.

— The French have captured Acapulco. The fleet entered the harbor on the 2d of June, and landing their forces, drove the Mexicans from the town at the point of the bayonet. The casualties were light. The blockade of the port has been renewed.

— The Grand Jury of New York passed a resolution whereby the views of Gov. Seymour, Judge Russell and District Attorney Hall respecting the late seizure of the World and Journal of Commerce establishments, were rejected.

— There are now in the British Islands three hundred and seventy-five distinct railway companies, who own eleven thousand five hundred miles of road. They carry above eighty million passengers yearly, and above thirty million tons of merchandise and minerals. They give employment to probably not less than two hundred thousand persons.

The cheerfulness and confidence among cavalrymen is more striking than with the infantry, perhaps because with them success is an every-day matter. They expect to yet water their horses in the Gulf. Some of them have already ridden in scores of charges every whit as glorious as that of the "Light Brigade." Then, on the authority of the Laureate, "All the world wondered" because of the one "wild charge they made." Why, these troopers of ours haven't fingers enough upon which to count a tithe of the wilder charges they have made.

— Upward of 100 gentlemen, delegates and invited guests, attended the New Jersey Editorial Convention at Schooley's Mountain Springs on Thursday and Friday of last week. They were sumptuously entertained and received every attention they could desire. At the business meeting a resolution was passed to increase the price of weekly papers in New Jersey from $1.50 to $2 per annum.

It is related of the Dominican monk, Bocco, that he had a great dislike to tobacco; and when once preaching to a crowd of Spanish sailors, he astounded them by telling them that there were no Spanish saints in heaven. A few, he said, had been admitted, but they smoked so many cigars that they made the holy virgin sick, and St. Peter set his wits to work to get them out. At length he proclaimed that a bull fight was to be held outside the gate of paradise. Thereupon every Spanish saint, without exception, ran off to the fight, and St. Peter immediately closed the gate, and took care never to admit another Spaniard.

A MODEL FAMILY.—About 25 years ago, two brothers, then and now residing in Kennebunk, married. Their wives never saw each other until they were married.—These two brothers are blacksmiths, and work together, occupying the same shop that their father and grandfather occupied. But the most remarkable and commendable feature in reference to the matter is that these two families have lived together as one family ever since they were married, all eating at the same table, and all in perfect harmony. A few years ago these two brothers left home for California. While waiting on the Isthmus for a steamer, one of them was taken sick, and it was agreed that the well brother should proceed to California, and that the other should return home as soon as he was able, which he did. The California brother remained in the Golden State, working at his trade, until he accumulated $3600, when he returned home. After the congratulations were over, the Californian brought out his treasure, and said, "Here, brother, is $1800, your half of my earnings!" The wives took turns in presiding at the table—alternating weekly; the one off duty taking no more interest in matters than if she were a boarder. We gather the above facts from a gentleman of this city, who recently made a short call at the home of these *brothers*.—*Portland Argus.*

We have long known of this remarkable case, having frequently heard it spoken of in Kennebunk and elsewhere. A relative of this "happy family"—we believe the daughter of the California son, is the wife of a young man formerly a business neighbor of ours, now in Boston, who made the acquaintance of her father in California.—We presume *all* the Kennebunkians will hardly claim to be equally exempt from the frailties of human nature as this dual family has happily proved itself.

Agents Wanted,
To canvass for a new and splendid Historic Engraving, entitled
SIGNING THE COMPACT
IN THE CABIN OF THE MAYFLOWER.
Painted by EDWIN WHITE, N. A. Engraved in the highest style by THOS. E. PERINE.

VERNATELLA.
Warranted to make the Soles of Boots and Shoes water and dampness proof, and wear one-third longer.
VERNATELLA
Is a preparation from Copper, having no grease, linseed oil, or anything of the kind, and when the soles are once saturated with it, water can no more get through them than through copper itself. **Price 25 Cents Per Bottle,**
at retail everywhere.
But its cost to the purchaser is really NOTHING, as it makes the soles wear enough longer to more than pay for it, leaving as a net gain the making of them Water and Dampness Proof, and the preservation thereby of that priceless gem, the health.
☞ LADIES, READ THIS! ☜
SAVE YOUR HEALTH.
Use Vernatella on the Soles of your Shoes. It makes them water proof and therefore protects your feet from dampness, for the ground is always more or less moist, either from rain or the morning and evening dew.
At wholesale in Boston by Geo. C. Goodwin & Co., 33 Hanover street; S. M. Colcord & Co., 86 Hanover st.; M. S. Burr & Co., 26 Fremont st.; Carter, Rust & Co., 48 Hanover st.; and Whole sale Druggists generally. Also, by all the principal dealers in Boots and Shoes.

Coal $14.00 Per Ton!
MONEY SAVED BY USING EDDY'S PATENT
KEROSENE COOKING STOVE.
By the use of two or more burners sufficient heat is obtained for doing most of the cooking for a family, at a very small expense and with great facility.
Economy is perhaps their greatest recommendation in these times of high prices of Coal, for with one of these Stoves tea may be prepared for a family at a cost for fuel not exceeding One Cent, and dinner not exceeding Two Cents.
They are portable, and burn without smoke or odor, hence they may be used in any part of the house.
Call and see one in operation, at No. 12 Market street. Sole Agents for Portsmouth,
J. W. & A. STAVERS.
Also, Dealers in Crockery, Glass Ware, Room Papers, Lamps, Window Shades, Boots, Shoes, and Fancy Goods. Je16

Mrs. M. who is thoroughly versed in the affective maladies of the sex, can be consulted by ladies.
Patients furnished with board and experienced nurses.
Boston, June 7, 1864.—sp1y 8aw

"A Wonderful Discovery."

DR. TEBBETTS' "PHYSIOLOGICAL HAIR RESTORATIVE" is compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "DYE," and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth of new HAIR in all cases on BALD HEADS, where the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off and removes all dandruff, humors and nothing from the scalp. It keeps the hair soft, moist and perfectly healthy, and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "RESTORATIVE" is warranted to produce the above results in all cases, if not the money to be refunded. With it every "GRAY HEAD" in New England can be restored in less than sixty days.
PREACHER, opposite the Post Office and 12 Market Square, Agent for Portsmouth.—Geo. C. Goodwin, No. 38 Hanover street, Boston, Wholesale Agent for New England, and sold by Druggists everywhere. TEBBETTS BROTHERS, Druggists and Chemists, Proprietors, Manchester, N. H. Je1—tf

Proposals for Pine Timber and Plank.

SEALED PROPOSALS will be received at the City Clerk's Office in the city of Portsmouth, N. H., until SATURDAY, July 2, 1864, at 12 o'clock at noon, for furnishing the following schedule of Timber and Plank for repairing the Sagamore Bridge, to be delivered at some wharf or depot in said city:
40 pieces White Pine 8 by 10 inches, 23 feet long.
40 " " 8 by 10 " 16 "
40 " " 8 by 10 " 14 "
25,000 feet board measure White Pine Plank, 3 inches thick and 21 feet long.

Persons proposing will state the price by the thousand feet board measure; they will also state the time when the whole can be delivered, if being wanted immediately.

Separate bids will be received for the Timber and Plank.

The undersigned claim the right to reject any bid.

By order of the Board of Aldermen.
JOSEPH B. ADAMS,
WILLIAM E. HADLEY,
Committee on Streets, Roads and Bridges.
Portsmouth, N. H., June 21, 1864.

Proposals for Wood.

SEALED PROPOSALS will be received at the City Clerk's office, in the CITY OF PORTSMOUTH, until noon of Saturday, 2d of July next, for supplying the Overseers of the Poor with from two hundred to two hundred and fifty cords merchantable HARD WOOD, to be delivered at either Railroad Depot, or at such wharf as the Overseers may designate.

The Overseers reserve the right to reject any bid. By order of the Overseers of the Poor.
MARCELLUS BUFFORD, Clerk.
Portsmouth, N. H., May 14, 1864.

☞ The *Domestic Dyes* prepared by Geo. H. Reed & Co. offer the simplest and most perfect means of dyeing household apparel ever presented the public. They embrace 40 different shades, and include all the new and fashionable colors—and are perfectly *fast*. Samples on silk and wool can be seen and the colors procured of THACHER jul20

Local.

☞ The side-wheel steamer Tioga, of the East Gulf Squadron, arrived at our lower harbor on sunday. She bears the yellow fever flag at her mizzen mast, indicating that there is no mistake about the character of the sickness on board this craft. Three or more officers, including the Paymaster, besides several seamen, have died of this disease on the way home. She will be detained at quarantine until cleansed.

☞ Uncle Toby approves of all the suggestions made by 'Prudence' as to great doors on the stage of the Temple, when that building shall be altered or enlarged: though he has never shared much in the alarm or trembling about safety there; because having had occasion to examine the building thoroughly, he knows the audience are in no danger of sinking down or upsetting; for the floor is about as well supported as it can be, by wood and iron. And as to fire, besides the great staircase in the S. E. corner, and the little doors near the stage, there is a large stairway of only a few steps in the S. W. corner, which was made on purpose for an outlet, and out of which we have often passed almost alone many times, while a great crowd were elbowing their way down two flights elsewhere. There are also large windows behind the scenes, on the stage, only a little way from the ground, which might be opened or broken out in a moment, if a fire made it needful; Prudence is good, —but let no one be alarmed without cause.

S. J. COURT—LAW TERM.—The June Term of this Court commenced a session in Exeter on Tuesday the 21st inst. Present —Chief Justice Bell, and Associate Justices Sargent, Bellows, Doe, Nesmith and Bartlett. Prayer by Rev. Mr. Learned. The following actions on the Rockingham Docket were disposed of, viz:—

3 Andrew W Smith and al v Maria A. Scammon, petition denied. Hatch for deft.

5 Catherine S Robinson v Eastern Railroad. Bill dismissed—*nisi* as to costs.—Hacket for defts.

10 C & P railroad v Alfred W Haven & als. Neither party.

12 Thomas H Odion and als v W H Y Hackett als. Dismissed.

20 William H Dennett v Joseph F Dennett. Judgment on Master's Report—Clerk to tax costs. Hatch and Webster for plf. Rollins for deft.

21 Francis Manter v Henry C. Joy and al. Dismissed without costs.

24 Samuel H Goodall v Frank T. Pickering. Verdict for deft. set aside—new trial granted—opinion by Bell, C. J.

25 Addison J Severance v Rooxby A Severance. Libellant dead, and libel dismissed. Stickney for libellant; Bell for libellee.

26 Martha A Rundlett v Harrison G O Rundlett. Divorce decreed—with custody of child, and money and property in hands of libellant, assigned as alimony. Frink for libellee.

27 Clark Sherburne v Nancy Sherburne. Libel dismissed.

28 Sarah Towle v William E Towle and als. Judgment on Report of Committee—*nisi* as to costs.

29 Sarah E Keniston v David B Keniston. Libel dismissed.

32 Luke Julian and ux v John F Moses and al, executors of the will of Theodore Moses. Demurrer sustained—objections to verdict in favor of executors overruled.

34 Charles N Healey, Ex'r Appt v Ann E S Toppan, executrix of Christopher S Toppan. Decree of Probate Court reversed—decree in favor of appellants.

41 Sarah S. Hunt v John Page Hunt; divorce decreed.

43 Edmund E Smith v Mary F Smith. Hatch for libellee. Divorce decreed.

46 State v Christopher J Marshall.—Judgment on verdict of guilty—Solicitor for State, Hatch for respondent. Opinion by Bellows, J.

47 John Bartlett jr v Abram Silley.—Judgment on verdict for plf; opinion by Doe, J.

50 Ellen A Smith v Andrew J Smith.—Divorce denied—continued *nisi*. Frink for libellant—Hatch for libellee.

57 John Norton v Ira Haselton. Judgment on verdict for plf; opinion by Sargent, J. Hatch and Webster for plf; Hackett for deft.

58 John Giddings, Adm'r, v Sarah W Wiggin and als. Ira Blake, William Wadleigh and Josiah J Folsom, Committee to make partition.

60 Simon M Sanborn v Mary W Sanborn. Libel dismissed.

62 Caroline H Gilman v Lewis J Gilman. Libel dismissed.

64 Samuel H Tarlton v William Neal. Judgment on verdict for plf. Hatch and Webster for plf—opinion by Doe, J.

65 John Knox v Levi S Bartlett. Judgment on verdict for plf—opinion by Bell, C J. Stickney and Hatch for deft.

66 Israel A H Bartlett v Amos Kimball. Judgment on verdict for $7 50 damages and $1 costs. Opinion by Doe, J.

67 William A Currier v Benjamin F Rowe and trus. Judgment on the finding of the Court for plf; opinion by Nesmith, J.

70 Wm O Smith v Jasper H Rundlett. Verdict for plf set aside—new trial granted. Opinion by Sargent, J.

72 Mandana P Sides v Andrew J Sides. Divorce with custody of child. W H Hackett for libellant.

81—Mary E Glover v Horace Glover—divorce, with custody of children.

83 Benj S Clifford v Joseph C Plumer. Judgment for plf—opinion by Bellows, J.

85 Newmarket Bank v Josiah W Butler. Demurrer sustained—opinion by Sargent, J.

92 Mary O Wiggin v Andrew Wiggin. Ira Blake, Samuel Jones and John Ayers, Committee to set off dower and homestead.

93 Frank T Pickering and ux v F W DeMocchemont; amendment allowed—costs limited.

☞ Gold and the thermometer have been going up together—but the mercury found gold had the best of it, and gave up the trial. Either of them are bad enough, on the rampage; but both together would seem more than is agreeable.

EASTERN RAILROAD EMPLOYEES—It is a rule well understood that obliging employees are always for the benefit of any corporation or individual. That this fact is recognized by Mr. Prescott, Superintendent of the Eastern Railroad, one has but to travel over that road to see the evidences of his good management in this respect. On Saturday one of the persons employed on that Corporation for the past ten years was presented with a gold chronometer watch, made by Mr. Greenough of Newburyport, whose reputation is a guarantee of its quality, the gift of some of the stockholders in and travellers over that road, as a mark of appreciation for the courtesy shown and fidelity with which he has served their interests. At the same time the expressmen, employees and others daily brought in contact with him, joined together and presented him a valuable gold chain, made by Messrs. Palmers & Bachelders, as a manifestation of their good will to him. The watch and chain form a valuable present costing $375. The watch bears the inscription—"Presented to Edwin H. Hobbs by some of his friends, June, 1864."

☞ We are informed that Col. Mark F. Wentworth of the 32d Me., Regiment, returned from the "front" on Monday morning, on a leave of absence of twenty days, on account of ill health.

MARRIAGES.

In Eliot, Me., June 18, by Rev. H. B. Sanger, JOHN WOOD, of Newburyport, to Miss MARY E. FROST, of Eliot.

BUSINESS NOTICES.

☞ An intelligent Boy, of good habits and fair education, can have a fine opportunity to acquire a knowledge of the profession of printing, or be inducted into the mysteries of 'the art preservative of all arts,' —in other words, to learn the Printer's trade—at this Chronicle Office. je5tf

☞ Mr. E. A. Joy's Juvenile Singing School, Saturday afternoons at 3 o'clock, at Mercantile Hall.

☞ Mr. Joy's evening Singing School for Ladies and Gentlemen, is held at Mercantile Hall, on Tuesday evenings.

SOLDIERS TO THE RESCUE!—Young men, rushing into the exposures and dangers of a soldier's life, should prepare themselves for the fatal fevers, the dysentery, the sores and scurvy, which are almost certain to follow. Holloway's Pills, used occasionally during the campaign, will insure sound health to every man.

If the reader of this "notice" cannot get a box of Pills or Ointment from the drug store in his place, let him write to me, 80 Maiden Lane, enclosing the amount, and I will mail a box free of expense. Many dealers will not keep my medicines on hand because they cannot make as much profit as on other persons' make. 35 cents, 88 cents, and $1.40 per box or pot. 214

CHRONICLE NOTICE.—All bills are expected to be settled July 1st; after which date no contract for yearly advertising will be considered as including copies of the Chronicle—which will *in all cases* be charged $6 per year, payable in advance—and any special agreement heretofore made to the contrary, will terminate at that time. All interested will please take notice. June 28.

Smith's Catarrh Snuff.

For the cure and immediate relief of Catarrh, Colds in the Head, Dryness of the Air Passages, &c.

This Snuff does not sneeze one in inhaling it. It will break up a Cold in the Head in a few minutes. It is softening and soothing in its effects. Every one, as far as is known, is satisfied with its results. The large demand it is having, by the gross and dozen, shows its value. The Proprietor was cured last winter of Catarrh of many years standing, with his "Catarrh Snuff," and the cure is PERMANENT.

FIRST NATIONAL BANK
OF PORTSMOUTH.
Designated Depository of the United States.

This Bank hereby announces that it is prepared to receive subscriptions on account of United States Bonds, authorized by the act of March 3d, 1864; bearing date March 1st, 1864, redeemable at the pleasure of the government, after ten years, and payable forty years from date, bearing interest at Five per cent. a year, payable in coin annually on Bonds not over One Hundred Dollars, and semi-annually on all other Bonds.

Subscribers will receive either Registered or Coupon Bonds, as they may prefer. It is expected Silver Coupon Bonds will be ready for delivery about the 4th of April.

Subscribers will be required to pay, in addition to the amount of the principal of the Bonds, in lawful money, the accrued interest in Coin (or in United States Notes or the Notes of National Banks, adding Fifty per cent. for Premium until further notice), from the first day of March until the day of subscription.

Subscriptions and remittances may be addressed to the

First National Bank,
Of Portsmouth.

ROOM PAPERS!

Have Room Papers Advanced in Price, like other things!

J. F. SHORES, Jr,
No. 1 Congress Block

Is often asked this question; and would answer that he still sells
ROOM PAPERS at eight cents per roll,
ROOM PAPERS at nine cents per roll,
ROOM PAPERS at ten cents per roll,
ROOM PAPERS at twelve and a half cts. p. roll.
These are not of so good quality as were formerly sold at those prices—still they are very fair.
Twelve and a half Cent Papers have advanced to Seventeen Cents.
Twenty-Five Cent Papers to Thirty Cents.
Thirty-three Cent Papers to Thirty-Eight Cents.
Fifty Cent Papers to Sixty-Two Cents.
One Dollar Papers to One Dollar and Twelve Cents.
One Dollar and Twenty-Five Cent Papers to One Dollar and Forty-Two Cents.
Common, Velvet, and Velvet and Gold
BORDERS,
HAVE NOT ADVANCED!
GREEN CURTAIN PAPER
Is still sold at the old price.
Thus, FRIENDS and CUSTOMERS, you have an answer to the query above—
Room Papers have not advanced as other goods have.
☞ Remember, this is the answer of
J. F. SHORES, Jr.,
No. 1 CONGRESS BLOCK,
who has just received from New York a further supply of
ROOM PAPERS AND BORDERS.

MASON & HAMLIN'S
CABINET ORGANS,
Combining the requisites for Sacred and Secular, Church and Parlor Music; for Families, Sunday Schools, Day Schools, Churches, &c.

They are elegant as pieces of furniture; occupy little space; are not liable to get out of order or out of tune; are warranted for five years; will improve in tone by age, and are moderate in cost.

They are to private houses, Sunday schools and smaller churches, what the larger pipe organs are to large churches, and in addition to this are adapted to secular as well as sacred music.

The Cabinet Organ is essentially different from, and a marked improvement upon, all instruments of the melodeon or harmonium kind. Its superiority consists in many important characteristics.

The undersigned, Agent for the Manufacturers, will be pleased to show the Cabinet Organs to all wishing to purchase, at his residence, NO. 30 HANOVER STREET.

American and Foreign Patents.
R. H. EDDY.
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (see for the Act of 1837,)
76 State street, opposite Kilby street,
Boston.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds & Assignments, and all Papers and Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions; and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but though it has not been a advantageous for securing Patents, or ascertaining the patentability of inventions unexpressed by, it not immeasurably superior to, any which can be offered these inventors. The testimonials below prove that none have MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other Agency of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a large collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and the access, gratuitously granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and these generally broad. Such unmeasurable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART.

During eight months, the subscriber, in course of his practice, made out and prosecuted SIXTEEN APPEALS, EVERY ONE of which was decided in his favor, by the Commissioner of Patents.
R. H. EDDY.
Boston, Dec. 19, 1852.—3tawly

GOLDEN SHEAF WHISKEY.

C. A. RICHARDS,
99 WASHINGTON STREET,
Boston.

Would most respectfully invite the attention and examination of all Grocers, Druggists, Apothecaries and Private Individuals, desiring to sell or USE STRICTLY PURE

Liquors, Wines, Cordials or Bitters,

to the list of choice goods enumerated below, which are constantly on hand in large quantities in his Large and Spacious

Wine Store and Bottling Establishment,
99 Washington street, Boston.

First on the list, as a reliable pure stimulant, stands the celebrated and widely-known

Golden Sheaf Bourbon Whiskey,

made from Wheat, Rye and Corn, warranted for five years old. Put up in unique style, each bottle in a paper box, in cases of one dozen each, the large and increasing sales of which convince the proprietor that no advertisement adequate to exceed in extent its real merits. It will recommend itself on trial.

Golden Sheaf Cordial.

A delightful and healthful beverage, aromatic, with a rich ginger cordial, made from the pure Golden Sheaf Bourbon.

Golden Sheaf Bitters.

The best Tonic Bitters ever offered to the public. Mingled with the rich flavor of the Bourbon are a number of other ingredients for restoring the appetite and imparting life and vigor to the whole system.

Golden Sheaf Punch.

Made from fresh ripe lemons, and other articles, compounded as a whole into a fine rich

Bourbon Whiskey Punch.

All the above put up full strength of the whiskey, and in cases of one dozen each. These articles improve by age, and no exposure of climate can effect them

JOHN AND ROBERT DUNSTER'S
CELEBRATED
LONDON DOCK SPIRITS AND WINES,

Imported solely by C. A. R., in wood, from the London Docks, and bottled by him in America. The distinguished and world-wide reputation of these articles has induced the subscriber to seek and obtain the Sole Agency in this country.—They are sold only in bottles, entire paper, and *without adulteration*, and comprise the four kinds, as follows:

LONDON DOCK GIN,
LONDON DOCK BRANDY,
LONDON DOCK SHERRY,
LONDON DOCK PORT.

All in cases of one dozen each, in strong shipping order for immediate transportation, and are sold lower than any other liquors and wines in the market, of equal quality.

Pure California Wines.

The large demand for the pure wines of California has made it a fixed fact that no well selected stock of Wines is complete without them. C. A. R. has made arrangements for the entire production of

The Largest Vineyard in California!

and is now bottling, and offers for sale, the finest CALIFORNIA WINES ever seen in this MARKET, of four qualities, in splendid style of labels, bottles and cases—such as

ANGELICA—Sweet.
PORT—Rich.
ROCK—Dry.
STILL CHAMPAGNE—Delicious.

Parties attracted by this advertisement, or who have already become acquainted with the qualities of these articles, can have a price list sent by mail, or samples by express, when desired, by addressing the subscriber.

C. A. RICHARDS,
99 Washington street, - - - Boston.

NOTE.—C. A. Richards would also beg leave to state that the above are only a part of the list of articles for sale and imported by him. He has, in addition, one of the largest stocks in America of **Fine Bottled Wines and Spirits**, of every variety and kind, together with a fine assortment of Liquors and Wines in original packages, for sale by the cask or gallon. Also, **Fine Cigars, Sardines, Pickles, Sauces** and every kind of table luxury usually found in a first-class wine store in this country or in Europe.

Orders are most respectfully solicited.

PRESTON and THACHER, Agents for Portsmouth. Boston, Dec. 9, 1852.—3tawly

Constitution Life Syrup,
COMPOSED OF
IODIDE POTASSIUM,

With the compound concentrated fluid extract of
VALUABLE MEDICINAL
ROOTS AND HERBS,

Prepared by WM. H. GREGG, M. D.,
Graduate College Physicians and Surgeons, N. Y. formerly Assistant Physician Blackwell's Island Hospitals, late Medical Inspector of New York State Volunteer Depots, under Gov. Edwin D. Morgan.

Constitution Life Syrup
HAS PRODUCED
A REVOLUTION IN MEDICINE!

What may seem almost incredible, is, that many diseases hitherto considered hopelessly incurable are frequently cured in a few days or weeks, and we cheerfully invite the investigations of the liberal minded and candid to cures which have no parallel at the present day.

Our medicine is peculiar, by it the seat of disease is directly reached, and the equilibrium restored. Those who have suffered long from painful and obstinate diseases, those who have vainly sought relief from advertised medicines, those who are tired of quacks, and those who have been cured by other advertisements, are

Invited to use Constitution Life Syrup.

During the past five years we have contended with obstacles and overcome opposition as bitter as ever encountered by any Reformers.

Rapidity of Cure.

Some say, "Your cures are too quick," while others doubt our statements and think that diseases can only be cured by the "slow recuperative process of Nature." This is our reply:

In health, the body, like a well-balanced scale, is in a state of equilibrium. But when from any cause down goes one side of the scale, we have the disease, and the object of the remedy is, to restore the normal balance of the scale.

CONSTITUTION LIFE SYRUP.

A positive and specific remedy for all diseases originating from an IMPURE STATE OF THE BLOOD, and for all hereditary DISEASES transmitted from PARENT TO CHILD.

Paralysis,

Hemiplegia, Parvis, Paraplegia, Paralysis Agitans.

It is so universally admitted that Constitution Life Syrup is the only effective means of restoration in the various forms of Paralysis, that we need not reiterate that it is emphatically the Great Life-Giving Power.

Dyspepsia.

Indigestion, Loss of Appetite, Costipation, Weight at Stom'h, Biliousness, Want of Appetite, Flatulence, Bad Breath.

Scrofula.

Strume, Glandular Swellings, Ulceration, King's Evil, Erysipelas, Salt Rheum.

This taint (hereditary or acquired), filling life with untold misery, is by all usual medical remedies incurable.

Rheumatism.

Arthritis, Neuralgia, Gout, Lumbago, Sciatica, The Dolourous.

If there is any disease in which the Constitution Life Syrup is a specific, it is the Rheumatism and its kindred affections. The most intense pains are almost instantly alleviated—enormous swellings are reduced. "Cases, chronic or vicarious, of 20 or 30 years standing have been cured by us.

Nervousness.

Nervous Debility, Confusion of Thoughts, Epilepsy, Loss of Power, Shattered Nerves, St. Vitus' Dance.

Thousands who have suffered for years will bless the day they first read this notice. Particularly to weak, suffering woman will this medicine prove an inestimable blessing—directing their footsteps to a Hope which fulfils more than it promises.

Mercurial Diseases.

Salivation, Feeling of Weariness, Rotting of Bones, Red Complexion, Aches in Bones, Depressed Spirits.

Constitution Life Syrup purges the system entirely from all the evil effects of MERCURY, removing the Red Breath, and curing the Weak Joints and Rheumatic Pains which the use of Calomel is sure to produce. Spongy and Bleeding Gums and secures the Teeth as firmly as ever.

Constitution Life Syrup

Eradicates, root and branch, all Eruptive Diseases of the Skin, like

ULCERS, PIMPLES, BLOTCHES.

And all other difficulties of this kind, which so much disfigure the outward appearance of both males and females, often making them a disgusting object to themselves and friends.

CONSTITUTION LIFE SYRUP
Cures all Swellings of the Glands,

Either of the Face, Neck or Female Bosom, and should be taken as soon as the swelling is detected, thus preventing their breaking and producing troublesome and dangerous sores, which fastened so many of the younger portion of the community, from six to twenty years of age. Young children are very subject to Discharges from the Ears, which depends upon a Scrofulous constitution. These cases soon recover by taking a few doses of the Life Syrup.

All sroofulous persons suffering from Debility, Emaciation, Dyspepsia; Dropsy, of the limbs or abdomen, and in the female Dropsy of the ovarian sac, generally accompanied with inflammation and ulceration of the uterus; are permanently cured by the use of Constitution Life Syrup. The disease known as Gravel or Jewelled Neck, the Life Syrup will remove entirely. The remedy should be taken for some time, as the disease is exceedingly chronic and stubborn, and will not be removed without extra effort. Tumors of the Ovaries, Tumors of the Breast, and swelling of other glands of the body will be completely removed without resorting to the knife or operations of any kind.

Epileptic Fits, Sympathetic or Organic Diseases of the Heart (distinguished by palpitation, pain, producing a grating or filing sound), Dropsy of the Heart Case and all the affections of this important organ, or proceeding from any secret pain in the region of the heart, will be greatly relieved by Constitution Life Syrup.

Broken Down and Delicate Constitutions, Suffering from Indigestion to Excesses, Pain in the Back, Loss of Memory, Forebodings, Fears of Insanity, Aversion of Disease, Dimness of Vision, Dry Hot Skin and Extremities, Want of Sleep, Restlessness, Pale Haggard Countenance and Languide of the Muscular System, are those old and tried CONSTITUTION LIFE SYRUP.

For all forms of **Ulcerative Diseases**, either of the Throat, Nose, Mouth, Stomach, Bowels or Scalp, no remedy has ever proved its equal.

MOTH PATCHES upon the female face, depending upon a disordered liver, are a blemish very unpleasant to the young wife and mother. A few bottles of Constitution Life Syrup will correct the secretion, and remove the deposit which is disfiguring the skin.

In Diseases of the Liver, giving rise to languor, dizziness, indigestion, weak stomach, or an uneasy sensation of fullness after a light meal, accompanied with burning or other unpleasant symptoms, relief may be obtained by the use of CONSTITUTION LIFE SYRUP.

As a General Blood-Purifying Agent, the Life Syrup stands unrivalled by any preparation in the world.

Diseases of the Spine, as usually developed in this young, Hip Disease, Neuralgia, and all Nervous Diseases, and Ladies who are suffering from disease, for which they are at a loss to know what to do, we would advise the use of CONSTITUTION LIFE SYRUP. It will restore their pallid countenance, strengthen their weak backs and sides, give them new energy, new life and happiness.

THE RICH AND POOR are liable to the same diseases. Numerous testimonials have made the Constitution Life Syrup for the benefit of all.

PURE BLOOD produces healthy men and women; and if constitutions be neglected in youth, disease and early death are the results. Do not delay when the means are so near at hand, and within the reach of all.

TO MARRIED AND MARRIED LADIES. It is the safest and most effectual medicine ever discovered for purifying the system and relieving the suffering attendant upon childbirth. It strengthens both the mother and the child, prevents pain and disease, and increases and enriches the blood—Those who have used it, think it indispensable. It is highly useful both before and after confinement, as it prevents disease attendant upon childbirth.

Constitution Life Syrup

Is the Poor Man's Friend and the Rich Man's Blessing!—Buy it, take it, and be cured.—It is Universal in its effects

Glad News for the Unfortunate!

The Long Sought For Discovered at Last.

CHEROKEE REMEDY
—AND—
CHEROKEE INJECTION,
Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as Gravel, Difficulty of the Urine, Inflammation of the Bladder, Inflammation of the Kidneys, Stone in the Bladder, Stricture, Gravel, Gleet, Gonorrhœa, and is a powerful preventive in those cases of Urine Albus or Whites in females) where all the old nauseous medicines have failed.

It is prepared in a highly concentrated form, the quantity being from one to two tablespoonfuls three times per day.

It is diuretic and alterative in its action; purifying and cleansing the blood, causing it to flow in all its original purity and vigor; thus removing from the system all pernicious causes which have induced disease.

CHEROKEE INJECTION is intended as an aly or assistant to the CHEROKEE REMEDY, and should be used in conjunction with that medicine in all cases of Gonorrhœa, Gleet, Fluor Albus or Whites. Its effects are healing, cooling and soothing; removing all scalding, heat, chordee and pain, instead of the burning and almost unendurable pain that is experienced with nearly all the *cheap quack Injections.*

☞ By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.

For full particulars get our pamphlet from any drug store in the country, or write us and we will mail free, to any address, a full treatise.

Price—CHEROKEE REMEDY, $2 per bottle or three bottles for $5.

Price—CHEROKEE INJECTION, $2 per bottle, or three bottles for $5.

Sent by Express to any address on receipt of price. Sold by all druggists everywhere.

DR. W. R. MERWIN & CO., Sole Proprietors,
No. 59 Liberty street, New York.

THE GREAT
INDIAN MEDICINE,
COMPOUNDED FROM
ROOTS, HERBS AND LEAVES.

CHEROKEE CURE.

An unfailing cure for Spermatorrhœa, Seminal Weakness, Nocturnal Emissions, and all diseases caused by self-pollution; such as Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficult Breathing, Trembling, Palpitation, Dyspepsia on the Face, Pale Countenance, Insanity, Consumption, and all the direful complaints caused by departing from the path of nature.

☞ This medicine is a simple vegetable extract and one on which all can rely, as it has been used in our practice for many years, and with thousands it has failed in a single case. Its curative powers have been sufficient to gain victory over the most stubborn cases.

☞ To those who have tried with their constitution, until they think themselves beyond the reach of medical aid, we would say, *Despair not!* the CHEROKEE CURE will restore you to health and vigor, and after all quack doctors have failed!

☞ For full particulars, get a circular from any drug store in the country, or write the proprietors, who will mail free to any one desiring the same, a full treatment in pamphlet form.

☞ Price, $2 per bottle or three bottles for $5, and forwarded by express to all parts of the world.

Sold by all respectable druggists everywhere.

DR. W. R. MERWIN & CO., Sole Proprietors,
No. 59 Liberty street, New York.

DR. WRIGHT'S
REJUVENATING ELIXIR,
OR ESSENCE OF LIFE.

Prepared from Pure Vegetable Extracts,

Containing nothing injurious to the most delicate.

The Rejuvenating Elixir is the result of modern discoveries in the Vegetable kingdom; being an entirely new and extraordinary method of cure, irrespective of all the old and worn-out systems.

This medicine has been tested by the most eminent medical men of the day, and by them pronounced to be one of the greatest medical discoveries of the age.

One bottle will cure General Debility.
A few doses cure Hysterics in females.
One bottle cures Palpitation of the Heart.
A few doses restore the organs of generation.
From one to three bottles restore the manliness and full vigor of youth.
A few doses restore the appetite.
Three bottles cure the worst case of Impotency.
A few doses cure the low spirited.
One bottle restores mental power.
A few doses bring the rose to the cheek.

This medicine restores to manly vigor and robust health the poor debilitated, worn-down and despairing devotee of sensual pleasure.

The listless enervated youth, the over-tasked man of business, the victim of nervous depression, the individual suffering from general debility, or from weakness of a single organ, will all find immediate and permanent relief by the use of this Elixir or Essence of Life.

☞ Price, $2 per bottle, or three bottles for $5, and forwarded by express, on receipt of money, to any address.

Sold by all druggists everywhere.

No. 59 Liberty street, New York.

CHEROKEE PILLS!
SUGAR-COATED.
FEMALE REGULATOR.
Health Preserver!!
CERTAIN AND SAFE.

☞ For the Removal of Obstructions, and the Insurance of Regularity in the Recurrence of the Monthly Periods.

They cure or obviate those numerous diseases that spring from irregularity, by removing the irregularity itself.

They cure Suppressed, Excessive and Painful Menstruation.

They cure Green Sickness (Chlorosis).

They cure Nervous and Spinal Affections, pains in the back and lower parts of the body, Hyainess, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysteria, Sick Headache, Giddiness, &c., &c. In a word, by removing the irregularity, they remove the cause and with it all the effects that spring from it.

Composed of simple vegetable extracts, they contain nothing deleterious to any constitution, however delicate, their effects being so substantate strength for weakness, which, when properly used, they never fail to do.

They may be safely used at any age and at any period, *except during the first three months*, during which the unfailing nature of their action would infallibly prevent pregnancy.

☞ Price $1 per box, or six boxes for $5.

THE MAGEE
COOKING STOVE.

The subscriber, having received his Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the casting being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and tea-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes. When the Stove is used with the fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling so often.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We would refer to the following purchasers:

Portsmouth.

MAGEE COOK.

Also on hand an assortment of the different sizes

—of the—

MAGEE PARLOR STOVE

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"
VENTILATING & AIR-WARMING
FURNACES.

The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable furnace, would call those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pots is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objection aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The communicating passes being lighter than air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of air of the right quality, thus producing them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a great amount of the best generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert R. Hough, Esq.,
Aaron H. Hill, Charles H. Mendum,
Henry F. Wendell, John Rice, and others.

Gray's Patent Molded Collars

Have now been before the public for nearly a year. They are universally pronounced the neatest and most economical extant.

The upper edge presents a perfect curve, free from the angles noticed in all other collars.

The rear at causes no puckers on the inside of the turn-down collar—they are AS SMOOTH INSIDE AS OUTSIDE—and therefore perfectly free and easy to the neck.

The Garotte Collar has a smooth and evenly finished edge on BOTH SIDES.

These Collars are not simply flat pieces of paper cut in the form of a collar, but are MOLDED AND SHAPED TO FIT THE NECK.

They are made in "Novelty" (or turn-down) style, in every half size from 12 to 17 inches, and in "Eureka" (Garotte), from 13 to 17 inches; and packed in "solid sizes" in neat blue cartons, containing 100 each; also in smaller ones of 10 each, the latter a very handy package for Travellers, Army and Navy Officers.

EVERY COLLAR is stamped
"Gray's Patent Molded Collar."

Sold by all dealers in Men's Furnishing Goods. The Trade supplied by

HATCH, JOHNSON & CO.,

The Chronicle.

THE SIAMESE TWINS.—A correspondent of the Macon (Ga.) Telegraph, who lately visited the Siamese Twins, gives the following account of them:

Your readers have no doubt seen these remarkable individuals, the Siamese Twins, but few of them, perhaps, have been to their houses and seen them in their domestic relations. Though united by a ligament as strong as life itself they live a mile apart —spending alternately three days at one and the other house—and allowing no circumstance to defer their departure from the one to the other house when the regular time arrives. The one at whose house you visit them leads the conversation and acts master of ceremonies, while the other speaks only as occasion or politeness may require. One has eight and the other nine children, but one of whom is in the war, the rest being girls and little boys. The twins are good neighbors, intelligent men, and thoroughly partiotic. They are, to all appearances, two separate and different men, with very little social resemblance, and a marked contrast of character. Eng is much the more positive, self-willed and uncompromising. They are seldom both sick at the same time. Why should death result from a separation of persons so unlike, and so little subject to be afflicted by each other's infirmities?

HORRIBLE DEATH FROM WEARING HOOPS.—Among a party of friends who had gone last Monday on a visit of inspection to the biscuit factory of Messrs. Joseph Robinson and Co., in London City, was Miss Mary Nelson, and she was accompanied by Mr. Burrows, to whom she was to have been married within a few weeks. The party had not been more than two minutes in the mill, and were still examining the basement story, when a piercing shriek from Miss Nelson, who had tarried slightly in the rear, made them pause in terror. Her attention had been attracted by an Archimedean screw, which was fenced by a brass rod breast high—but, when she stooped to look at it, her expanded skirts were caught by the machinery, and when her friends turned to look at her it was rapidly drawing her into its grasp. Mr. Burrows clasped his betrothed around the waist, and strove to draw her back—but the steel of her hoops had been clutched by the wheels, and all his efforts were powerless. The engine dragged her out of her lover's arms, and whirled her round and round before his eyes; all her limbs were shivered into fragments, and her body was lacerated and mangled almost out of human semblance.—*London Star.*

— The "blind quartette club" are giving concerts in New Jersey.

— Cats, which so disturb the inhabitants of civilized countries by their midnight "caterwaul," are in their wild state in South America, quite silent. What a pity it is they are not all wild.

— It is astonishing how high "the boys" have worked their way up. We have the Pioneer Boy, the Tanner Boy, the Ferry Boy, the Bobbin Boy, the Tailor Boy, the Cobbler Boy, the—but that's enough to mention now.

— A grand crystal cavern, 1,000 feet below the surface of the earth, has been discovered near St. Maurice, in the Canton of Vaud, Switzerland. It is approached by a boat on a subterranean lake, and is said to be very beautiful.

— After several years sojourn in San Francisco music halls, Mme. Biccaccianti has finally quitted that city's free-and-easy saloons, in company with Mr. and Mrs. O. R. Thorne, Mr. and Mrs. Edwin Thorne, and Mr. and Mrs. Thomas Thorne, on a professional expedition to China, the Flowery Land, now devasted by civil war. She will therefore flourish in song, a full-blown rose among thorns.

Ayer's Sarsaparilla

Is a concentrated extract of the choice root, so combined with other substances of still greater alterative power as to afford an effectual antidote for diseases Sarsaparilla is required to cure. Such a remedy is surely wanted by those who suffer from strumous complaints, and that one which will accomplish their cure must prove, as the last, of immense service to this large class of our afflicted fellow citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found in the following complaints:—

Scrofula, Scrofulous Swellings and Sores, Skin Diseases, Pimples, Pustules, Blotches, Eruptions, St. Anthony's fire, Rose or Erysipelas, Tetter or Salt Rheum, Scald Head, Ringworm, &c.

Syphilis or Venereal Disease is expelled from the system by the prolonged use of this SARSAPARILLA, and the patient is left in comparative health.

Female Diseases are caused by Scrofula in the blood, and are often soon cured by this EXTRACT OF SARSAPARILLA.

Do not discard this invaluable medicine, because you have been imposed upon by something pretending to be Sarsaparilla, while it was not.—When you have used AYER'S—then, and not till then, will you know the virtues of Sarsaparilla.—For minute particulars of the diseases it cures, we refer you to Ayer's American Almanac, which the Agents below named will furnish gratis to all who call for it.

AYER'S CATHARTIC PILLS, for the cure of Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Headache, Piles, Rheumatism, Heartburn arising from Disordered Stomach, Pain or Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Liver Complaint, Dropsy, Worms, Gout, Neuralgia, and for a Dinner Pill.

They are sugar coated, so that the most sensitive can take them pleasantly,—and they are the best Aperient in the world for all the purposes of a family physic.

Prepared by J. C. AYER & Co., Lowell, Mass., and sold by Brackett Hutchings, J. H. Thacher, W. H. Preston, David Kimball, and all druggists.

E. A. STEVENS,
NO. 46 MARKET STREET.

AN UNUSUALLY LARGE STOCK
OF EVERY KIND
—OF—
KITCHEN FURNISHING GOODS,

The Virtues and Advantages
—OF—
SCHOOLEY'S
NEW IMPROVED
REFRIGERATORS
ARE:

1. We produce greater cold from less ice than any other Refrigerator ever invented.
2. We have double the cooling power at a less cost.
3. Complete and perfect ventilation.
4. Dry, cold air.
5. Sweet smelling, free from moisture, mold or must.
6. One article will not partake of the taste or smell of another, as is always the case in every other Refrigerator.
7. Any kind of perishable food can be preserved almost any length of time.
8. The Provision Chamber can easily be kept clean and sweet, as no moisture is ever deposited on its sides as in all other kinds.
9. The mechanical structure of our Refrigerators will compare with any of the best made household furniture.
10. Our prices are more reasonable than any other Refrigerator now offered for sale.
11. A perfectly uniform temperature, so that every portion of the Refrigerator can be used at the same time.
12. A constant change of air is secured in the Provision Chamber, without any unnecessary waste of ice, or loss of air already cooled.

An assortment of the above, with common Upright and Chest Refrigerators, for sale at the old prices, notwithstanding an advance of 15 per ct. has been made by the manufacturers on the 19th inst. Terms Cash. E. A. STEVENS.

Gas Fixtures.

Persons who desire to have any repairs or alterations made in Gas Pipes or Fixtures, are requested to send in their orders at once. The work can be done much more promptly now than later in the season. E. A. STEVENS.

"A Stitch in Time Saves Nine."

All Furnaces, Stoves and Funnels should be thoroughly cleaned out and put in order, as soon as fires are done being made in them. If allowed to remain filled with ashes and soot through the summer, they will decay very rapidly, and useless expense be incurred.

A full supply of Linings and Repair Pieces constantly on hand, and all orders attended to with dispatch. E. A. STEVENS.

HALEY, MORSE & BOYDEN'S
SELF-ADJUSTING
CLOTHES WRINGER.
THE BEST IN THE WORLD.

Over 40,000 have been sold by the manufacturer in a little more than two years—nearly 400 of them in Portsmouth and vicinity!

Buy one and try it—if not perfectly satisfactory the money will be refunded.

Facts for the People.

The enormous rise in price of Iron, Coal and Labor, has caused manufacturers to advance the price of STOVES and Castings several times since the war began; and it is now arranged to make a general advance of 25 to 50 per cent. this season.

We have not yet raised the price of Stoves in proportion to their increased cost, but shall be compelled to do so very shortly. Persons who expect to purchase anything in the Stove and Furnace line within a year or two, will save money by doing so at once. The price of a Stove is not so much an object, now, as its capacity and the cost of operating it. All things considered, there is no Stove equal to

THE MODEL COOK.
IT IS, IN FACT,
The Best Stove Out,

for economy, convenience and dispatch.

Many people think it best to use an old stove as long as possible, but it is far better to throw it away and purchase a MODEL COOK, than to keep it at the present high price of fuel.

One of our shrewdest citizens who purchased a MODEL COOK STOVE a year since, says he has saved more than its cost already.

A careful, prudent farmer purchased one, and after it had been in operation some days his son came into the stove and said, "something was wrong at their house;" his father and himself used wood off the same pile, he burned three barrels of it a day, and his father only one! We sold him a Stove before he left, and there has been no complaint since.

These Stoves are in use in many hotels and boarding houses, and in hundreds of private families in this city and vicinity, and give the best of satisfaction.

Morning Chronicle.

Portsmouth, N. H.

WEDNESDAY, JUNE 29, 1864.

THE REBELLION.

Sec. Stanton on Tuesday forwarded another bulletin. All the railroads leading into Richmond are destroyed,—some of them badly. The Secretary states that Gen. Sherman reports an unsuccessful attack, at noon, June 27, on the enemy's position. Gen. McPherson attacked at the southwest end of Kennesaw, and General Thomas about a mile further south, while skirmishers and artillery along the whole line kept up a sharp fire. Neither attack succeeded, though both columns reached the enemy's works, which are very strong. Gen. McPherson reports his loss at about 500, and Gen. Thomas about 2000. The loss is particularly heavy in general and field officers Gen. Hooker is reported mortally wounded. We took about 200 prisoners, but the enemy kept close behind his parapets and did not suffer very heavily.

The N. Y. Herald's Fortress Monroe correspondent states that Gen. Palmer's expedition into North Carolina has met with unexpected success, having destroyed the Wilmington and North Carolina railroad, an immense amount of Government stores, captured a large number of prisoners, and inflicted much other damage on the rebels.

600 of Magruder's men attacked two companies near the mouth of White river on the 23d, but after a severe fight were driven from the field with a loss of 24 killed and wounded. Our loss was 1 killed and 5 wounded.

Pillow with 3000 rebels, demanded the surrender, on the 24th, of Lafayette, Ga., garrisoned by 400 Union troops. Being refused, he surrounded the town, but reinforcements coming up he was driven off, leaving 100 killed and wounded on the field.

Marmaduke is said to be marching on Little Rock, Ark.

THE VIRGINIA CAMPAIGN.

On Saturday the rebels made an attack upon Gen. Butler's entrenchments but were driven off. On the same day they attacked Gen. Sheridan's rear and captured a few men. A brigade of infantry was sent to protect him, and he crossed the James river successfully with his entire train. During the night the rebels made an attack on our pickets at about the centre of our line, as they were being relieved, but were repulsed with little or no loss to our troops. Over 2000 rebel prisoners have been received at Point Lookout during the past ten days,—a large number of them from Petersburg.

The New York Times' dispatch, 24th, says the rebels appear to be making a general movement to our left. Portions of the 5th and 6th corps have been moved to counteract any sudden demonstration. The Weldon road has not been used by the rebels for several days. The Petersburg papers say the Danville Railroad was cut by Gen. Hunter on Sunday, and speak of him as being at Salem.

NEW HAMPSHIRE ITEMS.

—— The famous clarionetist Carl Krebs, a leader of the Wilton Cornet Band.

—— Dr Rockwood E. Mathew of Marlow, Cheshire county, an accomplished young physician, drawn in the current draft, and accepted, has received from the Governor the commission of assistant surgeon in the 14th regiment.

—— The Mirror mentions a rumor that Cos. A and H of the 11th regiment have been captured by the rebels.

—— Capt E. Dodge, 13th, of Rollinsford, died, June 22d, from his wounds, at the Chesapeake Hospital.

—— Dr. E. L. Carr, of Pittsfield, N. H., has been appointed an Assistant Surgeon in the 21st Mass. regiment.

—— Last week a little son of Mr. Caleb B. Stevens, of Sunapee, died suddenly from eating the phosphorus off the ends of friction matches.

THE DANISH QUESTION.—The Austrian Gazette says the British Cabinet vehemently opposes the line of demarcation proposed by the German Powers, and threaten warlike demonstrations.

The Copenhagen Dagbladet says the Danish Minister at St. Petersburg had left with the Russian proposal to re-establish Schlewig-Holstein with the Danish monarcy, which is incompatible with the rights and honor of Denmark. No Danish King can listen to such a proposal and not sacrifice the national independence.

The Memorial Diplomatique asserts that Earl Russell has communicated to Count Apogue the Danish note announcing the resumption of hostilities on the 12th, should the belligerents not previously have come to an understanding. Earl Russell intimated that should the Austrian fleet proceed to the Baltic when hostilities were resumed, England would be compelled to send a fleet there also.

THE PRESIDENT'S VISIT TO THE ARMY.—The New York Herald's letter respecting the recent visit of the President to Gen. Grant's headquarters, bears date City Point, June 24,

"Yesterday about one o'clock a long, gaunt, bony man, with a queer admixture of the comical and doleful in his countenance that reminded one of a professional undertaker cracking a dry joke, undertook to reach the General's tent by scrambling through a hedgerow and coming in the back way alone. He was stopped by one of the hostlers, and told to 'keep out of here.' The individual in black replied that he thought Gen. Grant would allow him inside, and strode ahead. 'You'll damned soon find out,' was yelled in reply. On reaching the guard he was stopped with, 'No sanitary folks allowed inside.' After some parleying the intruder was compelled to give his name and announced himself to be Abraham Lincoln, President of the United States, desiring an interview with Gen. Grant. The guard saluted and allowed him to pass. Gen. Grant recognized him as he stepped under the large 'fly' in front of his tent, rose and shook hands with him cordially, and then introduced him to such members of the staff as were present and unacquainted. It was ascertained that the President had just arrived on the City of Baltimore, and was accompanied by his son 'Tad,' Assistant Secretary of the Navy Fox, Mr. Chadwick, proprietor of Willard's Hotel, and a marine guard. The conversation soon took a wide, free-and easy range until dinner was announced. The President was duly seated, ate much as other mortals, managed to ring in three favorite jokes during the meal, under the plea of illustrating the topics discussed, and kept every one on the gui vive for others till the party rose.

He was very naturally desirous of riding to the front, so, at four o'clock horses were brought up and, accompanied by a large portion of the staff and escort, the party rode to the headquarters of Gen. Wright, commanding the Sixth corps, where Gen. Meade and staff met them. The location commands as good a view of Petersburg as can yet be obtained from our lines. Maps were brought out, the position of the army explained, its future operations discussed, the enemy's works on the opposite side of the Appomattox inspected, and after a stay of an hour and a half the party started on its return to headquarters. On the way out many persons recognized the President's physognomy. The news soon spread, and on the return ride the roads were lined in many places with weather beaten veterans, anxious to catch a glimpse of Old Abe. One cavalry private recognized him on the road. Mr. Lincoln shook him by the hand like an old acquaintance, to the infinite admiration of the bystanders.

Perhaps the noticeable feature of the ride was the passing of a brigade of negro troops. The troops were lounging by the roadside, but seemed to know by instinct who was approaching. They came rushing, and almost to the horses' feet, by hundreds, screaming, yelling, shouting, 'Hurrah for the Liberator!' 'Hurrah for the President!' and were perfectly wild with excitement and delight. It was a spontaneous outburst of genuine love and affection for the man they look upon as their 'deliverer from bondage,' and their wild huzzahs were perfectly deafening. The President uncovered as he rode through their ranks, and bowed on every hand to his sable admirers. The cavalcade arrived at headquarters about 9 o'clock, took tea and chatted a short time, when the visitors departed to their staterooms on the steamboat."

☞ The Boston Commercial Bulletin, one of the most practical and common sense papers, urges and re-urges that sailboats instead of stone or iron ballast, should have small casks or breakers filled with water for that purpose, that in the event of a capsize, so far from sinking her like stones or iron, they would aid to keep her afloat. This rule is very simple and less expensive than iron.

They also advise those who seek pleasure on water to put on life-preservers before they leave the shore, and asks of parents that they do not permit their children to go on the water in sailboats without providing them with life-belts. These can be easily obtained at a trifling cost, and may be the means of saving life in the event of accident.

— The Czar has visited Louis Napoleon incog.

— The price of gas is again to be raised in Boston July 1.

— We have 51,000 prisoners in our hands yet.

— John M. Clay's $25,000 race horse was stolen by Morgan's raiders.

— The rate of taxation in Salisbury, Mass., this year is but $8.60 on the thousand—one of the lowest in that State.

—Lee has been made General-in-Chief of all the Confederate armies, in imitation of Grant's position.

— The Boston Journal says the Christian Commission is in want of good delegates to serve four and six weeks.

— The minimum rate of discount at the Bank of England has been reduced to 6 per cent.

— Eight hundred Mormons, just arrived from Europe, left New York Friday night for Utah.

— The Alabama was reported at Cherbourg on the 13th and the Kearsage in the Flushing Roads on the 14th.

— The House on Monday again refused to abolish Commutaion. Indications are, however, that it will yet be stricken out.

— The Oram tribes of Algiers, which have been in a state of insurrection, are making overtures to France for submission.

THE N. H. S. A. ASSOCIATION AND THE MILITARY STATE AGENCY.—At a meeting of the New Hampshire Soldiers' Aid Association, held at Washington on Friday evening, June 24, the following preamble and resolutions were unanimously adopted:

Whereas The New Hampshire State Agt agrees to turn over to the New Hampshire Soldiers' Aid Association, unless otherwise expressly directed by the donors, such funds and supplies as he has on hand, or shall receive, for the benefit of New Hampshire soldiers, therefore

Resolved, That the present State Agent shall be Chairman of the Executive Committee of the New Hampshire Soldiers' Aid Association; that he shall be invited to make his headquarters at its rooms, and to use them for office and storage; and that he shall be furnished with money and supplies for the relief of the New Hampshire soldiers, at the discretion of a majority of a quorum of the Executive Committee—the Agent to render his accounts monthly to the Association, with the proper vouchers for the disbursement of such money and supplies.

The Association also

Resolved, That the Committee heretofore appointed to solicit subscriptions for the N. H. S. A. Association, consisting of A. J. Fogg and S. M. Wilcox of Rockingham; W. Hamlin and E. A. Rollins of Strafford; J. D. Stevens and J. T. Pike of Belknap; H. C. Harmon and J. H. Hobbs of Carroll; Hon. N. G. Ordway and Major H. McFarland of Merrimac; J. C. Tasker, F. H. Morgan and W. B. Gove of Hillsborough; Col. T. A. Barker, Dr. E. A. Kemp and C. H. Woods of Cheshire; H. W. Rowell, J. H. Hildreth, J. L. Carlton and C. G. Morgan of Grafton; Major W. H. H. Allen and W. H. Heywood of Sullivan; and Col. H. O. Kent of Coos—be requested to continue their efforts in aid of New Hampshire soldiers, and they are hereby accredited as the authorized agents to solicit contributions for the Association in the various districts to which they were assigned.

Resolved, That with feelings of gratitude the Association tenders its heartfelt thanks to the noble men and women of New Hampshire for the generous and timely contributions which have lately been entrusted to its care, in answer to the appeal of the aforesaid committee.

Resolved, That while the Association desires to bear testimony to the efficiency and usefulness of the Sanitary and Christian Commissions, it feels that the N. H. S. A. Association, combining, as it does, the earnest efforts of nearly one hundred men now resident in Washington, can better distribute with its own willing hands a portion of the numerous contributions from New Hampshire than any other agency.

Resolved therefore, That the N. H. S. A. Association earnestly request such aid from New Hampshire as her brave soldiers demand.

JAS. D. STEVENS,
Cor. Sec. N. H. S. A. A.

— The harvest is not equal to that of last year in England.

— At last accounts (June 15) the confederate loan was selling in London at from 63 to 66 cents.

— Officers of the revenue seized 100,000 cigars at Weiner's Hotel in New York, on Saturday, which had been brought ashore from the Spanish frigates recently arrived at that port from Havana.

— A gentleman well acquainted with both states that when Grant was first proposed as lieutenant general, and he heard of it, he took his cigar from his lips and said, "Sherman ought to have that."

— Our iron-clads building in the Eastern Department have been placed in charge of Rear Admiral Gregory; those west of the Alleghanies under Chief Engineer James W. King. This supervision is said to be security against future blundering and fraud.

— The pirate Semmes publishes in the London Times a lengthy justification of the destruction of prizes, the British Government having refused to let them into ports for adjudication. He has destroyed the bark Tycoon, New York for San Francisco.

— The oldest person in Newburyport is Mrs. Susanna Currier, relict of Samuel Currier, who was born in that city in 1767, which makes her age ninety-seven; and she is still hale and vigorous. She has great-great grandchildren, in all five generations.

— Joshua Coffin, Esq., the historian of Newbury, well known as an antiquarian of much research, died suddenly, on Thursday night, at the age of 73 years. He expired in the house where he was born, and where his ancestors had resided for two hundred years.

— A Doughnut Match is added to the 4th of July programme, at Winsted, Ct. Six doughnuts are to be suspended upon pins, six feet from the ground, and the competitors with hands tied go at them. The man that eats one first takes the prize of three dollars.

— An escaped inhabitant of Petersburg reports that upon the arrival of Lee, on Wednesday night, he remarked, as he surveyed the position on the crest of the hill overlooking Petersburg, just wrested from his troops: "To retake that hill will need sterner fighting than we have ever had. But it must be done."

— The pirate Alabama arrived at Cherbourg June 11th. She was admitted to free pratique, and landed 40 prisoners, the crews of two Federal vessels, names not mentioned. The Alabama was to be permitted to make extensive repairs at Cherbourg.

— A Dutchman describes New York as "berry fine people, who go apout der streets scheating each oder, and dey call dat pizzicness."

— The new station on the Eastern Railroad at Swampscott was opened for use on Monday last. It is admirably adapted to the purposes for which it was erected.

— Mrs. David Hood, of Salem, Mass., drowned herself on Monday morning. She was about 35 years old, and leaves a husband and four children.

— Bermuda advices report the arrival of five steamers from Wilmington during the week ending on the 11th, loaded with cotton and tobacco.

— A full list of the volunteer officers during the war, with a statement of the casualties, etc., is to be printed in the Army Register.

— The Senate has passed the bill to regulate the distribution of prize money. Also the joint resolution for increasing temporarily the duties on imports.

— Tom Hyer, who has just died at the age of 45, in his day was regarded as one of the handsomest men that walked Broadway, a perfect model of an athlete.

Provost Marshal's Office,
PORTSMOUTH, N. H., June 28th, 1864.

Notice is hereby given, that *any person* enrolled may appear before the Board of Enrollment at this office, and claim to have a name (his own or another's) stricken off the list, if he can show to the satisfaction of the Board that the person named is not properly enrolled, on account of 1st, *Alienage*, 2d, *Non-residence*, 3d, *Overage*, 4th, *Permanent physical disability*, of such a degree as to render the person not a proper subject for enrollment under the Law and Regulations.

Civil officers, clergymen, and all other prominent citizens are invited to appear at all times before the Board, to point out errors in the lists, and to give such information in their possession as may aid in the correction and revision thereof.

NATHANIEL WIGGIN,
Captain and Provost Marshal
First Cong. Dist., N. H.

SIGNING THE COMPACT

IN THE CABIN OF THE MAYFLOWER.

Painted by EDWIN WHITE, N. A. Engraved in the highest style by GEO. E. PERINE.

Size of Print, 33 by 24 inches. **Price, $5.**

Every one who reveres the memory of the Pilgrim Fathers will desire to own and study this beautiful picture.—*Boston Journal.*

There are few subjects of deeper historical interest to the children of the Pilgrims, and we can not doubt that it will be widely welcomed and treasured.—*New York Tribune.*

This splendid print is worthy of a place in every house. All the details of the picture may be studied on as faithful.—*Boston Traveller.*

The above engraving will be sold exclusively by subscription.

Agents Wanted in every town and county, to whom the most liberal inducements will be offered, and exclusive territory given.

Address E. R. PELTON, Publisher,
Je29—2t&w1t 5 Beekman St., New York.

VERNATELLA.

Warranted to make the Soles of Boots and Shoes water and dampness proof, and wear one-third longer.

VERNATELLA

Is a preparation from Copper, having no grease, linseed oil, or anything of the kind, and when the soles are once saturated with it, water can no more get through them than through copper itself.

Price 25 Cents Per Bottle,
at retail everywhere.

But its cost to the purchaser is really NOTHING, as it makes the soles wear enough longer to more than pay for it, leaving as a net gain the making of them Water and Dampness Proof, and the preservation thereby of that priceless gem, the health.

☞ LADIES, READ THIS! ☜

SAVE YOUR HEALTH.

Use Vernatella on the Soles of your Shoes. It makes them water proof and thereby protects your feet from dampness, for the ground is always more or less moist, either from rain or the morning and evening dew.

At wholesale in Boston by Geo. C. Goodwin & Co., 38 Hanover street; S. M. Colcord & Co., 80 Hanover st.; M. S. Burr & Co., 30 Tremont st.; Carter, Rust & Co., 42 Hanover st.; and Wholesale Druggists generally. Also, by all the principal dealers in Boots and Shoes.

Manufactured in the Chemical Department of **The Cahoon Manufacturing Company.**

Coal $14.00 Per Ton!

MONEY SAVED BY USING EDDY'S PATENT

KEROSENE COOKING STOVE.

By the use of two or more burners sufficient heat is obtained for doing most of the cooking for a family, at a very small expense and with great facility.

Economy is perhaps their greatest recommendation in these times of high prices of Coal, for with one of these Stoves ten may be prepared for a family at a cost for fuel not exceeding One Cent, and dinner not exceeding Two Cents.

They are portable, and burn without smoke or odor, hence they may be used in any part of the house.

Call and see one in operation, at No 12 Market street. Sole Agents for Portsmouth,

J. W. & A. STAVERS.

Also, Dealers in Crockery, Glass Ware, Room Papers, Lamps, Window Shades, Boots, Shoes, and Fancy Goods. Je16

Patients furnished with board and experienced nurses. Boston, June 7, 1864.—sp1y 8aw

"A Wonderful Discovery."
DR. TEBBETS' "PHYSIOLOGICAL HAIR REGENERATOR" is compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "Dye," and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth of new Hair in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off and removes all dandruff, heat, humors and itching from the scalp. It keeps the hair soft, moist and perfectly healthy; makes it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "REGENERATOR" is warranted to produce the above results in all cases, if not the money to be refunded. Will it every "GRAY HEAD" in New England can be restored in less than sixty days.

PORTSMOUTH CORNET BAND.—Is there any reason why we can't have that series of out-door Concerts by the Band, which has been so long talked about? Yes, there *has been* just one reason, and that was because nobody has yet taken hold of the matter and raised the funds. We have not the least doubt but that three hundred dollars or more can be easily raised for ten or twelve such desirable entertainments—a couple of which, sure, we ought to have about the fourth of July. [We suppose the city itself will, as usual, employ the Band on the evening of that day.]

Last year, a subscription was started at Mr. Preston's for the purpose; and the $50 on that paper is no doubt all "good" for this year, and perhaps some of the subscriptions will be increased. An opportunity will immediately be given all interested, to aid the project, and thus encourage our Band which so well deserves it, and at the same time provide some most enjoyable public entertainments.

Let all who really feel an interest in this matter, do something for it at once—by putting their names on the subscription paper at Mr. Preston's. Don't wait, and say and feel that you wish to *have* it done, but go and help *do* it. It will be too late when the Band is discouraged and dissolved—which would indeed be a public calamity. Stand not on the order of your going, but go at once to Preston's; and let us have the first concert, early next week. F.

U. S. COMMISSIONER'S COURT.—On Monday, John Grimshaw, who keeps a hotel in Bridge street, was brought up before U. S. Commissioner W. H. Y. Hackett on an accusation of having committed perjury in relation to the domicile of George F. Dennett, of Portsmouth, by means of which he was received as a substitute in Boston, and sent to Gen. Grant's army. Precept was issued by a U. S. Commissioner in Boston against him, he having absconded into this State after having committed the alleged offence. He was ordered to recognize in the sum of $1000 for his appearance before the Commissioner in Boston on the 5th of July, in default of doing which he was committed to jail.

The same John Grimshaw was brought up charged with aiding John Sullivan to desert from the U. S. Marine service. The evidence was that Sullivan slept at Grimshaw's house, and was seen there on the night of Friday—the day on which he deserted,—and also on the next morning; and that Grimshaw carried him early on Saturday morning in a gig to the Greenland station on the Eastern railroad, where both of them took the first train to Boston, and both left the train at Somerville. Grimshaw returned Saturday night, was arrested Monday morning, examined before Comr Hackett, and neglecting to find sureties in the sum of $1000 for his appearance before the U. S. Circuit Court at Exeter in October next, was committed to jail.

On Tuesday, John Dixon of Portsmouth and James Clark of New York were brought up on a charge of tempting six U. S. Marines to desert from the Navy Yard. They were found at midnight on Thursday last, the time fixed for the marines to desert,—in separate boats near the Navy Yard landing. The soldiers were kept in their quarters, and four persons went down, representing the would-be deserters. Having taken these on board, they started for Portsmouth, but Capt. Hebb, one of the four somewhat peremptorily, aided by a revolver, persuaded them to return to the Yard—on arriving at which it was found that they had in their boats portions of six suits of citizens' clothes, intended for the use of the deserters, a part of which clothing was identified as having been worn by one of the would-be deserters when enlisted—a week ago. They were ordered to recognize in the sum of $1000 for their appearance before the U. S. Circuit Court at Portland on the 1st of October next.

POLICE COURT, Tuesday.—Some evenings since a resident of this city while standing on the sidewalk on Congress street was directed by one of the City Police to move along, and refusing was put off from the sidewalk. Complaint was made against him by the officer, and he was brought before the Police Court the next morning, when the case was continued until Tuesday, June 28. He was then ordered to pay a fine of $2. and costs $4.63, and appealed.

At the time this affair occurred three of our city police had been put on special duty at $2. per day each, to preserve order on the streets, &c., as there seemed to be special call for such action on the part of the authorities, there being many strangers in the city at the time, and some disturbances having occurred.

☞ We learn that orders have been received at the Portsmouth Navy Yard to build three large steamers, and that the work on two of them—the Illinois and the Piscataqua—has already commenced.

☞ Prof. Gardner, the celebrated New England Soap Man and Orator, arrived in town last evening.

☞ At a special meeting of the Board of Aldermen on Tuesday afternoon, it was voted that, it having been represented to the Board that a resident of this city had died of disease contracted on board the infected ship De Soto since she has been at the Navy Yard,—1st, that Com. Parson be requested to have the ship removed to the quarantine grounds, to be cleansed and purified by the Board of Health; 2d, that that Board be directed to notify the Commandant of the Yard that no person employed on board the De Soto will be allowed to come within the limits of this city; 3d, that any person visiting, without permission of the Health Officers, a vessel in quarantine, or the limits appointed for the reception of infected persons and property on shore, shall be considered as infected and held to undergo purification, the same as those performing quarantine; and 4th, that the Board of Health be directed to cause this vote to be carried into effect, and that the Chairman of the Board of Aldermen be authorized to compel the enforcement of the same.

☞ The Rev. Mr. Hinman, Missionary to the Sioux and Dacotah Indians, will preach this evening at 8 o'clock in St. John's chapel, in State street. Mr. Hinman proposes soon to return to his mission and will make a collection on its behalf.

☞ In the list of patents issued for the week ending June 21st, is one for William Stacey, of Kittery, for improved mode of preventing milldew in canvas cloth, &c.

— The Boston Post thinks that at present prices a moderate sized strawberry bed is enough for a large family to retire on.

— The Messrs. Smith, of Boston, now at Fort Warren, have been bailed at $20,000 each. The original sum, $500,000, at which bail was placed, was readily obtained among the Boston merchants.

— A letter from Senator Richardson expresses the opinion that Fernando Wood's movements are calculated to aid Mr. Lincoln's re-election, and the Boston Post says: "we believe they are designed to accomplish that end."

MARRIAGES.

In Exeter, June 24, HENRY L. MORGAN, of Sherman, Me., to Miss JULIA A. HEATH, of Stratham.

DEATHS.

Sch M. B. Mahoney, Macomber, hence, arr Portland 27th.

BUSINESS NOTICES.

SOLDIERS TO THE RESCUE!—Young men, rushing into the exposures and dangers of a soldier's life, should prepare themselves for the fatal fevers, the dysentery, the sores and scurvy, which are almost certain to follow. Holloway's Pills, used occasionally during the campaign, will insure sound health to every man.

If the reader of this "notice" cannot get a box of Pills or Ointment from the drug store in his place, let him write to me, 80 Maiden Lane, enclosing the amount, and I will mail a box free of expense. Many dealers will not keep my medicines on hand because they cannot make as much profit as on other persons' make. 25 cents, 88 cents, and $1.40 per box or pot. 214

CHRONICLE NOTICE.—All bills are expected to be settled July 1st; after which date no contract for yearly advertising will be considered as including copies of the Chronicle—which will *in all cases* be charged 36 per year, payable in advance—and any special agreement heretofore made to the contrary, will terminate at that time. Chronicle, 36 per year, or 50 cts. per month, in advance; 15 cts. per week; 3 cts. per copy.

All interested will please take notice. June 28.

He is the happiest who does most to make others happy. The inventor of Herrick Allen's Gold Medal Saleratus must be the happiest man in existence, for we hazard nothing in saying that the use of the Gold Medal Saleratus is almost equal to a happy household. Our better half says she does not fear of our ever frowning, as long as she can get the genuine Herrick Allen's. We say success to the inventor, and if everybody knew how good it is, no other would be used. A good many of our Merchants have it. Their depot is 112 Liberty Street, New York.

Smith's Catarrh Snuff.
For the cure and immediate relief of Catarrh, Colds in the Head, Dryness of the Air Passages, &c.
This Snuff does not sneeze one in inhaling it. It will break up a Cold in the Head in a few minutes. It is softening and soothing in its effects. Every one, as far as is known, is satisfied with its results. The large demand it is having, by the gross and dozen, shows its value. The Proprietor was cured last winter of Catarrh of many years standing, with his "Catarrh Snuff," and the cure is PERMANENT.
For sale in Portsmouth by the THACHERS and PRESTON, Druggists, and by A. A. PAYNE and WELLS, Grocers.

MASON & HAMLIN'S
CABINET ORGANS,
Combining the requisites for Sacred and Secular, Church and Parlor Music, for Families, Sunday Schools, Day Schools, Churches, &c.
They are elegant as pieces of furniture; occupy little space; are not liable to get out of order or out of tune; are warranted for five years; will improve in tone by age, and are moderate in cost.
They are to private houses, Sunday schools and smaller churches, what the larger pipe organs are to large churches, and in addition to this are adapted to secular as well as sacred music.
The Cabinet Organ is essentially different from, and a marked improvement upon, all instruments of the melodeon or harmonium kind. Its superiority consists in many important characteristics.
The undersigned, Agent for the Manufacturers, will be pleased to show the Cabinet Organs to all wishing to purchase, at his residence, NO. 30 HANOVER STREET.

LOT SKINNER'S ELEGY.

Lot Skinner was the meanest man
That ever saved his neck;
He grudged the very breath he drew,
As if it were a check.

When he was in the grocer line,
And turning fruit to gold,
He'd bite a raisin straight in halves
To make the weight be sold.

Day in and out, through heat and cold,
For thirty years or more,
He well observed the copper-mean,
And—something blessed his store.

He never gave a dime away,
He never lent a pound;
A sixpence saved rejoiced him more
Than taking sixpence in.

Of counterfeited bills he used
The best of every kind,
Which, in the way of trade, he kept
To swap off on the blind.

The poor came round his counter's edge,
And raised a feeble cry;
"Don't spoil so loud," the rogue exclaim'd,
"For I am always sigh."

"Be little things that make a pile,"—
(This maxim he could trust,)—
So when he sawed his pile of wood,
He always saved the chut.

He had but one book in the house,
And that he never read;
'Twas called "Economy of Life,"
And did him good he said.

He welcomed in the rising moon,—
'Twas such a cheerful sight,—
For then he'd blow the candle out,
And use the gratis light.

He liked in other people's pews
To settle meekly down,
And steal his prayers from here and there
By sneaking round the town.

Sometimes we saw a greenish smile
Coil up his bony face;
'Twas when the parson chose a theme
That spoke of saving grace.

At last it cost so much to live—
(Per day some twenty cents)—
"I won't stand this!" he huffy groaned,
And died to save expense.

Now having gone where all his means
Are shut up in a box,
He cannot lift the heavy lid
The careful sexton locks.

Adieu, thou scrap of lifeless clay!
Thou pale-ink human blot!
Thus let shall be thine epitaph—
"*An unprofitable Lot.*"

—[Boston Transcript.

SPEER'S

SAMBUCI WINE,

PURE AND FOUR YEARS OLD,

OF CHOICE OPORTO FRUIT,

For Physician's Use, Females, Weakly Persons and Invalids.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs have been beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture of manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by physicians and chemists as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, giving tone and appetite, and benefitting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, a healthy color to the cheeks, soft and healthy skin and complexion.

☞ None genuine unless the signature of "ALFRED SPEER, Passaic, N. J.," is over the cork of each bottle.

Make One Trial of this Wine.

For sale by W. R. Preston, Portsmouth. The trade in Boston supplied by G. C. Goodwin & Co. and Weeks & Potter.

A. SPEER, Proprietor; Vineyard, Passaic, N. J.; Office, 298 Broadway, N. Y. John LaFoy, Paris, Agent for France and Germany. my13

Important to the Afflicted.

DR. DOW continues to be consulted at his office, No. 2 and 9 ENDICOTT STREET, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of study and a large experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most obstinate cases of

GONORRHŒA AND SYPHILIS.

Beneath his treatment, all the horrors of venereal and impure blood, Impotency, Scrofula, Gleet, Strictures, Ulcers, pain and distress in the regions of generation, Inflammation of the Bladder and Kidneys, Hydrocele, Leucorrhœa, Gonorrhœa, Orchitis, Swelling and the long train of horrible symptoms attending this class of disease, are made to become as harmless as the simplest ailings of a child.

SEMINAL WEAKNESS.

Dr D., devotes a great part of his time to the treatment of this complaint, the prevalence and solitary habit which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the sad and melancholy effects produced by very habits of youth, are Weakness of the Back and limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Consumption, and all digestive functions, symptoms of Consumption, &c. The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, timidity, &c., are among the evils produced. Such persons should, before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving description of your case. Dr. Dow's Improved Genuine French Capsules, warranted the best preventive. Order by mail. Three for $1 and a red stamp.

Highly Important to Females

IN DELICATE HEALTH.

DR. DOW, Physician and Surgeon, No 7 & 9 Endicott Street, Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. So invariably certain is the new method of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.

Dr. Dow has no doubt had greater experience in the cure of diseases of women and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1835, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B. All letters must contain four red stamps, or they will not be answered.

Office Hours from 8 A. M. to 9 P. M.

CERTAIN CURE ☞

In all cases, or no Charges Made.

Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all difficult and chronic diseases of every name and nature, having by his unremitting attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow imports and has for sale a new article, called the FILBERT SUPPORTER. Order by mail. Two for $1 and a red stamp.

Boston, April 7, 1864.—eodly

Constitution Life Syrup,

COMPOSED OF

IODIDE POTASSIUM,

With the compound concentrated fluid extract of

VALUABLE MEDICINAL

ROOTS AND HERBS,

Prepared by WM. H. GREGG, M. D., Graduate College Physicians and Surgeons, N. Y. Late Assistant Physician in Blackwell's Island Hospitals, late Medical Inspector New York State Volunteer Depots, under Gov. Edwin D. Morgan.

Constitution Life Syrup

HAS PRODUCED

A REVOLUTION IN MEDICINE!

What may seem almost incredible, is, that many diseases hitherto considered hopelessly incurable are frequently cured in a few days or weeks, and we cheerfully refer to the overwhelming volume of the literal minded and scientific to cures which have no parallel at the present day.

Our medicine is peculiar, by its the seat of disease is directly reached, and the equilibrium restored. Those who have suffered long from painful and obstinate diseases, those who have vainly sought relief from advertised nostrums, those who cannot be cured by other physicians—are

Invited to use Constitution Life Syrup.

During the past five years we have contended with obstacles and overcome opposition as been man as ever encountered by any Reformers.

Rapidity of Cure.

Some say, "Your cures are too quick," while others doubt their permanence, and think that diseases can only be cured by the "slow recuperative process of Nature." This is our reply:

In health, the body, like a well-balanced scale, is in a state of equilibrium. But when from any cause down goes one side of the scale, we bring the effects of disease. What is requisite is, to restore the normal balance of the scale.

CONSTITUTION LIFE SYRUP,

A positive and specific remedy for all diseases originating from an IMPURE STATE OF THE BLOOD, and for all (hereditary) DISEASES transmitted from PARENT TO CHILD.

Paralysis.

Hemiplegia, Parent, Paraplegia, Paralysis Agitans.

It is so universally admitted that Constitution Life Syrup is the only effective means of restoration in the various forms of Paralysis, that we need not reiterate that it is emphatically the Great Life-Giving Power.

Dyspepsia.

Indigestion, Liver Complaint, Constipation, Weight at Stom'h, Biliousness, Want of Appetite, Flatulence, Bad Breath.

Scrofula.

Strume, Glandular Swellings, Ulceration, King's Evil, Erysipelas, Salt Rheum.

This taint (hereditary or acquired), filling the with animal money, is by all usual medical remedies incurable.

Rheumatism.

Arthritis, Neuralgia, Gout, Lumbago, Sciatica, Tic Douloureux.

Is there is any disease in which the Constitution Life Syrup is a sovereign, it is in Rheumatism and its kindred affections. The most intense pains are almost instantly alleviated, and inflammatory swellings are reduced. Cases, chronic or vicarious, of 20 or 30 years standing, have been cured by us.

Nervousness.

Nervous Debility, Confusion of Thought, Epilepsy, Loss of Power, Spasms, St Vitus' Dance.

Thousands who have suffered for years will bless the day on which they read these lines. Particularly to weak, suffering woman will this medicine prove a blessing, restoring and invigorating their lost form to a Hope which fadless more than it promises.

Mercurial Diseases.

Salivation, Redness of Warinera, Rotting of Bones, Bad Complexion, Aches in Bones, Depressed Spirits.

Constitution Life Syrup purges the system entirely from all the evil effects of MERCURY, removing the last trace of Mercury, even from aged and Rheumatic Pains which the use of Calomel is sure to produce. It hardens Spongy Gums and secures the Teeth as firmly as ever.

Constitution Life Syrup

Eradicates, root branch, all Eruptive Diseases of the Skin, like

ULCERS, PIMPLES, BLOTCHES,

And all other difficulties of this kind, which so much disfigure the outward appearance of both male and female, often making them a disgusting object to themselves and their friends.

CONSTITUTION LIFE SYRUP

Cures all Swellings of the Glands,

Either of the Face, Neck or Female Breast, and should be taken as soon as the swelling is detected, thus preventing their breaking into ugly, productive tromboisome Discharging Sores, which disgure so many of the younger portion of the community, from six to twenty years of age. Young children are very subject to Discharges from the Ears, which depends upon a Scrofulous constitution. These cases soon recover by taking a few doses of the Syrup.

All scrofulous persons suffering from Debility, Emaciation, Dyspepsia, Dropsy, of the limbs or abdomen, and the female Dropsy of the ovaries and womb, generally accompanied with inflammation and ulceration of the uterus; are perfectly cured by Constitution Life Syrup. The disease known as Goitre or Swelled Neck, the Life Syrup will remove entirely. The remedy should be taken for some time as the disease is exceedingly chronic and stubborn, and will not be removed without extra effort. Tumors of the Ovaries, Tumors of the Breast, and swelling of other parts of the body will be completely reduced without resorting to the Knife or operations of any kind.

Epileptic Fits, Sympathetic or Organic Diseases of the Heart (palpitation, Disease of Valves—producing a grating or filing sound), Dropsy of the Heart (with Dropsy of the Abdomen), this important organ, or persons suffering from any acute pain in the region of the heart, will be greatly relieved by Constitution Life Syrup.

Broken Down and Delicate Constitutions, Suffering from Premature Decay, Loss of Sleep, Want of Nerve, Loss of Memory, Forebodings, Horror of Insanity, Fear of Disease, Diseases of Vision, Dry Hot Skin—an Extremely Nervous Feeling, this Impaired Consciousness and Lassitude of the Muscular System, all require the aid of the CONSTITUTION LIFE SYRUP.

Cures in a Short Time all Ulcerative Diseases, either of the Nose Throat, Tongue, Spine, Forehead or Scalp, no remedy has ever proved its equal.

MOTHER'S FRIEND, Constipation, the depending upon a diseased action of the Liver, are very unpleasant to the young wife and mother. A few doses of Constitution Life Syrup will correct the secretion, and remove the deposit which is directly under the skin.

In Diseases of the Liver, giving rise to languor, dizziness, indigestion, weak stomach, or an ulcerated or cancerous condition of that organ, accompanied with burning and other unpleasant symptoms, a cure may be obtained by the use of CONSTITUTION LIFE SYRUP.

☞ *As a general Blood-Purifying Agent, the Life Syrup stands unrivalled by any preparation in the world.*

Diseases of the Spine, as usually developed in the young, Hip Disease, Neuralgia, and all Nervous Diseases, and Diseases of the Uterus, arising from diseases or which they are at a loss to know what to do, we would advise the use of CONSTITUTION LIFE SYRUP. It will restore their pale countenance, strengthen their weak back and side, give them new energy, new life and happiness.

THE RICH AND POOR are liable to the same diseases. Nature and Science have made the Constitution Life Syrup for the benefit of all.

PUBLIC SPEAKERS, Professional men and women, and if the constitution is neglected in youth, disease and early death are the results. Do not neglect the means are now at near at hand, and within the reach of all.

TO MOTHERS AND MARRIED LADIES It is the safest and most efficacious medicine ever discovered for purifying the system, and relieving the suffering attendant upon childbirth. It strengthens both the mother and the child, prevents pain and disease, and increases and enriches the food—Those who have used it think it indispensable. It is highly useful both before and after confinement, as it prevents disease attendant upon childbirth.

Constitution Life Syrup

Is the Poor Man's Friend and the Rich Man's Blessing!—Buy it, take it, and be cured—It is Unsurpassed in its effects

Glad News for the Unfortunate!

The Long Sought For Discovered at Last.

CURES FROM ONE TO THREE DAYS

THE GREAT

INDIAN MEDICINE,

COMPOUNDED FROM

ROOTS, HERBS AND LEAVES.

CHEROKEE CURE.

An unfailing cure for Spermatorrhea, Seminal Weakness, Nocturnal Emissions, and all diseases caused by self-pollution; such as Loss of Memory, Universal Lassitude, Pains in the Back, Diseases of Vision, Premature Old Age, Weak Nerves, Difficult Breathing, Trembling, Wakefulness, Eruptions on the Face, Pale Countenance, Insanity, Consumption, and all the direful complaints caused by departing from the path of nature.

☞ This medicine is a simple vegetable extract and one on which all can rely, as it has been used in our practice for many years, and with thousands treated it has not failed in a single instance. Its curative powers have been sufficient to gain victory over the most stubborn cases.

☞ To those who have trifled with their constitution, until they think themselves beyond the reach of medical aid, we would say, *Despair not!* the CHEROKEE CURE will restore you to health and vigor, and after all quack doctors have failed!

☞ For full particulars, get a circular from any drug store in the country, or write the proprietors, who will mail free to any one desiring the same, a full treatment in pamphlet form.

☞ Price, $2 per bottle or three bottles for $5, and forwarded by express to all parts of the world.

Sold by all respectable druggists everywhere.

Dr. W. R. MERWIN & CO., Sole Proprietors,

No. 59 Liberty street, New York.

DR. WRIGHT'S

REJUVENATING ELIXIR,

OR ESSENCE OF LIFE.

Prepared from Pure Vegetable Extracts,

Containing nothing injurious to the most delicate.

The Rejuvenating Elixir is the result of modern discoveries in the Vegetable kingdom; being an entirely new and abstract method of cure, irrespective of all the old and worn-out systems.

Scientific and Medical Men, Ministers, the most eminent medical men of the day, and by them pronounced to be one of the greatest medical discoveries of the age.

One bottle will cure General Debility.

A few doses cure Hysterics in females.

One bottle cures Palpitation of the Heart.

A few doses restore the organs of generation.

From one to three bottles restore the manliness and full vigor of youth.

A few bottles restore the appetite.

Three bottles cure the worst case of Impotency.

A few doses cure the low spirited.

Any one bottle restores the nervous.

A few doses bring the rose to the cheek.

This medicine restores to manly vigor and robust health the poor debilitated, worn-down and despaired of, nervous and debilitated youth.

The listless enervated youth, the over-tasked man of business, the victim of nervous depression, the individual suffering from general debility, or from weakness of the sexual organ, will all find immediate and permanent relief by the use of this Elixir or Essence of Life.

☞ Price, $2 per bottle, or three bottles for $5, sent by express, on receipt of money, to any address.

Sold by all druggists everywhere.

No. 59 Liberty street, New York.

CHEROKEE PILLS!

SUGAR-COATED.

FEMALE REGULATOR.

Health Preserver!!

CERTAIN AND SAFE.

☞ For the Removal of Obstructions, and the Insurance of Regularity in the Recurrence of the Monthly Periods.

They cure or obviate those numerous diseases that spring from irregularity, by removing the irregularity itself.

They cure Suppressed, Excessive and Painful Menstruation.

They cure Green Sickness (Chlorosis).

They cure Nervous and Spinal Affections, pains in the back and lower parts of the body, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysteria, Sick Headache, Giddiness, &c., &c. In a word, by removing the irregularity, they remove the cause and with it ALL the effects that spring from it.

Composed of simple vegetable extracts, they contain nothing deleterious to any constitution, however delicate, their function being to substitute strength for weakness, which, when properly used, they never fail to do.

They may be safely used at any age and at any period, *except during the first forty weeks*, during which the unfailing nature of their action would infallibly prevent pregnancy.

All letters seeking information or advice will be promptly, freely and discreetly answered.

Full directions accompany each box

☞ Price $1 per box, or six boxes for $5. Sent by mail, postage free, on receipt of price

THE MAGEE

COOKING STOVE.

The subscriber, having received his Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual, the oven plates are covered with plates which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify and speak of them in the highest terms of praise.

We would refer to the following purchasers:

Portsmouth.

MAGEE COOK.

Also on hand an assortment of the different sizes

—of the—

MAGEE PARLOR STOVE

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"

VENTILATING & AIR-WARMING

FURNACES.

The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and healthy—and as none of the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of Heating apparatus have been to obtain the most amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former inventions, and others proved total failure. The reason for this is obvious. The combustible gases being lighter than the air, passed into the pipe or chimney, and escaping unburned. The objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and some fires may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert R. Hatch, Esq.,
Aaron H. Gill, Charles H. Mendum,
Henry F. Wendell, John Sise, and others.

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837.)
76 State street, opposite Kilby street,
Boston.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Reversals, Specifications, Bonds Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.
The immense practice of the subscriber during twenty-four years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
Them, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person of more *competent and trustworthy*, and more capable of putting their applications in form to secure for them an early and favorable decision from the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.
Mr. R. H Eddy has made for me THIRTEEN applications, on all but one of which Patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.
During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications, FIFTEN APPEALS to the Board of Appeals; twice was decided in *his favor*, by the Commissioner of Patents. R. H. EDDY.
Boston, Dec. 19, 1863.—3tawly

Please Look at This.
RYE, N.H., Feb. 26, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years, some of the time so badly she was unable to do her labor, or even rest—as it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c., but she obtained no relief until I procured some ten or twelve bottles of Dr. Swett's Panacea, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can say that Dr. Swett's do removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since. I have acted as agent for the sale of it. JOSIAH JENNESS.
PORTSMOUTH, April 21st, 1862.
I have for several years been afflicted with diseases at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I first made use of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOVD.
From ELDER I CHESLEY, *Lee, May* 31, 1841
DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOUR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY
☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, No. 7 High street, Portsmouth, N. H., promptly attended to. may29

67 Market street.

Ayer's Sarsaparilla
Is a concentrated extract of the choice root, so combined with other substances of still greater alterative power as to afford an effectual antidote for disease. Sarsaparilla is regarded by many as a remedy is surely wanted by those who suffer from strumous complaints, and that one which will accomplish their cure must prove, of course, a boon of immense service to this large class of our afflicted fellow citizens. How completely this compound will do it, we can only answer by a statement on many of the worst cases to be found in the following complaints:—
Scrofula, Scrofulous Swellings and Sores, Skin Diseases, Pimples, Pustules, Blotches, Eruptions, St. Anthony's fire, Rose or Erysipelas, Tetter or Salt Rheum, Scald Head, Ringworm, &c.
Syphilis or Venerial Disease is expelled from the system by the prolonged use of this SARSAPARILLA, and the patient is left in comparative health.
Female Diseases are cured by Syrdula in the blood, and are often soon cured by this EXTRACT OF SARSAPARILLA.
Do not discard this invaluable medicine, because you have been imposed upon by something pretending to be Sarsaparilla, while it was not.—What you have used AYER'S—then, and not till then, will you know the virtues of Sarsaparilla.—For minute particulars of the diseases it cures, we refer you to Ayer's American Almanac, which the Agents below named will furnish gratis to all who call for it.
AYER'S CATHARTIC PILLS, for the cure of Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Headache, Piles, Rheumatism, Gout, Gravel, Dropsy, Dim Sight, Bowels, Flatulency, Loss of Appetite, Liver Complaint, Dropsy, Worms, Gout, Neuralgia, and for a Dinner Pill.
They are sugar coated, so that the most sensitive can take them pleasantly,—and they are the best Aperient in the world for all the purposes of a family physic.
Prepared by J. C. AYER & Co., Lowell, Mass., and sold by Brackett Hastings, J. H. Fischer, W. R. Preston, David Kimball, and all druggists. may25diaw 3m Tu

Je8 CHAPIN & YEATON.

E. A. STEVENS,
NO. 46 MARKET STREET.
AN UNUSUALLY LARGE STOCK
OF EVERY KIND
—OF—
KITCHEN FURNISHING GOODS.
The Virtues and Advantages
—OF—
SCHOOLEY'S
NEW IMPROVED
REFRIGERATORS
ARE:
1. We produce greater cold from less ice than any other Refrigerator ever invented.
2. We have double the cooling power at a less cost.
3. Complete and perfect ventilation.
4. Dry, cold air.
5. Sweet smelling, free from moisture, mold or must.
6. One article will not partake of the taste or smell of another, as is always the case in every other Refrigerator.
7. Any kind of perishable food can be preserved almost any length of time.
8. The Provision Chamber can easily be kept clean and sweet, as no moisture is ever deposited on its sides as in all other kinds.
9. The mechanical structure of our Refrigerators will compare with any of the best made household furniture.
10. Our prices are more reasonable than any other Refrigerator now offered for sale.
11. A perfectly uniform temperature, so that every portion of the Refrigerator can be used at the same time.
12. A constant change of air is secured in the Provision Chamber, without any unnecessary waste of ice, or loss of air already cooled.
An assortment of the above, with common Upright and Chest Refrigerators, for sale at the old prices, notwithstanding an advance of 15 per ct. has been made by the manufacturers on the 19th inst. Terms Cash. E. A. STEVENS.

Gas Fixtures.
Persons who desire to have any repairs or alterations made in Gas Pipes or Fixtures, are requested to send in their orders at once. The work can be done much more promptly now than later in the season. E. A. STEVENS.

"A Stitch in Time Saves Nine."
All Furnaces, Stoves and Funnels should be thoroughly cleaned out and put in order, as soon as fires are done being made in them if allowed to remain filled with ashes and soot through the summer, they will decay very rapidly, and useless expense be incurred.
A full supply of Linings and Repair Pieces constantly on hand, and all orders attended to with dispatch. E. A. STEVENS.

HALEY, MORSE & BOYDEN'S
SELF-ADJUSTING
CLOTHES WRINGER.
THE BEST IN THE WORLD.
Over 40,000 have been sold by the manufacturer in a little more than two years—nearly 400 of them in Portsmouth and vicinity!
Buy one and try it—if not perfectly satisfactory the money will be refunded.

Facts for the People.
The enormous rise in price of Iron, Coal and Labor, has caused manufacturers to advance the price of STOVES and Castings several times since the year begun; and it is now arranged to make a general advance of 25 to 50 per cent. this season.
We have not yet raised the price of Stoves in proportion to their increased cost, but shall be compelled to do so very shortly. Persons who expect to purchase anything in the Stove and Furnace line within a year or two, will save money by doing so at once. The price of a Stove is not so much an object, now, as its capacity and cost of operating it. All things considered, there is no Stove equal to
THE MODEL COOK.
IT IS, IN FACT,
The Best Stove Out,
for economy, convenience and dispatch.
Many persons have written to us and told stove as long as possible, but it is far better to throw it away and purchase a MODEL COOK, than to keep it at the cost of the high price of fuel.
One of our shrewdest citizens who purchased a MODEL COOK STOVE a year since, says he has saved more than its cost already.
A careful, prudent farmer purchased one, and after it had been in operation some days his son came into the room, and said, "something was wrong at their house;" his father and himself used wood off the same pile, he burned three baskets full a day, and his father only one! We sold him a Stove before he left, and there has been no complaint since."
These Stoves are in use in many hotels and boarding houses, and in hundreds of private families in this city and vicinity, and give the best of satisfaction.
For sale at
E. A. STEVENS'S
House Furnishing Establishment,
NO. 46 MARKET STREET.

CHILDREN'S CARRIAGES.
The subscriber has purchased for cash, of the largest manufacturers in the country,

Morning Chronicle.

Portsmouth, N. H.

THURSDAY, JUNE 30, 1864.

THE REBELLION.

It was Gen. Harker, not Gen. Hooker, who was mortally wounded in Gen. Sherman's recent attack. Our loss then was over-stated. It will not exceed 1500. Gen. Hooker on the 16th attacked the rebel position on Lost Mountain and after a severe struggle carried three lines of entrenchments, taking 1000 prisoners, 12 cannon, and 2000 small arms. Our loss in killed and wounded was 1200. The ground gained was held, although he was unable to drive the enemy from the mountain. At the same time Gen. Schofield forced the enemy from Pine Mountain, but was compelled to relinquish it, being exposed to a galling fire from other rebel positions. He took 300 prisoners and 2 guns.

THE VIRGINIA CAMPAIGN.

Gen. Hunter officially reports the success of his expedition. The rebels were defeated in every engagement. The command, he says, is in excellent heart and health, and ready, after a few days' rest, for service.

The rebels are reported to be menacing Gen. Foster in his position near the James river. Lee has sent two brigades of cavalry and an infantry force to operate against Gen. Hunter. Gen. Sheridan's loss in the recent raid is said to be less than 250.

Advices from the Army of the Potomac to Tuesday morning give nothing of importance, though the accounts are encouraging. Our left wing had swung round and taken possession of the Weldon railroad, about 4 miles from Petersburg, without opposition.

MISSION OF THE CONFEDERACY.—Southern papers often speak of the war as one for Southern independence, and the North is disgraced by some sheets which have compared the struggle of the rebels to that of the colonies for their independence of Great Britain in 1776. The following extract from the Richmond Examiner may help to correct the error. The Examiner says:—

"The establishment of the Confederacy is verily a distinct reaction against the whole course of the mistaken civilization of the age. For 'Liberty, Equality, Fraternity,' we have deliberately substituted Slavery, Subordination and Government. Those social and political problems which rack and torture modern society we have undertaken to solve for ourselves, in our own way, and upon our own principles. That 'among equals equality is right,' among those who are naturally unequal equality is chaos; that there are slave races born to serve, master races born to govern. Such are the fundamental principles which we inherit from the ancient world, which we lifted up in the face of a perverse generation that has forgotten the wisdom of its fathers; by those principles we live, and in their defence we have shown ourselves ready to die. Reverently we feel that our Confederacy is a God-sent missionary to the nations, with great truths to preach. We must speak them boldly; and whoso hath ears to hear, let him hear."

The reader will see that the rebellion directly *contradicts* the revolution.—*Our* old declaration in 1776 declares all men equal,—and this is *democracy*.—The new rebel declaration makes them unequal, one half being slaves to the other; and this is *aristocracy* in its worst form. U. T.

BRITISH EMIGRATION.—The last report of the British Emigration Commissioners contains some exceedingly interesting statistics. It appears that the emigration of 1863 approaches that of the years of famine beginning with 1847. During the last year 223,758 emigrants left the United Kingdom, 27 per cent. of them English, 7 per cent. Scotch, 52 per cent. Irish, 4 per cent. foreigners, and 10 per cent. not distinguished. 146,913 of them went to the United States, 53,054 to Australia and New-Zealand, 18,083 to British North America.

At this rate the drain on the laboring population of Great Britain must be in excess of the losses of our war. The emigration to this country comprises a very great proportion of single men, of the class required in military service. The Commissioners, however, do not think that this circumstance warrants the conclusion that any large number of emigrants are attracted here for enlistment, inasmuch as the proportion of single men last year was almost precisely the same as in 1860, the year before the war began. Much of it is due to distress at home, and it has been immensely facilitated by the liberality of preceding emigrants, who remitted, in 1863, more than £412,000, to bring over their relatives in Ireland. This single circumstance must speak volumes to the English in favor of the prosperity which has thus far attended our prosecution of this great war.

— The Maine Union State Convention was held at Augusta on Wednesday. Over 800 delegates were present. Gov. Cony was re-nominated by acclamation. John B. Brown of Portland and Abner Stetson of Damariscotta were nominated as Electors at Large.

NEW HAMPSHIRE ITEMS.

—— Four citizens of Nashua, stockholders in some of the mills in Manchester, protest against building a state house there, on account of the increased taxation.

—— Brig. Gen. Marston has been made inspector and commandant of fortifications at the different landings on James River, east of City Point.

—— The number of banks in New Hampshire is fifty—the same as reported last year, though the amount of their capital is $28,200 less. The present amount of active capital is $4,595,500. The number of savings institutions in the State is 28. The assets in these institutions amount to $8,001,952.58.

— Our army needs onions.

— A hack driver in Portland has been fined twenty dollars for overcharging passengers.

— The Bank of England on the 16th reduced its rates of interest from seven to six per cent.

— Acting Assistant Paymaster Thomas B. Reed, U. S. N., of Portland, Me., has been ordered to the Cricket, Mississippi Squadron.

— Fires are raging in the woods in Penobscot county, Me., and several persons have lost their houses, besides wood, bark and other property.

— Andy Johnson was born Dec. 29, 1808, and President Lincoln on the 12th of February following,—so there is six weeks difference in their ages.

— A man in Waterford, N. Y., who had been deaf for many years, had his hearing suddenly restored to him during a thunder storm, a short time since.

— Our iron-clads draw 12 feet, and the channel above Trench Reach has only 11 feet of water; hence the monitors cannot approach nearer Richmond.

— "Pierce and Seymour" (Thomas) is the ticket kindly formed for the Northern Democracy by their old supporter and present warm admirer, the Richmond Examiner.

— Six brothers from Vermont, named Hull, enlisted together at the commencement of the war. The last survivor of the six was killed in one of the recent battles.

— The 5th Maine regiment, 150 in number, arrived in Portland on Tuesday afternoon, and were received by the City Government and a military escort. A supper was furnished them.

— Counterfeit ten dollar gold pieces, dated 1861, California mintage, an exact counterpart of the genuine in appearance and weight, were offered in Boston on Tuesday.

— Parley telegraphs that within the past fortnight nearly ten thousand convalescents have gone from hospitals in Washington to the front. Only sixteen thousand men now remain in hospital there.

— The President has informed the Senate that no person has been authorized to recruit in any foreign country for the U. S. Army or Navy. Whenever such authority has been asked for, it has been refused and absolutely withheld.

— Madelaine Smith, who poisoned her betrothed in Scotland some years ago, and was tried and acquitted of it, died recently with a broken heart, at Inverness, because, Cain-like, she was driven from every place of refuge—where her sins found her out.

— Peter Murphy was drowned in a rum vat in Providence, R. I., last Monday. He was killed by falling into the rum; but there are hundreds of Peter Murphys to whom death is just as sure by pouring the rum into themselves.

— On Monday afternoon, the mother of Miss Ellen Roach, who was one of the victims of the explosion at the Washington Arsenal, died of a broken heart. She attended her daughter's funeral on Sunday, but the shock produced by the sudden loss of her child was more than she could endure.

— A little girl five years old, who was locked up in a schoolhouse in East Boston on Monday evening, attempted to get out of a third story window and fell, striking a gentleman who had discovered her perilous position and was endeavoring to get into the building and rescue her. She escaped unharmed.

— A returned soldier of the 7th Mass. regiment, was discovered one morning last week, soundly sleeping under one of the trees near the depot in Taunton, with his cap for a pillow. On being roused, and asked why he was reduced to such a necessity as that of sleeping out of doors, he replied: "It's of no use, I can't sleep on a mattress, and so I came out last night, and is the old fashion had a good rest."

— The Providence Journal says, "a gentleman who knows whereof he affirms, informs us that Gov. Pickens has a daughter, Anna, now a young lady. We must, therefore, beg her pardon for intimating that there was no such personage, and congratulate her that she has not been killed by a shell, although by not being killed she has spoiled a romantic story."

[For the N. H. Gazette.]

WASHINGTON, D. C., June 24.

Messrs. Editors:—I had the pleasure to become a little acquainted with the Rev. Mr. Patterson, while on his way to render assistance to our wounded soldiers. I was much pleased that so faithful a man had been sent, and that he had so much means to give relief. I have read his letter in the Gazette of June 4th, and wish to review one or two items, not in angry discussion, but simply as incidents. My education and prejudices differ from his in some respects. He speaks of the "soothing effects of our blessed faith." It would be a great consolation to me, while looking over the terrible carnage of the battlefield, if I could get rid of my fears that a man who dies impenitent will fail of the Christian's reward, even though he may have been true to his country's flag. But this is a mere matter of theology we can discuss at leisure.

The item I wish to notice in particular is, "The Sanitary Commission has so much red tape tangled in its machinery that it loses much of its efficiency." In this he does the Sanitary Commission an unintentional injustice. He speaks of drawing goods from the N. H. Rooms, &c. I have no doubt he could draw from these rooms to their last article; and then, if necessary, he could put his hand into the State Treasury and draw till no New Hampshire soldier was suffering for aid—simply because to us he has been properly introduced, and we know he draws from pure motives and for a pure object, and that he is competent to decide when and what to draw. Let him be as well introduced to the Sanitary Commission as to us, and he can draw as long as he can stand it to distribute. I have drawn within a week from the Sanitary Commission for N. H. men more than two hundred dollars, and they are still ready to give out their goods. Mr. Patterson should have had an arrangement with the Sanitary Commission, so as to have had a card that would have introduced him anywhere and everywhere. The Sanitary and Christian Commissions, and all other associations, must be protected by some kind of tape, or they will be imposed upon. L. D. MASON,

N. H. State Agent.

THE LEGISLATURE.

TUESDAY.—The House indefinitely postponed the bill authorizing towns to erect monuments to deceased soldiers. The bill to incorporate the N. H. Universalist convention was passed.

A bill was introduced to amend the charter of Dover, relating to ward lines. The Committee on the Judiciary was instructed to inquire into the expediency of increasing the compensation paid to jailors for the board of prisoners in jails. The special committee on the establishment of a U. S. Hospital in this State, reported a statement of facts and the following joint resolution:

That the Secretary of War be requested to establish, at Portsmouth, agreeably to the recommendation of the Asst. Surgeon General, a hospital with a capacity of 1,000 beds, and that the Governor notify the Secretary of the passage of this resolution immediately. Ordered to a second reading.

The select committee on the location of the State House made majority and minority reports. The former recommends that the capital remain in Concord, and that the city lay out a new street south of the common and contribute $150,000 for improvements of the present building. The minority report advocates the removal of the capital to Manchester, if her citizens will raise $350,000 for a new State House. The House, in Committee of the Whole, was to hear counsel for both sides on Wednesday afternoon, and it was expected that Hon. Wm. Burns of Lancaster would open for Manchester, followed by Hon. Ira Perley and Col. John H. George for Concord, closing with arguments of Lewis W. Clark for Manchester.

COMMUTATION.—The U. S. House of Representatives on Tuesday reconsidered the vote rejecting Mr. Smithers' substitute for the enrollment bill, and then passed the bill by a vote of 79 against 73. The Senate, on receiving the bill from the House, referred it to the Committee on Military Affairs. The Senate will, probably, substitute it for its own bill. It repeals the commutation clause, but allows sixty days for volunteering, and permits recruiting at the South to fill the quota of each district. The volunteering may be for one, two or three years, with a bounty of $200, $300, or $400 respectively. In case the quota of any State, district, &c., shall not be filled in sixty days, the President may order a draft for one year. This mingling of the voluntary and conscription systems may work very well if the people make good use of the first two months, as they have every inducement to do, and facilities not heretofore allowed. Some wish the draft were for a longer period, but the scale of bounties for volunteering may cure that defect by providing a large proportion of two years' and three years' men.

— Portland appropriates $500 for celebrating the 4th of July.

Coal $14.00 Per Ton!

MONEY SAVED BY USING EDDY'S PATENT

KEROSENE COOKING STOVE.

By the use of two or more burners sufficient heat is obtained for doing most of the cooking for a family, at a very small expense and with great facility.

Economy is perhaps their greatest recommendation in these times of high prices of Coal, for with one of these stoves tea may be prepared for a family at a cost for fuel not exceeding One Cent, and dinner not exceeding Two Cents.

They are portable, and burn without smoke or odor, hence they may be used in any part of the house.

Call and see one in operation, at No. 12 Market street. Sole Agents for Portsmouth,

J. W. & A. STAVERS.

Also, Dealers in Crockery, Glass Ware, Room Papers, Lamps, Window Shades, Boots, Shoes, and Fancy Goods. Je16

An experience of over twenty years' extensive practice enables Dr M. to cure the most difficult cases. Medicines entirely vegetable. ADVICE FREE.

Mrs. M., who is thoroughly versed in the afflictive maladies of the sex, can be consulted by ladies.

Patients furnished with board and experienced nurses. Boston, June 7, 1864.—spnly 8taw

"A Wonderful Discovery."

DR. TEBBETTS' "PHYSIOLOGICAL HAIR REGENERATOR" is compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "DYE," and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth of new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off and removes all dandruff, heat, humors and itching from the scalp. It keeps the hair soft, moist and perfectly healthy, and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing is has no superior. The "REGENERATOR" is warranted to produce the above results in all cases, if not the money to be refunded. With it every "GRAY HEAD" in New England can be restored in less than sixty days.

THACHER, opposite the Post Office and 12 Market Square, Agent for Portsmouth.—Geo. C. Goodwin, No. 38 Hanover street, Boston, Wholesale Agent for New England, and sold by Druggists everywhere. TEBBETTS BROTHERS, Druggists and Chemists, Proprietors, Manchester, N. H. Jel—tf

Proposals for Pine Timber and Plank.

SEALED PROPOSALS will be received at the City Clerk's Office in the city of Portsmouth, N. H., until SATURDAY, July 2, 1864, at 12 o'clock at noon, for furnishing the following schedule of Timber and Plank for repairing the Sagamore Bridge, to be delivered at some wharf or depot in said city:

40 pieces White Pine 8 by 10 inches, 32 feet long.
19 " " 8 by 10 " 16 " "
20 " " 8 by 10 " 18 " "
2,000 feet board measure White Pine Plank, 3 inches thick and 21 feet long.

Persons proposing will state the price by the thousand feet board measure; they will also state the time when the whole can be delivered, it being wanted immediately.

Separate bids will be received for the Timber and Plank.

The undersigned claim the right to reject any bid.

By order of the Board of Aldermen.

JOSEPH B. ADAMS,

WILLIAM E. HADLEY,

Committee on Streets, Roads and Bridges.

Portsmouth, N. H., June 21, 1864.

Proposals for Wood.

SEALED PROPOSALS will be received at the City Clerk's office, in the CITY OF PORTSMOUTH, until the twentieth day of July next, for supplying the Overseers of the Poor with from two hundred to two hundred and fifty cords merchantable HARD WOOD, to be delivered at either Railroad Depot, or at such wharf as the Overseers may designate.

The Overseers reserve the right to reject any bid. By order of the Overseers of the Poor.

MARCELLUS BUFFORD, Clerk.

Portsmouth, N. H., May 14, 1864.

☞ The *Domestic Dyes* prepared by Geo. H. Reed & Co. offer the simplest and most perfect means of dyeing household apparel ever presented the public. They embrace 40 different shades, and include all the new and fashionable colors—and are perfectly *fast*. Samples on silk and wool can be seen and the colors procured of THACHER. je30

Cheap Commercial Note Paper.

J. F. SHORES, Jr., No. 1 Congress Block.

Has for sale

White Ruled Commercial Note Paper, in packages of 10 quires, for 75 cents. my21

Local.

☞ Orders have been issued by Commodore Pearson of the Portsmouth Navy Yard to remove the steamer DeSoto to quarantine grounds, Lower Harbor, where she will remain until properly cleansed and rid of disease. Quite an excitement still prevails on the Yard, as well as in Portsmouth and Kittery, in regard to several cases of severe sickness among those who have exposed themselves to the atmosphere of the vessel. And while in some cases there is good cause for alarm, still in many instances reports circulated in regard to the character and stage of sickness in different individuals, are found to be wholly untrue.

☞ Mr. Sherburne Somerby—well remembered as a famous "whip" in stage days, and more familiarly than politely known everywhere and by everybody as "Old Sherb"—has returned to his former place of livery business, and offers an entire new stock of nice teams for the public accommodation. Mr. S. has already occupied the same premises for more than a score of years, and we dare say has not forgotten how to keep a stable during his short absence.

☞ Assistant Surgeon W. R. Richardson has been detached from the Portsmouth Navy Yard and ordered to Key West, Fla. Surgeon A. A. Henderson has been ordered to the Navy Yard.

☞ Mr. Avery continues to receive strawberries fresh and nice at 29 Congress street. Five and a half inches in circumference is rather large for a strawberry, even "the longest way."

☞ Prof. Gardner, the celebrated Soap Man, had a large audience on Market Square last evening, whom he entertained by his eloquence as usual, and also as usual sold lots of his unrivalled soap.

TERRIBLE ACCIDENT.—A fearful accident occurred on the Grand Trunk railroad on Wednesday morning, near St. Hilarie, C. E., about 20 miles from Montreal. An emigrant train, consisting of eleven cars with 354 German emigrants, ran off a bridge, early in the morning, into 10 feet of water. At 8 o'clock 34 dead bodies had been recovered, and between 30 and 40 persons badly injured had been taken out. Besides these the dead still remained in one car which had not been reached at that hour. The engineer went down with the engine, but escaped with slight injuries. A dreadful responsibility rests on him, as he violated, it is said, the standing order to stop before crossing the bridge. The conductor, Thomas Finn, was killed, and the fireman is also supposed to be killed.

— The Senate passed the Freedmen's Bureau bill on Tuesday.

— Partial returns of the recent election in Nebraska indicate that the people are opposed to the adoption of a State Government at the present time.

— A New York dispatch states that at the Jockey Club Races on the Centreville Course on Tuesday, the first race—a dash of three miles—was won by Panic, beating Eagle; time 5:37 1-2. The second race—mile heats—was won by Reporter, beating Ben Brace; time 1:48 and 1:48 1-2. The third race—a mile-and-a-quarter dash—Seven Oaks beat Eclipse and Revenue; time 2:18 3-4.

☞ A letter from Baltimore says:

Our harbor has been on fire for the last twenty-four hours, literally on fire. The surface of the water, for thousands of square yards, has been a perfect flame, caused by the destruction of the Italian ship Julina, which took fire while at the wharf and loading with petroleum. She had on board one thousand eight hundred barrels, and had to be towed over to the opposite side of the basin to save the surrounding property. As the barrels would burst, the oil spread over the water in a flame.

The Growler says: "The government may tax our matches, but we challenge the world to match our taxes." But what's the use o' growling? all we've got to do is to tax our energies and pay 'em.

Oysters are of many different colors. In Spain, they are red or russet; in Illyria, they are brown, nay, black. Conceive the amazement of any legal gentlemen lunching at Prosser's, and coming suddenly upon a black Illyrian. Those in the Red Sea are of all the colors of the rainbow. That Parisian delicacy, the green oyster, is brought from Brittany, but the same hues can be induced in others by putting them in pits where the water is about three feet deep in the salt-marshes, and where the sun has great power.

The most brilliant and beautiful light which can be artificially produced is that of a ball of quicklime kept violently hot by a flame of mixed ignited oxygen and hydrogen gasses playing on its surface. Such a ball, if brought near enough to appear of the same size as the sun, can no more be looked at without injuring the eyes than the sun itself; but if it be held between the eye and the sun, and the ball be so dimmed by a dark glass as to allow their being looked at together, it appears as a black spot on the sun's surface—that is, the sun gives out as much light as 146 balls of quicklime the size of the sun, each heated all over their surface in the manner described, which is the most intense heat we can raise, and in which platina melts like lead.

The sweetest parables of truth
In our daily pathway lie,
And we read without interpreter
God's writing in the sky.

The sunlight falls like leaves of gold
From his book of light above,
And the lily's missal is written full
Of the words of a Father's love.

—[Phebe Carey.

The strongest man feels the influence of woman's gentlest thoughts, as the mighty oak quivers in the softest breeze. So says some fine writer, Bifkins says it is all true about the quiver, and the breeze is very often.

There is something remarkable in the longevity of literary women in modern times. Mrs. Piozzi and Mrs. Delaney, perhaps, scarcely enter within the conditions; and the still lamented Jane Austen was under an early doom from consumption; but Miss Edgeworth was about eighty when she died: Joanna and Agnes Baillie were older still; and Mrs. Trollope died the other day at eighty four. The artists who have departed lately have been old. Biot was eighty-seven, and Verner seventy-four. Our Mulready was seventy-seven, and Cockerell, the architect, was seventy three. —*Once a Week.*

A Parisian was some time since on the eve of making a tour, when he perceived that he had lost a diamond breastpin. He prized this pin greatly, not so much on account of its intrinsic value as from its having been the property of his father, who died not long ago. He published a particular description of it in the newspapers and offered 100f. reward for its restoration. He quitted Paris, and ordered his porter to receive the breastpin if it was brought, and to pay the 100f. On his return he was delighted to hear from his porter that the pin had been found. He examined it, and soon found that it was not his. It had evidently been made according to description given in the advertisement. He carried it to a neighboring jeweler, who told him that it was nothing but plated brass surmounted with a paste diamond.

Ship R H Tucker, Clark, fm Callao for Havre, was off Plymouth 11th.

BUSINESS NOTICES.

CHRONICLE NOTICE.—All bills are expected to be settled July 1st; after which date no contract for yearly advertising will be considered as including copies of the Chronicle—which will *in all cases* be charged $6 per year, payable in advance—and any special agreement heretofore made to the contrary, will terminate at that time. Chronicle $6 per year, or 50 cts. per month, in advance; 15 cts. per week; 3 cts. per copy.

All interested will please take notice. June 28.

SYMPATHY.—Sympathy is a lovely and beautiful thing, for it exhibits the angelic part of human nature. We deeply sympathize with those who cannot obtain Herrick Allen's Gold Medal Saleratus, for they are deprived of one of the greatest luxuries the world affords. But we have no sympathy with any family who will use any other Saleratus or soda, if this article can be purchased. We see most of our Merchants have it. One trial will convince any one. Their depot is 112 Liberty Street, New York.

Fifth Avenue, New York, does not appear to suffer much from secession influences. Receptions and parties are as numerous as ever, and the increased demand from this quarter for Mr. Speer's Sambuci wine is astonishing. When the true analysis of its properties was first published by James R. Chilton & Co., those who could afford it immediately adopted its use in preference to foreign wines. Prof. Chilton uses it in his own family, and has written to the public recommending it.

☞ Scurvy and scrofulous eruptions will soon cover the bodies of those brave men who are fighting their country's battles. Night air, bad food and drenching rains will make sad havoc with the strongest, therefore let every man supply himself with Holloway's Ointment, it is a certain cure for every kind of skin disease.

If the reader of this "notice" cannot get a box of Pills or Ointment from the drug store in his place, let him write to me, 80 Maiden Lane, enclosing the amount, and I will mail a box free of expense. Many dealers will not keep my medicines on hand because they cannot make as much profit as on other persons' make. 35 cents, 88 cents, and $1.40 per box or pot. 215

Notice.

This may certify that I have given to my son, GEORGE J. HARRILL, his time, to act and trade for himself. I shall not pay no debts of his contracting, nor claim any of his earnings, after this date. JAMES HARRILL.

Portsmouth, June 15, 1864.—Thst*

VERNATELLA.

Warranted to make the Soles of Boots and Shoes water and dampness proof, and wear one-third longer.

VERNATELLA

Is a preparation from Copper, having no grease, linseed oil, or anything of the kind, and when the soles are once saturated with it, water can no more get through them than through copper itself. **Price 25 Cents Per Bottle,** at retail everywhere.

But its cost to the purchaser is really NOTHING, as it makes the soles wear enough longer to more than pay for it, leaving as a net gain the making of them Water and Dampness Proof, and the preservation thereby of that priceless gem, the health.

☞ LADIES, READ THIS! ☜

SAVE YOUR HEALTH

Use Vernatella on the Soles of your Shoes. It makes them water proof and thereby protects your feet from dampness, for the ground is always more or less moist, either from rain or the morning and evening dew.

At wholesale in Boston by Geo. C. Goodwin & Co., 38 Hanover street; S. M. Colcord & Co., 36 Hanover st.; M. S. Burr & Co, 26 Fremont st.; Carter, Rust & Co., 40 Hanover st.; and Wholesale Druggists generally. Also, by all the principal dealers in Boots and Shoes.

Manufactured in the Chemical Department of **The Canton Manufacturing Company.**

Smith's Catarrh Snuff.

For the cure and immediate relief of Catarrh, Colds in the Head, Dryness of the Air Passages, &c.

This Snuff does not sneeze one in inhaling it. It will break up a Cold in the Head in a few minutes. It is softening and soothing in its effects. Every one, as far as is known, is satisfied with its results. The large demand it is having, by the gross and dozen, shows its value. The Proprietor was cured last winter of Catarrh of many years standing, with his "Catarrh Snuff," and the cure is PERMANENT.

MASON & HAMLIN'S

CABINET ORGANS,

Combining the requisites for Sacred and Secular, Church and Parlor Music; for Families, Sunday Schools, Day Schools, Churches, &c.

They are elegant as pieces of furniture; occupy little space; are not liable to get out of order or out of tune; are warranted for five years; will improve in tone by age, and are moderate in cost.

They are to private houses, Sunday schools and smaller churches, what the larger pipe organs are to large churches, and in addition to this are adapted to secular as well as sacred music.

The Cabinet Organ is essentially different from, and a marked improvement upon, all instruments of the melodeon or harmonium kind. Its superiority consists in many important characteristics.

The undersigned, Agent for the Manufacturers, will be pleased to show the Cabinet Organs to all wishing to purchase, at his residence, NO. 30 HANOVER STREET.

SPEER'S

SAMBUCI WINE,

PURE AND FOUR YEARS OLD,

OF CHOICE OPORTO FRUIT,

For Physician's Use, Females, Weakly Persons and Invalids.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs; very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by physicians and chemists as possessing medical properties superior to any other Wine in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and invigorating native and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other impurities, and is valued for its rich peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

☞ None genuine unless the signature of "ALFRED SPEER, Passaic, N. J.," is over the cork of each bottle.

Gray's Patent Molded Collars

Have now been before the public for nearly a year. They are universally pronounced the neatest and best fitting collars extant.

The upper edge presents a perfect curve, free from the angles noticed in all other collars.

The gravel cause no puckers on the inside of the turn-down collars—they are as SMOOTH ON SIDE AS OUTSIDE—and therefore perfectly free and easy to the neck.

The Gorgeie Collar has a smooth and evenly finished edge on horizontal seams.

These Collars are not simply flat pieces of paper cut to the form of a collar, but are MOLDED AND SHAPED TO FIT THE NECK.

They are made in "Novelty" (or turn-down) style, in every half size from 12 to 17 inches, and in "Gorgeie" (standing) style in 14 half sizes, and packed in "solid sizes" in neat blue cartons, containing 100 each; also in smaller ones of 10 each, the latter a very handy package for Travellers. Large and Small Gorgeie.

☞ EVERY COLLAR is stamped

"Gray's Patent Molded Collar."

Sold by all dealers in Men's Furnishing Goods

GOLDEN SHEAF WHISKEY.

C. A. RICHARDS,
99 WASHINGTON STREET,
Boston,

Would most respectfully invite the attention and examination of all Grocers, Druggists, Apothecaries and Private Individuals, desiring to sell or use

THE STRICTLY PURE

Liquors, Wines, Cordials or Bitters,

to the list of choice goods enumerated below, which are constantly on hand in large quantities in his Large and Spacious

Wine Store and Bottling Establishment,
99 Washington street, Boston.

First on the list, as a reliable pure stimulant, stands the celebrated and widely known

Golden Sheaf pure old Whiskey,

made from Wheat, Rye and Corn, warranted for five years old. Put up in unique style, each bottle in a paper box, in cases of one dozen each, the large sales of this article have which convinces the proprietor that no extended advertisement is needed to extol its real merits. It will recommend itself at first trial

Golden Sheaf Cordial.

A delightful and healthful beverage, aromatic, with a rich ginger cordial, made from the pure Golden Sheaf Bourbon.

Golden Sheaf Bitters.

The best Tonic Bitter ever offered to the public. Mingled with the rich flavor of the Bourbon are a number of other herbs, tending to improve the appetite and imparting life and vigor to the whole system

Golden Sheaf Punch.

Made from fresh ripe fruit, with other articles, combined as a whole into a fine rich

Bourbon Whiskey Punch.

All the above put up full strength of the whiskey, and in cases of one dozen each. These articles improve by age, and no exposure of climate can affect them.

JOHN AND ROBERT DUNSTER'S

CELEBRATED

LONDON DOCK SPIRITS AND WINES,

Imported solely by C. A. R., in wood, from the London Docks, and bottled by him in America. The distinguished and world-wide reputation of these Wines has induced the subscriber to seek and obtain the Sole Agency in this country.—They are sold only in Bottles, entirely pure, and without adulteration, and comprise the four kinds, as follows:

LONDON DOCK GIN.
LONDON DOCK BRANDY,
LONDON DOCK SHERRY,
LONDON DOCK PORT.

All in cases of one dozen each, in strong shipping order for immediate transportation, and sold lower than any other liquors and wines in the market, of equal quality.

Pure California Wines.

The large demand for the pure wines of California has made it a fixed fact that no well selected stock of Wines is complete without them. C. A. R. has made arrangements for the entire production of

The Largest Vineyard in California!

and is now bottling, and offers for sale, the finest CALIFORNIA WINES ever seen in this MARKET, of four qualities, in a splendid style of labels, bottles and cases—such as

ANGELICA—Sweet.
PORT—Rich.
HOCK—Dry.
STILL CHAMPAGNE—Delicious.

Parties attracted by this advertisement, or who have already become acquainted with the qualities of these articles, can have a price list sent by mail, or samples by express, when desired, by addressing the subscriber.

C. A. RICHARDS,
99 Washington street, - - - Boston.

NOTE.—C. A. Richards would also beg leave to state that the above are only a part of the list of articles for sale and imported by him. He has, in addition, one of the largest stocks in America of **Fine Bottled Wines and Spirituous Liquors**, very variety and kind, together with a fine assortment of Liquors and Wine in original packages, for sale by the cask or gallon. Also, **Fine Cigars, Sardines, Pickles, Sauces** and every kind of table luxury usually found in a first class wine store in the country or in Europe.

Orders are most respectfully solicited.

PRESTON and THACHER, Agents for Portsmouth. Boston, Dec. 9, 1863.—3mwly

Constitution Life Syrup,

COMPOSED OF

IODIDE POTASSIUM,

With the compound concentrated fluid extract of

VALUABLE MEDICINAL

ROOTS AND HERBS,

Prepared by WM. H. GREGG, M. D.,

Graduate College Physicians and Surgeons, N. Y., formerly Assistant Physician Blackwell's Island Hospitals, late Medical Inspector New York State Volunteer Depots, under Gov. Edwin D. Morgan.

Constitution Life Syrup

HAS PRODUCED

A REVOLUTION IN MEDICINE!

What may seem almost incredible, is, at at many diseases hitherto considered hopelessly incurable are frequently cured in a few days or weeks, and we cheerfully invite the investigation of the liberal minded and scientific to cures which have no parallel at the present day.

Our medicine is not a cathartic, by it the seat of disease is directly reached, and the equilibrium restored. Those who have suffered long from pain and debilitating sickness, those who have vainly sought relief from advertised medicines, those who cannot be cured by other physicians—are

Invited to use Constitution Life Syrup.

During the past five years we have contended with difficulties hitherto unknown to the medical profession, but we have now become so well known as ever encountered by any Reformers.

Rapidity of Cure.

Some say, "Your cures are too quick," while others doubt their permanence, and think that diseases cannot be so rapidly cured and recovers five process of Nature." This is our reply:

In health, the body, like a well-balanced scale, is in a state of equilibrium, but when from any cause down goes one side of the scale, we have the effects of disease. What is requisite is, to restore the normal balance of the scale.

CONSTITUTION LIFE SYRUP,

A positive remedy for all diseases originating from an IMPURE STATE OF THE BLOOD, and for all (hereditary) DISEASES transmitted from PARENT TO CHILD.

Paralysis.

Hemiplegia, Paralysis, Paraplegia, Paralysis Agitans.

It is so universally admitted that Constitution Life Syrup is the only effective means of restoration in the various forms of Paralysis, that we need not reiterate that it is emphatically the Great Life-giving Power.

Dyspepsia.

Indigestion, Liver Complaint, Constipation, Dyspepsia Sick's, Dizziness, Want of Appetite, Flatulence, Bad Breath.

Scrofula.

Scrofula, Glandular Swellings, Ulcerations, King's Evil, Erysipelas, Salt Rheum.

This taint (hereditary or acquired), filling life with untold misery, is by all usual medical remedies incurable.

Rheumatism.

Arthritis, Neuralgia, Gout, Lumbago, Sciatica, The Dolorous.

If there is any disease in which the Constitution Life Syrup is a sovereign, it is in Rheumatism and its kindred affections. The most intense pains are almost instantly alleviated—enormous swellings are reduced. Cases, chronic or vicarious, of 20 or 30 years standing, have been cured by us.

Nervousness.

Nervous Debility, Confusion of Thoughts, Epilepsy, Loss of Power, Shattered Nerves, St. Vitus' Dance.

Thousands who have suffered for years will bless the day on which they read these lines. Particularly to weak, suffering woman will this medicine prove an invaluable boon, by directing their footsteps to a Hope which fulfils more than it promises.

Mercurial Diseases.

Salivation, Feeling of Weariness, Rotting of Bones, Bad Complexion, Aches in Bones, Depressed Spirits.

Constitution Life Syrup purges the system entirely from all the evil effects of Mercury, removing the Bad Breath, and curing the Weak Joints and Rheumatic Pains which the use of Calomel is sure to produce. It hardens Spongy Gums and renders the Teeth firm as ever.

Constitution Life Syrup

Eradicates, root and branch, all Eruptive Diseases of the Skin, like

ULCERS, PIMPLES, BLOTCHES,

And all other difficulties of this kind, which so much disfigure the outward appearance of both males and females, often making them a disgusting object to themselves and their friends.

CONSTITUTION LIFE SYRUP

Cures all Swellings of the Glands,

Either of the Face, Neck or Female Breast, and should be taken as soon as the swelling is detected, thus preventing the painful and often wasting troublesome Discharging Sores, which disfigure so many of the younger portion of the community, from not to mention the pleasure of seeing children are very subject to Discharges from the Ears, which depends upon a Scrofulous constitution. These diseases recover by taking a few doses of the Life Syrup.

All scrofulous persons suffering from Debility, Emaciation, Pain in the Joints, of the limbs or abdomen, and in the female Dropsy, Weak Spine or Womb, generally accompanied with inflammation and ulceration of the uterus; are permanently cured by using Constitution Life Syrup. The disease known as Goitre or Swelled Neck, the Life Syrup will remove entirely. The remedy should be taken for Tumors of the Breast, and swelling of other glands of the body will be completely reduced without resorting to the knife or operations of any kind.

Epileptic Fits, Sympathetic or Organic Diseases of the Heart (as palpitation, Disease of Valves—producing a grating or filing sound, Dropsy of the Heart, Cancer of the Heart, Pain in the Heart, important organ, or persons suffering from any acute pain in the region of the heart, will be greatly benefited by using Life Syrup.

Broken Down and Delicate Constitutions, Suffering from Indigestion to Restless, from a Weak Back, Loss of Memory, Forebodings, Horror of Insanity, Fear of Disease, Dreams of Venus, Day Hot Sweats, Cold Feet, Nervous and Hypochondriac Pale Haggard Countenance and Languors of the Nervous System, all require the aid of the CONSTITUTION LIFE SYRUP.

For all forms of **Ulcerative Diseases**, either of the Nose, Throat, Tongue, Spine, Forehead or neck, no remedy has ever proved its equal.

MOTHER PATCHES upon the Forehead, depending upon a diseased action of the Liver, are very unpleasant to the young lady and mother. A few bottles of Constitution Life Syrup will correct the secretion, and remove the deposit which is directly under the skin.

In Cases of the Liver, giving rise to languor, dizziness, indigestion, weak stomach, or an ulcerated or cancerous condition of that organ, accompanied by pain in the side, with numerous symptoms, relief may be obtained by the use of CONSTITUTION LIFE SYRUP.

☞ *As a general Blood-Purifying Agent, the Life Syrup stands unrivaled by any preparation in the world.*

Diseases of the Spine, as usually developed in the young, Hip Disease, Curvature, and all Nervous Diseases, and Ladies who are suffering from diseases for which they are at a loss to know what to do, we would advise the use of CONSTITUTION LIFE SYRUP. It will restore their pallid countenance, strengthen their weak back and side, give them new energy, new life and happiness.

THE RICH AND POOR are liable to the same diseases. Nature and science have made the Constitution Life Syrup for the benefit of all.

PURE BLOOD produces healthy men and women; and if the constitution is neglected in youth, disease and early death are the results. Do not suffer longer, but procure the remedy at hand, and within the reach of all.

TO MOTHERS AND MARRIED LADIES.—It is the safest and most natural medicine ever discovered for purifying the system and relieving the suffering attendant upon childbirth. It strengthens both the mother and the child, prevents pain and disease, and increases and enlarges the food.—Those who have used it think it invaluable, and highly recommend it both before and after confinement, as it prevents disease attendant upon childbirth.

Constitution Life Syrup

Is the Poor Man's Friend and the Rich Man's Blessing!—Buy it, take it, and be cured.—It is Universal in its effects

Glad News for the Unfortunate!

The Long Sought For Discovered at Last.

CHEROKEE REMEDY

AND

CHEROKEE INJECTION,

Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as Incontinence of the Urine, Inflammation of the Bladder, Inflammation of the Kidneys, Stones in the Bladder, Gravel, Brick Dust, Gleet, Gonorrhœa, and is especially recommended in those cases of Urine Albus or Whites in females; where all the old nauseous medicines have been used in vain.

It is prepared in a highly concentrated form, the dose only being from one to two tablespoonfuls three times per day.

It is a powerful and effective in its action; purifying and cleansing the blood, causing it to flow in all of its original purity and vigor; thus removing from the system all pernicious causes which have produced disease.

CHEROKEE INJECTION is intended as an ally or assistant to the CHEROKEE REMEDY, and should be used in conjunction with it to medicine in all cases of Gonorrhœa, Gleet, Urine Albus or Whites. Its effects are healing, soothing and demulcent; removing all scalding, heat, chordee and pain, thereby allaying and almost speedily intolerable pain that is experienced with nearly all the cheap quack injections.

☞ By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION, the two medicines at the same time—all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.

For full particulars get our pamphlet from any drug store in the country, or write us and we will mail free, to any address, a full treatise.

Price—CHEROKEE REMEDY, $2 per bottle or three bottles for $5.

Price—CHEROKEE INJECTION, $2 per bottle, or three bottles for $5.

Sent by Express to any address on receipt of price. Sold by all druggists everywhere.

DR. W. R. MERWIN & CO., Sole Proprietors,
No. 63 Liberty street, New York.

THE GREAT

INDIAN MEDICINE,

COMPOUNDED FROM

ROOTS, HERBS AND LEAVES.

CHEROKEE CURE.

An unfailing cure for Spermatorrhœa, Seminal Weakness, Nocturnal Emissions, and all diseases caused by self-pollution; such as Loss of Memory, Universal Lassitude, Pain in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficult Breathing, Trembling, Wakefulness, Eruptions on the Face, Pale Countenance, Insanity, Consumption, and all the direful complaints caused by departing from the path of nature.

☞ This medicine is a simple vegetable extract and one on which all can rely, as it has been used in our practice for many years, and thousands have used it and it has failed in a single instance. Its curative powers have been sufficient to gain victory over the most stubborn cases.

☞ To those who have trifled with their constitution, until they think themselves beyond the reach of medical aid, we would say, *Despair not!* the CHEROKEE CURE will restore you to health and vigor, and after all quack doctors have failed!

☞ For full particulars, get a circular from any drug store in the country, or write the proprietors, who will mail free to any one desiring the same, a full treatment in pamphlet form.

☞ Price, $2 per bottle or three bottles for $5, and forwarded by express to all parts of the world.

Sold by all respectable druggists everywhere.

CHEROKEE PILLS!

SUGAR-COATED.

FEMALE REGULATOR.

Health Preserver!!

CERTAIN AND SAFE.

☞ For the Removal of Obstructions, and the Establishment of Regularity in the Recurrence of the Monthly Periods.

They cure or obviate those numerous diseases that spring from irregularity, by removing the irregularity itself.

They cure Suppressed, Excessive and Painful Menstruation.

They cure Green Sickness (Chlorosis).

They cure Nervous and Spinal Affections, pains in the back and lower parts of the body, Hysteria, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysteria, Sick Headache, Giddiness, &c., &c. In a word, by removing the irregularity, they remove the cause and with it ALL the effects that spring from it.

Composed of simple vegetable extracts, they contain nothing deleterious to any constitution, however delicate, their function being to substitute strength for weakness, which, when properly used, they never fail to do.

They may be safely used at any age and at any period, *except during the first three months*, during which the unfolding nature of their action would infallibly prevent pregnancy.

All letters seeking information or advice will be promptly, freely and cheerfully answered.

Full directions accompany each box.

☞ Price $1 per box, or six boxes for $5.

Sent by mail, postage free, on receipt of price

THE MAGEE

COOKING STOVE.

The subscriber, having received his Fall stock of Stoves, would respectfully call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it superior to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shovelling out of the ashes is entirely dispensed with. The draft is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as those who use families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We would refer to the following purchasers:

Portsmouth.

MAGEE COOK.

Also on hand an assortment of the different sizes

—of the—

MAGEE PARLOR STOVE

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"

VENTILATING & AIR WARMING

FURNACES.

The subscriber, being the Sole Agent in this vicinity under the Patent, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which is once used for fire-pots is used for respiration, the tendency to fatigue or headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 50 per cent. of the properties of the best in fuel.

No heating apparatus with the smoke-pipe or flue on the top of the stove can be made to consume the vapor and gases, which must, in a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert R. Hatch, Esq.
Aaron H. Hill, Charles H. Meudum,
Henry F. Wendell, John Sise, and others.

Teeth extracted positively without pain, by inhaling Pure Nitrous Oxyd Gas!

All who wish teeth extracted without pain or any possible injurious results, call and be convinced.

I take pleasure in referring the public to Dr. TREADWELL, Dr. BOARDMAN, Dr. OLIVER, Dr. BENNETT, Dr. PERRY and Dr. GOODWIN for particular success in extracting teeth.

All other operations in Dentistry will be performed at the usual rates.

☞ Please call and examine specimens of Artificial Teeth upon Vulcanized Rubber, Gold and Silver.

Removal:

The Chronicle.

THE LILY OF LOCH-INE.

BY T. B. ALDRICH.

She was very, very fair,
Like a saint in her blonde hair—
Like Raphael's Madonna,
With a certain look of care,
And a glory breaking on her!

In the kirkyard let her lie,
Let the thistles and the flowers
Cover up the two-fold life,
The single life and the dower.
God's mercy on that day
When the grave gives up the dead,
And the world shall pass away!

Now Sir Rohan sails the sea,
Loud he laughs above his wine,
And he never, never thinks
Of the Lily of Loch-Ine.
God's mercy on that day
When the grave gives up the dead,
And the world shall pass away!

— A man named McGoff was fined $29 in Springfield, Mass., the other day, for abusing his horse.

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837.)
76 State street, opposite Kilby street,
Boston.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is more SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.
The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
"I regard Mr. R. H. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakeable proof of great skill and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.
During eight months, the subscriber, in course of his large practice, made on *twenty* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents. R. H. EDDY.
Boston, Dec. 19, 1863.—Stawly

The Old Established Hospital.
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually!
DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the safest as well as the latest remedies for these diseases, offer inducements to the afflicted desirous of a quick and rapid cure, to be obtained at no other office in America.
In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Nodes and Pimples on the Face, Ulcers, Abscesses, and all other impurities of the system are perfectly under the control of the Doctor's Medicine, and have been tested in more than 20,000 cases annually, with immense Success.
YOUNG MEN.
Young Men addicted to secret habits, who have impaired their health and destroyed the vigor of their minds, thus depriving themselves of the pleasure of the Married Life, are notified that in consulting Dr. J. Teller, they will find a friend to counsel and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. J. broken down in health, now robust in all that makes life desirable and manhappy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.
DR. TELLER'S GREAT WORK,
A book for everybody.—Startling disclosures. Dr. TELLER's great work for the Married or those contemplating marriage, 300 pages—full of plates—price 25 cts. Sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The single Married and the Married Happy. A lecture on Love, or how to choose a Partner—a complete work on Midwifery. It contains hundreds of secrets, never before published.—Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps, inclosed, will secure a copy by return mail. Dr TELLER has devoted a lifetime to the cure of those diseases upon which his books treat.
TO THE LADIES.
Dr. TELLER still remains the only Agency in America, for the sale of Dr. Trotter's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.
Current monthly ladies in certain delicate situations should avoid their use. For reasons and directions which accompany each package, see from curiosity or damage.—On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, safely from observation. Office hours from 8 A. M. to 8 P. M., and on Sundays from 2 to 5 P. M.
N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, inclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.
N. B.—No students or boys employed. Notice, address all letters to
J. TELLER, M. D.,
and No. 5 Beaver Street Albany, N. Y.

E. A. STEVENS,
NO. 46 MARKET STREET.
AN UNUSUALLY LARGE STOCK
OF EVERY KIND
—OF—
KITCHEN FURNISHING GOODS.
The Virtues and Advantages
—OF—
SCHOOLEY'S
NEW IMPROVED
REFRIGERATORS
ARE:
1. We produce greater cold from less ice than any other Refrigerator ever invented.
2. We have double the cooling power at a less cost.
3. Complete and perfect ventilation.
4. Dry, cold air.
5. Sweet smelling, free from moisture, mold or must.
6. One article will not partake of the taste or smell of another, as is always the case in every other Refrigerator.
7. Any kind of perishable food can be preserved almost any length of time.
8. The Provision Chamber can easily be kept clean and sweet, as no moisture is ever deposited on its side as in all other kinds.
9. The mechanical structure of our Refrigerators will compare with any of the best made household furniture.
10. Our prices are more reasonable than any other Refrigerator now offered for sale.
11. A perfectly uniform temperature, so that every portion of the Refrigerator can be used at the same time.
12. A constant change of air is secured in the Provision Chamber, without any unnecessary waste of ice, or loss of air already cooled.
An assortment of the above, with common Upright and Chest Refrigerators, for sale at the old prices, notwithstanding an advance of 15 per ct. has been made by the manufacturers on the 19th inst. Terms Cash. E. A. STEVENS.

Gas Fixtures.
PERSONS who desire to have any repairs or alterations made in Gas Pipes or Fixtures, are requested to send in their orders at once. The work can be done much more promptly now than later in the season. E. A. STEVENS.

"A Stitch in Time Saves Nine."
All Furnaces, Stoves and Funnels should be thoroughly cleaned out and put in order, as soon as fires are done being made in them. If allowed to remain filled with ashes and soot through the summer, they will decay very rapidly, and useless expense be incurred.
A full supply of Linings and Repair Pieces constantly on hand, and all orders attended to with dispatch. E. A. STEVENS.

HALEY, MORSE & BOYDEN'S
SELF-ADJUSTING
CLOTHES WRINGER,
THE BEST IN THE WORLD.
Over 40,000 have been sold by the manufacturer in a little more than two years—nearly 400 of them in Portsmouth and vicinity!
May one not try it—if not perfectly satisfactory the money will be refunded.

Facts for the People.
The enormous rise in price of Iron, Coal and Labor, has caused manufacturers to advance the price of STOVES and Castings several times since the war began; and it is now arranged to make a general advance of 25 to 50 per cent, this season.
We have not yet raised the price of Stoves in proportion to their increased cost, but shall be compelled to do so very shortly. Persons who expect to purchase anything in the Stove and Furnace line within a year or two, will save money by doing so at once. The price of a Stove is not so much an object, now, as its capacity and the cost of operating it. All things considered, there is no Stove equal to
THE MODEL COOK.
IT IS, IN FACT,
The Best Stove Out,
for economy, convenience and dispatch.
Many people think it best to use an old stove as long as possible, but it is far better to throw it away and purchase a MODEL COOK, than to keep it at the present high price of fuel.
One of our newest customers purchased a MODEL COOK STOVE a year since, says he has saved more than its cost already.
A careful, prudent family purchased one, and after it had been in operation some days his son came into the store and said, "something was wrong at their house!" his father and himself used wood off the same pile, he burned three kets full a day, and his father only one! We sold him a Stove before he left, and there has been no complaint since.
These Stoves are in use in many hotels and boarding houses, and in hundreds of private families in this city and vicinity, and give the best of satisfaction.
For sale at
E. A. STEVENS'S
House Furnishing Establishment,
NO. 46 MARKET STREET.

CHILDREN'S CARRIAGES.
The subscriber has purchased for cash, of the largest manufacturers in the country,
200 CHILDREN'S CHAISES,
WAGONS, CABS, GIGS,
TOY GIGS AND WAGONS,
of about 20 different styles—prices from $3 to $21 each.
Some of the above are very elegant silver-plated and stitched Chaises. The assortment is the largest and best ever offered in this city. A part of the above are already in store and ready for sale—the balance is expected daily.
Call and examine the stock, whether intending to purchase or not.

my10 JOHN SISE, 5 Market Square.

Morning Chronicle.

Portsmouth, N. H.

FRIDAY, JULY 1, 1864.

THE REBELLION.

Gen. Canby is preparing for an expedition and has his headquarters at Natchez.

A cavalry expedition from Fort Smith, Ark, attacked a rebel force 800 strong on the 26th, and captured all whom they did not kill; our loss was slight. A rebel cavalry regiment, which attacked our pickets at Pine Bluff, was repulsed and pursued 30 miles. Their camp with all their equipage was destroyed.

THE VIRGINIA CAMPAIGN.

Late rebel papers report that Gen. Wilson's expedition had reached Burkesville, the junction of the Petersburg and Lynchburg and Danville railroads, destroyed the the station and track there, and burnt a train loaded with cotton. He then started down the road to continue his work of destruction and devastation. The rebels admit that he is not likely to meet with much opposition in the direction he took.

Gen. Grant since he crossed the Rapidan, has captured over thirty rebel battle-flags and about seventeen thousand prisoners, while his own loss in prisoners is less than one-third that number. Dates to Monday report no material change in the position, but a sharp warfare is going on between the pickets of the two armies for the advantage of position. Petersburg was shelled for five hours on Monday, at short range, the rebels having opened with their heavy guns on the other side of the Appomattox river; and the enemy were silenced. The rebel works between the 18th corps and Petersburg, it is said, are hardly anything more than rifle pits; the tents of Hill's and Longstreet's corps are pitched in full view of our most advanced position, and Lee is operating on our left, while Beauregard holds the town of Petersburg. Gen. Butler's guns are reported to cover the Richmond and Petersburg railroad, so that Lee cannot use it.

THE ENROLLMENT.—The U. S. Senate, on Wednesday, passed the House bill amending the Enrollment Bill, having first amended it, as follows: striking out the portion which provides for bounty to substitutes, and changing the mode of payment of the bounty from one-half on being mustered in, one fourth at the expiration of half of the term of service, and one-fourth at the end of said service, to three equal payments of one-third instead; striking out the clause which allows full bounty to persons discharged from service by wounds or sickness; and reducing from sixty to forty days the period allowed after the call for filling the quota without a draft. Officers are to be punished by dismissal, with forfeiture of pay and allowances, for knowingly enlisting minors under 16 years of age.—The section permitting the loyal States to recruit in States in rebellion was stricken out, and each State is confined to recruiting within its own lines.

THE LIGHT DRAFT MONITORS.—By direction of the Navy Department, Adm. Gregory of the Brooklyn Navy Yard sent Chief Engineer Newton, of his staff, to Boston, to ascertain the exact condition of the Chimo and her sister ships, the completion of which has been announced. He has submitted to the Government a detailed statement of the shortcomings of the vessels, and operations have been ordered at once to commence on the Chimo and her consort, with a view to convert them into some sort of serviceable craft. Mr. Newton is assisted by another naval engineer.

Orders have been sent to the officers superintending the construction of the monitor at Wilmington, to leave off one-third of the armor of her sides, and finish her with the remaining portion of the mail. This, it is believed, will enable her to be used for general purposes, although her defensive power will, of course, be greatly diminished. Surveys are to be held, it is presumed, on the Cohoes, Nanbrie and Modoc, all of the Chimo type, now building, and pretty well advanced. The nature of the alterations to be made in these has not transpired.—Mr. Newton will probably attend to the entire fleet at Boston, five or six of the ships being in progress there.

—It is said that the archives of Louisiana, with other important documents, have been found buried near Baton Rouge.

— Twenty-five hundred tons of Scranton coal were sold at auction in New York on Wednesday for $9.25 a 10 40 per ton, an average advance of $1.33 per ton.

—88 dead bodies have been recovered from the ruins of the train which ran thro' a draw in a bridge on the Grand Trunk R. R. The number wounded was 80. The engineer has been sent to jail.

— Mr. Chase, Secretary of the U. S. Treasury, resigned on Thursday and the President nominated Governor David Tod, of Ohio, as his successor. This sudden change was unexpected and is unexplained.

NEW HAMPSHIRE ITEMS.

—— The annual meeting of the N. H. Medical Society has been held at Manchester this week. The address was delivered by Dr. Paul A. Stackpole of Dover, the President. It was voted to raise the annual tax of members to $4.00, and also to distribute Braithwaite's Retrospect to the paying members. The following were elected officers for the ensuing year: Dr. John Clough of Lebanon, President; W. D. Buck of Manchester, Vice President: Nathan Cole of Suncook, Secretary; Thomas Wheat of Manchester, Treasurer. J. P. Bancroft of Concord, and L. C. Bean of Lebanon, were chosen delegates to Dartmouth College. It was voted that the next annual meeting be held at Portsmouth, and Drs. Laighton and Oliver of Portsmouth, Dr. Whittemore of Chester and Dr. Pray of Dover were chosen com. of arrangements.

—— The Washington correspondent of the Boston Traveller states that the President has engaged rooms at Manchester, where he and Mrs. Lincoln will spend a week, after the commencement exercises at Harvard College are over.

—— The American Telegraph Company have completed their line over Mount Washington. It works well. The offices at all the mountain houses will be open for business on Friday, July 1.

—— Benjy Barnes, Esq., of Dover, after forty years service as clerk of the Cocheco Manufacturing Company, has resigned. John Aiken, Esq., for many years its Treasurer, also retires.

—— Gustavus H. Horne has been appointed cashier of the Dover Bank, Dover, vice T. S. Smith, Esq., resigned.

—— Capt. Charles O. Bradley of the 13th regiment, has resigned on account of ill health.

—— A gentleman from the vicinity of the Sunapee Mountain, says that fire was raging on that celebrated eminence on Wednesday, and bade fair to sweep over much of its sides.

—— The Concord Monitor thinks that some members of the present House feel that the only legitimate object of their assembling is to inquire into the conduct of Governor Gilmore and the other officials at the State House, which they have prosecuted thus far with great devotion but indifferent success.

—— A man calling himself Wm. Murray is under arrest at Concord, supposed to be one of a gang of persons who are aiding and enticing soldiers to desert.

☞ Col. Henry O. Kent, in one of his pleasant Washington letters to his own paper, the Lancaster Republican, thus refers to the company of Heavy Artillery recently stationed at Fort Constitution:

It will be gratifying to the people at home to know that the company holding Battery Cameron and Battery Parrott, is considered by Col. Hoskin, commanding the Division, as the best in his command. Col. Long, Captain of the company, is an experienced and reliable officer, who is ably seconded by his Lieutenants, Wainwright, Wells, Wentworth, and Harrold. The men are thoroughly drilled at the heavy guns and have made excellent shots at target practice. The quarters are roomy, clean and healthy; the men contented, active and soldierly. The command reflects credit upon the State, its officers and its individual members.

THE LEGISLATURE.

WEDNESDAY.—In the Senate notice was given of a bill to incorporate the Manchester and Keene R. R. The following bills were passed:

An act enabling contiguous school districts to unite; to incorporate the Errol Steamboat Company; the Littleton Fair Ground; the American Barrel Machine Company; the N. H. Universalist State Convention; the American Tin Mining Company; in addition to an act to incorporate the American Fire Insurance Company; in amendment of an act to incorporate the Farmers' Mutual Fire Insurance Company; resolutions in favor of an appropriation for the indigent deaf and dumb, and also for the indigent blind.

The President laid before the Senate an invitation of the Manchester delegation in the Legislature, to visit that city with reference to the State House question. A like invitation was received in the House, and it was voted to go on Thursday.

In the House, the Committee on military affairs reported a resolution requesting the Secretary of War to complete immediately the hospital of 500 beds at Manchester. This caused quite a lively discussion, in which the advantages which Portsmouth and Manchester afford, were presented by several members, including Messrs. Walker, Hackett and Haven of this city,—in which Portsmouth seemed to have decidedly the best of the argument. The same committee reported that the resolution in relation to the Governor's Horse Guards be indefinitely postponed.

☞ The following dividends are payable July 1: Boston and Maine R. R. 4 per cent; Concord and Portsmouth 3 1-2; Eastern 3; Eastern in N. H. 3; Fitchburg 4; Old Colony and Fall River 4; Great Falls Manufacturing Company 5; Salmon Falls 4; Strafford Bank, Dover, 5.

— There will be very few celebrations of the 4th of July in New England this year.

— The stockholders of the Suffolk Bank, Boston, have voted not to reorganize under the National Banking act.

— The facts regarding the monitors are to be investigated by the Committee on the Conduct of the War.

— The Senate has extended the provisions of the Pension act, to include the families of colored soldiers.

— Hereafter no witnesses are to be excluded from U. S. Courts on account of color.

— The U. S. House has passed the bill to organize and regulate an Engineer corps.

— Col. Bowman, Superintendent of the Military Academy, West Point, has been relieved from duty at that post.

— The pirate Alabama landed at Cherbourg forty prisoners, the crews of the ship Rockingham and barque Tycoon.

— Brig. Gen. Taylor, Commissary of Subsistence for the army, died in Washington Wednesday morning. He was a younger brother of Ex-President Taylor.

— The President has been requested by Congress to appoint a day of National Humiliation and Prayer for the suppression of the rebellion.

— The yacht Mist went out from Portland harbor on Sunday a schooner and came back a sloop—having been struck by lighting, which shivered a mast.

— One of the bitterest Copperhead papers in New England comes out in favor of *repudiation*: this is in perfect keeping with its manager, and with Jeff Davis.

— The Selectmen of North Berwick, Me., offer a reward of $50 for the detection of the person who, on the evening of June 24, left a female infant in the yard of Samuel A. Hubbard of that town.

— A concerted effort is to be made, to supply the Army of the Potomac from New York city with a thousand barrels of Onions, Peas, Cabbage, and other fresh Vegetables, for their Fourth-of-July Dinner.

— The Commisary General of Prisoners, acting under instructions from the Secretary of War, on Saturday sent from Fort Delaware to Hilton Head the rebel officers who are to be placed under fire.

— A quantity of forged Confederate bonds, of £20 each, have been put into circulation in England. One batch of £72,000 was recently sold in London to go to Holland.

— William C. Todd, Esq., who has after ten years service, resigned his position as Principal of the Newburyport Girls' High School, has given $500 to the School, the interest of which is to be expended annually to furnish a library of reference books.

— Pyrographic wood is now quite fashionable for fitting up and ornamenting ships' cabins. Pyrographic wood is that wood on which is impressed, by burning, ornamental designs and figures. The process is called fire-writing.

— Many locations in Maine were favored with copious showers three day in succession, last week. The amount of good they did in quenching the numerous fires in the woods, and in reviving the crops, cannot be fully estimated.

— It is stated that Louis Napoleon, while rowing on the lake in the pleasure grounds at Fontainbleau, fell into the water, and that he received an accidental wound on the head from a boat which pushed forward to pick him up.

— Efforts will be made to launch the Puritan on the Fourth of July. The command of this ship may be given to Commodore Rowan. His services at Charleston on board the New Ironsides, have made him very popular in the navy.

— The largest flour mill in the State of New York was burned on Tuesday at Minetto, Oswego county. The loss on buildings is reported to be $200,000, besides the destruction of 15,000 bushel of wheat, 1800 barrels of flour, 1800 tons of feed and 20,000 empty barrels.

— Mr. Andrew D. Euson, who was injured severely at the recent railroad accident near Berlin, Conn., died on Tuesday evening. Mrs. Euson, his wife, who was first reported killed, is gradually recovering, as are all the other victims of that unfortunate occurrence.

— "Shall the Union be reconstructed with Slavery or without?" is the Main Question to be decided at our next presidential Election; and the votes of those who wish it reconstructed without will inevitably be concentrated on Lincoln and Johnson; while the other sort will be cast for whatever ticket shall be named at Chicago.

— Rev. J. W. Goucher, of London, recently delivered a sermon originally written and preached by Rev. A. L. Stone, of Boston, eight years ago, and published in the "National Preacher," February, 1858. Goucher now publishes it in the London Christian Times, having changed the text and substituted a few words: in all other respects the plagiarism is wholesale and unmitigated.

— Anxiety is felt regarding the steamer Golden Age, which is overdue at San Francisco.

BRIGHTON CATTLE MARKET.

WEDNESDAY, June 29.

At market 1144 beef cattle, 3507 Sheep and Lambs, 1324 swine. Number of Western Cattle, 835; Eastern Cattle, 10; Working Oxen and Northern Cattle, 227; Cattle left over from last week, 14.

Coal $14.00 Per Ton!

MONEY SAVED BY USING EDDY'S PATENT

KEROSENE COOKING STOVE.

By the use of two or more burners sufficient heat is obtained for doing most of the cooking for a family, at a very small expense and with great facility.

Economy is perhaps their greatest recommendation in these times of high prices of Coal, for with one of these Stoves tea may be prepared for a family at a cost for fuel not exceeding One Cent, and dinner not exceeding Two Cents.

They are portable, and burn without smoke or odor, hence they may be used in any part of the house.

Call and see one in operation, at No 12 Market street. Sole Agents for Portsmouth.

J. W. & A. STAVERS.

Also, Dealers in Crockery, Glass Ware, Room Papers, Lamps, Window Shades, Boots, Shoes, and Fancy Goods. Je16

An experience of over twenty years' extensive practice enables Dr M. to cure the most difficult cases. Medicines entirely vegetable. ADVICE FREE.
Mrs. M., who is thoroughly versed in the affective maladies of the sex, can be consulted by ladies.
Patients furnished with board and experienced nurses. Boston, June 7, 1864.—spnly 8aw

"A Wonderful Discovery."
DR. TEBBETTS' "PHYSIOLOGICAL HAIR REGENERATOR" is compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not "Dye," and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth of new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling or of its removes all dandruff, heat, humors and itching from the scalp. It keeps the hair soft, moist and perfectly healthy, and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "REGENERATOR" is warranted to produce the above results in all cases, if not the money to be refunded. With it every "GRAY HEAD" in New England can be restored in less than sixty days.
THACHER, opposite the Post Office and 12 Market Square, Agent for Portsmouth.—Geo. O. Goodwin, No. 38 Hanover street, Boston, Wholesale Agent for New England, and sold by Druggists everywhere. TEBBETTS BROTHERS, Druggists and Chemists, Proprietors, Manchester, N. H. Je1—tf

Proposals for Pine Timber and Plank.
SEALED PROPOSALS will be received at the City Clerk's Office in the city of Portsmouth, N. H., until SATURDAY, July 2, 1864, at 12 o'clock at noon, for furnishing the following schedule of Timber and Plank for repairing the Sagamore Bridge, to be delivered at some wharf or depot in said city:
40 pieces White Pine 8 by 10 inches, 32 feet long;
40 " " 8 by 10 " 16 "
20 " " 8 by 10 " 34 "
25,000 feet board measure White Pine Plank, 3 inches thick and 21 feet long.
Persons proposing will state the price by the thousand feet board measure; they will also state the time when the whole can be delivered, if being wanted immediately.
Separate bids will be received for the Timber and Plank.
The undersigned claim the right to reject any bid.
By order of the Board of Aldermen.
JOSEPH B. ADAMS,
WILLIAM E. HADLEY,
Committee on Streets, Roads and Bridges.
Portsmouth, N. H., June 21, 1864.

PROPOSALS for Wood.
SEALED PROPOSALS will be received at the City Clerk's office, in the CITY OF PORTSMOUTH, until the twentieth day of July next, for supplying the Overseers of the Poor with from two hundred to two hundred and fifty cords merchantable HARD WOOD, to be delivered at either Railroad Depot, or at such wharf as the Overseers may designate.
The Overseers reserve the right to reject any bid. By order of the Overseers of the Poor.
MARCELLUS BUFFORD, Clerk.
Portsmouth, N. H., May 14, 1864.

☞ The *Domestic Dyes* prepared by Geo. H. Reed & Co. offer the simplest and most perfect means of dyeing household apparel ever presented the public. They embrace 60 different shades, and include all the new and fashionable colors; and are perfectly *fast*. Samples on silk and wool can be seen and the colors procured of THACHER. 1m20

Local.

☞ There is considerable excitement in this city and vicinity, respecting the yellow fever, brought here by the U. S. Steamer DeSoto—and to quiet the fears of the timid, and stop the circulation of absurd and exaggerated rumors, we shall from day to day give whatever accurate official information concerning the case, our City Government can obtain. As to the ship, there are difficulties in the way of returning her to quarantine,—which she ought never to have left till purified. [And here we will say, that Pilot Amazeen, who brought her to the Navy Yard at request of her officers, declares upon oath, that the reports of his being *bribed* to do so, are entirely false.] But as to sending her back—Com. Pearson is willing to do so; but the vessel leaks, and at least twenty men must be kept aboard to keep her afloat; and he has not the men, nor power to detail them for the service without authority from the Government, even if they would go.

Another plan proposed is to dock the ship, after clearing her; open her, and cleanse her with water—which, on the other hand, is not deemed sufficient, and is regarded as endangering the residents and employees at the yard. Meantime the vessel is admitting water at the wharf, and nobody seems to care about going into her to place the engine hose to clear here—most of them giving as a reason that they don't wish to be thereby prevented from visiting Portsmouth, according to vote of our Aldermen.

Most of the needless fright felt by our citizens, is caused by ignorance of the disease, its nature and causes. Those best acquainted with it in Southern latitudes, say it *cannot*, under any circumstances, be caught from another person, but is infectious from the atmosphere alone; that there is not the slightest danger in this city from the vessel at the Yard, nor much if any at the Yard from her being there; and that if a thousand victims of the yellow fever should die here, no person could catch it from any of them, and there is no danger in taking care of them. That it exists in the atmosphere of the vessel alone, and can be spread only in a very hot and filthy locality; and that to go or work aboard the ship is not dangerous, (unless to persons whose physical condition at the time is especially favorable to the contraction of any fever,) but to sleep there, or to remain on board at night, is to be avoided.

The facts are, that as we before stated, one of the crew died on board the day before the DeSoto arrived here, and another on the day of her arrival, as also the Assistant Surgeon,—since which, another seaman has died at his boarding house in Penhallow street. The rest of the crew, we believe, are recovering. Another man, not of her crew, but who was employed on board as watchman at night, and who rashly slept below in her next day, has also died in Hunking street; and a girl is *reported* to be sick at the same house, but of what disease we know not—and those acquainted with yellow fever say it *cannot* be that, unless she has been on board. Then, Thursday, Mr. Seldon E. Garland, employed in the Yard boats, died in Jefferson street in the city, of disease pronounced the fever. He declared to the last, we hear, that he had *not* been on board the DeSoto at all; but others state as positively that he *did* go. Mr. Prescott, master machinist at the Yard, is also very sick of fever, said at first to be the yellow variety, but since, we hear, pronounced typhoid. He was aboard the infected ship several times, we believe. We can learn of no other cases of sickness of the sort; and will close by urging all to keep cool and not be alarmed, for really we see no cause for fear.

Our city authorities have telegraphed to Secretary of the Navy Welles, requesting him to order the steamer into quarantine forthwith; and no doubt the object of so much terror will be speedily removed, and with it, we trust, all fear, and occasion for it, will vanish. Meantime, in our opinion, our citizens and visitors are as safe as ever in pursuing their usual business and pleasures in our healthy city—though the cleaner and more "cool" every person and every dwelling is kept at all times, the better.

☞ The Appledore House, at the Isles of Shoals, is open for the season—in charge of Messrs. O. & C. Laighton. Oscar and Cedric are the popular sons of the old proprietor; and under their management, the house will lose none of its old popularity.

The pilot-boat "Dragonet" is announced to run as the Shoals packet for the season, and so is withdrawn from the public accommodation pleasure service. Her regular trips to the Islands commence to-day.

☞ The body of William Goodwin, who was drowned near the Portsmouth Bridge one week ago Sunday, was found on Thursday afternoon by Police Officer Abbott, ashore on one of the islands near the Navy Yard. It was taken in charge by his brother.

☞ They do say that they boil small lobsters down at the Market, and use them for change.

☞ A Manchester rough, calling himself Henry M. Colby, was arrested in Hampton on Wednesday afternoon, by Police Officer Frank B. Johnson, of this city, on charge of robbing Alvah Manson, of this city, of $310 and a watch, at the American House in Manchester a few days since. Manson was just discharged from the N. H. 2d regiment, and states that he was drugged at the time of the robbery. Far better to have been shot than to fall among such villains. Colby was chased about smartly in in this city before escaping to Hampton, by Marshal Dresser and his Assistants—boys, horses and dogs joining in the hue and cry, and fences being jumped, lattices stove, and glass broken; but he got off, and walked to North Hampton to take the cars. Officer Johnson was too smart for him, and was there in the train before him. But Colby saw Johnson on the train and knew him, and so would not get in, but ran off again. Johnson—who is a hard one to escape from—changed his clothes, and came up with him again, and captured and ironed him alone, in a pasture—but not till after unsuccessfully firing at him four times, and on coming up with him knocking him down with his fist. On returning with his prisoner to this city, the City Marshal of Manchester was telegraphed for, and came and took the fellow there for trial.

☞ It is stated that our neighbors at Dover are making a renewed effort to have the location of the Provost Marshal's office for this District changed to that city. It turns out that our Aldermen, in their wisdom, have concluded to give up Jefferson Hall, which, in its former condition, was paying a large rental to the city, by means of its occupancy by the U. S. authorities for the use of recruits, and the Provost Marshal can now find no hall in which to keep his soldiers. Now Mr. Estes, the vigilant Mayor of Dover, has discovered this fact, and at once the citizens of Dover tender a set of rooms for offices, together with a comfortable hall for the custody of conscripts, all rent free!—if the office will only be moved to Dover. Shall we go to sleep in this matter, and shall the unfortunate blunder of the Aldermen deprive our City Provost Marshal's office, after what Portsmouth has suffered in this behalf? It is stated that one enterprising merchant in Market street has offered to put up a building, if none can be obtained here for the purpose. Meanwhile, is there not a place that can be rented for the purposes of the Provost Marshal in Portsmouth, or shall we see the location of the office changed by our supineness? H.

☞ The National Mechanics and Traders Bank, (the Second National Bank,) of this city, commences operations to-day, July 1st—G. L. Treadwell President; and J. F. Shores Cashier.

MARRIAGES.

In this city, June 29, by Rev. S. Holman, Mr. AGA G. TINGLEY, of this city, to MISS BARBARA A. INGRAHAM, of South Danvers, Mass.

DEATHS.

In this city, June 29, Mr. ROBINSON F. BERRY, aged 50 years: a worthy, useful man. Funeral this afternoon, at half-past 1 o'clock, from the Advent Chapel.

MARINE CHRONICLE.

PORT OF PORTSMOUTH.

Sch Arabella, Frisbee, for Jersey City for this port, arr at Holmes Hole 23 ult.
Sch Eastern Bell, Haley, sld from New Bedford 29th ult. for this port.

BUSINESS NOTICES.

CHRONICLE NOTICE.—All bills are expected to be settled July 1st; after which date no contract for yearly advertising will be considered as including copies of the Chronicle—which will in *all cases* be charged $6 per year, payable in advance—and any special agreement heretofore made to the contrary, will terminate at that time. Chronicle $5 per year, or 50 cts. per month, in advance; 15 cts. per week; 3 cts. per copy.
All interested will please take notice. June 28.

SYMPATHY.—Sympathy is a lovely and beautiful thing, for it exhibits the angelic part of human nature. We deeply sympathize with those who cannot obtain Herrick Allen's Gold Medal Saleratus, for they are deprived of one of the greatest luxuries the world affords. We have no sympathy with any family who will use any other Saleratus or soda, if this article can be purchased. We see most of our Merchants have it. One trial will convince any one. Their depot is 112 Liberty Street, New York.

☞ Scurvy and scrofulous eruptions will soon cover the bodies of those brave men who are fighting their country's battles. Night air, bad food and drenching rains will make sad havoc with the strongest, therefore let every man supply himself with Holloway's Ointment, it is a certain cure for every kind of skin disease.

If the reader of this "notice" cannot get a box of Pills or Ointment from the drug store in his place, let him write to me, 80 Maiden Lane, enclosing the amount, and I will mail a box free of expense. Many dealers will not keep my medicines on hand because they cannot make as much profit as on other persons' make. 35 cents, 88 cents, and $1.40 per box or pot. 215

Potash.
Potash, just received and for sale.

Smith's Catarrh Snuff.
For the cure and immediate relief of Catarrh, Colds in the Head, Dryness of the Air Passages, &c.
This Snuff does not sneeze one in inhaling it. It will break up a Cold in the Head in a few minutes. It is softening and soothing in its effects. Every one, as far as is known, is satisfied with its results. The large demand it is having, by the gross and dozen, shows its value. The Proprietor was cured last winter of Catarrh of many years standing, with his "Catarrh Snuff," and the cure is PERMANENT.
For sale in Portsmouth by the THACHERS and PRESTON, Druggists, and by A. A. PAYNE and WELLS, Grocers.
Geo. O. Goodwin & Co., Boston, Gen. Agents.

JUNK STORE.
111 Market Street, Portsmouth.
WANTED, any quantity of old Junk, Copper, Brass, Pewter, Lead and Iron; White and Colored Cotton and Woolen RAGS; Papers, Books, Pamphlets, Cuttings and Waste—for which the highest Cash Prices will be paid.
JOHN L. O. COLEMAN.
Portsmouth, May 3, 1864.

VERNATELLA.
Warranted to make the Soles of Boots and Shoes water and dampness proof, and wear one-third longer.
VERNATELLA
Is a preparation from Copper, having no grease, linseed oil, or anything of the kind, and when the soles are once saturated with it, water can no more get through them than through copper itself. **Price 25 Cents Per Bottle,**
at retail everywhere.
But its cost to the purchaser is really NOTHING, as it makes the soles wear enough longer to more than pay for it, leaving as a net gain the making of them Water and Dampness Proof, and the preservation thereby of that priceless gem, the health.
☞ LADIES, READ THIS! ☜
SAVE YOUR HEALTH.
Use Vernatella on the Soles of your Shoes. It makes them water proof and thereby protects your feet from dampness, for the ground is always more or less moist, either from rain or the morning and evening dew.
At wholesale in Boston by Geo. C. Goodwin & Co., 38 Hanover street; S. M. Colcord & Co., 97 Hanover st.; H. S. Burr & Co., 36 Tremont st.; Carter, Rust & Co., 43 Hanover st.; and Wholesale Druggists generally. Also, by all the principal dealers in Boots and Shoes.

MASON & HAMLIN'S
CABINET ORGANS,
Combining the requisites for Sacred and Secular, Church and Parlor Music; for Families, Sunday Schools, Day Schools, Churches, &c.
They are elegant as pieces of furniture; occupy little space; are not liable to get out of order or out of tune; are warranted for five years; will improve in tone by age, and are moderate in cost.
They are to private houses, Sunday schools and smaller churches, what the larger pipe organs are to large churches, and in addition to this are adapted to secular as well as sacred music.
The Cabinet Organ is essentially different from, and a marked improvement upon, all instruments of the melodeon or harmonium kind. Its superiority consists in many important characteristics.
The undersigned, Agent for the Manufacturers, will be pleased to show the Cabinet Organs to all wishing to purchase, at his residence, NO. 30 HANOVER STREET.
my24 A. PEARSON.

Morning Chronicle.

COST OF LIVING IN SECESSIA.—A correspondent of the Tribune with Gen. Sherman's force supplies the following rebel prices current:

"Wages per day, plowing or splitting rails, $5; flour per barrel, $100; corn per bushel, $20; bacon per lb., $6; sweet potatoes per bushel, $10; coffee per lb., $16, none since the war; eggs per dozen, $2.50 and $3; rice per lb., $1; cheese, none to be had since the war; a good cow, $200; a good cow with young calf, $500; a good horse, $4000 to $5000; syrup per gallon, $20; a negro man, $4000 to $5000; a negro woman, $2800; calico per yard, $5, thin; cotton, homespun, $10 per yard; cotton, domestic checks, $10 per yard; women's shoes, per pair $40, coarse; men's shoes, per pair, $50, coarse; ladies' shoes, fine, per pair, $100, none to be had; cotton cards per pair, $70; nails per lb., $3; horse shoes per set, $8; jugs per gallon, $1; milk per canteen-full, $2; butter per lb., $5."

When we compare the price of a day's labor with that of flour, rice, corn, butter and bacon we get a clearer idea of the *people's welfare*, than in looking at paper and gold.

In the above table, a day's common labor will buy one pound of butter;—here in Portsmouth, it will buy from six to ten. In the table it takes four day's work to buy a bushel of corn, and twenty days to buy a barrel of flour. Here one day will buy the corn, and four days will buy the flour. In the table, the days' work will not quite buy the pound of bacon;—here it will buy a half dozen or more.

—The Bath Times persists in calling Little Mac "McLellan,"—in fact, don't C it.

Constitution Life Syrup,
COMPOSED OF
IODIDE POTASSIUM,
With the compound concentrated fluid extract of
VALUABLE MEDICINAL
ROOTS AND HERBS,
Prepared by WM. H. GREGG, M. D.,
Graduate College Physicians and Surgeons, N. Y.
(formerly Assistant Physician Blackwell's Island Hospitals, late Medical Inspector New York State Volunteer Depots, under Gov. Edwin D. Morgan.

Constitution Life Syrup
HAS PRODUCED
A REVOLUTION IN MEDICINE!

What may seem almost incredible, is, that many diseases hitherto considered hopelessly incurable are frequently cured in a few days or weeks, and we cheerfully invite the investigations of the liberal minded, and specific to cures which have no parallel at the present day.

Our medicine is peculiar, by it the seat of disease is directly reached, and the equilibrium restored. Those who have suffered long from painful and obstinate diseases, those who have vainly sought relief from advertised medicines, those who unable to find cure by other physicians—are

Invited to use Constitution Life Syrup.

During the past five years we have contended with obstacles and overcome opposition as been less as ever encountered by any Reformers.

Rapidity of Cure.

Some say, "Your cures are too quick," while others doubt their permanency and think that diseases can only be cured by the "slow recuperative process of Nature." This is our reply:

In health and body, like a well-balanced scale, is in a state of equilibrium. But when from any cause down goes one side of the scale, we have the effects, and our Medicine, by restoring it, to restore the normal balance of the scale.

CONSTITUTION LIFE SYRUP.

A positive and specific remedy for all diseases originating from an IMPURE STATE OF THE BLOOD, and for all (hereditary) DISEASES transmitted from PARENT TO CHILD.

Paralysis.

Hemiplegia, Paralysis Paraplegia, Paralysis Agitans.

It is so universally admitted that Constitution Life Syrup is the only effective means of restoration in the various forms of Paralysis, that we need not reiterate that it is emphatically the Great Life-giving Power.

Dyspepsia.

Indigestion, Liver Complaint, Constipation, Weight of Stom's, Biliousness, Want of Appetite, Flatulence, Bad Blood.

Scrofula.

Glandular Swellings, Ulcerations, King's Evil, Dyspepsia, Salt Rheum.

This taint (hereditary or acquired), filling life with untold misery, is by all usual medical remedies incurable.

Rheumatism.

[Arthritic], Neuralgia, Gout, Lumbago, Sciatica, The Dolorous.

If there is any disease in which the Constitution Life Syrup is a sovereign, it is in Rheumatism and its kindred affections. The most intense pains are almost instantly alleviated—enormous swellings are reduced, often entirely disappear, and in 20 or 30 years standing, have been cured by us.

Nervousness.

Nervous Debility, Confusion of Thought, Epilepsy, Loss of Power, Shattered Nerves, St. Vitus' Dance.

Thousands of the Age, Weak Nerves, Difficult Breathing, Trembling, Wakefulness, Dreaminess on the Face, Pale Countenance, Insanity, Consumption, and all the direful complaints caused by departing from the path of nature.

☞ This medicine is a simple vegetable extract and one on which all can rely, as it has been used in our practice for many years, and with thousands treated it has not failed in a single instance. Its curative powers have been sufficient to gain victory over the most stubborn cases.

☞ To those who have tried with their constitution, until they think themselves beyond the reach of medical aid, we would say, *Despair not!* the CHEROKEE CURE will restore you to health and vigor, and after all quack doctors have failed!

☞ For full particulars, get a circular from any drug store in the country, or write the proprietors, who will mail free to any one desiring the same, a full treatment in pamphlet form.

Price, $2 per bottle or three bottles for $5, and warranted by express to all parts of the world.

Sold by all respectable druggists everywhere.

DR. W. R. MERWIN & CO., Sole Proprietors,
No. 59 Liberty street, New York.

Glad News for the Unfortunate!

The Long Sought For Discovered at Last.

CURES FROM ONE TO THREE DAYS

CHEROKEE REMEDY
—AND—
CHEROKEE INJECTION,
Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as Gonorrhœa, Gleet, Inflammation of the Bladder, Inflammation of the Kidneys, Stone in the Bladder, Stricture, Gravel, Gleet, Gonorrhœa, and is especially recommended in those cases of Fluor Albus (or Whites in females) where all the old nauseous medicines have failed.

It is prepared in a highly concentrated form, the dose only being from one to two tablespoonfuls three times per day.

It is diuretic and alterative in its action; purifying and cleansing the blood, causing it to flow in all of its original purity and vigor; thus removing from the system all pernicious causes which have induced disease.

CHEROKEE INJECTION is intended as an ally to treatment to the CHEROKEE REMEDY, and should be used in conjunction with that medicine in all cases of Gonorrhœa, Gleet, Fluor Albus or Whites, as it effects are healing, soothing and anodyne; removing all scalding, heat, chordee and pain, instead of the burning and almost unendurable pain that is experienced with nearly all the *cheap quack injections.*

☞ By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—Impropper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.

For full particulars get our pamphlet from any druggist in the country, or write us and we will mail free, to any address, a full treatise.

Price—CHEROKEE REMEDY, $2 per bottle, or three bottles for $5.

Price—CHEROKEE INJECTION, $2 per bottle, or three bottles for $5.

☞ Sent by Express to any address on receipt of price. Sold by all druggists everywhere.

DR. W. R. MERWIN & CO., Sole Proprietors,
No. 59 Liberty street, New York.

THE GREAT
INDIAN MEDICINE,
COMPOUNDED FROM
ROOTS, HERBS AND
LEAVES.
CHEROKEE CURE.

An infallible cure for Spermatorrhea, Seminal Weakness, Nocturnal Emissions, and all diseases caused by self-pollution; such as Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficult Breathing, Trembling, Wakefulness, Dreaminess on the Face, Pale Countenance, Insanity, Consumption, and all the direful complaints caused by departing from the path of nature.

☞ This medicine is a simple vegetable extract and one on which all can rely, as it has been used in our practice for many years, and with thousands treated it has not failed in a single instance. Its curative powers have been sufficient to gain victory over the most stubborn cases.

☞ To those who have tried with their constitution, until they think themselves beyond the reach of medical aid, we would say, *Despair not!* the CHEROKEE CURE will restore you to health and vigor, and after all quack doctors have failed!

☞ For full particulars, get a circular from any drug store in the country, or write the proprietors, who will mail free to any one desiring the same, a full treatment in pamphlet form.

Price, $2 per bottle or three bottles for $5, and warranted by express to all parts of the world.

Sold by all respectable druggists everywhere.

DR. W. R. MERWIN & CO., Sole Proprietors,
No. 59 Liberty street, New York.

DR. WRIGHT'S
REJUVENATING ELIXIR,
OR ESSENCE OF LIFE.

Prepared from Pure Vegetable Extracts,

Containing nothing injurious to the most delicate.

The Rejuvenating Elixir is the result of modern discoveries in the Vegetable kingdom; being an entirely new abstract method of cures, irrespective of all the old and worn-out systems.

This medicine has been tested by the most eminent medical men of the day, and by them pronounced to be one of the greatest medical discoveries of the age.

One bottle will cure General Debility.

A few doses cure Hysterics in females.

One bottle cures Palpitation of the Heart.

A few doses restore the organs of generation.

From one to three bottles restore the manliness and full vigor of youth.

A few doses restore the appetite.

Three bottles cure the worst case of Impotency.

A few doses cure the low spirited.

One bottle restores mental power.

A few immoderate bottles restore the shattered wreck.

This medicine restores to manly vigor and robust health the poor debilitated, worn-down and depraving devotee of sensual pleasure.

The listless enervated youth, the over-tasked man of business, the victim of nervous depression, the individual suffering from general debility, or from weakness of a single organ, will all find a speedy and permanent relief by the use of this Elixir or Essence of Life.

☞ Price, $2 per bottle, or three bottles for $5, and forwarded by express, on receipt of money, to any address.

Sold by all druggists everywhere.

DR. W. R. MERWIN & CO., Sole Proprietors,
No. 59 Liberty street, New York.

CHEROKEE PILLS!
SUGAR-COATED.
FEMALE REGULATOR.
Health Preserver!!
CERTAIN AND SAFE.

☞ For the Removal of Obstructions, and the Insurance of Regularity in the Recurrence of the Monthly Periods.

They cure or obviate those numerous diseases that spring from irregularity, by removing the irregularity itself.

They cure Suppressed, Excessive and Painful Menstruations.

They cure Green Sickness (Chlorosis).

They cure Nervous and Spinal Affections, pains in the back and lower parts of the body, Hysterics, Hysteria, on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysteria, Sick Headache, Giddiness, &c., &c. In a word, by removing the irregularity, they remove the cause and with it ALL the effects that spring from it.

Composed of simple vegetable extracts, they could not be injurious to any constitution, however delicate, their function being to exhibit full strength for weakness, which, when properly used, they never fail to do.

They may be safely used at any age and at any period, *except during the first three months*, during which the unfailing nature of their action would infallibly premature a miscarriage.

All letters seeking information or advice will be promptly, freely and discreetly answered.

Full directions are given with each box.

☞ Price $1 per box, or six boxes for $5.

Sent by mail, postage free, on receipt of price.

Sold by all respectable druggists.

THE MAGEE
COOKING STOVE.

The subscriber, having received his Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large capacity reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We would refer to the following purchasers:

Portsmouth.

We invite all those in want of the very best Store in the market to examine the

MAGEE COOK.

Also on hand an assortment of the different sizes —of the—

MAGEE PARLOR STOVE

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"
VENTILATING & AIR-WARMING
FURNACES.

The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable furnace, would ask those about remodelling or erecting buildings to examine this truly valuable furnace.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pots is used for respiration, the tendency to produce headache so much complained of in other furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, each little improvement being thought over former methods, while many have proved a total failure. The reason for this is obvious. The condensed gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot escape, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe out due on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq.,	Albert R. Hatch, Esq.,
Aaron H. Hill,	Charles H. Mendum,
Henry F. Wendell,	John Sise, and others.

The Chronicle.

QUEEN VICTORIA'S FARM.—There are cows at Windsor which give as much as 39 quarts of milk a day. The Royal Short-horned herd is formed partly of cows of good old families, the pedigrees of which may be seen in the Herd Book, partly of well-bred cows, with three or four crosses of the best pure-bred bulls, but not professing to be Herd Book cattle. So far as could be observed care does not appear to be bestowed upon the selection in the milking qualities of the older cows compared with the newer families. Nowhere can be seen more clearly in all its combined merits the unrivaled practical utility of the Short Horn; the dairyman's cow when in "profit," the butcher's when not in milk. Let the doubters go and see. There are 58 Short Horn cows in milk at the present time, together with 15 Alderneys, for the supply of cream, milk and butter, both for Windsor Castle and for Buckingham Palace and Osborne, when the Queen goes to these places. The Shaw and Dairy Farms are exclusively devoted to the Short Horns, under the care of Mr. Tait, while the Norfolk farm, "which is appropriated by the lovely Devons, and the Flemish farm, where the massive Herefords hold their reign," are much farther from the cattle, and are both committed to the charge of Mr. Brebner, under the superintendence of Major Gen. Hood.—*English Paper.*

—A cargo of human bones, shipped from Genoa, has been seized at Hull, England. It is supposed that a large trade is carried on secretly in this kind of goods. The bones have probably been used to make knife handles, tooth-picks, &c.

Please Look at This.
RYE, N.H., Feb. 26, 1848. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended to the most celebrated physicians, for sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of DR. SWEET'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Sweet's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed the cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.
PORTSMOUTH, April 21st, 1862.
I have for several years been afflicted with dizziness at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I bought one bottle of DR. S. SWEET'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.
From ELDER I. CHESLEY, *Lee, May 31, 1841.*
DR. SWEET: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1839, she had been confined for a number of weeks without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY.
☞ Any one returning the remainder of a bottle or box of Dr. Sweet's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWEET, No. 7 High street, Portsmouth, N. H., promptly attended to. may29

The Old Established Hospital.
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES
Over Twenty Thousand Patients Cured Annually!
DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the safest as well as the quickest remedies for these cases, offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.
In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords Buboes, Ulcerated Throat and Nostrils, Nodes on the Bones, Cutaneous Eruptions, Blies, Ulcers, Abscesses, and all other impurities of the system, treated entirely under the guidance of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.
YOUNG MEN.
Young Men addicted to secret habits, who have impaired their healths and destroyed the vigor of their minds, thus depriving themselves of the pleasure of the married life, are notified that in consulting Dr. J. Teller, they will find a friend to console and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. T. broken down in health, now rejoice in all that makes life desirable and man happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.
DR. TELLER'S GREAT WORK.
A book for everybody.—Startling disclosures Dr. Teller's great work for the Married or those contemplating marriage—200 pages—full of plates—price 25 cts. Sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The single Married and the Married Happy. A lecture on Love, or how to choose a Partner—a complete work on Midwifery, fifteen hundreds of secrets, never before published.—Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps, inclosed, will secure a copy by return mail. Dr TELLER has devoted a lifetime to the cure of those diseases upon which his books treat.
TO THE LADIES.
DR. TELLER still remains the only Agency in America, for the sale of Dr. Lichol's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a safe remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.
CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.
Office hours from 8 A. M. to 8 P. M., and on Sundays from 10 to 2 P. M.
N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to

E. A. STEVENS,
NO. 46 MARKET STREET.
AN UNUSUALLY LARGE STOCK
OF EVERY KIND
—OF—
KITCHEN FURNISHING GOODS.
The Virtues and Advantages
—OF—
SCHOOLEY'S
NEW IMPROVED
REFRIGERATORS
ARE:
1. We produce greater cold from less ice than any other Refrigerator ever invented.
2. We have double the cooling power at a less cost.
3. Complete and perfect ventilation.
4. Dry, cold air.
5. Sweet smelling, free from moisture, mold or must.
6. One article will not partake of the taste or smell of another, as is always the case in every other Refrigerator.
7. Any kind of perishable food can be preserved almost any length of time.
8. The Provision Chamber can easily be kept clean and sweet, as no moisture is ever deposited on its sides as in all other kinds.
9. The mechanical structure of our Refrigerators will compare with any of the best made household furniture.
10. Our prices are more reasonable than any other Refrigerator now offered for sale.
11. A perfectly uniform temperature, so that every portion of the Refrigerator can be used at the same time.
12. A constant change of air is secured in the Provision Chamber, without any unnecessary waste of ice, or loss of air already cooled.
An assortment of the above, with common Upright and Chest Refrigerators, for sale at the old prices, notwithstanding an advance of 15 per ct. has been made by the manufacturers on the 19th inst. Terms Cash. E. A. STEVENS.

Gas Fixtures.
Persons who desire to have any repairs or alterations made in Gas Pipes or Fixtures, are requested to send in their orders at once. The work can be done much more promptly now than later in the season. E. A. STEVENS.

"A Stitch in Time Saves Nine."
All Furnaces, Stoves and Funnels should be thoroughly cleaned out and put in order, as soon as fires are done being made in them. If allowed to remain filled with ashes and soot through the summer, they will decay very rapidly, and useless expense be incurred.
A full supply of Linings and Repair Pieces constantly on hand, and all orders attended to with dispatch. E. A. STEVENS.

HALEY, MORSE & BOYDEN'S
SELF-ADJUSTING
CLOTHES WRINGER,
THE BEST IN THE WORLD.
Over 4,000 have been sold by the manufacturer in a little more than two years—nearly 400 of them in Portsmouth and vicinity!
Buy one and try it—if not perfectly satisfactory the money will be refunded.

Facts for the People.
The enormous rise in price of Iron, Coal and Labor, has caused manufacturers to advance the price of STOVES and Castings several times since the war began; and it is now arranged to make a general advance of 25 to 50 per cent. this season.
We have not yet raised the price of Stoves in proportion to their increased cost, but shall be compelled to do so very shortly. Persons who expect to purchase anything in the Stove and Furnace line within a year or two, will save money by doing so at once. The price of a Stove is not so much an object, now as its capacity and the cost of operating it. All things considered, there is no Stove equal to
THE MODEL COOK.
IT IS, IN FACT,
The Best Stove Out,
for economy, convenience and dispatch.
Many people think it best to use an old stove as long as possible, but it is far better to throw it away and purchase a MODEL COOK, than to keep it at the present high price of fuel.
One of our shrewdest citizens who purchased a MODEL COOK STOVE a year since, says he has saved more than its cost already.
A careful, prudent farmer purchased one, and after it had been in operation some days his son came into the house and said, "something is wrong at their house;" his father and himself used wood off the same pile, he burned three baskets full a day, and his father only one! We sold him a stove before he left, and there has been no complaint since.
These Stoves are in use in many hotels and boarding houses, and in hundreds of private families in this city and vicinity, and give the best of satisfaction.

Morning Chronicle.

Portsmouth, N. H.

SATURDAY, JULY 2, 1864.

THE REBELLION.

There is absolutely no reliable news from our armies in the field, and even Rumor has folded its weary wings and ceased to fly and lie. May it lie still.

THE VIRGINIA CAMPAIGN.

The N. Y. Herald's dispatch states that on the night of the 28th, Gen. Ledlie by occupying a knoll secured an important position, in which siege guns will be immediately placed. The rebels opened on the position from three directions.

NEW HAMPSHIRE ITEMS.

—— St Philip's Church, Epping, will be consecrated to the worship of God on Wednesday morning July 6.

—— The U. S. Senate, on Thursday, confirmed the nomination of Col. J. L. Chamberlain, of the 20th Maine, to be Brigadier General.

—— 2d Lieut. Robert H. Mathes, of Durham, has been promoted to the position of 1st Lieutenant, Co. A, 17th Maine regiment.

— The Legislature visited Manchester on Thursday morning, and in the afternoon but little was done except to discuss a motion to adjourn till September or November, which was voted down.

—— A barn belonging to Mr. Solomon Young, near Shaker Village, Canterbury, was destroyed by fire on Wednesday evening, together with fifteen tons of hay and various farming tools. The fire was the work of an incendiary.

THE TREASURY.—The New York papers assign the same reasons for Sec. Chase's resignation, which are, nominally, a difference of opinion as to the appointment of Mr. Cisco's successor; also that Mr. Chase could not get the consent of the administration and Congress for an additional tax. They also say that he contemplated resigning some time since, in consequence of Mr. Blair's charges and a proposition to investigate affairs, but was induced to hold on.

The Senate, (considerable opposition to the nomination of Governor Tod of Ohio having been manifested,) on assembling on Friday A. M., received a message from the President, and imm[illegible] went into executive session. Two minutes elapsed, the doors were opened, and it was ascertained that William Pitt Fessenden, Senator from Maine, had been confirmed as Secretary of the Treasury. His nomination was unanimous. The President nominated him without consulting him, and he has not yet signified his acceptance of the position, altho' urged to do so by prominent men from all sections.

Mr. BROWNSON'S PLATFORM.—At a Fremont Meeting, so called, Orestes A. Brownson said:

I am ready to support any man—(Horatio Seymour?)—yes or Vallandigham—(Hisses and cheers) aye, or Fernando Wood (Good and applause)—any man who can defeat the re-election of Abraham Lincoln.

We have seen much discussion about the plank in different platforms,—but here is a platform in the air, without a single plank in it—ready to go with any body or any thing, or into a mere opposition party with no principles whatever.

— The pirate Florida landed at Bermuda, June 8, the crews of two American ships destroyed by her.

— The papers in the wool-growing region of Ohio report small sales of the new clip as yet, holders asking an advance on last year's prices.

— It was not A. T. Stewart who lately gave $30,000 to Yale College, but a Massachusetts boy, B. M. C. Durfee of Fall River, a member of the present freshman class at Yale.

— At the battle of Cold Harbor, a cannon ball passed between Gen. Breckinridge's legs. Moral—Major Generals in battle should keep their legs wide apart; that is, the big-bugs should be straddle-bugs.

— An arrival from England brings a report that the pirate Alabama left Cherbourg on the 19th, to fight the U. S. gunboat Kearsarge. Heavy cannonading was going on at the latest report, but the result was unknown.

THE "ROCK ROSE."—A California friend sends us by mail a curiosity in vegetation under this name. It was gathered in the vicinity of Cape St. Lucas, and is evidently a very different thing from the "Rock Rose" of the Eastern States. On opening the box, it seemed to be nothing more than a dry ball of leaves, quite rusty in appearance, with little show of green. On following the accompanying directions, however, and immersing it in water a few hours, the leaves unfolded, of a deep, rich green in color, and extending in concentric circles from a common centre to the diameter of four or five inches. If placed in a saucer of water, it continues in this condition, or it will resume it at will, after being again dried, on the renewed application of sufficient moisture. It is the first time we have seen it, and it is certainly one of the most singular natural productions of the Western coast that has yet come to our notice.—*Country Gentleman.*

— The bill establishing salaries for postmasters has passed both Houses of Congress.

— The President has signed the tariff bill, and it went into effect July 1.

— The House has passed the Senate bill authorizing the Secretary of the Navy to invest the naval pension and naval fund.

— The laborers upon the wharves in Boston now demand $4 per day; and those working for stevedores 50 cents per hour.

— The centennial anniversary of the incorporation of Fitchburg, Mass., was celebrated on Thursday.

— Eliza Cook is among the literary pensioners named in the English Civil list. So is the authoress of John Halifax.

Advice to young men—as Summer rises early; you will thus gain time to smoke an additional cigar before dinner.

— There was a heavy frost in Brunswick, Me., on Wednesday night, June 28, which killed beans, etc.

Franklin, on hearing the remark that what was lost on earth went to the moon, asserted that there must be a deal of good advice accumulated there.

— Counterfeits of the Weybosset Bank, Providence, R. I., have been extensively circulated in Boston and vicinity the past few days.

— The Charlestown City Government has voted to purchase a steam fire engine. It is proposed to replace all the hand with steam engines.

— The Senate has confirmed the following nominations:

Colonel of Marine Corps, Jacob Zeilin; Lieut. Colonel, W. L. Shuttleworth; Major, Matthew R. Kintsing.

— It is said the destination of the steam gunboat Dacotah, which went to sea recently, is the Mediterranean, where she will probably remain permanently.

— A man at South Boston, just married and drafted, sold nearly all his new furniture to raise the commuting $300, but on being examined by the surgeon was pronounced unfit for Military duty. He was in too great haste.

— An order has been issued requiring all soldiers re-enlisting in the Veteran Reserve Corps to be credited to the State from which they originally enlisted, and not to such States as they elect.

— The Portland Argus mentions rumors that all is not right in the Portland Custom House,—that there is a very considerable deficit in somebody's accounts, running back for months and amounting to $19,000 in gold.

— Certain members of Congress and other high officers of Government not liable to military duty, have put into the army representative recruits, in accordance with the recent circular from Provost Marshal Fry. Several ladies, it is said, have followed their patriotic example.

— The great Fair at Philadelphia closed on Tuesday evening. It is expected the gross receipts will reach about one million dollars. Gen. Meade won the sword, Gen. Hancock the horse equipments, Gen. Birney the camp chest, and Mrs. General Burnside the Legborn bonnet.

—Mr. Crawley of Providence was on board the steamer Lexington when, in 1840, she was burned in Long Island Sound. He was saved by a bale of cotton on which he drifted for two days and nights. Mr. C. now intends to part with the bale, which hitherto he has preserved as a relic. It is probably worth $500.

— The House has sent back the conscription bill as passed by the Senate, and members who reluctantly voted for abolishing commutation because the privilege was given to Northern Governors to recruit at the South, now insist that that feature of the bill shall not be stricken out.

— The U. S. Senate on Thursday confirmed the nomination of Lieut. Com'r Francis A. Roe, for advance in grade five numbers, for distinguished conduct in battle, in command of the U. S. steamer Sassacus, in the attack on the rebel ram Albemarle.

— Mrs. Margaret Gray, an Irish woman, about 50 years old, was found dead on the floor in her house in Harrisville, Me., last Saturday, with wounds upon her head and other parts of her body, as though made by a man's boot heels. Her husband has been arrested. Both were habitually indulgent in liquor.

— One hundred and seventy-four thousand horses have been purchased by the Government during the last year. Nearly sixty thousand have been killed, rendered useless or sold. Of eighty-six thousand mules purchased, over seventeen thousand have been captured, condemned, sold or killed.

— The latest novelty in London and Paris is the Photograph Letter Signature. Note and letter sheets are now manufactured with miniature oval photographs of persons using them affixed to the right hand lower corner of the last page, after the words, "Very truly yours," which are printed in the usual place. They are getting to be quite as fashionable as *Cartes de visite.*

THE HOSPITAL QUESTION.—The following is the synopsis of the discussion in the House of Representatives on Wednesday, in relation to the location of a general hospital in this State. We copy from the Legislative Reporter:

Mr. Holbrook, of Surry, of the Com. on Military Affairs, reported the following:

Whereas the General Government has located a hospital at Manchester, N. H., which has not as yet been built; and whereas many of the New-Hampshire soldiers, wounded in recent battles, are now languishing in the hospitals of other States; and whereas nearly every other State has one or more general hospitals within its limits, where the soldiers can be carefully cared for by their immediate friends—therefore,

Resolved, &c., That the Secretary of War, to prevent any further delay, be requested to immediately complete at Manchester the hospital of 500 beds, as already determined and located, that our wounded and sick soldiers may receive the benefit thereof. Ordered to a second reading.

Mr. Parker, of Farmington, moved to amend the resolution by inserting Portsmouth in the place of Manchester and by inserting 1000 in place of 500.

Mr. Haven, of Portsmouth, said that a resolution relating to the establishment of a hospital at Portsmouth was introduced previously to this, and till that was disposed of he hoped that this one would not be considered.

Mr. Little, of Manchester, spoke of the want of a hospital in the State, and the great injury done to citizens of the State, by the want of such hospital. This hospital should be located near the centre of the State, so that their friends could more easily visit it. It should also be near the military headquarters of the State, so that the convalescent could get furloughs. A site had been chosen for the hospital at Manchester, and measures had been taken for the erection of it. He charged that the committee who reported the resolution recommending the establishing of the hospital at Portsmouth, were actuated in part at least, by desire to secure advantages to their section of the State. Justice to the State and to the men fighting in the fields, or sick in the hospitals, demands the immediate establishment of a hospital, and that there should be no further delay.

Mr. Haven agreed that there should be no delay in the matter. But he could not see how the adoption of the resolution requesting the hospital at Portsmouth would delay. He disclaimed being actuated by any other motive than to secure the best place for a hospital. It also appeared that the intention of the general government was to establish at Portsmouth. We thus only confirm them in acting in this way. As to furloughs, it made very little difference whether a regiment was sent twenty miles more or less.

Mr. Parker said—if it was more difficult for friends of the wounded to reach Portsmouth, it was easier for the wounded and sick to reach it, as they could come all the way by water. There was no place so healthy as Portsmouth. Furloughs were not given at Concord at all. Hospital furloughs were given at the hospital.

Mr. Roles, of Ossipee, said that they were about as far from Portsmouth as from Concord. They often had to go to Portsmouth on business relating to war matters, and almost always had to go to Concord to headquarters to complete their business. In locating this hospital, we should not inquire whether we rebuke Gov. Gilmore or his opponents, but locate it where it is best for the interests of the people.

Mr. Lane, of Keene, said that immediate measures should be taken for the establishment of a hospital in our own State. To have one at Portsmouth would be to establish a hospital for Maine, as well as New Hampshire. If Maine wants one, she should have one. One at Manchester will accommodate the State better than any where else, being more central than any other place except Concord.

Mr. Walker of Portsmouth, was in favor of immediate action. He suggested that Portsmouth was so much nearer the seat of war than any other place, by reason of water communication, that it overruled all other considerations. It was the most healthy place in the State. The convenience of the well people is not of so much importance as the comfort of the sick and wounded. The commissioner to establish the hospital had told him that though his instructions were to establish a hospital at Manchester, he should report a recommendation to establish it at Portsmouth.

Mr. Roles said that these men were not all moved at once. It was not possible that a ship-load of New Hampshire soldiers would be brought home at once. The wounded were taken to New York, and then they were sent home by railroad.

Mr. Hackett of Portsmouth suggested that if the hospital was a combined one for Maine and New Hampshire, the patients would probably be brought in transports.

Mr. Rolfe of Concord said that the establishment of the hospital had been unfortunately delayed. In answer to the gentleman from Manchester, he said that he was not actuated by any desire to make delay. He did not desire to have the hospital established in Concord. If the hospital was to be located at Portsmouth, it was to be a model hospital. The one at Manchester, if so located, would be only a temporary one. He said that a hospital of 1000 beds would be under better care and have more comforts than one of 500. The towns on the banks of the Merrimac were not so healthy as towns on the sea-shore or towns on the highlands.

Mr. Walker stated that when he was at Fortress Monroe there were 225 New Hampshire soldiers in the hospitals there.

Mr. Rolfe resumed, and spoke of the greater convenience and comfort of water transportation. He urged the location at Portsmouth for sanitary, humanitarian considerations, and said that no other motive actuated him. The inconvenience of the friends of the soldiers in visiting Portsmouth would not weigh so much as the dust in the balance compared with the welfare and comfort of the sick and wounded.

— The Senate on Friday repealed the Gold Bill—24 yeas to 15 nays.

An army letter relates the following:—"A very curious piece of strategy which took place the other day shows that the wonders of Cooper's Indian heroes have not ceased. One of the Fourteenth New York Artillery—a Seneca Indian I believe, from the Western part of the State—undertook on a wager to bring in alive a reb. I sharpshooter, who perched in a tree in front of our line, considerably in advance of his own. His manner of accomplishing this was as successful, and rivals the 'deviltry' of any of the leather-stocking redskins. Procuring a quantity of pine boughs he enveloped himself with them from head to foot, attaching them securely to a branch, which he lashed lengthwise of his body. When completed he was indistinguishable to a casual observer from the surrounding foliage, and resembled a tree as closely as it was possible for his really artistic efforts to render him. Thus prepared, and with musket in hand, concealed likewise, he stole by almost imperceptible movements to beneath the tree where the sharpshooter was lodged. Here he patiently waited until his prey had emptied his piece at one of our men, when he suddenly brought his musket to bear upon the "reb," giving him no time to reload. The sharpshooter was taken at a disadvantage. To the demand to come down he readily assented, when the Indian triumphantly marched him a prisoner into camp and won his wager."

Coal $14.00 Per Ton!

MONEY SAVED BY USING EDDY'S PATENT

KEROSENE COOKING STOVE.

By the use of two or more burners sufficient heat is obtained for doing most of the cooking for a family, at a very small expense and with great facility.

Economy is perhaps their greatest recommendation in these times, of high prices of Coal; for with one of these stoves tea may be prepared for a family at a cost for fuel not exceeding One Cent, and dinner not exceeding Two Cents.

They are portable, and burn without smoke or odor, hence they may be used in any part of the house.

Call and see one in operation, at No 12 Market street. Sole Agents for Portsmouth,

J. W. & A. STAVERS.

Also, Dealers in Crockery, Glass Ware, Room Papers, Lamps, Window Shades, Boots, Shoes, and Fancy Goods. Je18

ICE. ICE. ICE.

The subscriber is now ready to supply all regular or transient customers with ICE of the best quality. Thanking his old patrons for their favors in the past, he solicits a continuance of the same.

Particular attention paid to filling orders from Fishermen, or from any other persons wishing Ice by the ton. Ice furnished at any hour of the day, whenever orders are left with the drivers of the Ice Carts, or on application at No. 30 South street.

L. M. PERKINS.

An experience of over twenty years' extensive practice enables Dr. M. to cure the most difficult cases. Medicines entirely vegetable. ADVICE FREE.

Mr. M. L. who is thoroughly versed in the affective maladies of the sex, can be consulted by ladies.

Patients furnished with board and experienced nurses. Boston, June 7, 1864.—spnly 8aw

"A Wonderful Discovery."

DR. TEBBETTS' "PATHOLOGICAL HAIR REGENERATOR" is compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "Dye," and will not stain a particle. It will RESTORE GRAY HAIR in all cases to its original color. It promotes a luxuriant growth of new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off and removes all dandruff, heat, humors and itching from the scalp. It keeps the hair soft, moist and perfectly healthy, and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "REGENERATOR" is warranted to produce the above results in all cases, if not the money to be refunded. With it every "GRAY HEAD" in New England can be restored in less than sixty days.

TEBBETTS, opposite the Post Office and 12 Market Square, Agent for Portsmouth.—Geo C. Goodwin, No. 38 Hanover street, Boston, Wholesale Agent for New England, and sold by Druggists everywhere. TEBBETTS & DOLBIER, Druggists and Chemists, Proprietors, Manchester, N. H. Jel—tf

Proposals for Pine Timber and Plank.

SEALED PROPOSALS will be received at the City Clerk's Office in the city of Portsmouth, N. H., until SATURDAY, July 2, 1864, at 12 o'clock at noon, for furnishing the following sizes of Timber and Plank for repairing the Sagamore Bridge, to be delivered at some wharf or depot in said city:

40 pieces White Pine 8 by 10 inches, 32 feet long.
40 " " 8 by 10 " 16 "
20 " " 8 by 10 " 18 "
25,000 feet board measure White Pine Plank, 3 inches thick and 21 feet long.

Persons proposing will state the price by the thousand feet board measure; they will also state the time when the whole can be delivered, it being wanted immediately.

Separate bids will be received for the Timber and Plank.

The undersigned claim the right to reject any bid.

By order of the Board of Aldermen.

JOSEPH B. ADAMS,
WILLIAM E. HADLEY,
Committee on Streets, Roads and Bridges.

Portsmouth, N. H., June 21, 1864.

Proposals for Wood.

SEALED PROPOSALS will be received at the City Clerk's office, in the CITY OF PORTSMOUTH, until the twentieth day of July next, for supplying the Overseers of the Poor with from two hundred to two hundred and fifty cords merchantable HARD WOOD, to be delivered at either Railroad Depot, or at such wharf as the Overseers may designate.

The Overseers reserve the right to reject any bid. By order of the Overseers of the Poor.

MARCELLUS BUFFORD, Clerk.

Portsmouth, N. H., May 14, 1864.

☞ The *Domestic Dyes* prepared by Geo. H. Reed & Co. offer the simplest and most perfect means of dyeing household apparel ever presented to the public. They embrace 40 different shades, and include all the new and fashionable colors—and are perfectly *fast*. Samples on silk and wool can be seen and the colors procured of TRACHER. ju20

Cheap Commercial Note Paper.

J. F. SHORES, Jr., No. 1 Congress Block, Has for sale

White Ruled Commercial Note Paper, in packages of 10 quires, for 75 cents. my21

Local.

IN BOARD OF ALDERMEN, on Thursday evening, the Clerk was directed to prepare a statement of the condition, &c., of the U. S. ship DeSoto, and of the efforts of the Board of Aldermen to have the ship removed to the quarantine grounds.

William D. Varrell's request to incumber Cass street, for building purposes, was referred to the Committee on Streets with power to act.

William R. Martin, Thomas Clapham and John W. Fernald were appointed Fence Viewers.

A communication was received from the City Marshal, reporting the names of two Watchmen who visited rum-shops, &c., in the night, and it was voted that they be discharged from their position as watchmen.

At a special meeting of the Board on Friday afternoon, the Military Committee were directed to expend the appropriation for celebrating the 4th of July, in such manner as they may deem expedient.

Ald. Rider, Brown and Hadley were appointed a committee to investigate in regard to who were the responsible parties in bringing the U.S. ship DeSoto to the Navy Yard, without performing quarantine;—and if the the City officers did their duty in the matter,—with power to send for persons and papers.

☞ A fearful scene was presented on Market Square, Friday afternoon, which at one time threatened to result even more disastrously than the event proved. A splendid team—a barouche and pair of horses, belonging to Clement March, Esq., of Greenland,—was hitched in front of the Rockingham Bank, facing toward the Market; when the single carriage of Capt. J. Gilman Moses, in which were only Mrs. Moses his wife, and Miss Moses his sister, started from near by, to pass up by it. A wheel of the ladies' carriage caught in one of the hind wheels of the other, and instant Capt. Moses' carriage was overturned and the ladies thrown out. Their horse, in spite of the efforts of an old horseman who caught hold of his reins, ran across the street, and jumping between the North Church and a stone post near the corner of the edifice, was thus stopped, but bruised himself considerably before he could be cleared, besides badly breaking the carriage.

Meanwhile, and in a quarter of the time it takes to tell of it,—the pair of horses broke their fastening, ran a few rods, tumbling over a pile of large cut stones in front of the Market; somehow turned directly around, heading down street, and were running straight in the line where lay the prostrate women, when Alderman Charles A. Shannon and others sprang at their heads, and checked their mad career, and thus prevented nobody can say how much further damage.

The ladies, who conducted themselves heroically, were somewhat bruised and scarred, but we believe and hope not seriously injured. Mr. March's fine team was very badly damaged—one of the noble horses (and if they had not been noble animals they could not have been stopped at all) probably being permanently injured, if not spoiled by a fearful blow on the stifle, and the elegant carriage sadly wrecked. The pecuniary loss must be several hundred dollars, besides the ruin of a favorite span of horses. But the fact that no life was lost, or seriously injured, in that startling series of crashes and smashes, and with so many people in the streets, was a happy denouement, at one time not expected by any spectator. We never saw so fearful a smash-up before, and hope never to again. Perhaps, having had ourself some experience in this sort of affair recently, we may be allowed to suggest that it is always very unsafe business to leave valuable teams in the street at all, even if securely tied, especially a double team.

☞ The Fourth is to be celebrated publicly, at Boston, Providence, Taunton; Raymond, Lancaster and Rochester, N. H., and we don't know where else. Here at Portsmouth, we shall let it slide, pretty much; but we hope it will never backslide, anywhere.

P. S.—We see the Aldermen have appointed Messrs. Wm. E. Hadley, and J. E. Rider, Committee to spend our City appropriation. Good—we move Ald. Rider take us all to ride, and then mine host of the Rockingham ask us all up to lemonade.

☞ No more deaths from yellow fever, or whatever the disease is,—but more are *reported* sick; and there is considerable excitement, many workmen leaving the Navy Yard, &c. The "infected" steamer has not gone to quarantine, but we *hear* that the Government are in correspondence with the officers of the Yard respecting this step—which in our opinion is the very best thing to be done, and that right speedily; else great interruption may result to the business of the Yard, if not worse evils.

☞ There will probably be no Morning Service at the Universalist Church to-morrow, (as the pastor has not yet returned)—but the Sabbath School service in the afternoon is to be attended as usual.

THE FIRST NEW POTATOES we have seen, and the first we think that have been in the market here, (and these *have n't* been,) were planted in our sanctum on Friday afternoon, by Mr. John T. Dame, of this city—they having been previously planted by him, or the seed for them, in his garden on Islington street. They are Jackson whites, and large and handsome—big enough to eat, and they look good enough too. The plants were started under cover, and Mr. Dame dug and ate from the crop on Tuesday last, June 28th. We don't think anybody has done better than this about here;—and if they have for themselves, nobody has done so well by *us*. Friend D. is a hard man to beat in any kind of business he undertakes; and we hope his potatoes will grow early and *not* small, so long as he remembers the press so handsomely.

ANOTHER CHARGE.—Henry M. Colby, the man arrested by Officer Johnson day before yesterday, mention of which we made in Friday's Chronicle, has been identified by Special Agent Kent as a deserter from the 2d N. H. regiment. So if he escapes the first charge of robbery, he will be held on the latter.

☞ A war correspondent of the Manchester Mirror, in speaking of the recent brilliant achievement by the 13th N. H. regiment in front of Petersburg, when they captured a strong breastwork mounting 5 guns, says: Captain Goss gallantly turned one of the pieces and discharged it upon the retreating rebels. The colors of the 13th were the first placed on the work.

☞ Prof. Gardner says his famous New England Soap, which is really an excellent article, (without "soft soap") will cleanse from all stains except copperheadism and original sin. The Professor is strong for the Union, without a why or wherefore.

☞ A correspondent informs us that a Sabbath School Convention was held at Rev. Mr. Robie's church, in Greenland, on Wednesday last, the Convention being composed of several of the Sabbath Schools in the neighborhood of Greenland. Several of our own citizens were present. Interesting remarks were made by Messrs. Sargent and Snow, of Boston, and by other gentlemen, after which those present were invited to a grove near by, where a bountiful collation had been prepared. Subsequently all returned to the Church, and again listened to addresses, which closed the exercises of a very pleasant and profitable occasion.

☞ Co. A, Maine State Guards, Capt. Latham, of Portland, have been ordered to Fort McClary, in case the Mayor and Aldermen give their consent. This is the only organized company of military in Portland, and the city authorities may refuse their consent for it to go away.

☞ Mr. Seldon E. Garland, whose death we mentioned yesterday, reported of yellow fever—was a native of Rye, aged about 29 years, and unmarried; said to have been a young man of good habits. He was buried under directions of the Board of Health, on Thursday night.

☞ The body of Mr. Thomas Brackett, a borer formerly employed at the Navy Yard, was found at Wood Island on Friday morning, and taken to Kittery. He was drowned on Sunday before last, near Portsmouth Bridge, in company with Mr. Goodwin, whose body was found on Thursday.

☞ "N." wishes to know if the buoys in the river are painted black because as *black boys* they better represent the *tied?*

Also whether it is not unreasonable to expect any better for the *weal* of the country, while the *"hub"* is so crooked and jammed up.

BUSINESS NOTICES.

SYMPATHY.—Sympathy is a lovely and beautiful thing, for it exhibits the angelic part of human nature. We deeply sympathize with those who cannot obtain Herrick Allen's Gold Medal Saleratus, for they are deprived of one of the greatest luxuries the world affords. But we have no sympathy with any family who will use any other Saleratus or soda, if this article can be purchased. We see most of our Merchants have it. One trial will convince any one. Their depot is 112 Liberty Street, New York.

☞ Scurvy and scrofulous eruptions will soon cover the bodies of those brave men who are fighting their country's battles. Night air, bad food and drenching rains will make sad havoc with the strongest, therefore let every man supply himself with Holloway's Ointment, it is a certain cure for every kind of skin disease.

If the reader of this "notice" cannot get a box of Pills or Ointment from the drug store in his place, let him write to me, 80 Maiden Lane, enclosing the amount, and I will mail a box free of expense. Many dealers will not keep my medicines on hand because they cannot make as much profit as on other persons' make. 35 cents, 88 cents, and $1.40 per box or pot. 215

Notice.

All persons who are enrolled in this city, claiming residence elsewhere, are requested to have their names and places of residence at the City Clerk's Office, No. 74 State street.

For order of the Com. of the Board of Aldermen.

Notice.

The Rockingham CRICKET CLUB will open on Saturday, July 2. Young men wishing to become members will attend the first meeting, at Bilbrook's field, at 5 o'clock P. M., or hand their names to

Smith's Catarrh Snuff.

For the cure and immediate relief of Catarrh, Colds in the Head, Dryness of the Nose, Throat and Passages, &c.

This Snuff does not sneeze one in inhaling it. It will break up a Cold in the Head in a few minutes. It is softening and soothing in its effects. Every one, as far as is known, is satisfied with its results. The large demand it is having, by the gross and dozen, shows its value. The Proprietor was cured last winter of Catarrh of many years standing, with his "Catarrh Snuff," and the cure is PERMANENT.

For sale in Portsmouth by the TEACHERS and PRESTON, Druggists, and by A. A. PAYNE and WELLS, Grocers.

JOHN L. O. COLEMAN.

Portsmouth, May 3, 1864.

VERNATELLA.

Warranted to make the Soles of Boots and Shoes water and damp proof, and wear one-third longer.

VERNATELLA

Is a preparation from Copper, having no grease, linseed oil, or anything of the kind, and when the soles are once saturated with it, water can no more get through them than through a copper itself. **Price 25 Cents Per Bottle,** at retail everywhere.

But its cost to the purchaser is really NOTHING, as it makes the soles wear enough longer to more than pay for it, leaving a net gain the making of them Water and Dampness Proof, and the preservation thereby of that priceless gem, the health.

☞ LADIES, READ THIS! ☜

SAVE YOUR HEALTH.

Use Vernatella on the Soles of your Shoes. It makes them water proof and thereby protects your feet from dampness, for the ground is always more or less moist, either from rain or the morning and evening dew.

At wholesale in Boston by Geo. C. Goodwin & Co., 38 Hanover street; S. M. Colcord & Co., 86 Hanover st.; M. S. Burr & Co., 38 Tremont st.; Carter, Rust & Co., 43 Hanover st.; and Wholesale Druggists generally. Also, by all the principal dealers in Boots and Shoes.

Manufactured in the Chemical Department of **The Cahoon Manufacturing Company.**

MASON & HAMLIN'S

CABINET ORGANS,

Combining the requisites for Sacred and Secular, Church and Parlor Music; for Families, Sunday Schools, Day Schools, Churches, &c.

They are elegant as pieces of furniture; occupy little space; are not liable to get out of order or out of tune; are warranted for five years; will improve in tone by age, and are moderate in cost.

They are to private houses, Sunday schools and smaller churches, what the larger pipe organs are to large churches, and in addition to this are adapted to secular as well as sacred music.

The Cabinet Organ is essentially different from, and a marked improvement upon, all instruments of the melodeon or harmonium kind. Its superiority consists in many important characteristics.

The undersigned, Agent for the Manufacturers, will be pleased to show the Cabinet Organs to all wishing to purchase, at his residence, NO. 30 HANOVER STREET.

Fresh Eggs.

A large lot of fresh Eggs just received and for sale by CHAPIN & YEATON.

From the Journal.

GLEANINGS FROM STRAWBERRY BANK.

In the past year materials have been collecting for a volume of the productions of the Poets of Portsmouth. The matter was placed in the hands of Messrs. A. M. Payson and Albert Laighton, who have obtained returns from about thirty sources, enough to fill a volume of five hundred pages. When it is remembered that Portsmouth claims for her own, an Aldrich, Adams, Barnes, Beck, Burroughs, Drown, Fields, Haven, Jenness, Kennard, Kimball, Laighton, Nowell, Parker, Roberts, Sewell, Simes, Shillaber, Tappan, Whitton, and many others, it would seem that a volume of no little interest might be prepared. It will probably be published in Boston, by Ticknor & Fields, and will be done up in a style which will make it probably a three dollar volume.

DEATH OF DR. PARKER.—We omitted recording last week, the death of Dr. George A. Parker, Assistant Surgeon of the De Soto, who died on board that vessel Saturday morning, 18th June. He was a native of Concord, a son of Deacon Caleb Parker, graduated at William's college two years ago, studied medicine a short time, practiced a few months in one of the Washington hospitals, received his appointment, and was ordered to the steamer Stars and Stripes at Key West.—Finding the place filled, he was temporarily attached to the De Soto, then about ready to sail for Portsmouth. He was taken sick on Monday, before the vessel arrived. His remains were carried to Concord.

PUBLIC SHOWS.—In the last six months scarcely a week has elapsed without some new display of posters advertising some counter-feit negro performance, or circus, or display of something relating to the fine arts, &c. Even Market Square has been occupied by a triangular building to display bills which no fence or building can accommodate. The whole tendency is to give a taste to the young for exhibitions which are more generally productive of evil than good. Since the present year came in, there has been at least ten thousand dollars paid by our citizens to the travelling showmen, who, finding money more plenty here than in many other places, seem to look upon our city as a place doomed for their special benefit. The city license for any of these exhibitions should be not less than a hundred dollars.

WHO WROTE DANIEL MARCY'S SPEECH?

A speech by Capt. Marcy, occupying about four columns, is reported, made June 14, 1864, in the House of Representatives, on the proposed amendment to the Constitution. The writer of the speech is not announced. In its scholastic and rhetorical flourishes, there is so strong a resemblance to the classic style of Frank Pierce, that there is little question of the source from whence it came.

Capt. Marcy, not being capable of writing ten lines grammatically, was incapable of composing such a speech.

THE CROP PROSPECT.—The drought of the past six weeks has been unfavorable to crops through the whole country. It has greatly reduced the amount of grass, which is the principal crop in New England; it has not been without its effect on the corn in the Northwest; and in Texas and Louisiana it is reported to be more severe than here, the earth being baked, the forage scarce and the cattle dying by thousands. Still as a whole the crops promise well, and there is no doubt of a full supply of the great staples of the country. In New England we are pinched for rain, but it will comeing reason. The hay is being housed in good quantities and of excellent quality. We shall not see it selling at the old rates in currency, but taking a gold standard it will be cheaper than before the war. There will be no scarcity.—*Newburyport Herald.*

The New Bedford *Mercury* thus comments on the season: "The drouth is everywhere severe. Farmers are hurrying to cut the grass, which is drying up, gardens are suffering, and the smaller grains will yield but a light crop. In some sections the worm or nuggout is uncommonly active, doing great mischief to the onions. Corn thrives, and potatoes promise well; but both must suffer, if rain is much longer withheld."

In New York the promise is great. The Syracuse Courier of the 23d says: "From nearly every county and township of the State we hear the most encouraging reports of the crop prospects. The grass is unusually heavy and oats very fine; and if nothing occurs to mar the present promise, the harvest of hay and oats will be very abundant. A greatly increased area has been planted in corn, and the conditions have thus far been favorable to a large yield of that staple. The other staple grains are also doing well. Of fruit there is the prospect of the greatest abundance. Many of our farmers are growing large quantities of flax and tobacco, and if no unfavorable circumstances interfere there will be a large crop of both."

In New Jersey the peach crop will be abundant. One producer has 180,000 trees in Ocean county that are bearing, and is proposing to send to market 224,000 bushels.

EXTREME HEAT.—We do not have the weather so hot once in five years as it was on last Sunday, 96 in the shade. The Boston Traveller says—

The altitude of the thermometer of Sunday (93d) has been equalled only twice within the last 8 years, viz., on July 8, 1861 and June 29, 1859, on which days the thermometer also rose to 93½. It has not been exceeded since 1856—in which year on June 21st 22d, 29th and 30th, the thermometer rose to 93, 94, 96 and 94, and on 18th and 27th of the following July to 96½, the greatest heat in Boston within 25 years.

The nights of Saturday and Sunday were also warm, indeed the warmest since those of June 29 and July 17, 1856.

The highest temperature at *Sunrise* we have ever recorded was 88, on the 12th of the hot July, 1825, the morning after the warmest day in Boston within forty years. Since July, 1823, the thermometer has two or three times indicated 80 at sunrise, but within the last 15 years the warmest night was that of June 29, 1856, (thermometer at 10 P. M. 86; 80th, sunrise, 79½.)

The thermometer was highest in 1863, in May, 88 on 22d (in many places in Massachusetts, &c., it was above 90) in June, 89½ on 8th; in July, 88 on 7th, and in August, 92½ on 3d (highest,) and 90 on 10th.

In 1860, the thermometer did not rise above 88. Its maximum in the last eight summers (including the present) was 93½, and within the last 25 years 96½ on July 11th, 1849, and July 18th and 27th, 1856.

PROF. GARDNER.—A professional visit was made to Portsmouth by this inimitable Soapman, and a large audience on Market Square were amused and well soaped on Wednesday evening. The Professor is truly a live man,—a shrewd specimen of refined Connecticut yankeeism. Well versed in human nature and general history, he is sound in morals, true to the Union, and to the supply of the public need of his rare soap.

Morning Chronicle.

WHISTLING.—Somebody says that next to laughing, whistling is one of the most philosophical things in which a fellow in good spirits can indulge. Whistling is a popular prescription for keeping up the courage—it might better be said good spirits. Some genial philosopher has well said on this subject: "Whistling is a great institution. It oils the wheels of care, supplies the place of sunshine. A man who whistles has a good heart under his shirtfront. Such a man not only works more willingly, but he works more constantly. A whistling cobbler will earn as much money again as a cordwainer who gives way to low spirits and indigestion. Mean or avaricious men never whistle. The man who attacks whistling throws a stone at the head of hilarity, and would if he could, rob June of its roses, August of its meadow-larks. Such a man should be looked to."

— Fresh instructions have been sent to the Governors of the English colonies respecting the treatment of prizes captured by Federal or Confederate cruisers if brought into English waters. They are to be immediately ordered to leave, but if actually converted and used as public vessels of war, they are not to be deemed a prize.

Gray's Patent Molded Collars

Have now been before the public for nearly a year. They are universally pronounced the neatest and best fitting collars extant.

The upper edge presents a graceful curve, free from the angles noticed in all other collars.

The cravat causes no puckers on the inside of the turn-down collar—they are AS SMOOTH INSIDE AS OUTSIDE—and therefore perfectly free and easy to the neck.

The Gazette Collar has a smooth and evenly finished edge on BOTH SIDES.

These Collars are not simply flat pieces of paper cut in the form of a collar, but are MOULDED AND SHAPED TO FIT THE NECK.

They are made in "Novelty" (or turn-down) style, in every half size from 12 to 17 inches, and in "Gazette" (Gazette) form, from 14 to 17 inches, and packed in "solid sizes" in neat blue cartons, containing 100 each; also in smaller sizes of 10 each, the latter a very handy package for Travellers, Army and Navy Officers.

☞ EVERY COLLAR is stamped "Gray's Patent Molded Collar."

HATCH, JOHNSON & CO., Importers and Wholesale Dealers in Men's Furnishing Goods and Umbrellas, 81 Devonshire street, Boston. m8;2—3aw3m

GOLDEN SHEAF WHISKEY.

C. A. RICHARDS,
99 WASHINGTON STREET,
Boston,

Would most respectfully invite the attention and examination of all Grocers, Druggists, Apothecaries and Private Individuals desiring to sell or USE STRICTLY PURE

Liquors, Wines, Cordials or Bitters,

to the list of choice goods enumerated below, which are constantly on hand in large quantities and kept in the Large and Spacious

Wine Store and Bottling Establishment,
99 Washington street, Boston.

First on the list, as a reliable pure stimulant, stands the celebrated and widely-known

Golden Sheaf Bourbon Whiskey,

made from Wheat, Rye and Corn, warranted for five years old. Put up in unique style, each bottle in a paper box, in order of our well known Pints the large and increasing sales of which convince the proprietor that no extended advertisement is needed to extol its rare merits. It will recommend itself on trial

Golden Sheaf Cordial.

A delightful and healthful beverage, aromatic, with a rich ginger-cordial, made from the pure Golden Sheaf Bourbon.

Golden Sheaf Bitters.

The best Tonic Bitter ever offered to the public. Mingled with the rich flavor of the Bourbon are a number of other ingredients for restoring the appetite and imparting life and vigor to the whole system

Golden Sheaf Punch.

Made from fresh, ripe lemons, and other articles, combined as a whole into a fine rich

Bourbon Whiskey Punch.

All the above put up full strength of the whiskey, and in cases of one dozen each. These articles improve by age, and no exposure of climate can affect them

JOHN AND ROBERT DUNSTER'S CELEBRATED

LONDON DOCK SPIRITS AND WINES,

Imported solely by C. A. R., in wood, from the London Docks, and Bottled by him in America. The distinguished and world-wide reputation of these articles has induced the subscriber to seek and obtain the Sole Agency in this country.—They are sold only in Bottles, entirely pure, and without adulteration, and comprise the four kinds, as follows:

LONDON DOCK GIN,
LONDON DOCK BRANDY,
LONDON DOCK SHERRY,
LONDON DOCK PORT,

All in cases of one dozen each, in strong shipping order for immediate transportation, and are sold lower than any other liquors and wines in the market, of equal quality.

Pure California Wines.

The large demand for the pure wines of California has made it a fact that no well selected stock of Wines is complete without them. C. A. R. has made arrangements for the entire production of

The Largest Vineyard in California!

and is now bottling, and offers for sale, the finest CALIFORNIA WINES ever seen IN THIS MARKET, of four qualities, in splendid style of labels, bottles and corks—such as

ANGELICA—Sweet.
PORT—Rich.
ROCK—Dry
STILL CHAMPAGNE—Delicious.

Parties attracted by this advertisement, or who have already become acquainted with the qualities of these articles, can have a price list sent by mail, or samples by express, when desired, by addressing the subscriber,

C. A. RICHARDS,
99 Washington street, - - - Boston.

NOTE.—C. A. Richards would also beg leave to state, that the above are only a part of the list of articles for sale and imported by him. He has, in addition, one of the largest stocks in America of Fine Bottled Wines and Spirits, of every variety and kind, together with a fine assortment of Liquors and Wines in original packages, for sale by the cask or gallon. Also, Fine Cigars, Sardines, Pickles, Sauces and every kind of table luxury usually found in a first class wine store in this country or in Europe.

Orders are most respectfully solicited.

PRESTON and THACHER, Agents for Portsmouth. Boston, Dec. 9, 1863.—3aw1y

Constitution Life Syrup,

COMPOSED OF
IODIDE POTASSIUM,

With the compound concentrated fluid extract of
VALUABLE MEDICINAL
ROOTS AND HERBS,

Prepared by WM. H. GREGG, M. D., Graduate College Physicians and Surgeons, N. Y. formerly Assistant Physician Blackwell's Island Hospital, Late Medical Inspector New York State Volunteer Depots, under Gov. Edwin D. Morgan.

Constitution Life Syrup
HAS PRODUCED
A REVOLUTION IN MEDICINE!

What may seem almost incredible, is, that many diseases hitherto considered hopelessly incurable are frequently cured within days or weeks, and we cheerfully invite the investigations of the liberal minded and scientific to cures which have no parallel at the present time.

Our medicine is peculiar, by it the seat of disease is directly reached, and the equilibrium restored, thus bringing relief and speedy, painful and obstinate diseases, those who have vainly sought relief from advertised medicines, those who cannot be cured by other physicians are

Invited to use Constitution Life Syrup.

During the three years we have met contended with obstacles and overcome opposition as heroic as ever encountered by any performers.

Rapidity of Cure.

Some say, "Your cures are so quick," while others doubt the statements, and think that diseases can only be cured by the "slow recuperative process of Nature." This is our reply:

In health, the body, like a well-balanced scale, is in a state of equilibrium. But when from any cause down goes one side of the scale, we have the effects of disease. With the opposite it, to restore the normal balance of the scale.

CONSTITUTION LIFE SYRUP,

A positive and specific remedy for all diseases originating from a DEPRAVED STATE OF THE BLOOD, and for all hereditary DISEASES transmitted from PARENT TO CHILD.

Paralysis.

Hemiplegia, Paralysis, Paraplegia, Paralysis Agitans.

It is so universally admitted that Constitution Life Syrup is the only effective means of restoration in the above forms of Paralysis, that we need only reiterate that it is emphatically the Great Life-Giving Power.

Dyspepsia.

Indigestion, Liver Complaint, Constipation, Weak or Sour Stomach, Biliousness, Want of Appetite, Dyspepsia, Bad Breath.

Scrofula.

Sores, Glandular Swellings, Ulcerations, King's Evil, Erysipelas, Salt Rheum.

This taint (hereditary or acquired), filling life with untold misery, is by all usual medical remedies incurable.

Rheumatism.

Arthritis, Neuralgia, Gout, Lumbago, Sciatica, Tic Doloureux

If there is any disease in which the Constitution Life Syrup is supremely at home, it is Rheumatism and its kindred affections. The most intense pains are almost instantly alleviated—enormous swellings are reduced, Limbs, Unmovable or Scarcely, or 10 or 20 years standing, have been cured by us.

Nervousness

Nervous Debility, Confusion of Thought, Epilepsy, Loss of Power, Shattered Nerves, St. Vitus' Dance.

Thousands who have suffered for years will bless the day they read these lines. Our Pills particularly to weak, suffering women will this medicine prove an inestimable blessing—directing their concrete to a Hope which fulfils more than it promises.

Mercurial Diseases.

Salivation, Feeling of Weariness, Rotting of Bones, Bad Complexion, Aches and Pains, Depression of Spirits.

Constitution Life Syrup purges the system entirely from all the evil effects of MERCURY, removing the Bad Breath, and curing the Weak Joints and Emaciated Frame which the use of Calomel is sure to produce. It hardens Spongy Gums and secures the Teeth as firmly as ever.

Constitution Life Syrup

Eradicates, root and branch, all Eruptive Diseases of the skin, like

ULCERS, PIMPLES, BLOTCHES,

And all other difficulties of this kind, which so much disgfures the outward appearance of both males and females, often making them a disgusting object even to themselves and their friends.

CONSTITUTION LIFE SYRUP

Cures all Swellings of the Glands,

Either of the Face, Neck or Female Breast, and should be taken as soon as the swelling is detected, thus preventing their breaking and producing unsightly scars. Disease of the Breast is alarming so many of the younger portion of the community, from six to twenty years of age. Young children are very subject to a peculiar disease in the kars, which depends upon a Scrofulous constitution. These cases soon recover by taking a few doses of the Life Syrup.

All scrofulous persons suffering from Debility, Emaciation, Dyspepsia; Dropsy, of the limbs or abdomen, and in the female Dropsy of the ovarian sac or womb, generally accompanied with inflammation and ulceration of the uterus; are permanently cured by Constitution Life Syrup. The disease in many of the cases, which we cure, Life Syrup will remove entirely. The remedy should be taken for some time, as the disease is exceedingly obstinate and stubborn, and will not be removed without extra effort. Tumors of the Ovaries, Tumors of the Breast, and swelling of other glands of the body will be completely removed without resorting to the knife or operations of any kind.

Epileptic Fits, Sympathetic or Organic Diseases of the Heart, Palpitation, Disease of Valves—producing a gratinge or filing sound, Dropsy of the Heart Case and all the affections of this important organ, are speedily relieved. Pain or acute pain in the region of the heart, will be greatly relieved by Constitution Life Syrup.

Broken-Down and Delicate Constitutions, Suffering from Indigestion or Exertion, Pain in the Back, Dimness of Sight, Weakness of Limbs, Insanity, Fear of Disease, Dimness of Vision, Dry Hot Skin and Extremities, Want of Sleep, Restlessness, Pale Emaciated Countenance, Nervous Fears, Blue color Stools, all require the aid of the CONSTITUTION LIFE SYRUP.

For all Secondary or Tertiary Diseases, either of the Nose Throat, Tongue, Spine, Forehead or Scalp, no remedy has ever proved its equal.

MOTH PATCHES upon the Face, depending upon a diseased action of the Liver, are very unpleasant to the young wife and mother. A few bottles of Constitution Life Syrup will correct the action of the liver and remove the deposit which is directly under the skin.

In Diseases of the Liver, giving rise to languor, dizziness, indigestion, weak stomach, costiveness and cancerous condition of that organ, accompanied with burning or other unpleasant symptoms, we have obtained by the use of CONSTITUTION LIFE SYRUP.

☞ *As a general Blood-Purifying Agent, the Life Syrup stands unrivalled by any preparation in the world.*

Diseases of the Spine, so usually developed in the young, like Disease, Neuralgia, and all Nervous Diseases, and the thousands who are suffering from diseases for which they are at a loss to know what to do, we would advise the use of CONSTITUTION LIFE SYRUP. It will restore their pallid countenance, strengthen their weak back and side, give them new energy, new life and happiness.

THE RICH AND POOR are liable to the same diseases. Nature and Science have made the Constitution Life Syrup for the benefit of all.

PURE BLOOD produces healthy men and women; and if the constitution is neglected in youth, disease and early death are the results. Do not delay the means which are so near at hand, and within the reach of all.

TO MOTHERS AND MARRIED LADIES

It is the safest and most efficacious medicine ever discovered for purifying the system and relieving the suffering attendant upon childbirth. It strengthens both the mother and the child, prevents pain and disease, and increases the flow of the food—Those who have used it think it indispensable. It is highly useful both before and after confinement, as it prevents disease attendant upon childbirth.

Constitution Life Syrup

Is the Poor Man's Friend and the Rich Man's Blessing!—Buy it, take it, and be cured.—It is Universal in its effects

Glad News for the Unfortunate!

The Long Sought For Discovered at Last.

CURES FROM ONE TO THREE DAYS

CHEROKEE REMEDY
—AND—
CHEROKEE INJECTION,

Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as Gonorrhœa, Gleet, Whites, Inflammation of the Bladder, Inflammation of the Kidneys, Stone in the Bladder, Stricture, Gravel, Gleet, Gonorrhœa, and is a specific for Inflammation in those cases of Gleet, Albus (or Whites in females) where all the old nauseous medicines have failed.

CHEROKEE INJECTION is intended as an always ready assistant to the CHEROKEE REMEDY, and should be used in conjunction with it at medicine in all cases of Gonorrhœa, Gleet, Fluor Albus or Whites. Its effects are healing, soothing and antiseptic, removing all scalding, heat, chordee and pain, instead of the burning and almost unendurable pain that is experienced with nearly all the cheap and nostrum injections.

☞ By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.

For full particulars get our pamphlet from any drug store in the country, or write to us and we will mail free, to any address, a full treatise.

Price—CHEROKEE REMEDY, $2 per bottle or three bottles for $5.

Price—CHEROKEE INJECTION, $2 per bottle, or three bottles for $5.

Sent by Express to any address on receipt of price. Sold by all druggists everywhere.

Dr. W. R. MERWIN & CO., Sole Proprietors, No. 59 Liberty street, New York.

THE GREAT
INDIAN MEDICINE,
COMPOUNDED FROM
ROOTS, HERBS AND
LEAVES.

CHEROKEE CURE.

An unfailing cure for Spermatorrhœa, Seminal Weakness, Nocturnal Emissions, and all the diseases caused by self-pollution; such as Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Premature Old Age, Nervous Irritability, Dyspepsia, Wry, Trembling, Wakefulness, Eruptions on the Face, Pale Countenance, Insanity, Consumption, and all the direful complaints caused by departing from the path of nature.

☞ This medicine is a simple vegetable extract and one on which all can rely, as it has been used in our practice for many years, and with thousands treated it has never failed in a single instance. Its curative powers have been sufficient to gain victory over the most stubborn cases.

☞ To those who have trifled with their constitution, until they think themselves beyond the reach of medical aid, we would say, *Despair not!* the Cherokee Cure will restore you to health and vigor, and after all quack doctors have failed!

☞ For full particulars, get a circular from any drug store in the country, or write the proprietors, who will mail free to any one desiring the same, a full treatise in pamphlet form.

☞ Price, $2 per bottle or three bottles for $5, and forwarded by express to all parts of the world.

Sold by all respectable druggists everywhere.

Dr. W. R. MERWIN & CO., Sole Proprietors, No. 59 Liberty street, New York.

DR. WRIGHT'S
REJUVENATING ELIXIR,
OR ESSENCE OF LIFE.

Prepared from Pure Vegetable Extracts,

Containing nothing injurious to the most delicate.

The Rejuvenating Elixir is the result of modern discoveries in the Vegetable kingdom; being an entirely new and scientific method of cure, irrespective of all the old and worn-out systems.

This medicine has been tested by the most eminent medical men of the day, and it is then pronounced to be one of the greatest medical discoveries of the age.

One bottle will cure General Debility.

A few doses cure Hysterics in females.

One bottle cures Palpitation of the Heart.

A few doses restore the organs of generation.

From one to three bottles restore the manhood and full vigor of youth.

A few doses restore the appetite.

Three bottles cure the worst case of Impotency.

A few doses cure the low spirited.

One bottle restores mental power.

A few doses restore the pale cheek.

This medicine restores to manly vigor and robust health the poor debilitated, worn-down and despairing devotee of sensual pleasure.

The listless enervated youth, the over-tasked mind, the nervous invalid, the victim of secret impression, the individual suffering from general debility, or from weakness of a single organ, will all find immediate and permanent relief by the use of this Elixir or Essence of Life.

☞ Price, $2 per bottle, or three bottles for $5, and forwarded by express, on receipt of money, to any address.

Sold by all druggists everywhere.

CHEROKEE PILLS!
SUGAR-COATED.
FEMALE REGULATOR.
Health Preserver!!
CERTAIN AND SAFE.

☞ For the Removal of Obstructions and the Prevention of Irregularity in the Recurrence of the Monthly Periods.

They cure or obviate those numerous diseases that spring from irregularity, by removing the irregularity itself.

They cure Suppressed, Excessive and Painful Menstruation.

They cure Green Sickness (Chlorosis).

They cure Nervous and Spinal Affections, pains in the back and lower parts of the body, Heavinesse, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysteria, Sick Headache, Giddiness, &c., &c. In a word, by removing the irregularity, they remove the cause and with it all the effects that spring from it.

Composed of simple vegetable extracts, they contain nothing deleterious to any constitution, however delicate, their function being to substitute strength for weakness, which, when properly restored, they leave left to do.

They may be safely used at any age and at any period, *except during the first three months*, during which the unfailing nature of their action would inevitably prove abortive.

All letters seeking information or advice will be promptly, freely and discreetly answered.

All medicines company each box.

☞ Price $1 per box, or six boxes for $5.

Sent by mail, postage free, on receipt of price

THE MAGEE
COOKING STOVE.

The subscriber, having received his Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented. The castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and and-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper reservoir for hot water, also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shovelling up of the ashes is entirely dispensed with. The draft is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other stove, as hundreds of families in this city and vicinity, who are and we will testify, are willing to testify, and speak of them in the highest terms of praise.

We would refer to the following purchasers:

Portsmouth.

MAGEE COOK.

Also on hand an assortment of the different sizes

—of the—

MAGEE PARLOR STOVE

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"
VENTILATING & AIR-WARMING
FURNACES.

The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objections aimed at by the contractors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been contrived, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The communication being lighter than the air, passed into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 50 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert R. Hatch, Esq.,
Aaron H. Hill, Charles H. Mendum,
Henry F. Wendell, John Sise, and others.

The Chronicle.

GOD BLESS YOU, SOLDIER!

God bless you, soldier!—when our sky
Was heavy with impending woes,
When traitors raised the battle cry,
When fear met fear on foreign foes,
You rushed to meet our foes.

God bless you, soldier!—scarred and worn,
Wearied with marchings, watchings, pain,
All battle-stained and battle-torn,
Bravely have all your task been borne,
You have not fought in vain.

God bless you, soldier!—when the air
Grows heavy with Mirth's merry roar,
Sheltered beneath His love and care,
May Victory with her garlands rare
Adorn you evermore.

God bless you, soldier!—when the dove
Of peace the Eagle's nest shall share,
With home and hearth once more warm with love,
With joys below—with joys above,
God bless you here and there!

SELF-CONTRADICTION.—In one sentence of an editorial article is a northern paper, we read that the question in this war is,—

"Whether the blacks are, or are not, to be freemen, in this Republic! A question, really, in which the masses have no positive interest except to unite against it."

In another sentence of the same paragraph, we read:—

"The doctrine of oppressed humanity, the world over, will sustain the movements of reform in due time."

And in another sentence still, of the same paragraph, we are told that the debt of the British nations, "deprives toiling millions of their recompense even *more unjustly* than the Southern slave was ever deprived of his."

Comment is needless:—but can the writer of such flat contradictions be both sane and sober?

HUSBANDS, ATTENTION.—If your wife pines a fresh rosebud in your button-hole when you go forth to business in the morning, be careful to present her with heartease on your return at night. Some men grow suddenly ashamed of an unassuming pot of fragrant mignonette, if a wealthy friend happens to present them with a few flowers from his conservatory, and hide it away in some obcure corner to make room for the brilliant but scentless exotics. Wives are not unfrequently treated after a similar fashion; and perhaps it would be well for their fastidious "lords and masters" to jot down the following lines upon the tablets of their memories:

As the myrtle, whose perfume enriches the bower,
Is prized far beyond even the gaudiest flower;
So a wife who a household can skillfully rule,
Is a jewel of price to all men—save a fool.

Table Cutlery,
Of every description, from the best American and English manufacturers. A good assortment this day received and for sale by
may19 JOHN SISE, 5 Market Square.

Important to the Afflicted.
DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, Boston, on all diseases of a
PRIVATE OR DELICATE NATURE.
By a long course of study and practical experience of a limited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of
GONORRHŒA AND SYPHILIS.
Beneath his treatment, all the horrors of venereal and impure blood, Impotency, Scrofula, Gonorrhœa, Ulcers, pain and distress in the regions of procreation, inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, Humors, frightful Swellings, and the long train of horrible symptoms attending this class of disease, are made to become as harmless as the simplest ailings of a child.
SEMINAL WEAKNESS.
Dr D., devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which has been the means of undermining the unfortunate individual for business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the Back and limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, Aversion to society, self-distrust, timidity, &c., are among the evils produced. Such persons should, before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.
Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.
Medicines sent to all parts of the country, with full directions for use, on receiving description of your cases. Dr. Dow has also for sale the French Capotes, warranted the best preventive. Order by mail. Three for $1 and a red stamp.
Highly Important to Females
IN DELICATE HEALTH.
DR. DOW, Physician and Surgeon, No 7 & 9 ENDICOTT STREET, Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. So invariably certain is the new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.
Dr. Dow has no doubt had greater experience in the cure of diseases of women and children, than any other physician in Boston.
Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.
Dr. Dow, since 1845, having confined his whole attention to an office practice, has the cure of Private Diseases and Female Complaints, acknowledged no superior in the United States.
N. B.—All letters must contain four red stamps, or they will not be answered.
Office Hours from 8 A. M. to 9 P. M.
CERTAIN CURE
in all cases, or No Charges Made.
Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all difficult and chronic diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.
Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.
P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.
Boston, April 7, 1864.—eod1y

American and Foreign Patents.
R. H. EDDY.
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837.)
76 State street, opposite Kilby street,
Boston.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.
The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration of the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part lead me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART.
During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.
R. H. EDDY.
Boston, Dec. 19, 1863.—8mwly

The Old Established Hospital.
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually!
DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the safest as well as the latest remedies for these diseases, offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.
In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Boils, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.
YOUNG MEN.
Young Men addicted to secret habits, who have impaired their health and destroyed the vigor of their minds, and depriving themselves of the pleasure of the Married Life, are notified that in consulting Dr. J. Teller, they will find a friend to counsle and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. T. broken down in health, now rejoice in all that makes life desirable and man happy. The results of some cases are such that the delicacy of this subject will prevent a more minute description of this terrible disease.
DR. TELLER'S GREAT WORK.
A book for everybody.—Startling disclosures Dr. TELLER's great work for the Married or those contemplating marriage—200 pages—full of plates—price 25 cts—sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The single Married and the Married Hap py, a lecture on Love, how to choose a Partner—a complete work on Midwifery. It contains hundreds of secrets, never before published.—Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps, inclosed, will secure a copy by return mail. Dr. TELLER has devoted a lifetime to the cure of those diseases upon which he looks treat.
TO THE LADIES.
DR. TELLER still remains the only Agency in America, for the sale of Dr. Nichol's Italian Female Monthly Pills. The sale of more than 30,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine for stoppages, irregularities, and other obstructions in females.
CAUTION.—Married ladies in certain delicate situations should avoid these Pills. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.
Office hours from 9 A.M. to 8 P.M., and on Sundays from 9 to 6 P.M.
N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to
J. TELLER, M. D.,
anl0 No. 5 Beaver Street Albany, N. Y.

VERNATELLA.
Warranted to make the Soles of Boots and Shoes water and dampness proof, and wear one-third longer.
VERNATELLA
Is a preparation from Copper, having no grease, linseed oil, or anything of the kind, and when the soles are once saturated with it, water can no more get through them than through copper itself. **Price 25 Cents Per Bottle,**
at retail everywhere.
But its cost to the purchaser is really NOTHING, as it makes the soles wear enough longer to more than pay for it, leaving as a net gain the making of them Water and Dampness Proof, and the preservation thereby of that priceless gem, the health.
☞ LADIES, READ THIS! ☜
SAVE YOUR HEALTH.
Use Vernatella on the Soles of your Shoes. It makes them water proof and thereby protects your feet from dampness, for the ground is always more or less moist, either from rain or the morning and evening dew.

Morning Chronicle.

Portsmouth, N. H.

MONDAY, JULY 4, 1864.

THE REBELLION.

The N. Y. Herald's Nashville dispatch states that the rebels have been forced to abandon Kennesaw Mountain, and now hold the high ground near Marietta—not so good a position as Kennesaw. On the 23d the rebels made an assault on the left of Schofield and the right of Hooker, but were repulsed, losing 300 killed. Ewell is reported to have relieved Johnson, the latter going to Richmond.

THE VIRGINIA CAMPAIGN.

Gen. Wilson's cavalry has destroyed over 20 miles of the Petersburg and Weldon railroad, rendering it completely useless. He captured a train crowded with refugees from Petersburg, and destroyed the cars and the locomotive. On his return he found the rebels in force at Reams' Station, June 27, waiting for him, all the cavalry they could muster being spread out between our men and their infantry supports. They fought all night, and during the next morning. Gen. Wilson could not push his way through, and therefore had to fight. An officer succeeded in reaching Gen. Meade's headquarters with intelligence of the state of affairs, and the 6th corps, being at the extreme left and nearest the scene, was sent to divert the attention of the rebels, while a division of the 2d corps soon followed, and relieved them from their predicament.

On Burnside's line the rebels are now using their mortars, and nightly throwing shell with more accuracy than usual.

By Telegraph—Sunday morn.

The new Conscription Law passed both Houses of Congress on Saturday night, and will be signed by the President. In brief, it abolishes commutation; provides for a bounty of $100 for one year's service, $200 for two years', and $300 for three years'; requires fifty days' notice before a draft; permits recruiting in all the rebel states, except Arkansas, Louisiana, and Tennessee; and allows drafted men to procure substitutes.

Senator Fessenden has duly accepted the position of Secretary of the Treasury, and will enter upon the duties of his office on Monday. He has already recommended a special war tax of five per cent. on all incomes.

Intelligence from the Army of the Potomac to Friday morning states that the fight at Reams Station, on the Petersburg and Weldon railroad, for the release of Wilson's cavalry division, which was nearly surrounded at that place, continued through Wednesday, and resulted in a complete success to our forces, who returned to our lines. The diversion made by the 2d and 6th corps secured this important result. Gen. Wilson's losses are considerable, but they are compensated for by his destruction of the Danville and Weldon railroads.

— The House has passed the bill to repeal the Gold Bill—88 against 29.

— Col. Billy Wilson of the New York Zouaves is dead.

— The House has passed the Senate joint resolution requesting the President to appoint a day of humiliation and prayer.

— A little girl was badly burned in Portland on Friday afternoon, her dress catching fire from a lamp which she was using to light fire crackers with.

— A convention of the Fenian Brotherhood was held in Boston last week. A committee was appointed to prepare an address to the Irish people throughout the world.

— Hon. Josiah Quincy died at his country residence in Braintree, Mass., on Friday afternoon, at the age of 92 years and 6 months.

— An incendiary fire in Louisville, Ky., on Friday, destroyed property valued at a million dollars, half of which falls on the Government.

— More than $2000 had been subscribed in New York in small sums, up to Friday morning, for the purchase of onions for the soldiers.

— Gen. Hancock has resumed the command of the Second Army Corps. Gen. Birney consequently resumes command of the Third Division, after having for over a week acted as Corps Commander.

— Up to Thursday, which was the end of the fiscal year, three hundred and sixty-eight national banks had been organized, with a capital amounting in the aggregate to nearly seventy millions of dollars. The circulating notes already issued amount to $31,800,000.

— Gen. Dix, Maj. Barstow, and several other officers have been arrested in New York, under warrants issued by District Attorney Hall, for the recent seizure of the offices of the Journal of Commerce and the World, for publishing the bogus proclamation. They appeared before Judge Russell with counsel, and were released on their own recognizance for farther examination.

NOTES OF FORMER DAYS.

Collected and Collated — By Uncle Tony.

Several persons have asked when the yellow fever was prevalent in Portsmouth,—and how many were victims then. We answer in 1798; and Mr. Adams gives the following numbers and particulars:—

In the summer, an epidemic disorder, commonly called the yellow fever, broke out at the north end. The inhabitants in the vicinity generally removed, and by that means stopped its extensive progress. The town appointed a committee, consisting of five physicians, and requested them to publish from time to time such regulations for the observance of the inhabitants as in their opinion may have the greatest tendency to prevent the spreading of the fever. It proved very fatal to those who were attacked with it. At the same time the dysentery prevailed at the south end. From the 20th of July to the 6th of October one hundred and seven persons died, fifty-five with the fever and fifty-two with the dysentery and other disorders. Among the fifty-two were twenty-nine young children.

To the above brief account it may be added that the disease was imported in a vessel which lay at a wharf near the easterly end of Deer street, and the greatest amount of sickness was in that neighborhood.

NEW HAMPSHIRE ITEMS.

—— A steam mill at Mount Vernon for making boxes, owned by H. H. Bragg, was burned Thursday forenoon, June 30th, together with two dwelling houses near by.

—— A private letter states that it was expected that the old 8th N. H. Vols. would leave New Orleans for home June 30th.

—— Mr. John Riley's house and barn in Exeter on the Hampton road were burnt on Friday afternoon. Most of the furniture was saved. Loss $500 or $600, on which there was a small insurance.

—— The Exeter News Letter says that the B. & M. railroad bridge over Great river caught fire on Thursday afternoon from sparks, and was saved from total destruction by two men who worked hard for two hours. Loss $300.

—— The store of Mr. Albert Janvrin on Water street, Exeter, was broken into on Tuesday night, and about $500 worth of dry goods, groceries, etc., stolen. A reward of $100 is offered for the arrest of the robber and the recovery of the goods.

—— Travel to the White Mountains commences earlier this season than usual. There are about 50 guests at the Crawford House, mostly from New York and Philadelphia. The other mountain houses are open, and there is a prospect that they will soon be filled.

—— John Gray of Nelson was on Monday last arraigned before Justice Ticknor of Keene, charged with the murder of his wife, and after a full examination was committed to jail. The evidence was wholly circumstantial, she being found dead at her residence in Nelson, with many bruises upon her person.

—— Capt. Elisha E. Dodge of the 13th regiment N. H. Volunteers, who was wounded before Petersburg and died at Fortress Monroe on the 22d ult., was in the 37th year of his age. At the opening of the war he was engaged in manufacturing business at Rollinsford, which had long been his place of residence. The funeral occurred at Rollinsford, on Thursday. The factories and schools were closed and business generally suspended. He was a member of the Commandery of Knights Templar of Dover, and the Masonic fraternity was present in large numbers. He leaves a wife and several brothers. Of the latter, one is in the Legislature. His father, now living, was in the war of 1812, and his grandfather was a good soldier of the Revolution.

—— The Hillsborough County Conference of Orthodox Congregational Churches, met at Nashua June 14. Nearly 800 hopeful conversions were reported as having taken place during the year in connection with their congregations. Between 400 and 500 conversions were reported in connection with their Sabbath Schools. Thanks were given to the editor of the Farmers' Cabinet, for his past favors in publishing the notices and reports of the Conference, and the Cabinet was warmly recommended to the consideration of all the good people of the County as a paper worthy of their patronage.

[The compliment to the Cabinet is well deserved—and the managers of that denomination in the State would have done well to join their organ to the Cabinet.—We think they might do something of the kind even now, to their advantage.]

THE LEGISLATURE.

Friday.—The committee on the Judiciary reported an act to change the time of holding the Probate Court in Rockingham County; also, a resolution for a revision of the taxation laws of the State.

The House discussed at length the proposition to pay the members in gold or its equivalent, and finally voted the indefinite postponement of the resolution—162 to 106. A bill was reported fixing the sum to be paid to jailors for the board of prisoners at $2.50 per week.

The Hospital Question was again taken up in the House on Thursday afternoon, the question being on the amendment proposed by Mr. Parker of Farmington to insert Portsmouth instead of Manchester, and 1000 beds instead of 500.

Mr. Smith of Deering said that the Government having heard the opinions of all parties and determined to locate the hospital at Manchester, he thought it would be unwise on the part of the House to pass this amendment. He believed that a part of the object in locating the hospital at Manchester was to accommodate the friends of the soldiers.

Mr. Clarke of Manchester supposed that all the people wanted was to have a hospital located somewhere in the State. The people of Manchester cared very much more that a hospital should be established in the State than that it should be located in that city. If Portsmouth was a better place than any other for a hospital, as he supposed it was in some respects, and if a hospital could be established there immediately, the representatives of Manchester would favor such an amendment. But as a hospital had been ordered at Manchester and the location assigned, he thought any interference would only delay the matter.

Mr. Parker of Farmington said he desired to relieve the sufferings of the soldier as much as possible, and believing that they could be carried to Portsmouth with much much greater ease and comfort than to Manchester, he hoped the amendment would pass. If the hospital was established at Manchester, it would be located on an arid plain, scarcely less burning and scorching than the desert of Sahara—one of the most pestilential places under the sun; while at Portsmouth the soldiers would have the benefit of the cool sea breeze, pure water, and everything necessary for their comfort and happiness. Then, again, the hospital at Manchester would be only a temporary one, with 500 beds and few attendants; while the hospital at Portsmouth would have 1000 beds, and efficient surgeons and attendants. He did not see why there need be any further delay if this change was made, for there were ample accommodations in Portsmouth for a thousand sick and wounded, and they could be provided for until the hospital was established.

Mr. Roles of Ossipee stated that when he went out to Gettysburg, he met some six or eight hundred men, between Baltimore and New York, in railroad cars, and if transportation by water was so much easier, he wondered why the Government did not transport them to New York. Then, again, it was but seldom that the Government would have enough sick and wounded N. H. soldiers to make up a ship load; and most of them could be moved as well by car as by boat. He did not believe in the superior healthfulness of Portsmouth, with its stagnant ponds, that were made the receptacle of cats and dogs, over the towns in the valley of the Merrimac, with its clean sand and sparkling springs.

Mr. Wyatt of Dover hoped the amendment would not prevail, on the principle of the old proverb, that "a bird in the hand was worth two in the bush." He had nothing to say against Portsmouth or Concord, but he was so anxious that our sick and wounded should have the privilege of coming home at once, that he should vote for the original resolution in favor of a hospital at Manchester, where the Government has already located it. If another could be located at Portsmouth, with a thousand beds, he would go for that.

Mr. Coleman of Newington said he lived on the banks of the Piscataqua, and knew that that section of the State was one of the best places for the location of a hospital that could be found. The man must be besides himself who said that Portsmouth was not a good place for a hospital.

Mr. Downs of Lebanon would admit that for two months in the year, Portsmouth would be a good place, but for the other ten months, when the east winds prevailed, it would be found one of the worst places. He doubted whether conveyance by water was better than by rail, because of the longer time required, and the discomfort and suffering on a shipboard, especially in a storm. The friends of the soldiers were in the most cases poor, and the question of a visit to the hospital would often be determined by the distance; and as a visit from friends at home would be far better for the soldier, and infuse more of health and strength into his body than his friend from Farmington and all the medical faculty with him could infuse, he was in favor of locating the hospital at the most accessible point.

Mr. Hackett of Portsmouth said that very likely his city, for some purposes, was as undesirable for the location of a hospital as Hanover was, for some purposes, for the location of an Agricultural College; but he thought the members of the House were not so well qualified to judge of this matter as the competent medical gentleman selected by the Government to decide upon the location, who had expressed his conviction very strongly, that Portsmouth was the most desirable place. For the purpose of having a full understanding of the question, he could move that the resolution be laid on the table until the other resolution in regard to the establishment of a hospital at Portsmouth was considered. [The motion was lost.]

Mr. Page of Warren said it would be better for the people in the northern part of the State to have no hospital at all than to have one at Portsmouth. That city was fifty-five miles further from any town contiguous to the Passumpsic Railroad than Brattleboro,' and they were ten miles nearer to Boston than Portsmouth. Portsmouth might have every advantage incident to a seaport town—yellow fever and all—and still, if they had got to go across the desert of Sahara to get to it, and ride sixty miles over a Railroad like the Portsmouth and Concord to get to it, he begged leave to submit that those who started well from Concord would be fit subjects for that hospital when they got there.

Mr. Cahill of Nashua said it was almost insufferable to listen to the harangues about patriotism and love for the soldier, when it was manifest that they were dictated by local or personal jealousy and rivalry; and to express his contempt for such talk he would move to amend the resolution by substituting therefore a resolution of censure upon those citizens of Concord, Manchester and Portsmouth who put their own local interests before the interests of the State and nation and the welfare of our sick and wounded soldiers. The Speaker ruled the amendment out of order on the ground that the resolution before the House was a joint resoluton, and the one offered a contemplated action by the House alone.

Mr. Haven of Portsmouth believed that the people of that city would rather not have the hospital located there; but, believing that it was the best place for the soldiers, they would, out of kindness and humanity, claim that it should be located there. The hospital would be located on an island, within a stone's throw of the shore, and the land had already been made a free gift to the Government for the purpose.

Mr. Page of Warren called for the previous question, and the call was sustained. The amendment was rejected, and the resolution ordered to a third reading.

Mr. Cahill of Nashua renewed his resolution of censure. Mr. Walker of Portsmouth moved to strike out the word "Portsmouth." Mr. Young of Barrington moved that the resolution be referred to the Committee on the Judiciary. Mr. Moore of Manchester moved that the resolution lie on the table, and that motion prevailed.

The resolution in regard to the establishment of a hospital at Portsmouth was taken up.

Mr. Adams of Manchester said the people of Manchester had made no effort to secure the location of a hospital there, and were indifferent in regard to the matter. He was willing to do anything in his power to aid in getting a hospital at Portsmouth, and believed that, in taking that position he represented the feelings of the entire delegation from Manchester.

Mr. Parker of Farmington again spoke of the superior advantages of Portsmouth for the location of a hospital.

Mr. Cahill of Nashua moved that the debate terminate, and that motion was carried, unanimously and the resolution ordered to a third reading.

Ayer's Sarsaparilla

Is a concentrated extract of the choice root, so combined with other substances of still greater alterative power as to afford an effectual antidote for disease Sarsaparilla is reputed to cure. Such a remedy is surely wanted by those who suffer from strumous complaints, and that one which will accomplish their cure must prove, as this has, of immense service to this large class of our afflicted fellow citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found in the following complaints:—

Scrofula, Scrofulous Swellings and Sores, Skin Diseases, Pimples, Pustules, Blotches, Eruptions, St. Anthony's fire, Rose or Erysipelas, Tetter or Salt Rheum, Scald Head, Ringworm, &c.

Syphilitic or Venereal Disease is expelled from the system by the prolonged use of this Sarsaparilla, and the patient is left in comparitive health.

Female Diseases are caused by Scrofula in the blood, and are often soon cured by this Extract of Sarsaparilla.

Do not discard this invaluable medicine, because you have been imposed upon by something pretending to be Sarsaparilla, while it was not.—When you have used Ayer's—then, and not till then, will you know the virtues of sarsaparilla.—For minute particulars of the diseases it cures, we refer you to Ayer's American Almanac, which the Agents below named will furnish gratis to all who call for it.

Ayer's Cathartic Pills, for the cure of Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Headache, Piles, Rheumatism, Heartburn arising from Disordered Stomach, Pain or Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Liver Complaint, Dropsy, Worms, Gout, Neuralgia, and for a Dinner Pill.

They are sugar coated, so that the most sensitive can take them pleasantly,—and they are the best Aperient in the world for all the purposes of a family physic.

Prepared by J. C. Ayer & Co., Lowell, Mass., and sold by Brackett Hutchings, J. H. Thacher, W. R. Preston, David Kimball, and all druggists.

"A Wonderful Discovery."

DR. TEBBETS' "PHYSIOLOGICAL HAIR RESTORATIVE" is compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "DYE," and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth of new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off and removes all dandruff, heat, humors and itching from the scalp. It keeps the hair soft, moist and perfectly healthy, and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "REGENERATOR" is warranted to produce the above results in all cases, if not the money to be refunded. With it every "GRAY HEAD" in New England can be restored in less than sixty days.

THATCHER, opposite the Post Office and 12 Market Square, Agent for Portsmouth.—Geo. C. Goodwin & Co., 38 Hanover street, Boston, Wholesale Agent for New England, and sold by Druggists everywhere. TEBBETS BROTHERS, Druggists and Chemists, Proprietors, Manchester, N. H.

Local.

THE FEVER.—Thomas Shugrde, residing in Penhallow street, died on Saturday afternoon.

On Friday night and Saturday, the following cases were reported at the City Rooms: George Anderson, on McDonough street,—had been sick two or three days; —— Hall, boarding on Islington street; and a boarder named Rogers at 45 Court street.

Capt. Jacob P. Morrill, who has been employed as clerk of the master carpenter at the Navy Yard, died at his residence in Great Falls on Friday night.

George Anderson, mentioned above, died on Saturday afternoon. Mr. Poore, one of the Lodgemen or Yard boatmen, died in Newburyport on Thursday night. All of the Lodgemen have been employed on board the steamer DeSoto. Since Saturday evening the following deaths have occurred: In Kittery, G. J. Prescott and Andrew Grace, (the latter has been employed as a watchman on board the steamer, and was about 40 years of age); in Rye, Mr. Mace; in this city, Mr. McIntire and Mr. Peterson.

There are reports that another man has died in Kittery, and that there is a new case of the fever in that town.

The extensively-circulated report that the schools in the 3d District had been closed on account of the fever, is officially contradicted by an advertisement given elsewhere.

There is one fact that the public should bear distinctly and constantly in mind, as it will tend to prevent unnecessary fear on the part of our citizens,—and that is, that after the most careful investigation by the Aldermen and the Board of Health, of all the cases reported, not a single case of this disease has been found which was not directly traceable to the Navy Yard, and primarily to the DeSoto; no one afflicted with it has communicated it to any other person, however intimately they may have been associated together.

Twenty men, nearly all of whom belong in this vicinity, having enlisted, for the consideration of $5 per day for the term of four or five months, to take charge of the DeSoto, that vessel was taken in tow by the tugboat Bluelight on Saturday afternoon, and proceeded down the river to the Narrows, where the tide was so strong as to set her ashore in spite of the tug. It being flood-tide, however, she soon floated, and came to anchor just below the bend in the river. She dropped below on Sunday.

The number of deaths officially reported up to Sunday night was 13. And there are more sick, some seriously—but no cause for general alarm.

☞ It having been represented to the Board of Aldermen that five persons were sick in this city, who worked in the Sail Loft at the Navy Yard, it was voted at a special meeting of the Board held on Saturday afternoon, that Com. Pearson be requested to close said loft. We understand that this has been done. The Aldermen held meetings every day last week,—sometimes twice each day, and the members of the Board have manifested a willingness and a determination to do all in their power to allay popular excitement and to remove its cause.

CELEBRATION AT RAYMOND.—Great preparations have been made at Raymond to celebrate the centennial anniversary of the incorporation of that town, to-day—the 4th of July. The exercises are to be held in a grove a short distance from the village. Wilson Abbott, Esq., is to deliver the oration, and Benj. Cram, Esq., is to be Chief Marshal. There is to be a military display, and a picnic after the more formal exercises are concluded.

Communication.

THINGS TO BE DONE.—*Messrs. Editor,* When we ask what we should do, to preserve the health of the city? we are advised to keep cool. This is good advice, and I will try to abide by it. I wish to add another item or too, viz. Keep clean! and keep sober! But first of all, let me advise my fellow citizens, and request the city government, police, and health officers, to cleanse and purify their premises, and the streets, wharves, &c. Deposits of filth in yards, styes, stables, vaults, sinks and sewers, should be removed as soon as possible, and the places cleansed by lime, &c. Cellars should be cleared of all decaying vegetables and meats forthwith, as well as of mud and rotten flooring where such things exist,—and in general every thing pestiferous should be either destroyed or carried off. P. B.

☞ Orders have been received at Augusta, Me., to muster out of service Capt. Sylvanus Cobb, Jr.'s company at Fort McClary, Kittery, and to muster in another company of Maine State Guards.

☞ Acting Master's Mate John W. Caswell, U. S. N., of this city, arrived at his home on Friday last, on two weeks' furlough. He has recently been stationed on board the U. S. ship Ironsides, which arrived at Philadelphia last week.

THE FOURTH OF JULY has often been made the occasion or opportunity of vainglorious and foolish boasting—but now all this is excluded,—and we should remember that Righteousness exalteth a Nation, but sin is a reproach to any people.

Having too generally forgotten or disregarded this great divine truth, we have fancied ourselves growing rapidly rich and great by the very sins and follies which are now much more rapidly making us poor and mean.

Not only so, there is visible in some quarters, a heartless and cowardly turning back toward the old slough of wickedness, as Lot's wife looked back on her old home in Sodom, and as the Israelites in their hearts turned back towards the onions and flesh pots of their Egyptian prison house.

But this is contemptible as well as cowardly. Christian patriots cannot feel so, and do not so express themselves. One of our good old fashioned New-Hampshire papers, on the contrary, speaks thus:

The Glorious Fourth will be more than ever welcomed with feelings of delight and joy, inasmuch as to preserve that Liberty the securing of which it commemorates has cost us such sacrifices of treasure and blood. That is deemed valuable which costs. What sacrifices our Fathers made to purchase our liberties! The best blood and the richest treasures of the land were poured forth like water to secure such a boon for their descendants. What a sacrifice the children are making to preserve these blessings unimpaired for theirs! Through the length and breadth of the loyal States scarce a family has escaped unscathed by the terrible fire that has raged in the land. But thanks to heaven the old Ship of State still floats on, though over a tempestuous deep, and if her sons are true to God and their fathers, shall still float on, the pride and admiration of the world. That same voice that calmed the troubled roaring waves of the sea of Galilee, which threatened to engulph his disciples of old, is still potent to save the faithful, and if as a nation we are found putting our trust in Him, and not in an arm of flesh, and the voice of an agonized people is heard, saying "Master, carest Thou not that these perish," He will yet say, "Peace, be still," and there shall be "a great calm."

Yes: repentance, reformation, purity and peace. But there is not and cannot be peace to the wicked, because wickedness burneth as the fire. But there is hope, in the union, devotion, self-sacrifice and faith of thousands and millions of our best people, who trust in God and try to do their duty. U. T.

INDEPENDENCE ODE.

Day of patriot inspiration,
Hail we gladly thy return;—
In our Country's constellation
Many stars still brightly burn!
And this day, ye bravely loyal
Who have to your trust been true,
Well deserve the title royal
To the fame our fathers knew.

North-star of the Nation's glory!
Point we steadfast to thy blaze—
Viewing by thy light the gory
Fields of Continental days!
Ah, alas! that all forgotten
Should these solemn lessons be,
By a people soul-besotten —
Ruined by cursed Slavery!

Dauntless heroes are enduring
Grievous hardship for the Right —
They are signally securing
Freedom from our bane and blight;
How the champions of secession
Melt away our march before!
Rebels sullen make confession,
Slavery soon will be no more!

May this day of goodly omen
Witness fresh resolves to gain
Final triumph o'er our foemen —
O'erthrow of their schemes insane!
Then this renovated Nation —
Happy in re-union grand,
LIBERTY'S GLAD CONSUMMATION,
Shall proclaim throughout the land!

Portsmouth, N. H. E. P. N.

WHITE REFUGEES FROM THE SOUTH. Rev. E. Folsom, Hospital Chaplain at Cairo, Ill., is in this city, under the order of the General commanding that post, to present the wants of the white refugees from the South, who are brought there by the U. S. Government, and are in great suffering and need immediate relief. A Union Meeting will be held at the North Church on Tuesday evening, July 5th, at a quarter before 8 o'clock.

☞ The New York Tribune's list states that Sergt. J. R. Morrison, Co. K, 13th N. H. regiment, and John H. Moore, Co. G, 10th N. H. regiment, were wounded June 23 before Petersburg,—the former in the head, and the latter in the shoulder.

☞ The rain came at last on Saturday and the earth was refreshed by copious showers, under the genial influence of which vegetation manifested an upward tendency gratifying in any kind of greenbacks.

☞ As usual, our printers will not be expected to work on the 4th of July, and therefore our readers will not be served with the Daily Chronicle on Tuesday morning.

MARINE CHRONICLE.

THE REPORT current in the streets that the Schools in District No. 3 were closed on account of yellow fever, is not correct. The Schools have not been closed, but are open as usual.

J. E. RIDER, Chairman Com., Dist. No. 3.

E. A. STEVENS,

NO. 46 MARKET STREET.

AN UNUSUALLY LARGE STOCK

OF EVERY KIND

—OF—

KITCHEN FURNISHING GOODS.

Gas Fixtures.

Persons who desire to have any repairs or alterations made in Gas Pipes or Fixtures, are requested to send in their orders at once. The work can be done much more promptly now than later in the season. E. A. STEVENS.

"A Stitch in Time Saves Nine."

All Furnaces, Stoves and Funnels should be thoroughly cleaned out and put in order as soon as fires are done being made in them. If allowed to remain filled with ashes and soot through the summer, they will decay very rapidly, and useless expense be incurred.

A full supply of Linings and Repair Pieces constantly on hand, and all orders attended to with dispatch. E. A. STEVENS.

HALEY, MORSE & BOYDEN'S

SELF-ADJUSTING

CLOTHES WRINGER.

THE BEST IN THE WORLD.

Over 40,000 have been sold by the manufacturer in a little more than two years—nearly 400 of them in Portsmouth and vicinity.

Buy one and try it—if not perfectly satisfactory the money will be refunded.

Facts for the People.

The enormous rise in price of Iron, Coal and Labor, has caused manufacturers to advance the price of STOVES and Castings several times since the war began; and it is now arranged to make a general advance of 25 to 50 per cent. this season.

We have not yet raised the price of Stoves in proportion to their increased cost, but shall be compelled to do so very shortly. Persons who expect to purchase anything in the Stove and Furnace line within a year or two, will save money by doing so at once. The price of a Stove is not so much an object, now, as its capacity and the cost of operating it. All things considered, there is no Stove equal to

THE MODEL COOK.

IT IS, IN FACT,

The Best Stove Out,

for economy, convenience and dispatch.

Many people think it best to use an old stove as long as possible, but it is far better to throw it away and purchase a MODEL COOK, than to keep it at the present high price of fuel.

(One of our shrewdest citizens who purchased a MODEL COOK STOVE a year since, says he has saved more than its cost already.

A careful, prudent farmer purchased one, and after it had been in operation some days his son came into the store and said, "something was wrong at their house;" his father and himself used wood of the same pile, he burned three baskets full a day, and his father only one! We sold him a Stove before he left, and there has been no complaint since.

These stoves are in use in many hotels and boarding houses, and in hundreds of private families in this city and vicinity, and give the best of satisfaction.

MASON & HAMLIN'S

CABINET ORGANS,

Combining the requisites for Sacred and Secular, Church and Parlor Music; for Families, Sunday Schools, Day Schools, Churches, &c.

They are elegant as pieces of furniture; occupy little space; are not liable to get out of order or out of tune; are warranted for five years; will improve in tone by age, and are moderate in cost.

They are to private houses, Sunday schools and smaller churches, what the larger pipe organs are to large churches, and in addition to this are adapted to secular as well as sacred music.

The Cabinet Organ is essentially different from, and a marked improvement upon, all instruments of the melodeon or harmonium kind. Its superiority consists in many important characteristics.

The undersigned, Agent for the Manufacturers, will be pleased to show the Cabinet Organs to all wishing to purchase, at his residence, NO. 30 HANOVER STREET.

Morning Chronicle.

A GOOD THING TO BREATHE.—The great mass of the inhabitants of the Northern United States live in better houses, wear better clothes, and eat better food than the mass of any other nation, but they breathe the worst air of any people in the world. They like bad air. Every man chooses to have his clothes and food prepared fresh and new for himself, but he likes to have his air breathed over a few times by his neighbors before he takes it into his own lungs. In this process its oxygen is diminished, its carbonic acid is increased, it gets a little warm, and moist, and dirty, and then it just suits the American taste.

All through the winter months our city railroad cars are literally packed with passengers, and the doors, windows and ventilators are kept tightly closed. If any passenger ventures to open one of the little narrow ventilators in the upper part of the car, some very nice gentleman, with a clean collar, white teeth, and a carefully-dressed wig, who is drawing in at every breath quarts of air loaded with tobacco fumes, and animal matter from the lungs of his fellow passengers, is sure to give a shiver, and request that the minute opening may be closed.

In our churches the congregations generally have air in the forenoon which is tolerable, but in the afternoon their consciences and good manners are subjected to a constant strain to resist the noxious gases with which the church has become filled during the morning service.

But the worst effect of this national predilection is seen in our schools. Hundreds of little boys and girls are confined in close rooms for three hours at a time, breathing over and over again the same air, constantly diminishing its oxygen which is the supporter of life, thus reducing the force of the vital functions; while at the same time the brain, that inevitably shares the enervating influence, is stimulated by the most exciting ambition to exertions too great for even its undiminish strength. By this course hundreds of helpless children, each the pride and joy of its home, have been doomed to lingering disease and early death.

There is no necessity for breathing poisonous gases. We are placed in a great ocean of air which has been prepared by nature in just the proper proportions of oxygen, nitrogen and watery vapor to adapt it to the structures of our lungs and the healthful action of all our organs. We know that by breathing constantly this atmosphere, taking a fresh and pure supply at every breath, our physical system will attain to the highest degree of health and strength of which it is capable. It is only by laborious effort that we can obtain the foul air of which we are so fond.

There may be, however, a few persons in the community who prefer fresh and pure air to that which has been breathed over a number of times. To these we commend Dr. Reid's work on ventilation recently republished by John Wiley, 535 Broadway, New York. It is a small book of 120 pages, and discusses the subject with an intelligence which is the result of a long series of investigations. The various methods of bringing in and distributing the fresh air, and of removing the noxious gases, are treated with a rare combination of profound scientific knowledge and practical common sense.

— Hon. W. P. Fessenden, has succeeded in getting an appropriation of $25,000 for suitably marking the approaches to Portland harbor, and L. D. M. Sweat telegraphs that $20,000 is appropriated for suitably marking Bulwark and Alden's rock. This may prevent another Bohemian disaster.

SPEER'S

SAMBUCI WINE,

PURE AND FOUR YEARS OLD,

OF CHOICE OPORTO FRUIT,

For Physician's Use, Females, Weakly Persons and Invalids.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs, very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey—commended by physicians and chemists as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefiting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, and contains no mixture of spirits or other liquor, and is admired for its rich peculiar flavor and nutritive properties, imparting a healthy tone to the nervous system, and a blooming, soft and healthy skin and complexion.

☞ None genuine unless the signature of "ALFRED SPEER, Passaic, N. J.," is over the cork of each Bottle.

Make One Trial of this Wine.

For sale by **W. R. Preston**, Portsmouth. The trade in Boston supplied by G. C. Goodwin & Co., and Weeks & Potter.

We also send, without extra charge, ☞ HOOD'S GREAT BOOK OF 100 SECRETS, OR HOW TO MAKE FIVE DOLLARS A DAY. Whoever adopts one of these Secrets cost the publisher $250 for the right to publish it. Several persons are now making $120 per month by these Secrets. This book is worth $50 to any man or woman. Lieut Asa Bennett, a wounded soldier, writes us from Chicago, he has realized, in four months, $512 by knowledge obtained from this book. Charles K. Wright, of Portland, says "God speed the day when all shall possess your valuable Book, for it has raised me from poverty to prosperity." Hospital Steward, in the Army, writes: "We received your Fine Gold Pens, and find them far superior to all others used in this department." We send one Gold Pen, Silver Extension Case and Book of Secrets for $1. Three for $2.75. Four for $3.50. Twelve for $10.25. We warrant every Pen sent to be fine gold. Address A. YOUNG & BROS. 167 Monroe street, New York. Send Government money. Jel—3mIuAo

Constitution Life Syrup,

COMPOSED OF

IODIDE POTASSIUM,

With the compound concentrated fluid extract of

VALUABLE MEDICINAL

ROOTS AND HERBS,

Prepared by WM. H. GREGG, M. D., Graduate College Physicians and Surgeons, N. Y. formerly Assistant Physician Blackwell's Island Hospitals, late Medical Inspector New York State Volunteer Depots, under Gov. Edwin D. Morgan.

Constitution Life Syrup

HAS PRODUCED

A REVOLUTION IN MEDICINE!

What may seem almost incredible, is that many diseases hitherto considered hopelessly incurable are frequently cured in a few days or weeks, and we cheerfully invite the investigations of the Medical profession and all who require such cures which have no parallel at the present day.

Our medicine is peculiar, by it the cost of the cure is diminished, and the health much restored. Those who have suffered long months painful and obstinate diseases, those who have vainly sought relief from advertised medicines, or who cannot be cured by other physicians—are

Invited to use Constitution Life Syrup.

During the past five years we have contended with obstacles and overcome opposition as has no team as ever encountered by any brothers.

Rapidity of Cure.

Some say, "Your cures are too quick," while others doubt their permanence, and think that diseases can only be cure by the "slow recuperative process of Nature." This is our reply: Health, in the body, then a well-balanced scale, is in a state of equilibrium. But when from any cause down goes one side of the scale, we have the effect—Disease. What is requisite is, to restore the normal balance of the scale.

CONSTITUTION LIFE SYRUP.

A positive and specific remedy for all diseases originating from an IMPURE STATE OF THE BLOOD, and for all (hereditary) DISEASES transmitted from PARENT TO CHILD.

Paralysis.

Hemiplegia, Paresis, Paraplegia, Paralysis Agitans.

It is so universally admitted that Constitution Life Syrup is the only effective means of restoration in the various forms of Paralysis, that we need not reiterate that it is emphatically the Great Life-Giving Power.

Dyspepsia.

Indigestion, Liver Complaint, Constipation, Weight at Stom'h, Biliousness, Want of Appetite, Flatulence, Bad Breath.

Scrofula.

Strume, Glandular Swellings, Ulceration, King's Evil, Dyspepsia, Salt Rheum.

This taint (hereditary or acquired), filling life with untold misery, is by all usual medical remedies incurable.

Rheumatism.

Arthritis, Neuralgia, Gout, Lumbago, Sciatica, The Dolorous.

If there is any disease in which the Constitution Life Syrup is a sovereign, it is in Rheumatism and its kindred affections. The most intense pains are almost instantly relieved—discomfort and fears are removed. Cases, chronic or vicarious, of 20 or 30 years standing, have been cured by us.

Nervousness.

Nervous Debility, Confusion of Thoughts, Epilepsy, Loss of Power, Irritable Nervous, Ill Vital Power.

Thousands who have suffered for years will bless the day on which they read these lines. Particularly to weak, suffering woman will this medicine prove an invaluable blessing—strewing their footsteps to a Hope which fulfils more than it promises.

Mercurial Diseases.

Salivation, Aching of Wearisome, Rotting of Bones, Bad Complexion, Aches in Bones, Depressed Spirits.

Constitution Life Syrup purges the system entirely from all the evil effects of MERCURY, removing the Breath, and restoring the Weak Joints and Rheumatic Pains which the use of Calomel is sure to produce. It hardens Spongy Gums and secures the Teeth so firmly as ever.

Constitution Life Syrup

Eradicates, root and branch, all Eruptive Diseases of the Skin, like

ULCERS, PIMPLES, BLOTCHES.

And all other difficulties of this kind, which so much disfigure the outward appearance of both males and females, thus making them a disgusting object to themselves and their friends.

CONSTITUTION LIFE SYRUP

Cures all Swellings of the Glands,

Either of the Face, Neck or Female Breast, and should be taken as soon as the swelling is detected, thus preventing hard breaking into ulcerating troublesome Discharging Sores, which disfigure so many of the younger portion of the community from 10 to twenty Years of age. Young children are very subject to Discharges from the Ears, which depends upon a Scrofulous constitution. These cases soon recover by taking a few doses of the Life Syrup.

All scrofulous persons suffering from Debility, Emaciation, Dyspepsia, Dropsy, Gravel, Stone in the Bladder, and in the female Dropsy of the ovaries and womb, generally accompanied with inflammation and ulceration of the uterus; are permanently cured by Constitution Life Syrup. The disease known as Goitre or Swelled Neck, the Life Syrup will remove entirely. The remedy should be taken for some time, as the disease is exceedingly chronic and stubborn, and will not be removed without extra effort. Tumors of the Ovaries, Tumors of the Breast, and swellings of other glands of the body will be completely reduced without resorting to the knife or operations of any kind.

Palpitation, Sympathetic or Organic Diseases of the Heart (as Palpitation, Disease of Valves—producing a grating or filing sound), Dropsy of the Heart (Disease of the Membrane, the inner important organ, of persons suffering from any acute pain in the region of the heart, will be greatly relieved by taking the Life Syrup.

Broken Down and Delicate Constitutions, Arising from Indiscretion in Exercise, Pain in the Back, Loss of Memory, Forebodings, Horror of Gloomy, Fear of Disease, Dimness of Vision, Dry Hot Skin and Flushed Face, Want of Sleep, Pale Haggard Countenance and Latitude of the Nervous System, all require the aid of the CONSTITUTION LIFE SYRUP.

For all forms of **Ulcerative Diseases**, either of the Nose Throat, Tongue, Spine, Forehead or scalp, no remedy has been found equal to its equal.

MOTHERS, LOOK upon the lonely face, depending upon a diseased action of the Liver, are very unpleasant to the young wife and mother. A few bottles of Constitution Life Syrup will correct the secretion, and remove the deposit which is directly under the skin.

In Jaundice, Liver Complaint, giving rise to languor, dizziness, indigestion, weak stomach, or an ulcerated or cancerous condition of the organ, accompanied with a yellow tinge in the eyes, symptoms, relief may be obtained by the use of CONSTITUTION LIFE SYRUP.

☞ *In a general Blood-Purifying Agent, the Life Syrup stands unrivalled by any preparation in the world.*

Diseases of the Spine, as usually developed in the young, Hip Disease, Neuralgia, and all Nervous Diseases, and Ladies who are suffering from diseases for which they are at a loss to know what to do, we would advise the use of CONSTITUTION LIFE SYRUP. It will restore their pallid countenance, strengthen their weak back and side, give them new energy, new life and happiness.

THE RICH AND POOR are liable to the same diseases. Nature and Science have made the Constitution Life Syrup for the benefit of all.

PURE BLOOD produces healthy men and women; and if the constitution is neglected in youth, disease and early death are the results. Do not delay when the means are so near at hand, and within the reach of all.

TO MOTHERS AND MARRIED LADIES. It is the safest and most efficacious medicine ever discovered for purifying the system and relieving the suffering attendant upon childbirth. It strengthens both the Mother and the child, prevents pain and disease, and increases and enriches the food—Those who have used it think it indispensable. It is lighter and mild both before and after confinement, as it prevents disease attendant upon childbirth.

Constitution Life Syrup

Is the Poor Man's Friend and the Rich Man's Blessing!—Buy it take it, and be cured.—It is Universal in its effects

Glad News for the Unfortunate!

The Long Sought For Discovered at Last.

CHEROKEE REMEDY

—AND—

CHEROKEE INJECTION,

Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as Incontinence of the Urine, Inflammation of the Bladder, Inflammation of the Kidneys, Stone in the Bladder, Gravel, Dropsy, Gleet, Gonorrhœa, and is specially recommended in those cases of Fluor Albus (or Whites in females) where all the old nauseous medicines have failed.

It is prepared in a highly concentrated form, the dose only being from one to two tablespoonfuls three times per day.

It is diuretic and alterative in its action; purifying and cleansing the blood, causing it to flow in all of its original purity and vigor; thus removing from the system all pernicious causes which have created disease.

CHEROKEE INJECTION is intended as an ally or assistant to the CHEROKEE REMEDY, and should be used in conjunction with that medicine in all cases of Gonorrhœa, Gleet, Fluor Albus or Whites. Its effects are *healing, soothing and demulcent;* removing all scalding, heat, chordee and pain, instead of the burning and almost unendurable pain that is experienced with nearly all the *cheap quack injections.*

☞ By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.

For full particulars get our pamphlet from any drug store in the country, or write us and we will mail free, to any address, a full treatise.

Price—CHEROKEE REMEDY, $2 per bottle or three bottles for $5.

Price—CHEROKEE INJECTION, $2 per bottle, or three bottles for $5.

Sent by Express to any address on receipt of price. Sold by all druggists everywhere.

Dr. W. R. MERWIN & CO., Sole Proprietors, No. 59 Liberty street, New York.

THE GREAT

INDIAN MEDICINE,

COMPOUNDED FROM

ROOTS, HERBS AND LEAVES.

CHEROKEE CURE.

An unfailing cure for Spermatorrhœa, Seminal Weakness, Nocturnal Emissions, and all diseases caused by self-pollution, such as Loss of Memory, Unnerved Nerves, Pain in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficult Breathing, Trembling, Wakefulness, Eruptions on the Face, Pale Countenance, Insanity, Consumption, and all the direful complaints caused by departing from the path of nature.

☞ This medicine is a simple vegetable extract and one can judge what it will do, as it has been used in our practice for many years, and with thousands treated it has not failed in a single instance. Its curative powers have been sufficient to gain victory over the most stubborn cases.

☞ To those who have trifled with their constitution, until they think themselves beyond the reach of medical aid, we would say, *Despair not;* the CHEROKEE CURE will restore you to health and vigor, and after all quack doctors have failed.

☞ For full particulars, get a circular from any drug store in the country, or write the proprietors, who will mail free to any one desiring the same, a full treatise, in pamphlet form.

☞ Price, $2 per bottle or three bottles for $5, and forwarded by express to all parts of the world.

Sold by all respectable druggists everywhere.

DR. W. R. MERWIN & CO., Sole Proprietors, No. 59 Liberty street, New York.

DR. WRIGHT'S

REJUVENATING ELIXIR,

OR ESSENCE OF LIFE.

Prepared from Pure Vegetable Extracts,

Containing nothing injurious to the most delicate.

The Rejuvenating Elixir is the result of modern discoveries in the Vegetable kingdom; being an entirely new and abstract method of cure, irrespective of all the old and worn-out systems. This medicine has been tested by the most eminent medical men of the day, and by them pronounced to be one of the greatest medical discoveries of the age.

One bottle will cure General Debility.

A few doses cure Hysterics in females.

One bottle cures Palpitation of the Heart.

A few doses restore the organs of generation.

From one to three bottles restore the manliness and full vigor of youth.

A few doses restore the appetite.

Three bottles cure the worst case of Impotency.

A few doses restore the lost spirits.

One bottle restores mental power.

A few doses bring the rose to the cheek.

This medicine restores to manly vigor and robust health those debilitated, enervated, unhappy and despairing devotee of sensual pleasure.

The Reliss enervated youth, the over-tasked man of business, the victim of nervous depression, the individual suffering from general debility, or from weakness of a single organ, will all find immediate and permanent relief by the use of this Elixir or Essence of Life.

☞ Price, $2 per bottle, or three bottles for $5, and forwarded by express, on receipt of money, to any address.

Sold by all druggists everywhere.

CHEROKEE PILLS!

SUGAR-COATED.

FEMALE REGULATOR.

Health Preserver!!

CERTAIN AND SAFE.

☞ For the Removal of Obstructions, and the Insurance of Regularity in the Recurrence of the Monthly Periods.

They cure or obviate those numerous diseases that spring from irregularity, by removing the irregularity itself.

They cure Suppressed, Excessive and Painful Menstruation.

They cure Green Sickness (Chlorosis).

They cure Nervous and Spinal Affections, pains in the back and lower parts of the body, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysteria, Sick Headache, Giddiness, &c., &c. In a word, by removing the irregularity, they remove the cause and with it ALL the effects that spring from it.

Composed of simple vegetable extracts, they contain nothing deleterious to any constitution, however delicate, their function being to substitute regularity for irregularity, which, when properly used, they never fail to do.

They may be safely used at any age and at any period, except during the first three months, during which the unfailing nature of their action would infallibly prevent pregnancy.

All letters seeking information or advice will be promptly, freely and discreetly answered.

Full directions accompany each box.

☞ Price $1 per box, or six boxes for $5.

THE MAGEE

COOKING STOVE.

The subscriber, having received his Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from entering into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming oven attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove, in use, so no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We would refer to the following purchasers:

Portsmouth.

J. Woodman Moses, John R. Holbrook, George Billbi k, Frank Jones, George L. Tread well, Henry L. Richards, John H. Piper, John Warburton, Asa Quimby, Louis Green, Robert King, George B. French, John W. White, Phillip Woods, James Shaw, Mrs. Mary Jones, James Fender, J. B. Upham, G. C. Dodge, Kittredge Sheldon, Albert F. Merrill, John Tagan, William R. We invite all those in want of the very best Stove in the market to examine the

MAGEE COOK.

Also on hand an assortment of the different sizes

—of the—

MAGEE PARLOR STOVE

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"

VENTILATING & AIR-WARMING

FURNACES.

The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable Furnace, would also thank those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pots is used for respiration, the tendency to induce headaches so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the addition of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used.

We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Clement, Esq., Albert R. Hatch, Esq., Aaron H. Hill, Charles H. Mendum, Henry E. Wendell, John Sise, and others.

MRS. GRANT AND "MR. GRANT."—It is one misfortune of great people that they must be talked about, (isn't Gen. Grant great?) and, in this free country, not with the reverence due to the Grand Lama. I was glad to know something of Mrs. Grant, a plain, sensible, quiet woman who takes the world as a matter of course. We were talking of the great responsibility of Gen. Grant's position, and made some remarks tending to awaken any expression of ambition dormant in her woman's heart. No returns! She said, "Mr. Grant" (so she always calls him) "had succeeded below, and when he was called to this position, he thought it was his duty to try what he could do." We then expressed a hope that he would succeed, and that he would take Richmond. "Well, I don't know. I think he may—Mr. Grant always was a very obstinate man." (Nobody learns that trait of character sooner than a wife.)

It is said also (I was not there then) that this conversation took place with regard to the election: "If Gen. Grant succeeds, he may want to be President." "But he is lieutenant general." "Yes, but when a man can be elected president, it must be a strong temptation." "I don't know. There have been but two lieutenant-generals of the United Sates, Gen. Washington and Gen. Scott. There have been many presidents, for instance such men as Frank Pierce and James Buchanan!" No, it would hardly be ambition which would lead a lieutenant-general to wish to be president.

Mrs. Grant—you are a sensible woman, and Mr. Grant is an "obstinate man." Let us continue to hope.—*Cor. Springfield Republican.*

— The 6th Tennessee Cavalry have passed a series of resolutions indorsing Lincoln and Johnson.

— The St. Louis Democrat gives a list of twenty-one radical papers in Missouri that support Lincoln and Johnson. When the list is completed it will comprise about three-fourths of the entire press of the State.

— A Prussian carpenter has, with the Captain and others, been charged with conspiring to scuttle a ship, for the purpose of defrauding the underwriters. It appears that four other vessels, owned by the same parties and commanded by the same Captain, have already been sunk for the same purpose, all heavily insured.

— During the battle of the Wilderness, when one of our brigades became broken, the 45th Pennsylvania commenced singing "Rally Round the Flag, Boys." The time, the place and spirit, all conspired to make it one of the most soul-stirring appeals ever listened to, and each regiment *did* at once "rally round the flag."

— In a recent speech in the House of Commons, Col. Jervis affectionately alluded to this benighted country, as he called it, saying that it was his "misfortune" to have traveled in America, and that he knew of and had seen many places there where, if a gentleman desired wine or any other kind of spirits on his table, he was compelled to pull down the window blinds and to bolt the doors for fear of being mobbed.

— The N. Y. Evening Post publishes the following extract from a letter from a military officer in Europe:

It seems as if at last the bravery and determination of your people are finding military expression. Hitherto you have been dashing and thrashing about like a hen with her head cut off, to no purpose but to bleed more freely. Grant spends blood freely; but he has something to show for it, which is more than can be said of any previous Commander-in-Chief of yours.

my10 JOHN SISE, 5 Market Square.

Please Look at This.
EYE, N. H., Feb. 26, 1864. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of Dr. SWETT'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who have selected, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.
PORTSMOUTH, April 21st, 1862.
I have for several years been afflicted with dis tress at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.
From ELDER I CHESLEY, *Lee, May 31, 1841.*
DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, with her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I offer your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY.
☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, No. 7 High street, Portsmouth, N. H., promptly attended to. may26

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837.)
76 State street, opposite Kilby street,
Boston.
After an extensive practice of upwards of twenty years, continued to procure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds and Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that a no other agency of the kind are the charges for professional service so moderate.
The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in a form to secure for them any and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, that is now *pending*. Such unmistakeable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.
During eight months, the subscriber, in course of his large practice, made only two rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents. R. H. EDDY.
Boston, Dec. 19, 1863.—3tawly

The Old Established Hospital.
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually!
DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the latest as well as the latest remedies for these diseases, offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.
In Syhilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords, Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Biles, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.
YOUNG MEN.
Young Men addicted to secret habits, who have impaired their healths and destroyed the vigor of their minds, thus depriving themselves of the pleasures of the Married Life, are notified that in consulting Dr. J. Teller, they will find a friend to console and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. T. broken down in health, nervous in all that makes life desirable and man happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.
DR. TELLER'S GREAT WORK.
A book for everybody.—Startling disclosures. Dr. TELLER'S great work for the Married or those contemplating marriage—200 pages—full of plates—price 25 cts. Sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The single Married and the Married Happy. A lecture on Love, or how to choose a Partner—a complete work on Midwifery. It contains hundreds of secrets, never before published. Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps, inclosed, will secure a copy by return mail. Dr TELLER has devoted a lifetime to the cure of those diseases upon which his books treat.
TO THE LADIES.
DR. TELLER still remains the only Agency in America, for the sale of Dr. Nichol's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their superiority as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.
CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons see circulars which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.
Office hours from 8 A. M. to 8 P. M., and on Sundays from 9 to 5 P. M.
N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to
J. TELLER, M. D.,
an1o No. 5 Beaver Street Albany, N. Y.

VERNATELLA.
Warranted to make the Soles of Boots and Shoes water and dampness proof, and wear one-third longer.
VERNATELLA
Is a preparation from Copper, having no grease, linseed oil, or anything of the kind, and when the soles are once saturated with it, water can no more get through them than through copper itself. **Price 25 Cents Per Bottle,** at retail everywhere.
But its cost to the orchanist is really NOTHING, as it makes the soles wear enough longer to more than pay for it, leaving as a net gain the making of them Water and Dampness Proof, and the preservation thereby of that priceless gem, the health.
☞ LADIES, READ THIS! ☜
SAVE YOUR HEALTH.
Use Vernatella on the Soles of your Shoes. It makes them water proof and thereby protects your feet from dampness, for the ground is always more damp, either from rain or the morning and evening dew.
At wholesale in Boston by Geo. C. Goodwin & Co., 38 Hanover street; S. M. Colcord & Co., 38 Hanover st.; M. S. Burr & Co., 26 Tremont st.; Carter, Rust & Co., 42 Hanover st.; and Wholesale Druggists generally. At Retail, by all the principal dealers in Boots and Shoes.
Manufactured in the Chemical Department of **The Cabcon Manufacturing Company.**

Morning Chronicle.

Portsmouth, N. H.

WEDNESDAY, JULY 6, 1864.

THE REBELLION.

Constant cannonading at Petersburg is reported,—result unknown.

A force of rebels has appeared at the mouth of the Shenandoah Valley, and Gen. Sigel's forces, having evacuated Martinsburg, fell back in the direction of Harper's Ferry. Gen. Sigel reports that there are 2600 rebel cavalry, and a large infantry force. Preparations are being made to receive them, and the old Pennsylvania Reserves are on their way to repel them. At 5 A. M., Tuesday, the rebels had not crossed the Potomac. Gen. Hunter is reported to be preparing to thwart their designs.

Gen. Sherman reports the result of a very successful flanking movement by his forces, the rebels having been compelled by it to evacuate their strong position at Kennesaw Mountain. Our forces occupied it on Sunday morning and pushed on to Marietta, which they captured without opposition. Thence they still advanced towards the Chattahoochee, not encountering the enemy.

Gen. Canby has removed his headquarters from Natchez to New Orleans, and is arranging there for military operations. The rebels are reported to be active near Port Hudson, La. Gen. Ullman commands all the colored troops in that Department—85 regiments. Dick Taylor is reported to have crossed the Atchafalaya, and that an engagement ensued,—result unascertained. The 19th corps, at New Orleans, at last accounts, was expected to move soon under Gen. Canby's recent orders.

Marmaduke is at Red Fork on the Arkansas river, severing communication between Memphis and Little Rock.

Gen. Steele sent a force against the rebels near the mouth of White River, and a fight took place June 27, in which our troops captured 200 rebels, 4 mountain howitzers, and the guns recently captured from the Mound City. Our loss was 200 that of the rebels 500. Marmaduke and Shelby are now said to be retreating.

— The iron-clad Puritan was launched on Saturday.

— Shoplifters are doing quite a business in the dry goods stores in Boston.

— The Chicago daily papers have raised their price to $12 per year.

— Receipts of all places of amusement in this country are hereafter to be taxed one per cent.

— If the stocks of liquors on hand ought to be taxed, then why not the stocks of all other kinds of merchandize?

— Smith O'Brien died in Liverpool June 17. He was a prominent Irish agitator.

— A horse valued at $500 stepped on a rusty nail in New Bedford, was sick a few days, and then died, as is affirmed, of lockjaw.

— The Secretary of War has discharged all colored messengers in the War Department, and has ordered the employment of disabled soldiers in their stead.

— Women dressed as soldiers are said to commit daring robberies in Louisville. They escape detection by resuming their petticoats.

— Tom Hyer is to have a monument. $500 has been subscribed, and when the amount reaches $2000 the monument will be built.

— Gen. Harker died of his wounds on Tuesday. He was but 27 years of age, a graduate of West Point, and entered the army in 1858. He greatly distinguished himself in the campaign under Rosecrans, and was made a Brigadier General for good conduct at Chicamauga.

— Mr. Amos L. White, of Henry county, Tenn., was murdered by guerrillas, on the night of the 5th inst., because he refused to give $10,000 as a ransom for his life. He formerly resided in Rhode Island, where he was favorably known in connection with important manufacturing enterprises.

— The article known in commerce as jute is now used in the manufacture of fine goods, such as ladies' dresses, cravats, trowserings, and articles of dress. It costs but about five cents a pound, and when properly bleached and prepared is as handsome as cotton.

— A man advertises in the New Rochelle Pioneer, that, whereas, a certain girl had agreed to marry him, but now keeps out of his sight and avoids him; therefore, if she does not come to his cabin within four days, he shall consider the bargain "broke," and hold her for all damages.

— Steamer Ashland arrived at Portland on Friday morning, from Washington, with 227 wounded soldiers, bound to Augusta. Fourteen of the soldiers belong in New Hampshire. About 10 per cent. of the wounded have lost legs, arms or fingers.—From the hour the soldiers left Washington they have been improving.

THE PIRATE ALABAMA was sunk by the U. S. gunboat Kearsarge (built at the Portsmouth Navy Yard,) on Sunday, June 19, after a fair open-sea fight, lasting an hour and forty minutes. The pirates took to their boats, and Semmes with 40 of his men was picked up by an English vessel, which ran away with them—another example of John Bull's ardent love of fair play. The rest were picked up by the Kearsarge's boats. The pirates had one officer and 6 men killed and 16 wounded. The Kearsarge had 3 men wounded. The pirate made the attack, coming out from Cherbourg for the purpose. Semmes left his chronometers, ransom-bonds, etc., ashore when he went out.

The Kearsarge is now commanded by Capt John A. Winslow of Roxbury, Mass. Semmes has gone to Paris, to report to the rebel Commissioners. His official account does not materially differ from the above.

A Paris letter states that the Alabama twice attempted to board the Kearsarge but was out-maneuvred. At length the latter put a shot through the Alabama's boiler, and followed it up with a broadside, which made a breach three yards long below the water line, and put a gratifying end to her three years' career. The American Consul at Liverpool writes that no one was killed on the Kearsarge, that only a few were slightly wounded, and that the vessel was very little injured.

THE AMERICAN CONFLICT, a History of the Great Rebellion, by Horace Greeley. This is, in brief, the title of a noble octavo volume of 648 pages, substantially bound, and well executed every way. This volume covers the ground of discussion, dissension and ultimate rebellion, from the year 1776 to 1862; and in so doing it examines the remote as well as immediate causes of the present Conflict, backing up and proving its statements by extracts from authentic documents. In this respect it is one of the most reliable accounts of the war and its causes—showing by actual votes in Congress, and by proofs that cannot be overthrown, the actual conflict of principles, and the gradual but certain growth of the Calhoun heresy, until it ripened into rebellion and civil war.

The work is sold *only* by travelling agents. Horace King, 81 Washington street, Boston, is the General Agent for Maine, New Hampshire, Vermont, Eastern Massachusetts, New Brunswick and Nova Scotia.

Mr. S. F. Stevens is the sole Agent for Rockingham County, N. H. His Post Office address is Exeter, N. H.

PROPHECY AND FULFILMENT.—Mr. Seward is not the only man who had a sixty-day theory. Nearly three years and a half ago Jeff. Davis, in a speech at Stevenson, Ala., discussing the prospects of secession, said: "You border States will gladly come into the Southern Confederacy within sixty days, as we will be your only friends. England will recognize us, and a glorious future is before us. The grass will grow in the northern cities where the pavements have been worn off by the tread of commerce. *We will carry war* where it is easy to advance—where food for the sword and torch awaits the armies in the densely populated cities; and though they (the enemy) may come and spoil our crops, we can raise them as before, while they cannot rear the cities which took years of industry and millions of money to build." This was the promise. How it has been fulfilled the whole history of the strife bears witness.—Not one syllable of the prophecy has come true. Everywhere the rebellion, in spite of some splendid successes in battle, has proved a failure.

That the war the rebel conspirators causelessly originated should cover them with retributive justice is just about right; but their dupes are great sufferers, and their leader is a false prophet, blindly leading them into the ditch.

The above extract of Jeff. Davis' speech clearly shows his ideas of the war that he and his abettors made and intended to make upon freedom and the free. But the fulfilment was not much like the promise; and his allies at the north find it convenient to forget what he said. U. Y.

— A fire in Boston on the 4th destroyed a large quantity of wheat.

— There were 35 fires in New York on the 4th.

— Congress adjourned *sine die* on Monday.

— There was a large fire in New York Monday evening, commencing in Green and Canal streets, and extending to Worcester and Grand streets.

— Steamer Golden Age arrived at San Francisco June 29, in tow of the Golden City, having broken her shaft and put into Acapulco.

— Gen. McDowell assumed command of the Pacific Department July 2d. Gen. Wright remains in command of the California District.

— The physicians of Boston now demand for a single visit three dollars. For a visit in consultation or for a visit in the night, from five to ten dollars.

— There was a large fire at Saratoga on the 4th. The Bethesda Water Cure, the International Hotel, and all the buildings between the Crescent and Clarendon Hotels, were burnt.

TO THE

Citizens of Portsmouth

It having become apparent to the Board of Aldermen that the Yellow Fever has made its appearance in our city, (having been brought in certain U. S. ships recently arrived,) and that several of our citizens have died therefrom, while a few more cases yet remain: that Board, unwilling that any official act of theirs shall add to the excitement already existing in the community, yet in the exercise of their duty as conservators of the public health have appointed the undersigned as a Sanitary Committee, who, with a Sanitary Police under the supervision of said Committee, shall make a most thorough inspection of the streets, yards, buildings, cellars, &c., and in fact every location within the limits of the city which may require that any additional sanitary measure be taken to ensure the return of the usual healthy condition thereof. With a view thereto, the Committee invite the earnest co-operation of *every* citizen, that they will immediately give especial attention to the condition of their own premises, and that those who have tenements will see to it that no tenant is allowed to create or maintain a nuisance of any kind, however slight; believing that no one who values his own or another's health will be negligent, when taking in consideration that we have the long summer months yet before us, and the liability to have this much dreaded fever added to those diseases which usually prevail at this season of the year: Therefore,

It is ordered, That no decayed fruit or vegetables will be permitted to remain on your premises—especially oranges, lemons, pineapples, &c., peapods, the tops of vegetables such as beets, radishes, &c.—without being buried.

Swill tubs must be kept clean and sweet, with lime scattered in their vicinity, and emptied or buried each day.

No lobsters will be boiled or sold within the limits of the city, the dealers having consented thereto.

No fish entrails, or any portion of fresh or salt fish, is to be left around houses.

Sink and cellar drains must be let into the ground, or the same will be done by the city at the expense of the owners of the premises, and tenants are requested to notify owners of this fact immediately.

Pigsties must be kept clean and sweet. All piles of pig manure must be buried. Lime should be scattered often in the vicinity.

No person will be allowed to throw any vegetables, fruit, or refuse matter of any kind, into the street.

Chips around premises, when exposed to the weather, should be cleared up.

Privies should be banked up with earth, and chloride of lime sprinkled about and thrown into them, and no duty or expense spared to prevent the further spread of this or the appearance of any other disease.

The Sanitary Police are authorized to inspect as above and direct that immediate attention be given to the abatement of all such nuisances as may come under their notice, and any neglect to conform will be followed by prompt action on the part of the Board.

J. E. RIDER,
J. C. BROWN,
C. A. SHANNON,
Committee.

☞ The Boston Commercial Bulletin says "the adoption of a supplementary tax bill, raising the rates on whiskey to $2 a $2 50 per gallon—is understood to have been the ultimatum of Secretary Chase—who, peace to his ashes, seemed always impressed with the profound conviction that rum, whisky and tobacco should be made to bear the entire financial burthens of the war; though they had not half the influence in bringing it about, that the kid gloves and white neck-chokers had. And because his colleagues in the administration could not see the point, and refused to have their spiritations cut off, it appears he fell into a violent passion, which suddenly terminated his official and political existence."

GOVERNMENT SECURITIES are falling, and the fruits of tinkering with the currency and the Federal credit are beginning at last to be felt. No man, nor institution, nor State, can tamper lightly with that delicate organization, which is the very life-blood of their existence—commercial and social—without the blow being felt. The Five-twenties have declined to 100 1-4, the Sixes of 1881 to 104, and the Seven-thirties to 104. Certificates are offered at 93 1-2.

State bonds still droop. Maine 6s cannot be placed now at par. New Hampshire 6s and Rhode Island 6s are both down to par. Vermont 6s sold at 99 7-8. Boston 5s bring 125. The City as well as the State only paid interest in *coin* on yesterday,—hereafter they pay in paper, with the current premium added.—*Com. Bul., 2d.*

— Gen. Kilpatrick has nearly recovered from his wound, and will return next week to Sherman's army.

— One of the buildings of the U. S. Armory, at Springfield, Mass., was burnt on Saturday night. Loss estimated at $50,000. Spontaneous combustion caused it.

MARRIAGES.

In this city, June 18, by Rev. I. F. Waterhouse, Mr. JOSEPH W. MARDEN, of this city, to Miss MARY P. HAMMOND, of Eliot, Me.—July 3, by the same, Lieut. ANDREW J. SIDES to Miss ABBIE S. SEAVEY, both of this city.

In Great Falls, May 3, CHARLES F. SAVORY, of Rochester, to Miss ABBIE L. CLEMENT, of Rollinsford.

In Newmarket, June 14, DAVID S. HARTON to Miss FRANCES H. BLAKE.

DEATHS.

On Monday, July 4, at the Navy Yard, Capt. L. H. BLACK, of the schooner J. C. Gammage, aged 28 years.

In Dunbarton, June 2, WM. E. RYDER, M. D., aged 50 years.

BUSINESS NOTICES.

☞ Dr. A. P. Stevens, fresh from the big cities where they "make 'em," brings with him a large and splendid assortment of S. S. White Porcelain TEETH, garnered with the utmost care from hundreds of thousands of sets; and from which his patients can select just the right size and color they may want. During the three years the Dr. has been with us, he has succeeded in creating a large business, and making a host of believers in his skill. Success attend him. He believes in the Chronicle—see his advertisements from time to time as a proof of it. 1t

SYMPATHY.—Sympathy is a lovely and beautiful thing, for it exhibits the angelic part of human nature. We deeply sympathize with those who cannot obtain Herrick Allen's Gold Medal Saleratus, for they are deprived of one of the greatest luxuries the world affords. But we have no sympathy with any family who will use any other Saleratus or soda, if this article can be purchased. We see most of our Merchants have it. One trial will convince any one. Their depot is 112 Liberty Street, New York.

☞ Scurvy and scrofulous eruptions will soon cover the bodies of those brave men who are fighting their country's battles. Night air, bad food and drenching rains will make sad havoc with the strongest, therefore let every man supply himself with Holloway's Ointment, it is a certain cure for every kind of skin disease.

If the reader of this "notice" cannot get a box of Pills or Ointment from the drug store in his place, let him write to me, 80 Maiden Lane, enclosing the amount, and I will mail a box free of expense. Many dealers will not keep my medicines on hand because they cannot make as much profit as on other persons' make. 25 cents, 88 cents, and $1.40 per box or pot. 215

Rooms Wanted.

Two Lodging Rooms, furnished or unfurnished. Address Box 696 P. O. Jy6—3t*

HEALTH NOTICE.

The subscriber, to promote the public safety, wishes to call the attention of Messrs John Wentworth, John Williams and Warrington Paul, Health Officers of Kittery, to the fact that various articles of clothing, bedding, &c., also meat, bread and other provisions, and various other articles from the persons of deceased victims of yellow fever, or from the premises occupied by them—have been thrown into the river, from vessels or from various points along shore; which articles, certainly unclean and perhaps infected, it would seem should be gathered from the shores and island or wherever now floating, and buried in the earth or the water. The collections of fish offal, &c. at various points along shore, should also be removed. All which is respectfully submitted by JERE. GUNNISON.
Kittery, July 5, 1864. 2t*

Notice.

All persons who are enrolled in this city, claiming residence elsewhere, are requested to leave their names and places of residence at the City Clerk's Office, No. 74 State street.

Per order of the Com. of the Board of Aldermen.

For sale by L. LAIGHTON.

Ayer's Sarsaparilla

Is a concentrated extract of the choice root, so combined with other substances of still greater alterative power as to afford an effectual antidote for diseases Sarsaparilla is reputed to cure. Such a remedy is surely wanted by those who suffer from strumous complaints, and that one which will accomplish their cure must prove a boon of immense service to this large class of our afflicted fellow citizens. How completely this compound will do it has been proved by experiment on many of the worst cases to be found in the following complaints:—

Scrofula, Scrofulous Swellings and Sores, Skin Diseases, Pimples, Pustules, Blotches, Eruptions, St. Anthony's fire, Rose or Erysipelas, Tetter or Salt Rheum, Scald Head, Ringworm, &c.

Syphilis or Venereal Disease is expelled from the system by the prolonged use of this SARSAPARILLA, and the patient is left in comparative health.

Female Diseases are caused by Scrofula in the blood, and are often soon cured by this EXTRACT OF SARSAPARILLA.

Do not discard this invaluable medicine, because you have been imposed upon by something pretending to be Sarsaparilla, while it was not.—When you have used AYER'S—then, and not till then, will you know the virtues of Sarsaparilla.—For minute particulars of the diseases it cures, we refer you to Ayer's American Almanac, which the Agents below named will furnish gratis to all who call for it.

AYER'S CATHARTIC PILLS, for the cure of Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Headache, Piles, Rheumatism, Heartburn arising from Disordered Stomach, Pain or Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Liver Complaint, Dropsy, Worms, Gout, Neuralgia, and for a Dinner Pill.

They are sugar coated, so that the most sensitive can take them pleasantly,—and they are the best Aperient in the world for all the purposes of a family physic.

Prepared by J. C. AYER & Co., Lowell, Mass., and sold by Brackett Hutchings, J. H. Thacher, W. R. Preston, David Kimball, and all druggists. my25dltaw 2m 1n

A Card to Invalids.

A Clergyman, while residing in South America as a missionary, discovered a safe and simple remedy for the Cure of Nervous Weakness, Early Decay, Disease of the Urinary and Seminal Organs, and the whole train of disorders brought on by baneful and vicious habits. Great numbers have been already cured by this noble remedy. Prompted by a desire to benefit the afflicted and unfortunate, I will send the recipe for preparing and using this medicine, in a sealed envelope, to any one who needs it, *Free of Charge.*

Address JOSEPH T. INMAN,

Station D, Bible House,

mh25—1y3m* New York City.

"A Wonderful Discovery."

DR. TEBBETTS' "PHYSIOLOGICAL HAIR REGENERATOR" is compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "DYE," and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth of new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling or off and removes all dandruff, heat, humors and itching from the scalp. It keeps the hair soft, moist and perfectly healthy and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "REGENERATOR" is warranted to produce the above results in all cases, if not the money to be refunded. With it every "GRAY HEAD" in New England can be restored in less than sixty days.

THACHER, opposite the Post Office and 12 Market Square, Agent for Portsmouth.—Geo. C. Goodwin, No. 38 Hanover street, Boston, Wholesale Agent for New England, and sold by Druggists everywhere. TEBBETTS BROTHERS, Druggists and Chemists, Proprietors, Manchester, N. H. Je1—tf

Proposals for Pine Timber and Plank.

SEALED PROPOSALS will be received at the City Clerk's Office in the city of Portsmouth, N. H., until SATURDAY, July 2, 1864, at 12 o'clock at noon, for furnishing the following schedule of Timber and Plank for repairing the Sagamore Bridge, to be delivered at some wharf or depot in said city:

40 pieces White Pine 8 by 10 inches, 32 feet long.
40 " " " 8 by 10 " 16 " "
20 " " " 8 by 10 " 34 " "
25,000 feet board measure White Pine Plank, 3 inches thick and 21 feet long.

Persons proposing will state the price by the thousand feet board measure; they will also state the time when the whole can be delivered, if being wanted immediately.

Separate bids will be received for the Timber and Plank.

The undersigned claim the right to reject any bid.

By order of the Board of Aldermen.

JOSIAH W. ADAMS,

WILLIAM E. HADLEY,

Committee on Streets, Roads and Bridges.

Portsmouth, N. H., June 21, 1864.

Proposals for Wood.

SEALED PROPOSALS will be received at the City Clerk's office, in the CITY OF PORTSMOUTH, until the twentieth day of July next, for supplying the Overseers of the Poor with from two hundred to two hundred and fifty cords merchantable HARD WOOD, to be delivered at either Railroad Depot, or at such wharf as the Overseers may designate.

The Overseers reserve the right to reject any bid. By order of the Overseers of the Poor.

MARCELLUS BUFFORD, Clerk.

Portsmouth, N. H., May 14, 1864.

☞ The *Domestic Dyes* prepared by Geo. H. Reed & Co. offer the simplest and most perfect means of dyeing household apparel ever presented to the public. They embrace 40 different shades, and include all the new and fashionable colors—and are perfectly *fast.* Samples on silk and wool can be seen and the colors procured of THACHER 1020

Local.

☞ There is constant inquiry as to *who is responsible* for the infected steamer's recently violating the quarantine laws of our State and city, and causing all the needless troubles and suffering which have resulted and may yet result from such outrageous carelessness. And while the city authorities are officially investigating the matter, we may perhaps be allowed to say that to us it seems that the terrible responsibility rests, officially, lawfully, with the pilot, who had supreme control of the ship, and whose duty was plainly to put her in quarantine till discharged by a health officer—no matter who advised, consented, or ordered to the contrary. And if there be by law no prescribed time for her to wait for such officer, then let him adopt the railroad conductor's order to "wait till your wheels rust off," and let her sink at her anchorage rather than unnecessarily violate such a sanitary regulation.

But undoubtedly it is the duty of the city to *have* a Health Officer in speedy readiness to board all vessels—and we have never heard that in this or any other case, there was any complaint of delay. The Quarantine Regulations have not of late years been advertised publicly in any way, so far as we know; but a gentleman informs us that in former years they were, with a request at the bottom that the commander of the forces at Fort Constitution would see to their enforcement.

And just *here* comes the real *moral* responsibility of the matter after all—though men in high positions at the Navy Yard and on board the steamer must undoubtedly share the blame in the sad affair. For were it not for the absurd political custom of "rotation in office," our Board of Health would not be changed every year or two, just as they have got to know something about their business, and so this calamity could not have happened, for the new commander at the Fort would have been requested to enforce the law, and kept the fetid hulk in her place. Another explanation of this part of the affair is due—that the veteran Sergt. Davidson has so long attended to this matter of hailing and stopping vessels for quarantine, that other officers have almost ignored it as part of their duty; and, unluckily, *he* did not happen to be on hand at the time.

As to the advice or assent of the eminent and experienced Surgeon of the Yard, as to the vessel's coming up, after his examining the statement of the medical officer of the ship as to her condition and that of her crew—it is charitably stated in his favor that the whole truth was not disclosed to him; for we are reliably informed that a letter in the Boston Journal from Key West stated, long before her arrival here, that there were forty cases of yellow fever aboard her before leaving that place.—This, and the sickness which occurred between there and this port, ought to have prevented any man fit to wear the glorious uniform of a U. S. Naval officer, from bringing his diseased ship up to the Yard, no matter whether otherwise legally forbidden or not.

But the ship *was* hove to and stopped at the quarantine, (the Captain states, at *his* request; while the Pilot swears, at his own instance,) and the medical report of the crew sent up to Capt. Pearson, (instead of being submitted to a Health Officer, as the law requires,) and after examining that report (now said to be unfair and incomplete, if not untrue) Dr. Delaney advised the Commandant of the Yard to let the DeSoto come up—and up she came, alas!

We have no desire to excite ill feeling against anybody, but only to get at the truth of this serious affair. And our authority is the very best for the statements here advanced, which in the main we are sure are correct. The official investigation will doubtless point out the offenders, whom public justice calls loudly to punish to the extent of the law.

☞ The Aldermanic Sanitary Committee and Police are not intended to supplant or conflict with the Health Officers, but all are acting together for the public good.—The Health Officers are doing all they can, especially the chairman, Dr. Goodwin, who has proved himself one of the most efficient and valuable officials of the sort we ever had, and deserves and should have the encouragement of every good citizen. May he live forever, and always be health officer. And don't mind the growlers, Dr.

☞ Don't believe a word you hear about the yellow fever, unless you *know* your informant, and he (or she especially) *knows* whereof he speaks.

☞ Among the sick and wounded New Hampshire soldiers at Point Lookout are G. W. Brown, of Newington, and James Sanborn, of Hampton Falls.

☞ Co. A, Maine State Guards, Capt. Morse, of Bangor, have now been ordered to garrison Fort McClary, Kittery. They must be on duty by the 10th of July.

☞ The U. S. ship New Hampshire was at Port Royal on the 29th of June. She had a passage of 13 days from Portsmouth.

THE FEVER.—All the cases reported as existing in this city were regarded as progressing favorably on Monday afternoon, with one exception. Up to that time there had been no new cases reported, nor any further deaths.

Five new cases had been reported in Kittery up to Monday noon, viz., Capt. Tobey, Hiram Hayes, and Daniel Frisbie, watchmen; Andrew Fernald, teamster, and William R. Davis. They are attended by Dr. Allen.

Business on the Navy Yard is practically suspended, although no official order had on Tuesday afternoon been received to close the Yard. On Tuesday morning the workmen in the different departments held meetings of consultation, and nearly all agreed to relinquish work for a few days, until the infected articles from the ship, deposited in various parts of the Yard, were removed, and the places where they had been deposited properly cleansed. On Tuesday afternoon no machinery was running in any part of the Yard, and, save an occasional stroke of some lone hammer, or the blow of a solitary axe, all was as quiet as the Sabbath. If measures are promptly taken to cleanse and purify the suspicious places, work can soon be resumed; otherwise it may cease until the frosts of October.

The total number of deaths officially reported up to Tuesday afternoon, both in and out of town, was 14, including the two we give this morning. The man reported dead at Mr Asa Marden's, is not dead, but better.

☞ An old citizen, who remembers well the yellow fever scens of 1798, informs us that it was a disputed question then, whether the fever came from the vessel, or was bred on the shore. The first man who died of it, being one of the first that was taken sick, did not go on board the vessel at all, but being feeble from other disease, sat by his open window near the water, and saw the vessel come up to the wharf. He was taken with the fever as soon, and in the same manner, as those persons were, who went on board.

Whatever might be the origin of the disease, the circumstances favored its progress: the summer was hot; on the 4th July, '98, four horses died from heat, on stages between Boston and Ipswich; four more died here that day from the same cause, and were buried in the low ground west of Brimstone Hill. Some persons attributed the fever to their decay; though the fever began at the north end, and mostly prevailed there. The north end, at the water side, was a place of much trade, the resort of sailors, fishermen and shopkeepers of various kinds; and as the location was considered healthy, little or no regard was paid to laws of general health. On a little beach, now covered by a wharf, not far from Deer street, a large quantity of potatoes lay and rotted, becoming very offensive; and nuisances of various kinds were common.

Persons who had been on board the vessel, being taken sick at home, spread the disease in their families, and several people who visited them took it also, but when these last carried it elsewhere, it did not spread; no one took it from them, and a portion of them recovered.

A colonel of militia, living in Dover, came into town to borrow a sword, for the muster of his regiment the next week; and against the advice of friends here, went to a house where an officer had died of fever, carried home the sword and the fever also, and died before muster day; but no person took it from it from him.

OUR QUOTA.—The following remarks, from a paper in a neighboring city, will apply to Portsmouth, and in some degree to almost all towns:

It is probable that the President's call for men will be issued at once, and this city, as all other towns and cities, should be on hand to furnish its full quota without a draft which would compel unwilling men into the ranks, disturb business, and increase the anxiety and ill-feeling of the community. There are some things, it strikes us, that the city can do, and others that citizens should attend to at the earliest moment. It is known that the names of some persons are now on the lists, who are past the age of 45 years; and probably there are as many more aliens. These go to increase the quota unjustly. The city—since the individuals will not attend to it—might appoint an agent to investigate all such cases and take the necessary steps for having the rolls amended. Then as in every other town—the citizens liable to a draft, in each ward, should organize and raise a fund, aided by others, engage substitutes, and forestall a draft. Where the money is ready, early, men can be had. Belated towns fare worst. The war is not over—our work is not done. We must not relax our efforts.

☞ Thanks to Messrs. Marston, Randall & Co., the great fish dealers of Portsmouth and Boston, for a handsome cut of prime Salmon, which materially aided *our* quiet personal celebration of the Fourth. May their lines always fall in pleasant places,—and may we always have as good judges of the article to select our entrees.

☞ The Fourth passed very quietly in this city. The boys did their best to enjoy it in their own way, but it seemed unsatisfactory even to them. Few arrests were made.

E. A. STEVENS,

NO. 46 MARKET STREET.

AN UNUSUALLY LARGE STOCK

OF EVERY KIND

KITCHEN FURNISHING GOODS

Gas Fixtures.

Persons who desire to have any repairs or alterations made in Gas Pipes or Fixtures are requested to send in their orders at once. The work can be done much more quickly now than later in the season. E. A. STEVENS.

"A Stitch in Time Saves Nine."

All Furnaces, Stoves and Funnels should be thoroughly cleaned out and put in order, as soon as fires are done being made in them. If allowed to remain filled with ashes and soot through the summer, they will decay very rapidly, and useless expense be incurred.

A full supply of Linings and Repair Pieces constantly on hand, and all orders attended to with dispatch. E. A. STEVENS.

HALEY, MORSE & BOYDEN'S

SELF-ADJUSTING

CLOTHES WRINGER.

THE BEST IN THE WORLD.

Over 40,000 have been sold by the manufacturer in a little more than two years—nearly 400 of them in Portsmouth and vicinity!

Buy one and try it—if not perfectly satisfactory the money will be refunded.

Facts for the People.

The enormous rise in price of Iron, Coal and Labor, has caused manufacturers to advance the price of STOVES and Castings several times since the war began; and it is now arranged to make a general advance of 25 to 50 per cent. this season.

We have not yet raised the price of Stoves in proportion to their increased cost, but shall be compelled to do so very shortly. Persons who expect to purchase anything in the Stove and Furnace line within a year or two, will save money by doing so at once. The price of a Stove is not so much an object, now, as its capacity and the cost of operating it. All things considered, there is no Stove equal to

THE MODEL COOK.

IT IS, IN FACT,

The Best Stove Out,

for economy, convenience and dispatch.

Many people think it best to use an old stove as long as possible, but it is far better to throw it away and purchase a MODEL COOK, than to keep it at the present high price of fuel.

One of our shrewdest citizens who purchased a MODEL COOK STOVE a year since, says he has saved more than its cost already.

A careful, prudent farmer purchased one, and after it had been in operation some days his son came into the store and said, "something was wrong at their house;" his father and himself used wood off the same pile, he burned three baskets full a day, and his father only one! We sold him a Stove before he left, and there has been no complaint since.

These Stoves are in use in many hotels and boarding houses, and in hundreds of private families in this city and vicinity, and give the best of satisfaction.

MASON & HAMLIN'S

CABINET ORGANS,

Combining the requisites for Sacred and Secular, Church and Parlor Music; for Families, Sunday Schools, Day Schools, Churches, &c.

They are elegant as pieces of furniture; occupy little space; are not liable to get out of order or out of tune; are warranted for five years; will improve in tone by age, and are moderate in cost.

They are to private houses, Sunday schools and smaller churches, what the larger pipe organs are to large churches, and in addition to this are adapted to secular as well as sacred music.

The Cabinet Organ is essentially different from, and a marked improvement upon, all instruments of the melodeon or harmonium kind. Its superiority consists in many important characteristics.

The undersigned, Agent for the Manufacturers, will be pleased to show the Cabinet Organs to all wishing to purchase, at his residence, NO. 30 HANOVER STREET.

Morning Chronicle.

Thousands of acres of soil are annually planted to flowers in France and Italy, for making perfume alone. A single grower in Southern France sells annually 60,000 pounds rose flowers, 38,000 pounds each of jasmine and tuberose, 40,000 pounds of violet blossoms, besides thousands of pounds of mint, thyme, rosemary, &c., and he is but one of hundreds engaged in this branch of horticulture. The atmosphere of some of these towns is so filled with fragrance that a person is made aware of his approach to them by the odors which greet him miles away. Already in America hundreds of acres of peppermint and lavender are being planted and the product exported to Europe. Though the Old World bears the palm in the perfumery line, and London and Paris, with their Covent Gardens and Marchesaux Fleurs, lead New York in window gardening and the cultivation of flowers in pots generally, yet New York carries on a larger trade in cut flowers than either of the cities mentioned or any other in the world. One New York dealer has sold since last September 50,000 carnation blossoms, 30,000 bouvardias, 70,000 Chinese primroses, 30,000 tuberoses, besides over 10,000 rose camelias, heliotropes, &c., and he is but one of a large number engaged in this business.

Gray's Patent Molded Collars

Have now been before the public for nearly a year. They are universally pronounced the neatest and best fitting collars extant.

The upper edge presents a perfect curve, free from the angles noticed in all other collars.

The cravat causes no puckers on the inside of the turn-down collar—they are AS SMOOTH INSIDE AS OUTSIDE—and therefore perfectly true and easy to the neck.

The Gazette Collar has a smooth and evenly finished edge on both sides.

These Collars are not simply flat pieces of paper cut in the form of a collar, but are MOLDED AND SHAPED TO FIT THE NECK.

They are made in "Novelty" (or turn-down) style, in every half size from 12 to 17 inches, and in "Paradox" (Gazette), from 12 to 17 inches, and packed in "solid sizes" in neat blue cartons, containing 100 each; also in smaller cases of 10 each, the latter a very handy package for Travellers, Army and Navy Officers.

☞ EVERY COLLAR is stamped "Gray's Patent Molded Collar."

Sold by all dealers in Men's Furnishing Goods. The Trade supplied by

HATCH, JOHNSON & CO.,
Importers and Wholesale Dealers in Men's Furnishing Goods and Umbrellas, 81 Devonshire street, Boston. mhc1—3awlm

GOLDEN SHEAF WHISKEY.

C. A. RICHARDS,
99 WASHINGTON STREET, Boston.

Would most respectfully invite the attention and examination of all Grocers, Druggists, Apothecaries and Private Individuals, desiring to sell or USE STRICTLY PURE

Liquors, Wines, Cordials or Bitters,

to the list of choice goods enumerated below, which are constantly on hand in large quantities in his Large and Spacious

Wine Store and Bottling Establishment,
99 Washington street, Boston.

First on the list, as a reliable pure stimulant, stands the celebrated and widely-known

Golden Sheaf Bourbon Whiskey,

made from Wheat, Rye and Corn, warranted for five years old. Put up in unique style, each bottle in paper box, in one dozen cases; the large and increasing sales of which convince the proprietor that no extended advertisement is needed to excite its real merits. It will recommend itself on trial.

Golden Sheaf Cordial.

A delightful and healthful beverage, aromatic, with a rich ginger cordial, made from the pure Golden Sheaf Bourbon.

Golden Sheaf Bitters.

The best Tonic Bitter ever offered to the public. Mingled with the rich old Golden Sheaf Bourbon are a number of other ingredients for restoring the appetite and imparting life and vigor to the whole system.

Golden Sheaf Punch.

Made from fresh, ripe lemons, and other articles, combined as a whole into a fine rich

Bourbon Whiskey Punch.

All the above put up full strength of the whiskey, and in cases of one dozen each, for home and cities consumption, by age, and no exposure of climate can affect them.

JOHN AND ROBERT DUNSTER'S CELEBRATED

LONDON DOCK SPIRITS AND WINES,

Imported solely by C. A. R., in wood, from the London Docks, and bottled in Boston, in America. The distinguished and world-wide reputation of these articles has induced the subscriber to seek and obtain the best qualities for this country.—They are sold only in Bottles, *entirely pure, and without adulteration*, and comprise the four kinds, as follows:

LONDON DOCK GIN,
LONDON DOCK BRANDY,
LONDON DOCK SHERRY,
LONDON DOCK PORT.

All in cases of one dozen each, in strong shipping order for immediate transportation, and are sold lower than any other liquors and wines in the market, of equal quality.

Pure California Wines.

The large demand for the pure wines of California has made it a fixed fact that no well selected stock of Wines is complete without them. C. A. R. has made arrangements for the entire production of

The Largest Vineyard in California!

and is now bottling, and offers for sale, the finest CALIFORNIA WINES ever seen IN THIS MARKET, of four qualities, in splendid style of labels, bottles and cases—as follows:

ANGELICA—Sweet.
PORT—Rich.
HOCK—Dry.
STILL CHAMPAGNE—Delicious.

Parties attracted by this advertisement, or who have already become acquainted with the qualities of these articles, can have a price list sent by mail, or samples by express, when desired, by addressing the subscriber,

C. A. RICHARDS,
99 Washington street, - - - Boston.

NOTE.—C. A. Richards would also beg leave to state that the above are only a part of the list of articles for sale and imported by him. He has, in addition, one of the largest stocks in America of **Fine Bottled Wines and Spirits**, of every variety and kind, together with a fine assortment of Liquors and Wines in original packages, for sale by the cask or gallon. Also, **Fine Cigars, Sardines, Pickles, Sauces**, and every kind of table luxury usually found in a first class wine store in this country or in Europe.

Orders are most respectfully solicited.

PRESTON and THACHER, Agents for Portsmouth. Boston, Dec. 9, 1863.—3awly

Constitution Life Syrup,

COMPOSED OF
IODIDE POTASSIUM,

With the compound concentrated fluid extract of

VALUABLE MEDICINAL
ROOTS AND HERBS,

Prepared by WM. R. GREGG, M. D., Graduate College Physicians and Surgeons, N. Y., formerly Assistant Physician Blackwell's Island Hospitals, late Medical Inspector New York State Volunteer Depots, under Gov. Edwin D. Morgan.

Constitution Life Syrup
HAS PRODUCED

A REVOLUTION IN MEDICINE!

What may seem almost incredible, is, that many diseases hitherto considered hopelessly incurable are frequently cured in a few days or weeks, and we cheerfully invite the investigations of the learned and skeptic to come which have no parallel at the present day.

Our medicine is peculiar, by it the seat of disease is directly reached, and the equilibrium restored. Those who have suffered long from painful and obstinate diseases, those who have vainly sought relief from advertised medicines, those who cannot be cured by other physicians—are

Invited to use Constitution Life Syrup.

During the past five years we have contended with obstacles and overcome opposition as keen, lean as ever encountered by any kind of men.

Rapidity of Cure.

Some say, "Your cures are too quick," while others doubt their permanence, and think that diseases can only be cured by the "slow recuperative process of Nature." This is our reply:

In health, and body, like a well-balanced scale, is in a state of equilibrium. But when from any cause down goes one side of the scale, we have the disease. With the remedy we propose to restore the normal balance of the scale.

CONSTITUTION LIFE SYRUP,

A positive and specific remedy for all diseases originating from an IMPURE STATE OF THE BLOOD, and for all hereditary DISEASES transmitted from PARENT TO CHILD.

Paralysis,

Hemiplegia, Paresis, Paraplegia, Paralysis Agitans.

It is so universally admitted that Constitution Life Syrup is the only effective means of restoration in the various forms of Paralysis, that we need not reiterate that it is emphatically the Great Life-Giving Power.

Dyspepsia.

Indigestion, Liver Complaint, Constipation, Weak stomach, Biliousness, Want of Appetite, Flatulence, Bad Breath.

Scrofula.

Swelling, Glandular Swellings, Ulcerations, King's Evil, Erysipelas, Salt Rheum.

This taint (hereditary or acquired), filling life with untold misery, is by all usual medical remedies incurable.

Rheumatism.

Arthritis, Neuralgia, Gout, Lumbago, Sciatica, The Debilitated.

If there is any disease in which the Constitution Life Syrup is a specific, it is in Rheumatism and its kindred affections. The most intense pains are almost instantly alleviated—enormous swellings are reduced, and chronic or inveterate cases, of 20 or 30 years standing, have been cured by us.

Nervousness.

Nervous Debility, Confusion of Thoughts, Epilepsy, Loss of Power, Shattered Nerves, St Vitus' Dance.

Thousands who have suffered for years with these lines. Particularly to weak, suffering women will this medicine prove an inestimable blessing—directing their footsteps to a Hope which fulfils more than it promises.

Mercurial Diseases.

Salivation, Feeling of Weariness, Aching of Bones, Red Gums, Ulcers in Throat, Depressed Spirits.

Constitution Life Syrup purges the system entirely from all the evil effects of MERCURY, removing the Bad Breath, and curing the Weak Joints and Rheumatic Pains which the use of Calomel is sure to produce. It hardens Spongy Gums and secures the Teeth as firmly as ever.

Constitution Life Syrup

Eradicates, root and stem, all Scrofulous Diseases of the Skin, like

ULCERS, PIMPLES, BLOTCHES,

And all other difficulties of this kind, which so much disfigure the outward appearance of both males and females, making them the disgusting object to themselves and their friends.

CONSTITUTION LIFE SYRUP

Cures all Swellings of the Glands,

Either of the Face, Neck or Female Breast, and should be taken as soon as the swelling is detected, thus preventing the breaking out of those troublesome and lingering Sores, which disfigure so many of the younger portion of the community, from six to twenty years of age. Young Mothers should be delighted to Discharge from the Ears, which depends upon a Scrofulous constitution. These cases soon recover by taking a few doses of the Life Syrup.

All scrofulous persons suffering from Debility, Emaciation, Dyspepsia; Dropsy, of the limbs or abdomen, and in the female Dropsy of the ovarian and womb, generally accompanied with inflammation and ulceration of the uterus; are permanently cured by Constitution Life Syrup. The Glandular diseases as Goitre or Swelled Neck, the Life Syrup will remove entirely. The remedy should be taken for some time, as the disease is exceedingly chronic and stubborn, and will not be removed without extra effort. Tumors of the Ovaries, Tumors of the Breast, and swelling of other glands of the body will be completely reduced without resorting to the knife or operations of any kind.

Hypochondria, Sympathetic or Organic Diseases of the Heart (as Palpitation, Disease of Valves—producing a grating or filing sound), Dropsy of the Heart, Case and Cure published in Bourdon's portrait organ, or persons suffering from any acute pain in the region of the heart, will be greatly relieved by Constitution Life Syrup.

Broken-Down and Delicate Constitutions, Suffering from Indigestion or Costiveness, Cutaneous Eruptions, Loss of Memory, Forgetfulness, Horror of Insanity, Fear of Disease, Dreamers of Dreams, Dry Hot Skin and Extremities, Want of Sleep, Restlessness, Pain Shooted in Occasional Parts, Loss of the Muscular System, all require the use of the CONSTITUTION LIFE SYRUP.

For all forms of **Ulcerative Diseases**, either of the Nose Throat, Tongue, Spine, Forehead or Scalp, no remedy has ever proved its equal.

MOTHERS, Your Daughters, at the age of puberty, depending upon a diseased action of the Liver, are very unpleasant to the young wife and mother. A few bottles of Constitution Life Syrup will correct the derangement, and remove the deposit which is directly under the skin.

In Diseases of the Liver, giving rise to languor, dizziness, disorganization of the stomach, or an ulcerated or cancerous condition of that organ, accompanied with burning or other unpleasant symptoms, relief may be obtained by the use of CONSTITUTION LIFE SYRUP.

☞ *As a general Blood-Purifying Agent, the Life Syrup stands unrivalled by any preparation in the world.*

Diseases of the Spine, as usually developed in the young, Hip Disease, Neuralgia, and all Nervous Diseases. Ladies' dress reform, and other diseases for which they are at a loss to know what to do, we would advise the use of CONSTITUTION LIFE SYRUP. It will restore their pallid countenance, strengthen their weak back and side, give them new energy, new life and happiness.

THE RICH AND POOR are liable to the same diseases. Nature and Science have made the Constitution Life Syrup for the benefit of all.

PURE BLOOD produces healthy men and women; and if the constitution is neglected in youth, disease and early death are the results. Do not delay the means of cure when near at hand, and within the reach of all.

TO MOTHERS AND MARRIED LADIES—It is the safest and most effectual medicine ever discovered for purifying the system and relieving the suffering attendant upon childbirth. It strengthens both the mother and the child, prevents pain and disease, and increases and enriches the food—Those who have used it think it indispensable. It is highly useful both before and after confinement, as it prevents disease attendant upon childbirth.

Constitution Life Syrup

Is the Poor Man's Friend, and the Rich Man's Blessing!—Buy it, take it, and be cured.—It is Universal in its effects

Glad News for the Unfortunate!

The Long Sought For Discovered at Last.

CHEROKEE REMEDY
—AND—
CHEROKEE INJECTION,

Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic, and cure for diseases of the urinary organs, such as Incontinence of the Urine, Inflammation of the Bladder, Inflammation of the Kidneys, Stone in the Bladder, Stricture, Gravel, Weak Stomachs, and is especially recommended in those cases of Brass Albus (or Whites in females) where all the old nauseous medicines have failed.

It is prepared in a highly concentrated form, the dose only being from one to two tablespoonfuls three times per day.

It is diuretic and alterative in its action; purifying and cleansing the blood, causing it to flow in all of its original purity and vigor; thus removing from the system all pernicious causes which have induced disease.

CHEROKEE INJECTION is intended as an auxiliary assistant to the CHEROKEE REMEDY, and should be used in conjunction with that medicine in all cases of Gonorrhœa, Gleet, Fluor Albus or Whites. Its effects are *healing, soothing and demulcent*; removing all scalding, heat, chordee and pain, instead of the burning and almost unendurable pain that is experienced with nearly all the *cheap quack injections.*

☞ By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.

For full particulars get our pamphlet from any drug store in the country, or write us and we will mail free, to any address, a full treatise.

Price—CHEROKEE REMEDY, $2 per bottle or three bottles for $5.

Price—CHEROKEE INJECTION, $2 per bottle, or three bottles for $5.

Sent by express to any address on receipt of price. Sold by all druggists everywhere.

Dr. W. R. MERWIN & CO., Sole Proprietors, No. 59 Liberty street, New York.

THE GREAT
INDIAN MEDICINE,
COMPOUNDED FROM
ROOTS, HERBS AND
LEAVES.

CHEROKEE CURE.

An unfailing cure for Spermatorrhœa, Seminal Weakness, Nocturnal Emissions, and all diseases caused by self-pollution; such as Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficult Breathing, Trembling, Wakefulness, Eruptions on the Face, Pale Countenance, Insanity, Consumption, and all the diseases and complaints caused by departing from the path of nature.

☞ This medicine is a simple vegetable extract and one on which all can rely, as it has been used in our practice for many years, and with thousands treated it has not failed in a single instance. Its curative powers have been sufficient to gain victory over the most stubborn cases.

☞ To those who have tried with their constitution, until they think themselves beyond the reach of medical aid, we would say, *Despair not!* the CHEROKEE CURE will restore you to health and vigor, and after all quack doctors have failed!

☞ For full particulars, get a circular from any drug store in the country, or write the proprietors, who will mail free to any one desiring the same, a full treatment in pamphlet form.

☞ Prices, $2 per bottle or three bottles for $5, and forwarded by express to all parts of the world.

Sold by all respectable druggists everywhere.

Dr. W. R. MERWIN & CO., Sole Proprietors, No. 59 Liberty street, New York.

DR. WRIGHT'S
REJUVENATING ELIXIR,
OR ESSENCE OF LIFE.

Prepared from Pure Vegetable Extracts,

Containing nothing injurious to the most delicate.

The Rejuvenating Elixir is the result of modern discoveries in the vegetable kingdom; being an entirely new and abstract method of cure, irrespective of all the old and worn-out systems.

This medicine has been tested by the most eminent medical men of the day, and by them pronounced to be one of the greatest medical discoveries of the age.

One bottle will cure General Debility.
A few doses cure Hysterics in females.
One bottle cures Palpitation of the Heart.
A few doses restore the power of generation.
From one to three bottles restore the manliness and full vigor of youth.
A few doses restore the appetite.
Three bottles cure the worst case of Impotency.
A few doses cure the low spirited.
In one month weakness in single organs will all find immediate and permanent relief by the use of this Elixir or Essence of Life.

☞ Price, $2 per bottle, or three bottles for $5, and forwarded by express, on receipt of money, to any address.

Sold by all druggists everywhere.

Dr. W. R. MERWIN & CO., Sole Proprietors, No. 59 Liberty street, New York.

CHEROKEE PILLS!
SUGAR-COATED.
FEMALE REGULATOR.
Health Preserver!!
CERTAIN AND SAFE.

☞ For the Removal of Obstructions, and the Insurance of Regularity in the Recurrence of the Monthly Periods.

They cure or obviate those numerous diseases that spring from irregularity, by removing the irregularity itself.

They Cure Suppressed, Excessive and Painful Menstruation.

They cure Green Sickness (Chlorosis).

They cure Nervous and Spinal Affections, pains in the hands and lower parts of the body, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysteria, Sick Headache, Giddiness, &c., &c. In a word, by removing the irregularity, they remove the cause and with it ALL the effects that spring from it.

Composed of simple vegetable extracts, they contain nothing deleterious to any constitution, however delicate, their function being to substitute strength for weakness, which, when properly used, they fail to do.

They may be safely used at any age and at any period, *except during the first three months*, during which the unfailing nature of their action would infallibly prevent pregnancy.

All letters seeking information or advice will be promptly, fearlessly and discreetly answered.

Full directions accompany each box.

☞ Price $1 per box, or six boxes for $5.

Sent by mail, postage free, on receipt of price.

Sold by all respectable druggists.

THE MAGEE
COOKING STOVE.

The subscriber, having received his Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are cast with flanges, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We would refer to the following purchasers:

Portsmouth.

MAGEE COOK.

Also on hand an assortment of the different sizes —of the—

MAGEE PARLOR STOVE

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"
VENTILATING & AIR-WARMING
FURNACES.

The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodeling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, which, mingling with the outer air, renders the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The advice aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed, the objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the same side the stove can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and they may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world, and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert R. Hatch, Esq.,
Aaron H. Hill, Charles H. Mendum,
Henry F. Wendell, John Sise, and others.

SPEER'S
SAMBUCI WINE,
PURE AND FOUR YEARS OLD,
OF CHOICE OPORTO FRUIT,
For Physician's Use, Females, Weakly Persons and Invalids.
AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs; very beneficial in Dropsy, Gout and Rheumatic Affections.
SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by physicians and chemists as possessing more medicinal virtues superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, imparting to the system, and benefitting ladies and children.
A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.
☞ None genuine unless the signature of "ALFRED SPEER, Passaic, N. J.," is over the cork of each bottle.
Make One Trial of this Wine.
For sale by W. R. Preston, Portsmouth. The trade in Boston supplied by G. C. Goodwin & Co. and Weeks & Potter.
ALFRED SPEER, Grape Vineyard, Passaic, N. J., Office, 208 Broadway, N. Y. John LaFoy, Paris, Agent for France and Germany. my14tf

Please Look at This.
EYE, N. H., Feb. 29, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended by the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of Dr. SWEET'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.
PORTSMOUTH, April 21st, 1862.
I have for several years been afflicted with dyspepsia at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWEET'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.
From ELDER I. CHENERY, *Lee, May 31, 1841*
DEAR SWEET: Feeling it to be my duty to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, or from her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I consider your medicine one of the best that can be found for the disease above named." ISRAEL CHENERY.
☞ Any one returning the remainder of a bottle or bottles of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWEET, No. 7 High street, Portsmouth, N. H., promptly attended to. my26

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837,)
76 State street, opposite Kilby street,
Boston.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds Assignments, and all papers and drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting the Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials herewith given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.
The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full records of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay there, is here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse." CHARLES MASON, Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office." EDMUND BURKE, Late Commissioner of Patents.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakeable proof of great talent and ability on his part leads me to recommend all inventors to apply to him for the securing of patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.
During eight months, the subscriber, in course of his large practice, made on my rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*. by the Commissioner of Patents. R. H. EDDY.
Boston, Dec. 19, 1863.—3tawly.

The Old Established Hospital.
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually!
DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the safest, as well as the latest remedies for these diseases, offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.
In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargements of the Testicles and Spermatic Cords, Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Biles, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.
YOUNG MEN.
Young Men addicted to secret habits, who have impaired their healths and destroyed the vigor of their minds, thus depriving themselves of the pleasures of the Married state, are notified that in consulting Dr. J. Teller, they will find a friend to console and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. T. broken down in health, now rejoice in all that makes life desirable and man happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.
DR. TELLER'S GREAT WORK.
A book for everybody.—Startling disclosures Dr. Teller's great work for the Married or those contemplating marriage—200 pages—full of plates—price 25 cts. Sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The single Married and the Married Happy. A lecture on Love, or how to choose a Partner—a complete work of 100 pages. It contains hundreds of secrets, never before published.—Warranted to be worth three times the amount asked for it. Price 25 cents, in specie or postage stamps, inclosed, will secure a copy by return mail. Dr TELLER has devoted a lifetime to the cure of those diseases upon which his books treat.
TO THE LADIES.
DR. TELLER still remains the only Agency in America, for the sale of Dr. Michel's Italian Female Monthly Pills. The sale of more than 50,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions to the female.
CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons see a circulation which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.
Office hours from 8 A. M. to 8 P. M., and on Sundays from 9 to 5 P. M.
N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No Students or boys employed. Notice this, address all letters to
J. TELLER, M. D.,
sm1o No. 5 Beaver Street Albany, N. Y.

VERNATELLA,
Warranted to make the Soles of Boots and Shoes water and dampness proof, and wear one-third longer.
VERNATELLA
Is a preparation from Copper, having no grease, linseed oil, or anything or the kind, and when the soles are once saturated with it, water can no more get through them than through copper itself. Price 25 Cents Per Bottle, at retail everywhere.
But its cost is the purchaser's only expense, it makes the soles wear enough longer to more than pay for it, leaving as a net gain the making of them Water and Dampness Proof, and the preservation thereby of that priceless gem, the health.
☞ LADIES, READ THIS! ☜
SAVE YOUR HEALTH.
Use Vernatella on the Soles of your Shoes. It makes them water proof and thereby protects your feet from dampness, for the ground is always more or less moist, either from dew or the morning and evening dew.
At wholesale in Boston by Geo. C. Goodwin & Co., 38 Hanover street; S. M. Colcord & Co., 88 Hanover st.; M. S. Burr & Co., 30 Fremont st.; Carter, Rust & Co., 48 Hanover st.; and Wholesale Druggists generally. Also, by all the principal dealers in Boots and Shoes.
Manufactured in the Chemical Department of The Cahoon Manufacturing Company.

Morning Chronicle.

Portsmouth, N. H.

THURSDAY, JULY 7, 1864.

THE REBELLION.

Gen. Grant is reported to be making preparations for a new movement. The 18th, 5th and 9th corps are so near the enemy that constant skirmishing occurs.—Picket firing has been stopped by mutual consent.

Reports from the Upper Potomac are still vague and unreliable. The rebel force holds the Virginia side of Harper's Ferry, and Gen. Sigel holds Maryland Heights. Gen. Hunter's troops are moving rapidly to confront the rebels, who are thought to number from 6000 to 8000 men. It seems to be a thieving expedition, but they may be able to do considerable injury to the canal and the railroad, gather up their plunder and escape before our forces can reach the locality.

There is nothing later from Gen. Sherman. Affairs in Arkansas look much better. Gen. Steele is said to have 3 months' provisions at Little Rock, and even should Marmaduke succeed in destroying his communications, which is now regarded as not likely to happen, probably he would be able to hold out until relieved.

THE LEGISLATURE.

The Senate has passed the bill to incorporate the Manchester and Keene Railroad. A bill has been introduced to establish the office of Auditor of Accounts.

The bill introduced in the House to tax savings banks directs treasurers to send lists of depositors to assessors, and if the residence of depositors is not known, the depositor is to be taxed where the bank is, and the tax paid by the treasurer out of deposits. The bill to incorporate the Portsmouth, Great Falls and Conway Railroad, has been reported with an amendment, making Conway the terminus instead of Gorham. The amendment was adopted and the bill ordered to a third reading.

The Governor, on Friday, sent to the House a veto of the act for the relief of the creditors of the Sullivan Railroad Company. He states his objections as follows:

The bill provides that the Trustees of the mortgage bonds of the Sullivan Railroad may sell the road, and transfer to the purchaser, either an individual or a corporation, all the rights, franchises and property of that railroad, and that the purchasers may constitute themselves into a new corporation.

1. I do not think the public interests will permit the unlimited right of sale of one railroad corporation to another, by means of which other interests might be seriously affected or destroyed.

2. I can not approve the unlimited granting of the right of the trustees of the bonds of a corporation to sell the property, by means of which the minority of the bondholders might be deprived of their security, and denied all practicable means of redress.

3. There is no provision in the act by means of which the Legislature clearly retains the right of amendment, alteration and repeal of the charter of the new corporation constituted thereby.

On Friday afternoon both branches were adjourned by the Governor till Tuesday morning.

TUESDAY.—In the Senate, the House resolution relating to the establishment of a hospital at Portsmouth, was referred. In the House a joint resolution was reported, appropriating $800 to the State Treasurer for extra labor during the past two years, and $1000 for clerk hire. The Governor communicated the claims of the several towns and cities for State aid, up to May 1st, 1864, which have been audited by a committee of the Council for the last year, and the several amounts allowed by them endorsed thereon. The bill authorizing cities and towns to aid the families of persons in the army and navy, was passed. The resolutions in relation to the establishment of hospitals at Manchester and Portsmouth were also passed. The Governor recommended the appointment of a clerk in the Council Chamber.

—Capt. John A. Winslow of the Kearsarge, it is said, will be promoted to be a Commodore.

— Miss Harriet Hosmer will visit Boston in August next. She has finished her "Sleeping Faun," said to be her finest work.

— 100 days' troops have been called for from Pennsylvania, New York and Massachusetts.

— A coroner, a coffin-maker, and two undertakers made up a fishing party of four in Portland on the 4th.

— Provost Marshal Fry has decided that the payment of commutation under the last law exempted a person for three years.

— A cargo of rum which was entered at the Boston Custom House on Friday was valued at $4,853.00, and the duty upon it amounted to $4,898.50 in gold.

— An exchange thinks it a curious fact that the California fifty dollar gold piece is the only coin on this continent that is not round. We don't know where he circulates, but this way we can't find any coin round.

NEW HAMPSHIRE ITEMS.

—— President Lincoln is going to Manchester, Vt., not N. H.

—— Capt. C. Holmes, U. S. A., mustering and disbursing officer in Concord, has been ordered to Augusta, Me.

—— Gen. Anthony Colby, Provost Marshal of the Second Military District of this State, has resigned.

—— The price of the Dover Gazette has been increased from $1.25 to $1.75 per year,—$1.50 if paid within six months.

—— The canker worm is doing considerable damage to fruit trees in Stratham, Kensington, Hampton Falls, and neighboring towns.

—— In Manchester on Sunday night a lady, 70 years old, got up in her sleep and walked out of an upper window. She fell about 12 feet, and dislocated her shoulder.

—— Mr. Nath'l Swasey of Exeter has raised 37 very fine lambs from a flock of 26 sheep, the present season. There were 12 pairs of twins.

—— The Mirror states that the Manchester Mills Print Works have declared a dividend of 20 per cent. for six months, and that this is the fourth 20 per cent. six months' dividend, or 80 per cent. in two years.

—— Albert Cargill, 18 years old, was fatally injured in Manchester on the 4th. A pistol which he was holding with the muzzle pointed towards him, was by some means discharged, and the wad was driven into his abdomen.

—— The safe of the Wolfborough Bank was blown open on Monday morning, and some $3000 in bills, soldiers' certificates and bonds taken therefrom. The inner vault of the safe, containing most of the money and papers, was not opened.

—— We learn from the Lebanon Free Press that the Scythe Factory in Lebanon was sold at auction upon sundry writs, by consent of parties, on Thursday of last week, it being struck off to A. M. Shaw, Esq., of Lebanon, at $6050, somewhat above the invoice. It is understood that the property goes into the hands of Phillips, Messer & Co., of New London, Mr. Shaw becoming a partner. This company will immediately put the shop in operation. It has been stopped about a month. A large number of scythes were also sold, those designed for eastern markets bringing a high price. Upon western scythes there was not much competition, and they were bought low by the trade.

THE ALABAMA, it is now said, was ordered to leave Cherbourg by the French Government on the demand of Mr. Dayton. The Southampton correspondent of the London Daily News reports that the English yacht was requested by the commander of the Kearsarge to save the Alabama's men from drowning, and found Semmes in the water, nearly exhausted. He was dragged in and begged not to be put on board the Kearsarge. He was accordingly stowed away in the bottom of the boat, covered with a sail, and taken to the yacht, which hastened away that it might not be searched. Perley thinks that Congress will undoubtedly, at the next session, appropriate the value of the Alabama, to be distributed as prize money among the officers and crew of the Kearsarge.

The London Times' account of the engagement has the following:—

The combat took place about nine miles from Cherbourg, and commenced at 11:10. From the time observed on board the Deerhound it closed at 12:10. The Alabama commenced the firing, and as it is known that her guns were pointed for a range of 2000 yards, and that the second shot she fired, in about half a minute after the first, went right into the Kearsarge, that may be taken as the real distance between the two ships. The firing became general from both vessels at the distance of a little under a mile, and was well sustained on both sides. At no time were the vessels less than a quarter of a mile from each other. Seven complete circles were made in the period over which the fight lasted. It was estimated on board the Deerhound that the Alabama fired in all about 150 rounds, some single guns, and some in broadsides of three or four, and the Kearsarge about 100, the majority of which were 11-inch shells. The Alabama's were principally Blakely's pivot guns. In the early part of the action the relative firing was about three from the Alabama to one from the Kearsarge, but as it progressed the latter gained the advantage, having apparently a much greater power of steam. She appeared to have an advantage over the Alabama of about 3 knots an hour. At length the Alabama's rudder was disabled by one of her opponent's heavy shells, and they hoisted sails; but it was soon reported to Capt. Semmes by one of his officers that his ship was sinking. The guns were kept ported till the muzzles were under water, and the last shot from the doomed ship was fired as she was settling down. When her stern was completely under water, Semmes gave orders for the men to save themselves as best they could, and every one jumped into the sea and swam to the boats which had put off to their rescue.

— The Fenian Brotherhood of New England has for its object "the national independence of Ireland and the promotion of brotherly love and unity among Irishmen."

THE NEW ENROLLMENT LAW is in effect as follows:—

First — the President may call for any number of volunteers for one, two, and three years, — to be credited to the towns, etc. Volunteers for one year are to receive $100 bounty, for two years $200, for three years $300, one-third of the bounty at the time of muster, one-third at the expiration of half the term of service, and one third at the expiration of the term of service. In case of his death in service, the residue of the bounty goes to the widow, or, in case there is no widow, to the children; if no children, to the soldier's mother, if she be a widow.

Second — If the quota is not filled within fifty days the President shall immediately order the draft for one year, and commutation shall not be allowed.

Third — States may recruit towards their own quotas in any of the rebel States, except Tennessee, Arkansas and Louisiana.

Fourth—Drafted men, substitutes and volunteers shall be assigned to organizations from their own States, and as far as possible of their own selection.

Fifth—Any person under sixteen, enlisted or mustered without the consent of his parents or guardians, shall be immediately discharged upon the repayment of the bounty received by him, and the officer knowingly enlisting or mustering such person shall be dismissed the service with forfeiture of pay and allowances, and be subject to court martial.

Sixth—Drafts shall be for one hundred per centum in addition to the number required to fill the quotas.

Seventh—Drafted persons shall be allowed transportation to the place of rendezvous.

Eighth—All persons who have entered the naval service during the rebellion, and who have not been credited, shall, upon satisfactory proof of residence made to the Secretary of War, be enrolled and credited to the quotas of their places of residence.

Ninth—Drafted men absent from their homes shall be notified as soon as possible, but shall not be deemed deserters till a reasonable time is given them to return.

The existing law is not changed in respect to persons conscientiously opposed to bearing arms.

☞ The President has signed, among other bills, the following, which thereby become laws: A joint resolution imposing a special income duty; act to authorize the Secretary of the Navy to provide for the education of naval constructors and steam engineers; act further to regulate and provide for the enrolling and calling out the national forces, &c.; act to encourage emigration; act for the relief of seamen and others not officers on the books of vessels wrecked or lost in the naval service; act to repeal all laws and parts of laws pending for the rendition of fugitive slaves, and in the civil appropriation bill a section to repeal the law regulating the coastwise slave trade. All the bills passed by both Houses of Congress and presented to the President received his signature, except the bill providing republican governments for States overthrown or usurped by the rebellion.

— Horace P. Tuttle, the young astronomer, has just been promoted to the position of Paymaster in the Navy.

— The President has by proclamation suspended the writ of habeas corpus in Kentucky and proclaimed martial law in that state.

— Hon. J. L. M. Curry of the rebel Senate, in a speech delivered at Talladega, Ala., said: "But should Lincoln be reelected our fond hopes will be dashed to the ground, our independence but a thing dreamed of, for we have exhausted our resources, and could not possibly hope to be able to continue the war four years longer."

MARRIAGES.

In Rochester, June 11, JOHN N. PLUMER to MISS MARY E. BRACKETT.

DEATHS.

In South Berwick, Me., July 2, Mrs. OLIVE ELIZABETH TOMPSON, aged 61 years 2 months, wife of John G. Tompson, Esq., of that place. [Maine papers please copy.]

Ayer's Sarsaparilla

Is a concentrated extract of the choice root, so combined with other substances of still greater alterative power as to afford an efficacious antidote for diseases Sarsaparilla is reputed to cure. Such a remedy is surely wanted by those who suffer from strumous complaints, and that one which will accomplish their cure must prove, as this has, of immense service to this large class of our afflicted fellow citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found in the following complaints:—

Scrofula, Scrofulous Swellings and Sores, Skin Diseases, Pimples, Pustules, Blotches, Eruptions, St. Anthony's fire, Rose or Erysipelas, Tetter or Salt Rheum, Scald Head, Ringworm, &c.

Syphilis or Venerial Disease is expelled from the system by the prolonged use of this SARSAPARILLA, and the patient is left in comparative health.

Female Diseases are caused by Scrofula in the blood, and are often soon cured by this EXTRACT OF SARSAPARILLA.

Do not discard this invaluable medicine, because you have been imposed upon by something pretending to be Sarsaparilla, while it was not. When you have used AYER's—then, and not till then, will you know the virtues of Sarsaparilla.—For minute particulars of the diseases it cures, we refer you to Ayer's American Almanac, which the Agents below named will furnish gratis to all who call for it.

AYER'S CATHARTIC PILLS, for the cure of Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Headache, Piles, Rheumatism, Heartburn arising from Disordered Stomach, Pain or Morbid inaction of the Bowels, Flatulency, Loss of Appetite, Liver Complaint, Dropsy, Worms, Gout, Neuralgia, and for a Dinner Pill.

They are sugar coated, so that the most sensitive can take them pleasantly,—and they are the best Aperient in the world for all the purposes of a family physic.

Prepared by J. C. AYER & Co., Lowell, Mass., and sold by Brackett Hutchins, J. H. Thacher, W. R. Preston, David Kimball, and all druggists everywhere. my25 6t aw 3w Tu

MONEY SAVED BY USING EDDY'S PATENT KEROSENE COOKING STOVE.

By the use of two or more burners sufficient heat is obtained for doing most of the cooking for a family, at a very small expense and with great facility.

Economy is perhaps their greatest recommendation in these times of high prices of Coal, for with one of these stoves tea may be prepared for a family at a cost for fuel not exceeding One Cent, and dinner not exceeding Two Cents.

They are portable, and burn without smoke or odor, hence they may be used in any part of the house.

Call and see one in operation, at No. 12 Market street. Sole Agents for Portsmouth,

J. W. & A. STAVERS.

Also, Dealers in Crockery, Glass Ware, Room Papers, Lamps, Window Shades, Boots, Shoes, and Fancy Goods. Je16

PEREMPTORY SALE OF

Valuable Real Estate

AT AUCTION,

Will be sold at Public Auction,

On Saturday next, the ninth day of July, at half-past 12 o'clock, M.,

On the premises,

The new and commodious Dwelling HOUSE, and the Lot appurtenant, situate on Middle street, at the corner of Wibird street, recently erected by Mr. John R. Caswell. The House is built of the best materials and in a most thorough and workmanlike manner. The situation of the property is upon an elevated and pleasant spot, commanding from all sides extensive views of city and country. The cellar is built of superior granite, and the whole arrangements are of an excellent order. The premises may be examined at any time previous to the sale.

For further particulars inquire of

WILLIAM H. HACKETT, Auct.
Portsmouth, N. H., July 4, 1864.

"A Wonderful Discovery."

DR. TEBBETTS' "PHYSIOLOGICAL HAIR REGENERATOR" is compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "DYE," and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth of new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off and removes all dandruff, heat, humors and itching from the scalp. It keeps the hair soft, moist and perfectly healthy, and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "REGENERATOR" is warranted to produce the above results in all cases, if not the money to be refunded. With it every "GRAY HEAD" in New England can be restored in less than sixty days.

THACHER, opposite the Post Office and 12 Market Square, Agent for Portsmouth.—Geo. C. Goodwin, No. 38 Hanover street, Boston, Wholesale Agent for New England, and sold by Druggists everywhere. TEBBETTS BROTHERS, Proprietors, and Chemists, Proprietors, Manchester, N. H. Je1—tf

Proposals for Pine Timber and Plank.

SEALED PROPOSALS will be received at the City Clerk's Office in the city of Portsmouth, N. H., until SATURDAY, July 2, 1864, at 12 o'clock at noon; for furnishing the following schedule of Timber and Plank for repairing the Sagamore Bridge, to be delivered at some wharf or depot in said city:

30 pieces White Pine 8 by 10 inches, 32 feet long,
30 " " 8 by 10 " 16 "
30 " " 8 by 10 " 18 "
25,000 feet board measure White Pine Plank, 3 inches thick and 22 feet long.

Persons proposing will state the price by the thousand feet board measure; they will also state the time when the whole can be delivered, if being wanted immediately.

Separate bids will be received for the Timber and Plank.

The undersigned claim the right to reject any bid.

By order of the Board of Aldermen.
JOSEPH H. ADAMS,
WILLIAM E. HADLEY,
Committee on Streets, Roads and Bridges.
Portsmouth, N. H., June 21, 1864.

Proposals for Wood.

SEALED PROPOSALS will be received at the City Clerk's office, in the CITY OF PORTSMOUTH, until the twentieth day of July next, for supplying the Overseers of the Poor with from two hundred to two hundred and fifty cords merchantable HARD WOOD, to be delivered at either Railroad Depot, or at such wharf as the Overseers may designate.

The Overseers reserve the right to reject any bid. By order of the Overseers of the Poor.
MARCELLUS BUFFORD, Clerk.

Local.

THE FEVER. — No new facts; no new cases; no more deaths in the city, and only one elsewhere. The excitement is dying out, and it is hoped the disease is staid.

The deaths reported are Capt. Black, of the schooner J. E. Gamage, at the Navy Yard; and Mr. Sewell, of York—both included, though not named, in our report on Wednesday morning. Mr. Davis, of Kittery, also died on Tuesday. The man reported dead at Mr. Waite's, in this city, was *not* dead up to Wednesday evening.—The total number of deaths, in the city and out, reached only to 14 all told, up to Wednesday, we believe.

☞ Another old citizen, who remembers the fever of '98, wishes to correct the errors of the former statement, and hands in the following information and suggestions.

Mr. Editor:—The yellow fever of '98 was brought here in a ship (from Martinique in the West Indies) belonging to Thomas Sheafe, Esq. She came up to town immediately on her arrival. [Quarantine laws were not then known here.]—The ship-lay at the wharf back of the store now occupied by Simpson & Neil. The town (as it then was) before her arrival was perfectly healthy; no decayed vegetables, &c., were ever heard of, to my recollection. The writer of this article went on board that ship (as all boys usually did where there were sugar and molasses) with a twin brother of nine years of age, who took the fever and died, although he has been spared 66 years more. The first man that took the fever was a laborer that helped discharge the cargo: from him it spread all around in the vicinity of Green, Russell and Deer streets, and no check was given to it until the families there all moved away and did not return until the frosts of November checked its ravages; the weather in that year from July to September was hot and sultry; no rain had fallen, and the air seemed full of the poisonous malaria,—and, in my opinion, the late cases here, brought by the DeSoto, would have spread as rapidly, as they were the same in type and appearance—had we not been favored with cool, clear weather for the past ten days, which is all that has saved us.

☞ The gathering at the North Church in behalf of the Union refugees from the rebel States, on Tuesday evening, was very thin, owing perhaps to the fact that this is a phase of the effects of the rebellion which is not sufficiently understood to awaken general sympathy. The sufferings of these persecuted people, as shown by Mr. Folsom's statements, are truly heart-rending.—They have lost everything—lands, homes, clothing and friends—for Liberty's sake. Other cities and towns visited by Mr. Folsom have responded liberally. Let not Portsmouth be outdone by them.

Mr. Folsom, U. S. Chaplain at Cairo, Ill., is travelling under a special order of the General commanding that district, and solicits aid in money and clothing for these sufferers, whom the military authorities are bringing to Cairo in large numbers—averaging over 200 per month. Money contributed is used exclusively to pay their transportation from Cairo, where government care ends, to localities in the free States where they have friends, or where they can find employment. Clothing is mainly wanted for women and children.

A collection was taken up at the close of the meeting at the North Church, from the few present, amounting to $41.14. Mr. Benj. Cheever will receive and forward any contribution of money or clothing, which may be left at his store on Market st.

☞ The Atlantic House, Isles of Shoals, is open for the season, with the old and popular landlord, Mr. Caswell. He announces the new steamboat as soon to run to the Islands; and, meantime, a sail-boat runs as packet to Gosport.

☞ H. M. Colby, of Manchester, has been bound over in the sum of $150 on the charge of stealing a sum of money amounting to $310 from the person of Alvah Manson, of this city, at the American House, Manchester, on the night of June 21st. In default of bail he was committed.

☞ The Lewiston Light Infantry, now at Fort McClary, are to be relieved from duty next Saturday, and will then return home.

☞ Newcomb's Gift Entertainment, in conjunction with Allyne the Wizard, is advertised for next Monday evening, at the Temple. The Newburyport Herald thus refers to it: "The Manager has taken great pains to please his patrons during his stay in our city, and we can only say he has succeeded admirably. Everything that was advertised has been done, and their success has been immense. Professor and Madame Allyne gave a very pleasing entertainment. The presentation is conducted with fairness and impartiality. The chamber sets were valuable, and we congratulate the lucky possessors. We wish the entertainment the success it so richly merits." See advertisement and posters.

Notice.

PORTSMOUTH, July 7, 1864.

The Board of Aldermen having, through mistake and misapprehension, ordered Mr. CHARLES STIMPSON, Master Carpenter at the Navy Yard, and Act. Master CHARLES E. HAWKINS, U. S. N., into quarantine, and forbidden them to visit this city, on account of their going on board the tabooed U. S. steamer DeSoto, this is to certify to the public and all our city officers that those gentlemen very patriotically entered the vessel by my order and request, to assist in removing her from the Navy Yard to quarantine, and were therefore at once furnished with a clean bill of health from the Board of Health, and so of course are not on that account to be debarred from any of the privileges of law-abiding citizens.

B. S. GOODWIN,
Chairman Board of Health.

☞ The reports circulated yesterday, that another vessel with yellow fever on board had arrived here, so far as we can ascertain are false.

BUSINESS NOTICES.

Would you save yourself from suffering after eating, or from acidity of the stomach, or burning sensation, or indigestion? Use Herrick Allen's Gold Medal Saleratus. Never use soda if you can procure this article. It will strengthen weak stomachs and relieve dyspepsia; is a saving in the quantity of flour, &c., &c. Try it. Grocers and Druggists most all sell it. The Wholesale Agents are Wholesale Grocers.

Soldiers, see to your own health, do not trust to the army supplies; cholera, fever and bowel complaint will follow your slightest indiscretion. Holloway's Pills and Ointment should be in every man's knapsack. The British and French troops use no other medicines.

If the reader of this "notice" cannot get a box of Pills or Ointment from the drug store in his place, let him write to me, 80 Maiden Lane, enclosing the amount, and I will mail a box free of expense. Many dealers will not keep my medicines on hand because they cannot make as much profit as on other persons' make. 35 cents, 88 cents, and $1.40 per box or pot.
216

Laboratory of Jas. R. Chilton & Co.,
New York, March 11, 1861.

We have recently made a careful analysis of the Sambuci Wine prepared by Mr. Alfred Speer, and do not hesitate in pronouncing it pure; it contains all the properties of Sambuco or Port grape and therefore, for medicinal uses is as superior to other wines.

Its principal effects upon the system are mildly stimulating, diuretic, sudorific and tonic. It will prove beneficial in affections of the kidneys and chronic diseases, with general debility of the constitution.

Physicians may safely recommend it to their patients, in place of the many doubtful mixtures too often sold as pure wines.

J. R. CHILTON & Co.,
Analytical Chemists.

This wine can be had of our druggists. It is a most excellent article for weakly persons, especially females.

TO THE
Citizens of Portsmouth

It having become apparent to the Board of Aldermen that the Yellow Fever has made its appearance in our city, (having been brought in certain U. S. ships recently arrived,) and that several of our citizens have died therefrom, while a few more cases yet remain: that Board, unwilling that any official act of theirs shall add to the excitement already existing in the community, yet in the exercise of their duty as conservators of the public health have appointed the undersigned as a Sanitary Committee, who, with a Sanitary Police under the supervision of said Committee, shall make a most thorough inspection of the streets, yards, buildings, cellars, &c., and in fact every location within the limits of the city which may require that any additional sanitary measure be taken to ensure the return of the usual healthy condition thereof. With a view thereto, the Committee invite the earnest co-operation of *every* citizen, that they will immediately give especial attention to the condition of their own premises, and that those who have tenements will see to it that no tenant is allowed to create or maintain a nuisance of any kind, however slight; believing that no one who values his own or another's health will be negligent, when taking in consideration that we have the long summer months yet before us, and the liability to have this much dreaded fever added to those diseases which usually prevail at this season of the year: Therefore,

It is ordered, That no decayed fruit or vegetables will be permitted to remain on your premises—especially oranges, lemons, pineapples, &c., peapods, the tops of vegetables such as beets, radishes, &c.—without being buried.

Swill tubs must be kept clean and sweet, with lime scattered in their vicinity, and emptied or buried each day.

No lobsters will be boiled or sold within the limits of the city, the dealers having consented thereto.

No fish entrails, or any portion of fresh or salt fish, is to be left around houses.

Sink and cellar drains must be lot into the ground, or the same will be done by the city at the expense of the owners of the premises, and tenants are requested to notify owners of this fact immediately.

Pigstyes must be kept clean and sweet. All piles of pig manure must be buried. Lime should be scattered often in the vicinity.

No person will be allowed to throw any vegetables, fruit, or refuse matter of any kind, into the street.

Chips around premises, when exposed to the weather, should be cleared up.

Privies should be banked up with earth, and chloride of lime sprinkled about and thrown into them, and no duty or expense spared to prevent the further spread of this or the appearance of any other disease.

The Sanitary Police are authorized to inspect as above and direct that immediate attention be given to the abatement of all such nuisances as may come under their notice, and any neglect to conform will be followed by prompt action on the part of the Board.

J. E. RIDER,
J. C. BROWN,

E. A. STEVENS.

HALEY, MORSE & BOYDEN'S
SELF-ADJUSTING
CLOTHES WRINGER.
THE BEST IN THE WORLD.

Over 40,000 have been sold by the manufacturer in a little more than two years—nearly 400 of them in Portsmouth and vicinity!

Buy one and try it—if not perfectly satisfactory the money will be refunded.

Facts for the People.

The enormous rise in price of Iron, Coal and Lumber, has caused manufacturers to advance the price of STOVES and Castings several times since the war began; and it is now arranged to make a general advance of 25 to 50 per cent. this season.

We have not yet raised the price of Stoves in proportion to their increased cost, but shall be compelled to do so very shortly. Persons who expect to purchase anything in the Stove and Furnace line within a year or two, will save money by doing so at once. The price of a Stove is not so much an object, now, as its capacity and the cost of operating it. All things considered, there is no Stove equal to

THE MODEL COOK.

IT IS, IN FACT,
The Best Stove Out,

for economy, convenience and dispatch.

Many people think it best to use an old stove as long as possible, but it is far better to throw it away and purchase a MODEL COOK, than to keep it at the present high price of fuel.

One of our shrewdest citizens who purchased a MODEL COOK STOVE a year since, says he has saved more than its cost already.

A careful, prudent farmer purchased one, and after it had been in operation some days his son came into the store and said, "something was wrong at their house;" his father and himself used wood off the same pile, he burned three baskets full a day, and his father only one! We told him a Stove before he left, and there has been no complaint since.

These Stoves are in use in many hotels, and boarding houses, and in hundreds of private families in this city and vicinity, and give the best of satisfaction.

MASON & HAMLIN'S
CABINET ORGANS,

Combining the requisites for Sacred and Secular, Church and Parlor Music; for Families, Sunday Schools, Day Schools, Churches, &c.

They are elegant as pieces of furniture; occupy little space; are not liable to get out of order or out of tune; are warranted for five years; will improve in tone by age, and are moderate in cost.

They are to private houses, Sunday schools and smaller churches, what the larger pipe organs are to large churches, and in addition to this are adapted to secular as well as sacred music.

The Cabinet Organ is essentially different from, and a marked improvement upon, all instruments of the melodeon or harmonium kind. Its superiority consists in many important characteristics.

The undersigned, Agent for the Manufacturers, will be pleased to show the Cabinet Organs to all wishing to purchase, at his residence, NO. 30 HANOVER STREET.

Morning Chronicle,

—If the gambling in gold ought to be stopped, then why not gambling in flour, dry goods, and everything else—*all* "speculation" being nothing more nor less than gambling. The best way to take the wind out of the gold bulls and bears, would be to resume specie payments—which many of our best financiers say should never have been suspended.

— It is now said that Napoleon's involuntary bath was occasioned by a trial of a new machine for walking on the water, during which he toppled over,—and his feet being light with cork and his head heavy with the cares of state, the former persisted in keeping up and the latter in keeping down, until he was rescued.

— An Ohio agriculturist expresses the conviction, founded on observation, that the growth of plants is considerably greater in moonlight nights than during the moon's dark period.

2 & 4 Holmes' Block, Haymarket Sq., BOSTON.

Important to the Afflicted.

DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of knowing that he can operate with rapidity that have never since he first introduced them, failed to cure the most alarming cases of

GONORRHŒA AND GLEET.

Beneath his treatment, all the horrors of venereal and impure blood, Impotency, Scrofula, Gonorrhœa, Gleet, pain in the back and region of prostration, inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, Humors, frightful Swellings, and the long train of horrible symptoms attending this class of disease, are made to become as harmless as the simplest ailings of a child.

SEMINAL WEAKNESS.

Dr D. devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which robs the body and mind, unfitting the unfortunate individual for business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the back and limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, nervous irritability, aversion to society, self-distrust, Hurtfully, &c., are among the evils produced. Such persons should, before contemplating matrimony, consult a physician of experience, and be convinced that he can furnished happiness.

Patients who wish to remain under Dr. Dow's treatment a few days or weeks, can be furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving description of your case. Dr. Dow has also for sale the French Lozenges, warranted the best preventive. Order by mail. Three for $1, and a red stamp.

Highly Important to Females

IN DELICATE HEALTH.

DR. DOW, Physician and Surgeon, No 7 & 9 ENDICOTT STREET, Boston, is consulted daily for all diseases incident to the female system, Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. So invariably certain is the new mode of treatment, that most of the obstinate complaints which have baffled the skill of the regular faculty, are rejected in perfect health.

Dr. Dow has no doubt had greater experience in the cure of diseases of the Sexual and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1842, having confined his whole attention to an office practice, for the cure of Private Diseases and Females complaints, he acknowledges no superior in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office Hours from 8 A. M. to 9 P. M.

CERTAIN CURE

In all cases, or No Charges Made.

Dr. Dow consults daily from 8 A. M. to 9 P. M. as above, upon all difficult and chronic diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation for skill, which is spread from all parts of the country to obtain advice.

Among the physicians in Boston, none stand higher in the profession than the celebrated Dr. DOW, No. 7 Endicott street, Boston. These who need the services of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

Boston, April 7, 1864.—eodly.

$4 FOR $1

We are now sending by mail, free of postage, our FINEST DIAMOND POINT "UNION GOLD PENS," with Silver Extension Case, with Lead Pencil, beautifully ornamented, at the wholesale price of ONE DOLLAR. Never before retailed less than $4. They are acknowledged to be the most durable and beautiful in market. 200,000 persons are now using them, and constantly sending orders for more. We also send, without extra charge, ☞ HOW TO WRITE A BOOK OF 100 SECRETS, OR HOW TO MAKE FIVE DOLLARS A DAY, Without Capital. One of these Secrets cost the publisher $250 for the right to publish it. Several persons are now making $5 per month by these Secrets. This book is worth $50 to any man or woman. Lieut Ann Bennett, a wounded soldier, writes us from Chicago, he has realized, in four months, $618 by knowledge obtained from this Book. Charles E. Wright, of Portland, says "God speed the day when all shall possess your valuable Book, for it has raised me from poverty to prosperity." Quar. White, in the Army, writes: "We received your Fine Gold Pens, and find them far superior to all others used in this department." We send one Gold Pen, Silver Extension Case and Book of Secrets for $1. Three for $2.75. Four for $3.50. Twelve for $10.20. We warrant every Pen sent to be of fine gold. Address M. YOUNG & BROS., 137 Monroe street, New York. Send a Government money. J-21—3mTu&c

Constitution Life Syrup,

COMPOSED OF

IODIDE POTASSIUM,

With the compound concentrated fluid extract of

VALUABLE MEDICINAL

ROOTS AND HERBS,

Prepared by WM. H. GREGG, M. D., Graduate College Physicians and Surgeons, N. Y. formerly Assistant Physician Blackwell's Island Hospitals, late Medical Inspector New York State Volunteer Depots, under Gov. Edwin D. Morgan.

Constitution Life Syrup

HAS PRODUCED

A REVOLUTION IN MEDICINE!

What may seem almost incredible, is, that many diseases which have baffled the skill of the profession are frequently cured in a few days or weeks, and we cheerfully invite the investigations of the liberal minded and scientific to cures which have spared at the present day.

Our medicine is peculiar, by it the seat of disease is directly reached, and the equilibrium restored. Those who have suffered long from painful and obstinate diseases, those who have vainly sought relief from advertised medicine, those who cannot be cured by other physicians—are

Invited to use Constitution Life Syrup.

During the past five years we have contended with obstinate and overwhelming opposition, but now lean as ever encountered by any Reformers.

Rapidity of Cure.

Some say, "Your cures are too quick," while others doubt their permanence, and think that diseases can only be cured by the tedious and uncertain process of Nature." This is our reply:

In health, the body, like a well-balanced scale, is in a state of equilibrium. But when any disease does goes one side of the scale, we have the effects of disease. What is requisite is, to restore the normal balance of the scale.

CONSTITUTION LIFE SYRUP.

A positive and specific remedy for all diseases originating from an IMPURE STATE OF THE BLOOD, and for all (hereditary) DISEASES transmitted from PARENT TO CHILD.

Paralysis.

Hemiplegia, Paralysis, Paraplegia, Paralysis Agitans.

It is so universally admitted that Constitution Life Syrup is the only effective means of restoration in the various forms of Paralysis, that we need not reiterate that it is emphatically the Great Life-Giving Power.

Dyspepsia.

Indigestion, Liver Complaint, Constipation, Weight Stomach, Nausea, Want of Appetite, Bad Breath.

Scrofula.

Sores, Glandular Swellings, Ulceration, King's Evil, Tumors, Salt Rheum.

This taint (hereditary or acquired), filling life with untold misery, is by all usual medical remedies incurable.

Rheumatism.

Arthritic, Neuralgia, Gout, Lumbago, Sciatica, The Delaware.

If there is any disease in which the Constitution Life Syrup is a sovereign, it is in Rheumatism and its cognate forms. The most intense pains are almost instantly alleviated—enormous swellings are reduced. Cases, chronic or vicarious, of 10 or 20 years standing, have been cured by us.

Nervousness.

Nervous Debility, Confusion of Thoughts, Epilepsy, Loss of Power, Shattered Nerves, St Vitus' Dance.

Thousands who have suffered for years will bless the day on which they read these lines. Parties heretofore weak, nervous, and prostrated by disease, prove an inestimable blessing—directing their footsteps to a Hope which fulfils more than it promises.

Mercurial Diseases.

Salivation, Feeling of Weariness, Retting of Bones, Foul Complexion, Aches in Bones, Depressed Spirits.

Constitution Life Syrup purges the system completely from all the effects of Mercury, removing the Bad Breath, and curing the Weak Joints and Rheumatic Pains which the use of Calomel is sure to produce. It hardens Spongy Gums and secures the Teeth as firmly as ever.

Constitution Life Syrup

Eradicates, root and branch, all Eruptive Diseases of the Skin, like

ULCERS, PIMPLES, BLOTCHES.

And all other difficulties of this kind, which so much disfigure the outward appearance of both males and females, often making them a disgusting object to themselves and their friends.

CONSTITUTION LIFE SYRUP

Cures all Swellings of the Glands,

Either of the Face, Neck or Female Breast, and should be taken in all cases where Swellings are detected, thus preventing their breaking and producing troublesome Discharging Sores, which disfigure so many of the unfortunate portion of the community, from six to twenty years of age. Young children are very subject to Discharges from the Ears, which produce deafness if not speedily cured. These cases soon recover by taking a few doses of Life Life Syrup.

All scrofulous persons suffering from Debility, Emaciation, Dyspepsia; Dropsy, of the limbs or abdomen, and in the female Dropsy of the ovaries and womb, generally accompanied with inflammations and pain, are speedily and permanently cured by Constitution Life Syrup. The disease known as Goitre or Swelled Neck, the Life Syrup is a remedy entirely. The patient should be taken for some time, as the disease is exceedingly chronic and stubborn, and will not be removed without persevering. Tumors of the Ovaries, Tumors of the Breast, and swelling of other glands of the body will be completely reduced without resorting to the knife or operations of any kind.

Epileptic Fits, Sympathetic or Organic Diseases of the Heart (as Palpitation, Disease of Valves—produced by a gradual or sudden rupture of the Valves of the Heart Case and all the affections of this important organ, or persons suffering from any cause, pain in the side, back, or the heart, will be greatly relieved by Constitution Life Syrup.

Broken Down and Delicate Constitutions,

Suffering from Indisposition to Exertion, Pain in the Back, Loss of Memory, Forebodings, Horror of Disease, Blotches, Shortness of Breath, Cold Sweats, Skin and Extremities, Want of Sleep, Restlessness, Pale Haggard Countenance and Languidness of the Muscular System, are the effects of the CONSTITUTION LIFE SYRUP.

For all forms of Ulcerative Diseases, either of the Nose Throat, Tongue, Spine, Forehead or Scalp, the Life Syrup is a specific remedy.

MOTH PATCHES upon the female face, depending upon a diseased action of the Liver, are very troublesome to remove, but the Life Syrup. A few bottles of Constitution Life Syrup will correct the secretion, and remove the deposit which is directly under the control.

In Diseases of the Liver, giving rise to languor, dizziness, indigestion, weak stomach, or an uneasy sensation in the region of the liver, organ, accompanied with burning or other unpleasant symptoms, relief may be obtained by the use of CONSTITUTION LIFE SYRUP.

☞ *Purely Vegetable—Purifying Agent, the Life Syrup stands unrivaled by any preparation in the world.*

Disease of the Spine, so usually developed in the young, Hip Disease, Neuralgia, and all Nervous Diseases, and Ladies who are suffering from diseases for which they are at a loss to know what to do, we would advise the use of CONSTITUTION LIFE SYRUP. It will restore their pallid countenance, strengthen their weak back and side, give them new energy, new life and happiness.

THE RICH AND POOR are liable to the same disease. Nature and Science have made the Constitution Life Syrup for the benefit of all.

PURE BLOOD produces healthy men and women, and if the constitution is neglected in youth, disease and early death are the results. Do not delay when the means are so near at hand, and within the reach of all.

TO MOTHERS AND MARRIED LADIES.

It is the safest and most effectual medicine ever discovered for purifying the system and relieving the suffering attendant upon childbirth. It strengthens both the mother and the child, prevents pain and disease, and increases and enriches the breast milk, which have much to do with its impensible. It is highly useful both before and after confinement, as it prevents disease attendant upon childbirth.

Constitution Life Syrup

Is the Poor Man's Friend and the Rich Man's Blessing!—Buy it, take it, and be cured.—It is Universal in its effects

Glad News for the Unfortunate!

The Long Sought For Discovered at Last.

CHEROKEE REMEDY

—AND—

CHEROKEE INJECTION,

Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as Incontinence of the Urine, Inflammation of the Bladder, Inflammation of the Kidneys, Stone in the Bladder, Strictures, Gravel, Gleet, Gonorrhœa, and is recommended in these cases of Fluor Albus or Whites, in preference to all other medicines which have failed.

It is prepared in a highly concentrated form, the dose only being from one to two tablespoonfuls three times per day.

It is diuretic and alterative in its action; purifying and cleansing the blood, causing it to flow in all of its original purity and vigor; thus removing from the system all pernicious causes which have induced disease.

CHEROKEE INJECTION is intended as an ally or assistant to the CHEROKEE REMEDY, and is most decidedly recommended in conjunction with it in all cases of Gonorrhœa, Gleet, Fluor Albus or Whites. Its effects are *healing, soothing and destroying* the poisonous matter, so that no burning and pain, instead of the burning and almost unendurable pain that is experienced with nearly all the cheap quack injections.

☞ By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.

For full particulars get our pamphlet from any drug store in the country, or write us and we will send free, to any address, a full treatise.

Price—CHEROKEE REMEDY, $2 per bottle or three bottles for $5.

CHEROKEE INJECTION, $2 per bottle, or three bottles for $5.

Sent by Express to any address on receipt of price. Sold by all druggists everywhere.

Dr. W. R. MERWIN & CO., Sole Proprietors, No. 59 Liberty street, New York.

THE GREAT

INDIAN MEDICINE,

COMPOUNDED FROM

ROOTS, HERBS AND LEAVES.

CHEROKEE CURE.

An unfailing cure for Spermatorrhœa, Seminal Weakness, Nocturnal Emissions, and all diseases caused by self-pollution, such as Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficult Breathing, Trembling, Wakefulness, Eruptions on the Face, Pale, Emaciated Countenance, Consumption, and all the direful complaints caused by departing from the path of nature.

☞ This medicine is a simple vegetable extract and one on which all can rely, as it has been used in our practice for many years, and with thousands treated it has not failed in a single instance. In curing the powers have been sufficient to gain control of the most stubborn cases.

☞ To those who have trifled with their constitution, marring their happiness by destroying the peach of mental and, we would say, *Despair not*; the CHEROKEE CURE will restore you to health and vigor, and all quack doctors have failed.

☞ For full particulars, get a circular from any drug store in the country, or write the proprietors, who will mail free to any one desiring the same, a full treatment in pamphlet form.

☞ Prices, $2 per bottle or three bottles for $5, and forwarded by express to all parts of the world.

Sold by all respectable druggists everywhere.

Dr. W. R. MERWIN & CO., Sole Proprietors, No. 59 Liberty street, New York.

DR. WRIGHT'S

REJUVENATING ELIXIR,

OR ESSENCE OF LIFE.

Prepared from Pure Vegetable Extracts,

Containing nothing injurious to the most delicate.

The Rejuvenating Elixir is the result of modern discoveries in the Vegetable kingdom; being an entirely new and abstract method of cure, irrespective of all the old and *Drastic* nostrums.

This medicine has been tested by the most eminent medical men of the day, and by them pronounced to be one of the greatest medical discoveries of the age.

One bottle will cure General Debility.

A few doses cure Hysterics in females.

One bottle cures Palpitation of the heart.

A few doses restore the organs of generation.

From one to three bottles restore the manliness and full vigor of youth.

A few doses restore the appetite.

Three bottles cure the worst case of impotency.

A few doses restore the lost vitality.

One bottle restores mental power.

A few doses bring the rose to the cheek.

This medicine restores to manly vigor and robust health, the nervous, the broken down and despairing devotee of sensual pleasure.

The listless enervated youth, the over-tasked man of business, the victim of nervous depression, the individual suffering from nervous debility, or from weakness of a single organ, will all find immediate and permanent relief by the use of this Elixir or Essence of Life.

☞ Price, $2 per bottle, or three bottles for $5, and forwarded by express, on receipt of money, to any address.

Sold by all druggists everywhere.

Dr. W. R. MERWIN & CO., Sole Proprietors, No. 59 Liberty street, New York.

CHEROKEE PILLS!

SUGAR-COATED.

FEMALE REGULATOR.

Health Preserver!!

CERTAIN AND SAFE.

☞ For the Removal of Obstructions, and the Insurance of Regularity in the Recurrence of the Monthly Periods.

They cure or obviate those numerous diseases that spring from irregularity, by removing the irregularity itself.

They cure Suppressed, Excessive and Painful Menstruation.

They cure Green Sickness (Chlorosis).

They cure Spasms and Spinal Affections, pains in the back and lower parts of the body, Hemorrhages, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysteria, Sick Headache, Giddiness, &c., &c. In a word, by removing the irregularity, they remove the cause and with it all the effects that spring from it.

Composed of simple vegetable extracts, they contain nothing deleterious to any constitution, however delicate, their functions being to substitute strength for weakness, which, when properly used, they never fail to do.

They may be safely used at any age and at any period, *except during the first month*, during which the unfailing nature of their action would infallibly prevent pregnancy.

All letters seeking information or advice will be promptly, freely and discreetly answered.

Full directions accompany each box.

☞ Price, $1 per box, or six boxes for $5.

Sent by mail, postage free, on receipt of price.

Sold by all respectable druggists.

THE MAGEE

COOKING STOVE.

The subscriber, having received his Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of cooking meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming closet and a place to dry wood, which can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove, as the ashes are all sifted, not allowed to escape into the room, and the shovelling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify and speak of them in the highest terms of praise.

We would refer to the following purchasers:

Portsmouth.

Also on hand an assortment of the different sizes —of the—

MAGEE PARLOR STOVE

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"

VENTILATING & AIR-WARMING

FURNACES.

The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, filling and equalizing the temperature of the air which comes in contact with the fire-pots used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while others have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass out into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq.,	Albert R. Hatch, Esq.,
Aaron H. Hill,	Charles H. Mendum,
Henry F. Wendell,	John Sise, and others.

STOVES

Of almost all other kinds on hand and for sale CHEAP AS THE CHEAPEST.

SPEER'S
SAMBUCI WINE,
PURE AND FOUR YEARS OLD,
OF CHOICE OPORTO FRUIT,
For Physician's Use, Females, Weakly Persons and Invalids.
AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs; very beneficial in Dropsy, Gout and Rheumatic Affections.
SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Samoucus, cultivated in New Jersey, recommended by physicians and chemists as possessing medicinal properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons and the aged and infirm, improving the appetite, giving strength and a healthy tone.
A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, with a blooming, soft and healthy skin and complexion.
None genuine unless the signature of "ALFRED SPEER, Passaic, N. J.," is over the cork of each bottle.
Make One Trial of this Wine.
For sale by **W. R. Preston**, Portsmouth. The trade in Boston supplied by G. C. Goodwin & Co. and Weeks & Potter.
A. SPEER, Proprietor of Vineyard, Passaic, N. J. Office, 208 Broadway, N. Y. John LaFoy, Paris, Agent for France and Germany. my18tf

Please Look at This.
RYE, N.H., Feb. 26, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of Dr. Swett's PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.
PORTSMOUTH, April 21st, 1862.
I have for several years been afflicted with dizziness at my stomach, and loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from my old complaints since, and I enjoy good health. M. LOWD.
From ELDER I. CHESLEY, *Lee, May* 31, 1841
DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY
☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, No. 7 High street, Portsmouth, N. H., promptly attended to. may26

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837.)
76 State street, opposite Kilby street,
Boston.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Trade Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Research made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the entire Patent Laws, furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.
The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges.
JOHN TAGGART.
During eight months, the subscriber, in course of his large practice, made out, and rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.
R. H. EDDY.
Boston, Dec. 19, 1863.—3tawly

The Old Established Hospital.
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually!
DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the latest as well as the latest remedies for these diseases, offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.
In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords, Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Biles, Ulcers, Abscesses, and all other impurities of the system, we perfectly make the contents of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.
YOUNG MEN.
Young Men addicted to secret habits, who have impaired their healths and destroyed the vigor of their minds, thus depriving themselves of the pleasure of life, should by notified that in consulting Dr. J. Teller, they will find a friend to console and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. J. Teller, and he will make them rejoice in all that makes life desirable and man happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.
DR. TELLER'S GREAT WORK.
A book for everybody.—Startling disclosures Dr. Teller's great work for the Married or those contemplating marriage—200 pages—full of plates—price 25 cts. Sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. It is sing to Married and the Married Society. A lecture on Love, or how to choose a Partner—a complete work on Midwifery, it contains hundreds of secrets, never before published. Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps, inclosed, will secure a copy by return mail. Dr TELLER has devoted a lifetime to the cure of those diseases upon which his books treat.
TO THE LADIES.
DR. TELLER still remains the only Agency in America, for the sale of Dr. Vichoi's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.
CAUTION—married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, for the guidance of patients in the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.
Office hours from 8 A.M. to 8 P.M., and on Sundays from 2 to 5 P.M.
N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice. N. B.—No students or boys employed. Notice this, address all letters to
J. TELLER, M. D.,
anl No. 5 Beaver Street Albany, N. Y.

VERNATELLA.
Warranted to make the Soles of Boots and Shoes water and dampness proof, and wear one third longer.
VERNATELLA
Is a preparation from Copper, having no grease, linseed oil, or anything of the kind, and when the soles are once saturated with it, water can no more get through them than through copper itself. **Price 25 Cents Per Bottle,**
at retail everywhere.
But its cost to the purchaser is really NOTHING, as it makes the soles wear much longer than any other dressing for it, leaving a net gain the making of them Water and Dampness Proof, and the preservation thereby of that priceless gem, the health.
☞ LADIES, READ THIS! ☜
SAVE YOUR HEALTH.
Use Vernatella on the Soles of your Shoes. It makes them water proof and thereby protects your feet from dampness, for the ground is always more or less moist, either from rain or the morning and evening dew.
At wholesale in Boston by Geo. C. Goodwin & Co., 38 Hanover street; S. M. Colcord & Co., 86 Hanover st.; M. S. Burr & Co., 26 Tremont st.; Carter, Hart & Co., 42 Hanover st.; and Wholesale Druggists generally. Also, by all the principal dealers in Boots and Shoes.
Manufactured in the Chemical Department of
The Cahoon Manufacturing Company.

Morning Chronicle.

Portsmouth, N. H.

FRIDAY, JULY 8, 1864.

THE REBELLION.

A Philadelphia dispatch of July 6 states that a rebel brigade entered Hagerstown that afternoon. The Federal forces, after a spirited engagement, fell back on Greencastle, Pennsylvania, which place they held at 9 o'clock that night. The rebel force is Bradley Johnston's brigade. A Baltimore dispatch of the same date states that there is a small body of rebels at Middletown 8 miles from Frederick.

Dispatches to the N. Y. Herald, from Grant's army in front of Petersburg, July 2, say our batteries on that day silenced all the enemy's batteries, and drove the men from the guns. Our bombardment of the city is steadily doing its work, numbers of buildings having already been destroyed.

The World's Washington dispatch says Gen. Wilson's losses have been greatly exaggerated.

The Tribune's Washington dispatch says Petersburg is now covered by over 100 of our guns, and were Gen. Grant to give the word its destruction would be the work of but a few hours.

The Tribune's dispatch from Monocracy July 6, says a party of rebel cavalry were driven back near Frederick that day. Gen. Sigel reports the whole rebel force at 4000. Gen. Grant has notified the War Department that a large portion of the rebel army has left his immediate front, and that a large portion of Gen. Hunter's force had reached Parkersburg on their way east.

The Herald's Washington dispatch says, notwithstanding the wild reports, it is learned that the rebels burned only one important bridge west of Harper's Ferry, at Patterson's Creek.

Governor Curtin telegraphs that 20,000 rebels had crossed at Point of Rocks, when the trains from Washington ran regularly to and from that point on Wednesday.

The Star says Hunter has joined Sigel and will soon make short work of the raiders. It is said Gen. Grant will not send any force to the Shenandoah Valley, no no matter what the rebels may do.

A Baltimore dispatch of the 7th states that the rebels at Harper's Ferry destroyed all railroad property there, including the telegraph and ticket offices; also burnt a large quantity of forage. So far the rebels have used no artillery against our forces.—There is no authentic information there that the rebels are in force in Maryland.

☞ Hall's Journal of Health, for July, contains an elaborate essay on "Bronchitis and Kindred Diseases," by the editor, Dr. W. W. Hall—with many facts and cases interwoven with the essay, and forming an important part of it.

☞ In New York city a fashionable grocer, who had sold a covered ham marked eleven pounds, refused to make the difference good to the purchaser when the latter discovered that the ham, stripped of its canvas, &c., weighed actually but eight pounds. The result was that the grocer was mulcted, in a court of law, in heavy costs, besides being admonished that when he sold so many pounds of anything he was bound to furnish the number of pounds for which he took pay.

It is often the case that men, for the purpose of getting a living, forget to live.

— Our Potomac boys are making sad havoc with the stores of onions, tomatoes, &c., which their friends have sent them.

— All the New York militia except four regiments have offered their services to the Government for thirty days.

— Gov. Curtin of Pa. calls for 12,000 volunteers, to serve 100 days in Pennsylvania, Maryland and Washington.

— A private letter from off Charleston says the rebel officers sent there have been placed in quarters where the rebel shell mostly fall.

— Mrs. Lincoln has returned to Washington from Harvard College commencement, with her student son, Robert, who, it is said, intends to go to the front, and pass his vacation in the ranks of Grant's army.

— During the conflagration at Saratoga the helpless patients in the Water Cure Hospital were rescued from a horrible death by a party of gamblers, who rushed into the burning building and took the patients from their beds.

— A fine little boy was shot dead by another boy in Newburyport on the Fourth. Of course it was an accident, the result, as the Herald says, of a recklessness which, on the anniversary of Independence, has reached a point in criminality equalled only by its prevalence.

— The Washington correspondent of the New York Herald says Secretary Seward met with an accident on Monday evening while riding in his carriage, a rocket stick striking him just above the eye. The blow was not severe enough to cause any serious injury, although had it struck an inch lower, the most deplorable consequences might have ensued.

NEW HAMPSHIRE ITEMS.

—— The centennial celebration at Raymond, July 4, was well attended, and successful every way.

—— E. W. Abbott writes to the Governor, under date of June 27, that he, in conjunction with Rev. A. J. Patterson of this city, had distributed contributions of anti-scorbutic articles and stimulants, to the 2d, 3d, 4th, 5th, 6th, 7th, 9th, 10th, 11th, 12th and 13th New Hampshire regiments, to the men in the trenches at the front, who stood in much need of them.

—— The arrangements for Commencement Week at Dartmouth College are as follows:

Baccalaureate, Sunday P. M., July 17, by the President, Rev. Asa D. Smith, D. D., LL. D, Class day exercises, Tuesday P. M., July 19. Tuesday evening, Address before the Theological Society.—Wednesday morning, Oration before the Alumni, by Rev. Dr. S. C. Bartlett, Professor in the Chicago Theological Seminary. Wednesday P. M., Oration before the Literary Societies by Rev. Dr. Wm. H. Sprague, of Albany. The usual Concert on Wednesday evening, and the commencement exercises on Thursday.

THE KEARSARGE AND ALABAMA.—The officers and seamen captured by the Kearsarge from the Alabama were liberated on parole at Cherbourg.

A letter in the Paris Patrie states that Semmes has announced that on the 15th of August he will again embark in a new Alabama, which will then be completed. The seamen of the old Alabama will continue to receive the pay and form part of the crew of the new cruiser. Rumor points to the steamer Rappahannock, the ex-British war-vessel which stole away from Sheerness to Calais, as likely to be Semmes' next vessel.

A committee, headed by Admiral Anson, has been formed in London to raise by guinea subscriptions funds for the purchase of a handsome sword to replace that which Semmes sank with his ship. It is reported that a considerable sum will be raised in Liverpool for that object.

The Daily News publishes an account of the Kearsarge and Alabama affair, correcting false statements as to the course pursued by the Kearsarge. It charges that the Deerhound acted as a sort of tender to the Alabama, and that Capt. Winslow would have secured all the officers and crew of the Alabama had he not placed too much confidence in the honor of the owner of the yacht. The News considers Semmes and the others who escaped bound in honor to give themselves up, and that Capt. Winslow did not pursue and fire upon the Deerhound because he did not believe any one carrying the flag of the Royal Yacht Squadron would act so dishonorably.

The Daily News also publishes a letter from Mr. Stoddardt, master of the Kearsarge, complaining that the Deerhound was a consort of the Alabama.

The Paris Temps and Siecle denounce exaggerated and pro-Southern accounts given by semi-official Paris papers of the destruction of the Alabama.

Thirty-seven of the crews of the ship Rockingham and barque Tycoon, destroyed by the Alabama, have been landed at Havre by a French steamer.

In the House of Commons on the 23d Sir John Hay asked if the attention of the Government had been called to the action between the Kearsarge and Alabama, and inquired whether, in view of the experience gained by it, the Government would continue building ships which could neither fight nor swim.

Capt. Winslow of the Kearsarge, in his official account of sinking the Alabama, says:—

The ships were about equal in match, the tonnage being the same, the Alabama carrying a 100-pound rifle with one heavy 68-pounder and six broadside 32 pounders, two 11-inch and one 28 pound rifle, one gun less than the Alabama.

The only shot which I fear will give us any trouble is a 100-pound rifle ball which entered our stern post, and remains at present unexploded.

☞ Pres. Fairfield, the head of one of our American Seminaries, is travelling in England, and writing some good letters to the Morning Star. He attended a meeting of the English Peace Society, of which he says:

The speakers, being decided anti-slavery men, found it difficult to speak of the American war in consistency with their theory that arms are in no case to be resorted to, either for assailing an evil or defending the national life against assault. So one of them—Mr. Burritt—made no allusion to it whatever. The Report dwelt upon some of its horrors, as on the butchery by the South of our black soldiers, and what would come if retaliation should be resorted to.—Another of the speakers—an able Quaker—who is also a very decided anti-slavery man, referred to it in this wise: "And the war now waging in America illustrates the teaching which we have often set forth, that nothing is likely to be gained by resorting to arms for the accomplishment of the ends sought. The South—and I believe they began this war—took up arms for the purpose of maintaining and strengthening slavery; and it has already become pretty manifest that the result is to be the annihilation of the whole system!"

This sentence was loudly cheered; and it was certainly as ingenious a statement of the case as any anti-slavery peace man could well make.

THE MISTAKEN APPREHENSION.—In a late article on American affairs, the Edinburg Review makes the following suggestive remarks:—

Where, it may be asked, is all the devastation threatened in regard to this region [the Southwest] above all other regions of the Slave States, as a consequence of the Proclamation of Emancipation? The apprehension was a mistake altogether. A little more knowledge and reflection would have shown the most timid that the negroes do not burn and slay and ravish and lay waste when they have got what they demand, but, if at all, when they are disappointed and desperate. A little more knowledge still would have shown that the American slaves in particular were unlikely to break out into acts of revenge when their long trial was over. The same influence which kept them quiet under the yoke for the last thirty years of their bondage was not less powerful when the provocations of slavery had ceased. From the moment they had the Abolitionists to look up to the negroes rebelled no more: the same *moral power*, without any direct communication, trained and disciplined them for the great change which is promised; and no one who had any real knowledge of either the facts or the philosophy of the case can have felt any dread of evils which have occasioned as much virulent invective, and as much noisy menace, as if they had not been merely imaginary.

There was great misapprehension on this subject in this country, not only as to what the bondmen might do, but also as to what the abolitionists wished them to do. The abolitionists, English and American, who have labored for these thirty years in the interest of emancipation, were, and are, most of them religious men, many of them quakers, and not a few of the most self-denying, unambitious people who speak the English language. Very few, indeed, among them were politicians in any party sense, and those few damaged their own prospects or wishes for preferment. For abolition and abolitionists were vilified, belied and ridiculed by a large portion of the newspapers: they were denounced by many churches and pulpits; and silently but stubbornly shut out by many more. Not only so,—the bare *suspicion* or *surmise* that a man was an abolitionist was a fatal bar to wise him from high office or emolument.

It should not be forgotten in this connection, that when it was proposed to send Edward Everett as Minister to London, the slave power in the Senate held him back on suspicion of abolitionism, and kept him back until somebody had raised a smoke to purify him, as they used to smoke the doctors and nurses of small pox hospitals.

When they had seen him well fumigated they let him go, but not till then. This shows how much the slave aristocracy misapprehended abolition and its advocates. It was not a very amusing process to Mr. Everett, but it amused the abolitionists, who never claimed him

Pres. Pierce and Mr. Cushing also misapprehended the matter, when they essayed to crush out abolitionism, which they condemned as something monstrous; but which was only a call for justice, long delayed, but sure to come at last. Those who made the call, hoped, and prayed, and argued that it might come peaceably. The aristocracy, the parties, and millions of the people would not hear or would not heed—and behold the consequence. Justice and judgment come together with fearful retribution.

They have not come, however, with any dreadful outbreak of the bondmen, either before their yoke was broken, or afterwards. On the contrary, they obeyed the "*moral power*," not only of the Northern abolitionists, but of their own brethren in the West Indies, when the apprenticeship began, and when it ended.

It may be news to some reader, but to us an old story, that the old barbarous aristocracy of Jamaica and other isles were afraid of an outbreak when the day of jubilee came, and so had a double military guard, and a double police force all ready. But the freedmen, women and children, filled and crowded their churches on the eve of the great day; kept up their sermons and prayers till midnight, and then began their new life with thanksgivings, songs and hallelujahs. No outbreak occurred then; and *none since*, in these twenty years.

But some people are very slow to learn how safe a thing it is to do right. U. T.

N. A. REVIEW, for July.—The editors of this valuable quarterly are Prof. James Russell Lowell and Charles Eliot Norton, Esq. The contents of the July number are: A Physical Theory of the Universe; The Property Rights of Married Women; The Philosophy of Space and Time; The Constitution and Its Defects; The Navy of the United States; Our Soldiers; A National Currency; The Rebellion, its Causes and Consequences; Critical Notices.

Thoroughly national and loyal in its spirit, devoted to the encouragement and elevation of American literature and of a higher standard of criticism, it merits the support of all who have at heart the best interests of our country. $5 per year.

Much smoking kills live men and cures dead swine.

Man is sometimes the slave of ten thousand imaginary necessities.

☞ By the Asia, at Halifax, we have English dates from Queenstown to June 26. Rumors of the Dano-German war depressed the funds, but later pacific rumors advanced them again.

The United Service Gazette says that orders have been issued to prepare and hold in readiness for immediate use the necessary warlike equipments for 30,000 troops.

The new steamer Yeddo, believed to have been built for the Confederates, at Bordeaux, had left that port for Amsterdam. Everything about the vessel was perfectly correct, but there was an unexplained mystery in her proceedings.

— The U. S. frigate Constellation was Alexandria about the middle of June.

Ayer's Sarsaparilla

Is a concentrated extract of the choice root, so combined with other substances of still greater alterative power as to afford an effectual antidote for diseases Sarsaparilla is reputed to cure. Such a remedy is surely wanted by those who suffer from strumous complaints, and that one which will accomplish their cure must prove a boon of immense service to this large class of our afflicted fellow citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found in the following complaints:—

Scrofula, Scrofulous Swellings and Sores, Skin Diseases, Pimples, Pustules, Blotches, Eruptions, St. Anthony's fire, Rose or Erysipelas, Tetter or Salt Rheum, Scald Head, Ringworm, &c.

Syphilis or Venereal Disease is expelled from the system by the prolonged use of this SARSAPARILLA, and the patient is left in comparative health.

Female Diseases are caused by Scrofula in the blood, and are often soon cured by this EXTRACT OF SARSAPARILLA.

Do not discard this invaluable medicine, because you have been imposed upon by something pretending to be Sarsaparilla, while it was not.—When you have used AYER'S—then, and not till then, will you know the virtues of sarsaparilla.—For minute particulars of the diseases it cures, we refer you to Ayer's American Almanac, which the Agents below named will furnish gratis to all who call for it.

AYER'S CATHARTIC PILLS, for the cure of Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Headache, Piles, Rheumatism, Heartburn arising from Disordered Stomach, Pain or Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Liver Complaint, Dropsy, Worms, Gout, Neuralgia, and for a Dinner Pill.

They are sugar coated, so that the most sensitive can take them pleasantly,—and they are the best Aperient in the world for all the purposes of a family physic.

Prepared by J. C AYER & Co, Lowell, Mass., and sold by Brackett Hutchings, J. H. Thacher, W. R. Preston, David Kimball, and all druggists.

"A Wonderful Discovery."

DR. TEBBETTS' "PHYSIOLOGICAL HAIR RESTORATOR" is compounded in strict accordance with the well known laws of Physiology and with vegetable Chemistry. It is not a "DYE," it will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth of new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off and removes all dandruff, heat, humors and itching from the scalp. It keeps the hair soft, moist and perfectly healthy, and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "RESTORATIVE" is warranted to produce the above results in all cases, or not the money to be refunded. With it every "GRAY HAIR" in New England can be restored in less than sixty days.

CAUTION, opposite the Post Office and 12 Market Square, Agent for Portsmouth.—C. G. Goodwin, No. 38 Hanover street, Boston, Wholesale Agent for New England, and sold by Druggists everywhere. TEBBETTS BROTHERS, Druggists and Chemists, Proprietors, Manchester, N. H. Jel—tf

Proposals for Pine Timber and Plank.

SEALED PROPOSALS will be received at the City Clerk's Office in the city of Portsmouth, N. H., until SATURDAY, July 2, 1864, at 12 o'clock noon, for furnishing the following schedule of Timber and Plank for repairing the Sewers in said city:

[illegible] pieces White Pine 8 by 10 inches, 32 feet long.
[illegible] " " 8 by 10 " 16 " "
[illegible] " " 8 by 10 " 34 " "

[illegible] feet board measure White Pine Plank, 3 inches thick and 21 feet long.

Persons proposing will state the price by the thousand feet board measure; they will also state the time when the whole can be delivered, having wanted immediately.

Separate bids will be received for the Timber and Plank.

The undersigned claim the right to reject any or all.

By order of the Board of Aldermen.
JOSEPH B. ADAMS,
WILLIAM E. HADLEY,
Committee on Streets, Roads and Bridges.
Portsmouth, N. H., June 21, 1864.

Proposals for Wood.

SEALED PROPOSALS will be received at the Clerk's office, in the CITY OF PORTSMOUTH, until the twentieth day of July next, supplying the Overseers of the Poor with one hundred to two hundred and fifty cords merchantable HARD WOOD, to be delivered at either Railroad Depot, or at such wharf the Overseers may designate.

The Overseers reserve the right to reject any or all bids.

By order of the Overseers of the Poor.
MARCELLUS EFFORD, Clerk.
Portsmouth, N. H., May 14, 1864.

☞ The *Domestic Dyes* prepared by D. H. Reed & Co. offer the simplest and most perfect means of dyeing household apparel ever presented the public. They embrace 40 different shades, and include all the new and fashionable colors—and are perfectly *fast*. Samples of silk and wool can be seen and the colors proved at TRACHER Je20

Cheap Commercial Note Paper.

J. SHORES, Jr., No. 1 Congress Block.
Has for sale
White Ruled Commercial Note Paper,
Packages of 10 quires, for 75 cents. my31

Local.

☞ Local items are scarce—scared away by the yellow fever we expect; and printers yet scarcer. There are not so many hands to day at work in all the offices in the city, as are usually employed in either the Journal or the Chronicle office. Boys of late are not plenty, and the stock of *good* ones seems to have run out. The fact of our having but four hands to do the work usually done by eight, for several days back, must be our explanation if not our excuse, for any neglects or short-comings. If a live, intelligent, trustworthy boy, would like a first-rate opportunity to learn the printing business, now is his chance, at this office. Also a good carrier wanted; one who gets up before breakfast, and won't forget where he himself or any other man lives. To both good pay—more than they can earn almost anywhere else.

☞ The genus "hammerer" is to us a nuisance. Say they to-day, Why don't you pitch into the Navy Department, for not sending more vessels to our Yard for repairs, &c.? Then to morrow, when Government *has* sent as many as we want, and rather more of the sort—then it is, Why don't you denounce everybody and every thing? Now they are afraid the war will ruin all things, and then that peace will accomplish the same sad end. People or countries which are so very liable to be ruined, and so often, are exceedingly troublesome to take care of, at any rate. Better not undertake to turn the world upside down too often.

☞ The yellow fever excitement has about died out. Glad of it—and so will everybody else be, we suppose. It's always well to be careful, if you know when and how to be so; but never best to be scared, if you can help it. Some folks seem to forget that we must all die, and that nobody dies more than once; and appear to enjoy being frightened to death every day or two, at even the slightest opportunity, or even if there is no occasion they make one.]

☞ The city authorities are about to erect a building on the Court House lot, in the rear of the Engine House, to be used as a hose carriage house, and for the purpose of sawing wood by horse power, for the out-of door pensioners.

☞ The Portsmouth Steam Factory are enlarging their dye-house in anticipation of doing the dyeing for the Rockingham Mills. The latter mills have recently received a new set of boilers.

☞ Of all human or inhuman passions, Cowper well pronounces "Cruelty most devilish of them all." And of all cruelty, there is none so common, or at any rate so public, in this vicinity, as the abuse of horse-flesh—we mean the foolish, murderous overdriving of livery teams. "Put a beggar on horseback, and he will ride to the devil," so 'tis said; and the sooner those go there the better, who are thus cruel to the noble animals so much less brutal and more noble than themselves. What the fools gain by their fast driving, we never could discern — seeing that a fresh horse is so much more pleasant to ride or drive than a jaded one, not to mention dirt on team and driver; and that when you get all the go there is in a horse, out of him on the first mile or two, the rest of your ride is only a drag. The best we could wish such creatures, whatever their shape, would be to have them hitched behind a good team, and let them foot it to the Beach at the same rate they drive. We are not sure but the men who let horses to such "fellows", of either sex, ought to suffer more than the loss on their teams; but we are convinced that the break-neck drivers should be indicted under the act for prevention of cruelty to animals.

☞ Now that our City Sanitary Committee has got rid of some of the dirt and filth about the city, why not *keep* clean?—Eternal vigilance is the price of liberty from uncleanness and stench; and there is no reason why our little quiet city shouldn't be a vast deal less dirty than we usually keep it. "First pure, then holy." Who said anybody throws house or store slops, or sweeps paper or other rubbish, into the street? Read the Sanitary Police Regulations—which we hope they'll put through, and everybody who violates them.

☞ A Bangor dispatch of July 7 states that Co. A, Maine State Guard, which has been ordered to garrison Fort McClary, left Bangor Thursday forenoon, with 103 men, two more than a full company. It is a fine company. Among the privates was Vice President Hamlin.

☞ First Lieut. J. Albert Sanborn, of this city, has been detached from the 10th N. H. Regiment, and appointed on the staff of Gen. Burnham, as Provost Marshal of 2d Brigade, 1st Division, 18th Army Corps.

— The following are the quotations of gold in New York Thursday, at the Gold Exchange: At 10 o'clock, 262; at 10:45, 266; at 11:15, 271; at 12, 269 1-4; at 12:45, 267 1-4.

Bird Lost,

On Wednesday, from No. 17 High Street—a dark CANARY, one foot crippled. Information concerning him, at the house or this Office, will be thankfully received and liberally rewarded.

☞ Washington items, of July 6, say: The Sanitary Commission sent to day to the Army of the Potomac 1150 barrels of fresh vegetables and 8000 heads of cabbage. The tax on passports has been raised from $3 to $5. Gentlemen of prominence assume that, beyond the act of humanity in rescuing Semmes from drowning, the course of the Deerhound was in contravention of the law of nations.

— The cause of the suspension of the habeas corpus in Kentucky was anticipated trouble in enforcing the draft, and particularly in the enlistment of slaves.

MARRIAGES.

In East Kingston, June 23, JOSEPH W. FOLLETT to Mrs. ANN M. GALE.

In Kingston, June 26, JOHN H. DOAK, of Newton, to Miss AUGUSTA S. SMITH, of Fremont.

BUSINESS NOTICES.

Would you save yourself from suffering after eating, or from acidity of the stomach, or burning sensation, or indigestion? Use Herrick Allen's Gold Medal Saleratus. Never use soda if you can procure this article. It will strengthen weak stomachs and relieve dyspepsia; it is saving in the quantity of flour, &c., &c. Try it. Grocers and Druggists most all sell it. The Wholesale Agents are Wholesale Grocers.

Soldiers, see to your own health, do not trust to the army supplies; cholera, fever and bowel complaint will follow your slightest indiscretion. Holloway's Pills and Ointment should be in every man's knapsack. The British and French troops use no other medicine.

If the reader of this "notice" cannot get a box of Pills or Ointment from the drug store in his place, let him write to me, 80 Maiden Lane, enclosing the amount, and I will mail a box free of expense. Many dealers will not keep my medicines on hand because they cannot make as much profit as on other persons' make. 35 cents, 88 cents, and $1.40 per box or pot. 216

TO THE

Citizens of Portsmouth

It having become apparent to the Board of Aldermen that the Yellow Fever has made its appearance in our city, (having been brought in certain U. S. ships recently arrived,) and that several of our citizens have died therefrom, while a few more cases yet remain: that Board, unwilling that any official act of theirs shall add to the excitement already existing in the community, yet in the exercise of their duty as conservators of the public health have appointed the undersigned as a Sanitary Committee, who, with a Sanitary Police under the supervision of said Committee, shall make a most thorough inspection of the streets, yards, buildings, cellars, &c., and in fact every location within the limits of the city which may require that any additional sanitary measure be taken to ensure the return of the usual healthy condition thereof. With a view thereto, the Committee invite the earnest co-operation of *every* citizen, that they will immediately give especial attention to the condition of their own premises, and that those who have tenements will see to it that no tenant is allowed to create or maintain a nuisance of any kind, however slight; believing that no one who values his own or another's health will be negligent, when taking in consideration that we have the long summer months yet before us, and the liability to have this much dreaded fever added to those diseases which usually prevail at this season of the year: Therefore,

It is ordered, That no decayed fruit or vegetables will be permitted to remain on your premises—especially oranges, lemons, pineapples, &c., peapods, the tops of vegetables such as beets, radishes, &c.—without being buried.

Swill tubs must be kept clean and sweet, with lime scattered in their vicinity, and emptied or buried each day.

No lobsters will be boiled or sold within the limits of the city, the dealers having consented thereto.

No fish entrails, or any portion of fresh or salt fish, is to be left around houses.

Sink and cellar drains must be let into the ground, or the same will be done by the city at the expense of the owners of the premises, and tenants are requested to notify owners of this fact immediately.

Pigsteys must be kept clean and sweet. All piles of pig manure must be buried. Lime should be scattered often in the vicinity.

No person will be allowed to throw any vegetables, fruit, or refuse matter of any kind, into the street.

Chips around premises, when exposed to the weather, should be cleared up.

Privies should be banked up with earth, and chloride of lime sprinkled about and thrown into them, and no duty or expense spared to prevent the further spread of this or the appearance of any other disease.

The Sanitary Police are authorized to inspect as above and direct that immediate attention be given to the abatement of all such nuisances as may come under their notice, and any neglect to conform will be followed by prompt action on the part of the Board.

J. E. RIDER,
J. C. BROWN,
C. A. SHANNON,
Committee.

E. A. STEVENS,
NO. 46 MARKET STREET.

AN UNUSUALLY LARGE STOCK
OF EVERY KIND
—OF—
KITCHEN FURNISHING GOODS

Gas Fixtures.

Persons who desire to have any repairs or alterations made in Gas Pipes or Fixtures, are requested to send in their orders at once. The work can be done much more promptly now than later in the season. E. A. STEVENS.

"A Stitch in Time Saves Nine."

All Furnaces, Stoves and Funnels should be thoroughly cleaned out and put in order, as soon as fires are done being made in them. If allowed to remain filled with ashes and soot through the summer, they will decay very rapidly, and useless expense be incurred.

A full supply of Linings and Repair Pieces constantly on hand, and all orders attended to with dispatch. E. A. STEVENS.

HALEY, MORSE & BOYDEN'S
SELF-ADJUSTING
CLOTHES WRINGER.
THE BEST IN THE WORLD.

Over 40,000 have been sold by the manufacturer in a little more than two years—nearly 400 of them in Portsmouth and vicinity!

Buy one and try it—if not perfectly satisfactory the money will be refunded.

Facts for the People.

The enormous rise in price of Iron, Coal and Labor, has caused manufacturers to advance the price of STOVES and Castings several times since the war began; and it is now arranged to make a general advance of 25 to 50 per cent. this season.

We have not yet raised the price of Stoves in proportion to their increased cost, but shall be compelled to do so very shortly. Persons who expect to purchase anything in the Stove and Furnace line within a year or two, will save money by doing so at once. The price of a Stove is not so much an object, now, as its capacity and the cost of operating it. All things considered, there is no Stove equal to

THE MODEL COOK.
IT IS, IN FACT,
The Best Stove Out,

for economy, convenience and dispatch.

Many people think it best to use an old stove as long as possible, but it is far better to throw it away and purchase a MODEL COOK, than to keep it at the present high price of fuel.

One of our shrewdest citizens who purchased a MODEL COOK STOVE a year since, says he has saved more than its cost already.

A careful, prudent farmer purchased one, and after it had been in operation some days his son came into the store and said, "something was wrong at their house;" his father and himself used wood off the same pile, he burned three baskets full a day, and his father only one! We sold him a Stove before he left, and there has been no complaint since.

These Stoves are in use in many hotels and boarding houses, and in hundreds of private families in this city and vicinity, and give the best of satisfaction.

MASON & HAMLIN'S
CABINET ORGANS,
Combining the requisites for Sacred and Secular, Church and Parlor Music; for Families, Sunday Schools, Day Schools, Churches, &c.

They are elegant as pieces of furniture; occupy little space; are not liable to get out of order or out of tune; are warranted for five years; will improve in tone by age, and are moderate in cost.

They are to private houses, Sunday schools and smaller churches, what the larger pipe organs are to large churches, and in addition to this are adapted to secular as well as sacred music.

The Cabinet Organ is essentially different from, and a marked improvement upon, all instruments of the melodeon or harmonium kind. Its superiority consists in many important characteristics.

The undersigned, Agent for the Manufacturers, will be pleased to show the Cabinet Organs to all wishing to purchase, at his residence, NO. 30 HANOVER STREET.
my24 A. PEARSON.

GOLDEN SHEAF WHISKEY.

C. A. RICHARDS,

99 WASHINGTON STREET,

Boston.

Would most respectfully invite the attention and examination of all Grocers, Druggists, Apothecaries and Private Individuals, desiring to sell or use STRICTLY PURE

Liquors, Wines, Cordials or Bitters,

to the list of choice goods enumerated below, which are constantly on hand in large quantities in his large and spacious

Wine Store and Bottling Establishment,

99 Washington street, Boston.

First on the list, as a reliable pure stimulant, stands the celebrated and widely known

Golden Sheaf Bourbon Whiskey,

made from Wheat, Rye and Corn, warranted for five years old. Put up in unique style, each bottle in a paper wrapper, so that no one can see exactly the large and increasing sales of which convince the proprietor that no extended advertisement is needed to equal its real merits. It will recommend itself on trial

Golden Sheaf Cordial.

A delightful and healthful beverage, aromatic, with a fine ginger cordial, made from the pure Golden Sheaf Bourbon.

Golden Sheaf Bitters.

The best Tonic Bitter ever offered to the public. Misguided by the unprincipled, the Bitters sold in a number of other ingredients for restoring the appetite and imparting life and vigor to the whole system.

Golden Sheaf Punch.

Made from fresh, ripe lemons, and other articles, combined as a whole into a fine rich

Bourbon Whiskey Punch.

All the above put up full strength of the whiskey, and in cases of one dozen each. These articles improve by age, and no exposure of climate can affect them

JOHN AND ROBERT DUNSTER'S CELEBRATED

LONDON DOCK SPIRITS AND WINES,

Imported solely by C. A. R., in wood, from the London Docks, and bottled by the Subscriber in America. The distinguished and world-wide reputation of these articles has induced the subscriber to seek and obtain the Sole Agency in this country.—The wine sold only in Bottles, entirely pure, and without adulteration, and comprise the four kinds, as follows:

LONDON DOCK GIN,
LONDON DOCK BRANDY,
LONDON DOCK SHERRY,
LONDON DOCK PORT.

All in cases of one dozen each, in strong shipping order for immediate transportation, and are sold lower than any other liquors and wines in the market, of equal quality.

Pure California Wines.

The large demand for the pure wines of California has made it a fixed fact that no well selected stock of Wines is complete without them. C. A. R. has made arrangements for the entire production of

The Largest Vineyard in California!

and is now bottling a selected stock of the finest CALIFORNIA WINES ever seen IN THE MARKET, of four qualities, in splendid style of labels, bottles and cases—such as

AMERICAN SWEET.
PORT—Rich.
ROCK—Dry.
STILL CHAMPAGNE—Delicious.

Parties attracted by this advertisement, or who have already become acquainted with the qualities of these articles, can have a price list sent by mail, or samples by express, when desired, by addressing the subscriber,

C. A. RICHARDS,

99 Washington street, - - - Boston.

NOTE.—C. A. Richards would also beg leave to state that the above are only a part of the list of articles for sale and improvement. He has, in addition, one of the largest stocks in America of **Fine Bottled Wines and Spirits**, of every variety and kind, together with a fine assortment of Liquors and Wines in original packages, for sale by the cask or gallon. Also, **Fine Cigars, Sardines, Pickles, Sauces**, and every other article luxury and family trade, in first class wine store in this country or in Europe.

Orders are most respectfully solicited.

PEKSTON and THACHER, Agents for Portsmouth. Boston, Dec. 9, 1853.—3ways

$4 FOR $1

We are now sending by mail, free of postage, our FINEST DIAMOND POINT "UNION GOLD PENS," with Silver Extension Case, with Lead Pencil, beautifully chased, at our wholesale price of ONE DOLLAR. Never before retailed less than $2. They are warranted to be the most durable and beautiful in market. 200,000 persons are now using them, and constantly sending orders for more. We also send, without extra charge, ☞"HOOD'S GREAT BOOK OF 100 SECRETS, OR HOW TO MAKE FIVE DOLLARS A DAY, Without Capital. One of these Secrets cost the publisher $250 for the right to publish it. Several persons are now making $120 per month by these Secrets. This book is worth $50 to any man or woman. Address Asa Bennett, a wounded soldier, writes us from Chicago, he has realized, in four months, $512 by knowledge obtained from this Book. Charles K. Wright, of Portland, says "God speed the day when all shall possess your valuable Book, for it has raised me from poverty to prosperity." Quar. White, in the Army, writes: "We received your Fine Gold Pens, and find them far superior to all others used in this department." We send one Gold Pen Silver Extension Case and Book of Secrets for $1. Three for $2.75. Four for $3.50. Twelve for $10.20. We warrant every Pen sent to be of fine gold. Address M. YOUNG & BROS., 187 Monroe street, New York. Send Government money. Jel2—6mTuKo.

Constitution Life Syrup,

COMPOSED OF

IODIDE POTASSIUM,

With the compound concentrated fluid extract of

VALUABLE MEDICINAL ROOTS AND HERBS,

Prepared by WM. H. GREGG, M. D., Graduate College Physicians and Surgeons, N. Y. formerly Assistant Physician Blackwell's Island Hospitals, late Medical Inspector New York State Volunteer Depots, under Gov. Edwin D. Morgan.

Constitution Life Syrup

HAS PRODUCED

A REVOLUTION IN MEDICINE!

What may seem almost incredible, is, that many diseases hitherto considered hopelessly incurable are frequently cured in a few days or weeks, and we cheerfully invite the investigations of the liberal minded and scientific to cures which have no parallel at the present day.

Our medicine is peculiar, by it the seat of disease is directly reached, and the equilibrium restored. Those who have suffered long from painful and obstinate diseases, those who have vainly sought relief from numerous medicines, those who cannot be cured by other physicians—are

Invited to use Constitution Life Syrup.

During the past five years we have contended with obstacles and overcome opposition as herein less as ever encountered by any reformers.

Rapidity of Cure.

"Some say "Our cures are too quick," while others doubt their permanence, and think that diseases can only be cured by the "slow recuperative process of Nature." The last only reply

In health, the body, like a well-balanced scale, is in a state of equilibrium. But when from any cause down goes one side of the scale, we have the effects of disease. What is requisite is, to restore the normal balance of the scale.

CONSTITUTION LIFE SYRUP,

A positive and specific remedy for all diseases originating from an IMPURE STATE OF THE BLOOD, and for all hereditary DISEASES transmitted from PARENT TO CHILD.

Paralysis,

Hemiplegia, Paralysis, Paraplegia, Paralysis Agitans.

It is so universally admitted that Constitution Life syrup is the only effective means of restoration in the cases of Paralysis, that we need not reiterate that it is emphatically the Great Life-Giving Power.

Dyspepsia.

Indigestion, Liver Complaint, Constipation, Weak or Sick Stomach, Biliousness, Want of Appetite, Flatulence, Foul Breath.

Scrofula.

Strumas, Glandular Swellings, Ulcerations, King's Evil, Erysipelas, Salt Rheum.

This taint (hereditary or acquired), filling life with untold misery, is by all usual medical remedies incurable.

Rheumatism.

Arthritis, Neuralgia, Gout, Lumbago, Sciatica, The Dolorous.

If there is any disease in which the Constitution Life Syrup is a sovereign, it is in Rheumatism and its kindred affections. The most intense pains are almost instantly alleviated—enormous swellings are reduced, and the whole system invigorated, in 20 or 30 days standing, have been cured by us.

Nervousness.

Nervous Debility, Confusion of Thoughts, Epilepsy, Loss of Power, Shattered Nerves, St Vitus' Dance.

Thousands who have suffered for years, bless the day on which they read these lines. Particularly to weak, suffering woman will this medicine prove an inestimable blessing—directing their footsteps to a Hope which fulfils more than it promises.

Mercurial Diseases.

Salivation, Feeling of Weariness, Rotting of Bones, Bad Complexion, Pimples, Depressed Spirits.

Constitution Life Syrup purges the system entirely from all the evil effects of MERCURY, removing the Bad Breath, and curing the Weak Joints and Bodily Pains which the use of Calomel is sure to produce. It hardens Spongy Gums and secures the Teeth as firmly as ever.

Constitution Life Syrup

Eradicates, root and branch, all Eruptive Diseases of the Skin, like

ULCERS, PIMPLES, BLOTCHES.

And all other difficulties of this kind, which so much disfigure the outward appearance of both males and females, often making them a disgusting object to themselves and their friends.

CONSTITUTION LIFE SYRUP

Cures all Swellings of the Glands,

Either of the Face, Neck or Female Breast, and should be taken as soon as the swelling is detected, thus preventing their breaking and producing troublesome Indolent Ulcerations, which disfigure so many of the younger portion of the community, from six to twenty years of age. Young Ladies are very subject to this disease, which destroys so many of the younger portion of the community, from six to twenty years of age. Young Ladies are very subject to this disease, which destroys the Bloom of Youth and Beauty, which depends upon a Scrofulous Constitution. These cases soon recover by taking a few bottles of the Syrup.

All scrofulous persons suffering from Debility, Emaciation, Dyspepsia; Dropsy, of the limbs or abdomen, and in the early stage of the dropsy or ascites with numb, generally accompanied with inflammation and ulceration of the uterus; are permanently cured by Constitution Life Syrup. The disease known as the White Swelled Neck, the Life Syrup will remove entirely. The remedy should be taken for some time, as the disease is deep seated and stubborn, and will not be removed without extra effort. Tumors of the Ovaries, Tumors of the Breast, and swelling of other glands of the body will be completely removed without resorting to the knife or operations of any kind.

Epileptic Fits, sympathetic or Organic Diseases of the Heart, Palpitation, Disease of Valves—producing a grating or filing sound), Dropsy of the Heart Case and all the affections of this important organ, and the distress arising from ascetic pain in the region of the heart, will be greatly relieved by Constitution Life Syrup.

Broken Down and Delicate Constitutions, Suffering from Indisposition to Exercise, Pain in the Back, Loss of Appetite, Nervousness, Want of Vitality, Fear of Disease, Dimness of Vision, Dry Hot Skin and Extremities, Want of Sleep, Restlessness, Pale Bloated Countenance, Coldness of the Extremities, Spinal Weakness, Leucorrhœa, Irregular Menses, Whites, Female Complaints, Nervous Affections, Sick Headache, Neuralgia, Nervous Prostration, Hysteria, Fits, Hot Skin and Extremities, Want of Sleep, Restlessness, Pale Bloated Countenance, Coldness of the Extremities, Spinal Weakness, Leucorrhœa, Irregular Menses, Whites, Female Complaints, Nervous Affections, Sick Headache, Neuralgia, Nervous Prostration, Hysteria, Fits, will require the aid of the CONSTITUTION LIFE SYRUP.

For all forms of **Ulcerative Diseases**, either of the Nose Throat, Tongue, Spine, Forehead or Scalp, no remedy has ever proved its equal.

MOTH PATCHES upon the female face, depending upon a diseased action of the liver, are very unpleasant to the young wife and mother. A few bottles of Constitution Life Syrup will correct the disease, and remove the deposit which is directly under the skin.

In Diseases of the Liver, giving rise to languor, dizziness, bitter taste in the mouth, or an enlarged or cancerous condition of that organ, accompanied with burning or other unpleasant symptoms, relief will be obtained by the use of CONSTITUTION LIFE SYRUP.

As a general Blood-Purifying Agent, the Life Syrup stands unrivalled by any preparation in the world.

Diseases of the Spine, as usually developed in the young, Hip Disease, Neuralgia, and all Nervous Diseases, and Ladies who are suffering from disease for which they are at a loss to know what to do, we would advise the use of CONSTITUTION LIFE SYRUP. It will restore their pallid countenance, strengthen their weak back and side, give them new energy, new life and happiness.

THE RICH AND POOR are liable to the same diseases. Nature and Science have made the Constitution Life Syrup for the benefit of all.

YOUTH should be protected against men and women; and if the constitution is neglected in youth, disease and early death are the results. Do not delay until the means are so near at hand, and within the reach of all.

TO MOTHERS AND MARRIED LADIES It is the safest and most effectual medicine ever discovered for purifying the system and relieving the suffering attendant upon childbirth. It strengthens both the mother and the child, prevents early death and disease, and increases and improves the food—Those who have used it think it indispensable. It is highly useful both before and after confinement, as it prevents disease attendant upon childbirth.

Constitution Life Syrup

Is the Poor Man's Friend and the Rich Man's Blessing!—Buy it, take it, and be cured.—It is Universal in its effects

Glad News for the Unfortunate!

The Long Sought For Discovered at Last.

CHEROKEE REMEDY

—AND—

CHEROKEE INJECTION,

Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic, tones all the secretory organs, such as Intermittences of the Urine, Inflammation of the Bladder, Inflammation of the Kidneys, Stone in the Bladder, Stricture, Gravel, Gleet, Leucorrhœa, and is unrivalled and unequalled in these cases of Fluor Albus or Whites (infirm men) where all the old nauseous medicines have failed.

It is prepared in a highly concentrated form, the dose only being from one to two tablespoonfuls three times per day.

It is diuretic and alterative in its action; purifying and invigorating the blood, causing it to flow in all of its original purity and vigor; thus removing from the system all pernicious causes which have induced disease.

CHEROKEE INJECTION is intended as an ally or assistant to the CHEROKEE REMEDY, and should be used in conjunction with it at medicine in all cases of Gonorrhœa, Gleet, Fluor Albus or Whites. Its effects are *healing, soothing and demulcent*; removing all scalding, heat, chordee and pain, instead of the burning and almost unendurable pain to be experienced with nearly all the *cheap quack injections.*

☞By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.

For further particulars get our pamphlet from any drug store in the country, or write us and we will mail free, to any address, a full treatise.

Price—CHEROKEE REMEDY, $2 per bottle or three bottles for $5.

Price—CHEROKEE INJECTION, $3 per bottle, or three bottles for $8.

Sent by express to any address on receipt of price. Sold by all druggists everywhere.

DR. W. R. MERWIN & CO., Sole Proprietors, No. 59 Liberty street, New York.

THE GREAT

INDIAN MEDICINE,

COMPOUNDED FROM

ROOTS, HERBS AND LEAVES.

CHEROKEE CURE.

An unfailing cure for Spermatorrhœa, Seminal Weakness, Nocturnal Emissions, and all diseases caused by self-pollution; such as Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Premature Old Age, Nervous Debility, Hysterics, Fainting, Trembling, Wakefulness, Eruptions on the Face, Pale Countenance, Insanity, Consumption, and all other complaints caused by departing from the path of nature.

☞This medicine is a simple vegetable extract and one on which all can rely, as it has been used in our practice for many years, and in all climates and treated it has not failed in a single instance. Its curative powers have been sufficient to gain victory over the most stubborn cases.

☞To those who have trifled with their constitution, until they think themselves beyond the reach of medical aid, we would say, despair not; the Chinese Cure will restore you to health and vigor, and after all quack doctors have failed!

☞For full particulars, get a circular from any drug store in the country, or write the proprietors, who will mail free to any one desiring the same, a full treatment in pamphlet form.

☞Price $2 per bottle or three bottles for $5, and forwarded by express to all parts of the world.

Sold by all respectable druggists everywhere.

Dr. W. R. MERWIN & CO., Sole Proprietors, No. 59 Liberty street, New York.

DR. WRIGHT'S

REJUVENATING ELIXIR.

OR ESSENCE OF LIFE.

Prepared from Pure Vegetable Extracts,

Containing nothing injurious to the most delicate,

The Rejuvenating Elixir is the result of modern discoveries in the vegetable kingdom; being an entirely new and abstract method of cure, irrespective of all the old and worn-out systems.

This medicine has been tested by the most eminent medical men of the day, and by them pronounced to be one of the greatest medical discoveries of the age.

One bottle will cure General Debility.

A few doses cure Hysterics in females.

One bottle cures Palpitation of the Heart.

A few doses restore the organs of generation.

From one to three bottles restore the manliness and full vigor of youth.

A few doses restore the appetite.

Three bottles cure the worst case of Impotency.

A few doses cure the low spirited.

One bottle restores nervous power.

A few doses bring the rose to the cheek.

This medicine restores to manly vigor and robust health the poor debilitated, worn-down and despairing devotee of sensual pleasure.

Any one requiring a tonic, the over-tasked man of business, the victim of nervous depression, the individual suffering from general debility, or from weakness of a single organ, will find immediate and permanent relief by the use of this Elixir or Essence of Life.

☞Price, $2 per bottle, or three bottles for $5, and forwarded by express, on receipt of money, to any address.

Sold by all druggists everywhere.

Dr. W. R. MERWIN & CO., Sole Proprietors, No. 59 Liberty street, New York.

CHEROKEE PILLS!

SUGAR-COATED.

FEMALE REGULATOR.

Health Preserver!!

CERTAIN AND SAFE.

☞For the Removal of Obstructions, and the Insurance of Regularity in the Recurrence of the Monthly Periods.

They cure or obviate those numerous diseases that spring from irregularity, by removing the irregularity itself.

They cure Suppressed, Excessive and Painful Menstruation.

They cure Green Sickness (Chlorosis).

They cure Nervous and Spinal Affections, pains in the back and lower parts of the body, Hysterics, Fainting on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysteria, Sick Headache, Giddiness, &c., &c. In a word, by removing the irregularity, they remove the cause and with it ALL the effects that spring from it.

Composed of simple vegetable extracts, they contain nothing injurious to any constitution, however delicate, their function being to substitute strength for weakness, which, when properly used, they never fail to do.

They may be safely used at any age and at any period, *except during the first three months*, during which the unfolding nature of their action would inevitably prevent pregnancy.

All letters seeking information or advice will be promptly, freely and discreetly answered.

Full directions accompany each box.

☞Price $1 per box, or six boxes for $5.

Sent by mail, postage free, on receipt of price. Sold by all respectable druggists.

THE MAGEE COOKING STOVE.

The subscriber, having received his Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and and iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the throwing up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We would refer to the following purchasers:

Portsmouth.

We invite all those in want of the very best Stove in the market to examine the

MAGEE COOK.

Also on hand an assortment of the different sizes

—of the—

MAGEE PARLOR STOVE

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"

VENTILATING & AIR-WARMING

FURNACES.

The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headache so much complained of in other furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given weight of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The Furnace now in offering to the combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This defect, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off into the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the stove can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without ever going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world.—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq.,	Albert R. Hatch, Esq.,
Aaron H. Hill,	Charles H. Mendum,
Henry F. Wendell,	John Sise, and others.

SPEER'S
SAMBUCI WINE,
PURE AND FOUR YEARS OLD,
OF CHOICE OPORTO FRUIT,
For Physician's Use, Females, Weakly Persons and Invalids.
AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs; very beneficial in Dropsy, Gravel and Rheumatic Affections.
SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by physicians and chemists as possessing medicinal properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons and the sick and invalid, promoting the appetite, and benefiting ladies and children.
A LADIES' WINE, because it will not intoxicate as other wines, as it contains a mixture of spirits or other liquors, and is admired for its rich peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.
☞ None genuine unless the signature of "ALFRED SPEER, Passaic, N. J.," is over the cork of each bottle.
Make One Trial of this Wine.

A. SPEER, Proprietor, Vineyard, Passaic, N. J.; Office, 208 Broadway, N. Y. John LaFoy, Paris, Agent for France and Germany. my13tf

Please Look at This.
EPPING, N. H., Feb. 20, 1846. "I hereby certify that my daughter had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended by the most celebrated physicians, for Sarsaparilla Syrup, &c., but she obtained no relief until I procured some ten or twelve bottles of Dr. Swett's PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.
PORTSMOUTH, April 21st, 1862.
I have for several years been afflicted with distress at my stomach, loss of appetite, and often vomited up all of my food immediately after eating; and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.
From ELDER I. CHESLEY, *Lee, May* 31, 1841
DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, under her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY
☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, No. 7 High street, Portsmouth, N. H., promptly attended to. may26

American and Foreign Patents.
R. H. EDDY,

Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but through its inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not unmeasurably superior to, any which can be offered them elsewhere. The testimonials below prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber, and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.
The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay thereby are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that one is pending, such unmistakeable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART.
During eight months, the subscriber, in course of his large practice, made one case rejected and six cautious SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.
R. H. EDDY.
Boston, Dec. 19, 1863.—3tawly

The Old Established Hospital.
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually!
DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the latest as well as the latest remedies for these diseases, offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.
In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords, Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Biles, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.
YOUNG MEN.
Young Men addicted to secret habits, who have impaired their health and destroyed the vigor of their minds, thus depriving themselves of the pleasure of married life, are notified that in consulting Dr. J. Teller, they will find a friend to console and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. J. broken down in health, now rejoice in all that makes life desirable and man happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.
DR. TELLER'S GREAT WORK.
A book for everybody.—Startling disclosures. Dr. TELLER's great work for the Married or those contemplating marriage—200 pages—full of plates—price 25 cts. Sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The single Married and the Married Happy. A lecture on Love, or how to choose a Partner—a complete Work on Marriage, that contains hundreds of secrets, never before published—Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps, enclosed in a letter, a copy by return mail. Dr TELLER has devoted a lifetime to the cure of those diseases upon which his books treat.
TO THE LADIES.
DR. TELLER still remains the only Agency in America, for the sale of Dr. Vichoi's Italian Female Monthly Pills. The sale of more than 20,000 boxes annually, is a sufficient reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions of the females.
CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.
Office hours from 8 A. M. to 8 P. M., and on Sundays from 2 to 5 P. M.
N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, and sent to any part of the world. All cases warranted. No charge for advice. N. B.—No students or boys employed. Notice this, address all letters to
J. TELLER, M. D.,
sn10 No. 5 Beaver Street Albany, N. Y.

VERNATELLA.
Warranted to make the Soles of Boots and Shoes water and dampness proof, and wear one-third longer.
VERNATELLA
Is a preparation from Copper, having no grease, linseed oil, or anything of the kind, and when the soles are once saturated with it, water can no more get through them than through copper itself. Price 25 Cents Per Bottle,
at retail everywhere.
But its cost to the purchaser is really nothing, as it makes the soles wear enough longer to more than pay for it, leaving as a net gain the making of them Water and Dampness Proof, and the preservation thereby of that priceless gem, the health.
☞ LADIES, READ THIS! ☜
SAVE YOUR HEALTH.
Use Vernatella on the Soles of your Shoes. It makes them water proof and thereby protects your feet from dampness, for the ground is always more or less moist, either from rain or the morning and evening dew.
At wholesale in Boston by Geo. C. Goodwin & Co., 38 Hanover street; S. M. Colcord & Co., 86 Hanover st.; M. S. Burr & Co., 26 Hanover st.; Carter, Rust & Co., 43 Hanover st.; and Wholesale Druggists generally. Also, by all the principal dealers in Boots and Shoes.
Manufactured in the Chemical Department of The Cahoon Manufacturing Company.

Morning Chronicle.

Portsmouth, N. H.

SATURDAY, JULY 9, 1864.

THE REBELLION.

A special dispatch from Chambersburg, July 7, says a man from Hagerstown, just arrived at Greencastle, says McCausland's command, (formerly Jenkins',) 15,000 strong, consisting of cavalry and mounted infantry and one battery, entered Hagerstown on Wednesday and left at 11 o'clock by the Frederick pike, where the main body of the rebels have all gone. Small parties of rebels returned Thursday morning and made a requisition on the people for $15,000 for outfits, and $20,000, under threats of burning the town, which was paid.

About 10 o'clock Thursday morning, the Colonel of the 8th Illinois cavalry, with 300 men and two pieces of Alexander's Baltimore battery, made a reconnoissance to Middletown, about five miles from Frederick, where he met the enemy in strong force of infantry, cavalry and artillery.—After a sharp fight our forces were repulsed and fell back on Frederick, the enemy slowly pursuing. Reinforcements are arriving for our force there.

Baltimore dispatches of Thursday evening give accounts from Loudon county, Virginia, that there have been no rebels in that county save Mosby's band, consisting of about 250 or 300 men, about half of whom crossed the river and committed depredations at the Point of Rocks on Monday. They made another attempt to cross on Tuesday, but were deterred by the appearance of some of our cavalry. They have fallen back, but guard the roads leading to the river to prevent loyal citizens from communicating with the Maryland shore.

Various reports come by mail and otherwise from the rebel invasion of Maryland and movement towards Pennsylvania. One class of them made the rebel force 30,000. Their object is to cause a diversion of our force from Petersburg and Richmond—to burn bridges, get horses, &c. The rebels held Harper's Ferry on the 7th; our force hold Maryland Heights. Rebel prisoners talk big, and say that the raid is for provisions as well as horses, and is headed by Gen. Lee, and that the force is composed of Ewell's and Longstreet's corps; that they will invade Pennsylvania and other Northern States; also that they will capture Baltimore, Washington, and do other great things. Beauregard is left in command at Petersburg with a sufficient force to hold Grant in check until all this is accomplished. At Frederick, Md., on Thursday the rebels attempted to get possession of the bridge over the Monocracy. Gen. Wallace met them with a small force. Fighting began at 4 o'clock and lasted until eight, when the rebels were repulsed three times and retired. The shells thrown in the town did no damage of moment. Detachments of 100 day troops who were in the fight behaved well. Dispatches from Frederick received at Baltimore on Friday morning say that the enemy retreated during the night from before that town. Gen. Wallace is pursuing them. Reinforcements are rapidly going forward.

In Gen. Sherman's department there has been no fighting since June 27, except skirmishing on the right during the movement to the Chattahoochie river.

The World's headquarters correspondence from Grant's army says it is not permitted to speak freely of the preparations of the last week for resuming the offensive.

Capt. Cushing, of the U. S. Navy, in a cutter with only 16 men, ran ashore near Wilmington on the 24th ult., captured a courier with a valuable mail, took several prisoners, and ran the gauntlet of the rebel gunboats on his return. He was gone three days.

The latest accounts on Friday show the rebel invasion of Maryland to be much smaller and less mischievous than was reported. The forces called out by it ought now to be used to garrison certain points, so as to give a new impetus to our operations in Virginia. The alarm is over.

— Gen. George P. Morris, the song writer and one of the editors and proprietors of the Home Journal, died in New York Wednesday, at the age of 64 years.

— It is said that regulations have been adopted by which no State shall have undue or prior advantage over another in recruiting in the rebel States.

— On Monday afternoon, a son of Mr. Benjamin F. Marble of Woolwich, Maine, while discharging a gun, was so seriously injured that he died Tuesday morning.

— R. B. Bowler, Esq., an old and prominent citizen of Cincinnati, and President of the Kentucky Central Railroad, was run over on Tuesday by an omnibus and instantly killed.

— The London Spectator contends that sober nations are wickeder than drinking ones, as are the French in comparison with the English, the Italians with the Scotch, and the Hindoos with everybody.

NEW HAMPSHIRE ITEMS.

—— Rev. F. E. Hicks of Pottsdam, N. Y., (formerly of Dover,) has accepted a call from the 2d Universalist Society in Lowell.

—— Prof. Waterhouse, of Washington University, St. Louis, has been elected one of the Board of Examiners for this year at Dartmouth College.

—— Dr. James F. Sargent, a physician of Concord, died on Wednesday, after a long illness of consumption, aged 54 years. He was a prominent member of the N. H. Medical Society.

—— Thomas L. Smith, Esq., Cashier of the Dover Bank, has resigned his position in the bank, taking effect the 1st inst.—Gustavus H. Horne, Esq., has been elected to fill the vacancy. Mr. Smith goes to a more lucrative position in Boston.

—— At a meeting of the Board of Trustees, of the N. H. Conference Seminary and Female College, held at Sanbornton Bridge June 21st, the following officers were elected for the ensuing year. President, Hon. Thomas L. Tullock; 1st vice President, Rev. O. H. Jasper; 2d do., Benj. F. Holden, Esq.; Secretary, Addison B. Wyatt, Esq.; Treasurer, Rev. W. D. Cass; Financial Agent, Rev. James Pike; Ex. Committee, W. F. Cass, Hazekiah Bean, Benj. F. Cass, A. B. Wyatt and James W. Bailey, Esqrs.

THE PHILOSOPHY OF TRAINING.—It is of paramount importance that we should bear in mind what are the whole results of training. That in one special direction great vigor is achieved, it is true; and we, admiring this result, are too apt to generalize from it, and infer that in all directions the success has been equal. But it is not so. The muscular system has been forced into undue development, and this development has been at the expense of the general vitality. All forcing is injurious except for the special object which is sought. The fighter has his muscular system in a splendid condition; but his other systems are robbed to enrich that one; just as the nervous system of the student is in a state of intense activity at the expense of the muscles or glands.

Nay—and the fact is worth emphasis—the powerful athlete is less able than the feeble student to stand the wear and tear of life. It has been noticed at Rome that the athletes were short-lived, liable, as Sinclair admits, "to rupture of blood-vessels, to apoplexy and lethargic complaints," and it has been observed that not only do prize-fighters rapidly become aged, and very rarely live long, but even the famous oarsmen of the Universities show a surprising mortality. It has been urged that the athletes and fighters are carried off by dissipation. Without claiming for such men any peculiar moderation, we must still claim for them that they are not more dissolute than their companions, who ought to succumb more easily to excesses if the popular notions about strength were accurate.

But the truth is, that the strength of the prize-fighter is to a great extent an abnormal condition, produced at the expense of the general system. The amount of vital energy which should be distributed among several organs, has been so unequally apportioned that some are starved while others are over-fed. It was known of old that for certain functions the athletes were almost totally incapacitated. That they have always been unfitted for intellectual and moral activities, is equally notorious.

A man may have inherited a powerful brain with a powerful muscular system.—The union is rare, but there is no physiological reason against it; there is, however, no possibility of even this man's preserving his intellectual vigor during a course of over-stimulation of his muscles, all excess in one direction being compensated by a deficiency in the other. For perfect health both should be kept active, neither stimulated to excess. In the case of training, where, as we said, the object is to work the muscular system to its highest pitch, the man may be magnificent to look upon, and formidable to contend against, but he has been unfitted for the work of life, and is doomed to wither early. The training system is a forcing system; were it continued long it would kill; even for a brief space it is injurious. It is an exceptional process for an exceptional result, not the normal process for a healthy organism.—*Cornhill Magazine.*

Mainly correct, no doubt—and this is the reason why the *New* Gymnastic system is vastly superior to the old, in that it exercises and develops *all* the muscles of the body, instead of overtaxing a part. And herein also is an argument in favor of the sporting idea that a horse can be trained to perfection—so as to do his very best—but once in a season—though Flora Temple seemed to be an exception to this.

And speaking of training; Dr. Winship's long, uninterrupted course of several years' severe practice is, we believe, without a precedent among men or animals; and, it would seem, must prematurely break him down.

And it would seem but natural that the full and harmonious development of the entire system must, after all, confer the greatest power even in any special direction.—Trustee, the famous horse that trotted his twenty miles the hour, had been used in a coal cart; and the family horse that made the best time at the Boston show, was taken from a heavy team.

— Edwin Lawrence of Killingly, Conn., was killed on the morning of the 4th by the bursting of a gun. His age was about twenty-one.

— The rebel Gen. Lee's personal property has been condemned by the United States District Court and is to be sold at Alexandria on the 19th.

OUR ARMY MISSION.

Extracts from Rev. Mr. Patterson's Private Letters.

HOSPITAL 18TH ARMY CORPS,
Near Petersburg June 30.

On Monday, the 27th inst., I loaded two wagons with supplies calculated to improve the sanitary condition of the boys, and started for the 9th army corps. I had not visited our regiments in this corps before. I found very few N. H. men in this hospital. They had been sent away. Wounded men remain but a short time in the field hospital. Here for the first time I came in contact with the 32d Maine regiment, and saw several Kittery men, none of whom were wounded. It afforded me much satisfaction to find this regiment;—for though I have ministered to hundreds of Maine men, I have not before met the friends of those who contributed so generously at the Navy Yard. If I can procure transportation I will in a few days send them a valuable supply of stores. It is my desire to meet so far as practicable the desires and expectations of those who made me the almoner of their bounties to the soldier. If I have been longer in reaching these men than some of our N. H. regiments, it is not because of indifference, but because of their position. Do not suppose that in carrying these stores to the entrenchments any injustice is done to the hospital inmates. All shall be done that sympathy and the generosity of friends at home can do for their benefit. But we will also try to keep noble fellows out of the hospital. My effort in this direction is commended, and the gratitude of the men is unbounded. They say these expressions of affection and appreciation from home are a stimulus to endeavor, and when they meet the enemy they will be stronger and braver for the conflict.

JUNE 31st.—I had written thus far, when an opportunity, which I was waiting, presented itself of returning to the hospital near the steamboat landing. I returned to the rear, thinking I would take the first boat down the river to Fortress Monroe, and perhaps come home. Just as I started sounds of battle smote the air. I rode on for a little way, but the firing momently increased. Could I ride in the opposite direction from the place where men were contending in behalf of my country? Could I fly from those who at that moment were falling and dying? I turned my goodly steed and galloped to the front again. My horse smelled the battle, and dashed along as though the hopes of a world were entrusted to his strength and fidelity. The shells burst in mid air above us: they seemed music to the horse—they were not terror to the rider. Indeed I was glad to have them burst near me, for when they came so far, I knew the boys in the fort were secure. By the time I reached the hospital the wounded were coming in. The fight was nearly over. It was only a charge of a brigade or two of rebels on one part of our lines, and a duel between our artillery. The rebels were driven back with loss. I went immediately to a Surgeon's table, where I remained assisting the surgeons until 11 o'clock at night. Were it not a necessity I could not stand by and see human flesh thus mangled. But I have long disciplined myself to anything that must needs be done. The surgeons expressed surprise at my steady nerve. Ah! they did not see how the will arose in its might and said to the nerves and the soul, "Be calm and firm," when they asked me to take a place at that table.

This morning we brought the wounded of yesterday's fight and placed them upon the transport. We are now dropping down the river. It is really refreshing to get out of the dust once more. Whether I again ascend the James is uncertain. I cannot promise anything. Whenever I think of starting home something occurs which renders it necessary for me to stay.

I send enclosed a letter which I received from the officers of two of our regiments.—While it was being written a shell came into the building occupied by Col. Stephens as his headquarters, and split the table by which he was sitting. I was just outside the building at the time, and knew he was writing, but did not know he was writing such a paper. Keep it safely, for it is historic.

ON BOARD SILVER STAR,
Potomac River, July 3.

I embarked last evening for Washington. This morning I arose with the dawn to feast my soul upon the scenery of this historic river. It is more beautiful than the James—is not so monotonous. But the adjacent country bears few marks of enterprise. Not only the devastation of war—but the curse of slavery, and, I fear, the curse of God, is upon this land. We are passing Mount Vernon. Would that this America had heeded the warnings of Washington! Would that all, like him, had broken every yoke, and let the oppressed go free! Then this desolation had not come upon us. I cannot see very clearly the condition of the Estate. The trees surely are magnificent. Many of them were planted by the hand of the "Father of his Country." I instinctively uncover my head as we pass. Many of the passengers do the same. On the opposite shore is Fort Washington, a strong but not an imposing structure. The spires of Alexandria and the dome of the Capitol tower before us in the distance.

JULY 4th.—We reached the city about 10 A. M., yesterday. I went with Dr. Abbott of Manchester to the rooms of the N. H. Relief Association. There we found a number of friends who were anxious to hear from the front, and we were able to tell them some things of interest. I passed the afternoon in visiting the hospitals, in company with Capt. Marcy. He is doing much for the comfort of the boys—there is no man here doing more. Our old friend Drake of Portsmouth is here, acting in the capacity of nurse. He received a slight wound in the head in one of the recent battles, but is quite well now, and doing good service in caring for others.

There is a mistake in the published account of the taking of the fort by the 18th N. H., in the name of the man who planted the colors. The credit belongs to James Taylor. He used to board at Mr. Shaw's and often attended church with the family. He is a cool and brave soldier. How these boys have ripened into men!

I will visit the hospitals here to-day, for I can not do business. To-morrow I will procure the stores for which I came, and if I can send them by safe and competent hands to those who need them, I will come home. Otherwise, I shall again ascend the James and Appomatox. My funds hold out like the widow's oil. I think I have managed them very well.

NOTE.—Capt. Marcy informs me that Mr. Patterson has returned to Petersburg, and will not be at home until next week. He has exceeded his leave of absence, trusting to the sympathy of our people in his work for a consent which he had not time to ask. J. L. P.

Lost or Stolen.

A small black and tan TERRIER DOG; answers to the name 'Pedro.' A liberal reward will be paid for any information concerning him, at No. 2 Langdon or No. 564 Market street.

"A Wonderful Discovery."

DR. TEBBETTS' "PHYSIOLOGICAL HAIR REGENERATOR" is compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "Dye," and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes luxuriant growth of new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off and removes all dandruff, heat, humors and itching from the scalp. It keeps the hair soft, moist and perfectly healthy, and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "REGENERATOR" is warranted to produce the above results in all cases, if not the money to be refunded. With it every "GRAY HEAD" in New England can be restored in less than sixty days.

TRACHER, opposite the Post Office and 12 Market Square, Agent for Portsmouth.—Geo. O. Goodwin, No. 38 Hanover street, Boston, Wholesale Agent for New England, and sold by Druggists everywhere. TEBBETTS BROTHERS, Druggists and Chemists, Proprietors, Manchester, N. H. Jel—tf

Proposals for Wood.

SEALED PROPOSALS will be received at the City Clerk's office; in the CITY OF PORTSMOUTH, until the twentieth day of July next, for supplying the Overseers of the Poor with from two hundred to two hundred and fifty cords merchantable HARD WOOD, to be delivered at either Railroad Depot, or at such wharf as the Overseers may designate.

The Overseers reserve the right to reject any bid. By order of the Overseers of the Poor.

MARCELLUS BUFFORD, Clerk.

Portsmouth, N. H., May 14, 1864.

☞ The *Domestic Dyes* prepared by Geo. H. Reed & Co. offer the simplest and mort perfect means of dyeing household apparel ever presented the public. They embrace 40 different shades, and include all the new and fashionable colors—and are perfectly fast. Samples on silk and wool can be seen and the colors procured of THACHER ju20

Local.

HEALTH NOTICE.

The subscriber would give public notice that he has, by agreement with the Officers of the Navy Yard, and agreeably to orders from the War Department, caused the U. S. Ship DeSoto, and the schooner and brig also considered infected, recently laying at the Yard, to be removed to the quarantine ground. Also the sails, rigging, stores and all other articles taken from the steamer, are removed from the Yard to the quarantine; and the buildings where they were stored, have been thoroughly cleansed and fumigated. So that I have no hesitation in stating that all apparent cause for fear being removed, there is no reason why all employees may not resume work forthwith—and I hereby furnish the Yard a clean bill of health, and resign all control in the premises to the proper authorities.

I would further state that all grounds for fear of the general spread of the disease,—if any ever existed—have apparently disappeared; and while all should carefully observe every Sanitary order and regulation, the citizen or the stranger may pursue their callings of business or pleasure, with their accustomed safety from disease, in this very healthy city.

☞ *There have been no new cases of the fever for several days, and but two of the sick are seriously so—one in Portsmouth and one at Kittery, but none on the Yard; while the others are recovering.*

B. S. GOODWIN, M. D.

Chairman Board of Health Officers.

Portsmouth, July 8th.

☞ We have joined the Can't Get-Away Club, and so don't want to be invited to any more pic-nics or down-river parties, at present. Thanks to our lady friend for that bunch of superb sweetwilliams—it's almost as good as *going* ruralizing, to have such bouquets' scent in. By the way, the kind donor is one of our twelve-year "subscribers to the Weekly Chronicle," whom friend Ballot thought it would be hard to hunt up, some time ago.

☞ The Newburyport papers, (or rather the Newburyport paper, — for, strange to say, there is but one there, the Herald,) is full of calls and advertisements for men to fill quotas under the President's next call. Georgetown offers volunteer substitutes $625, Newburyport $550 each; and Mayor Jackman, according to a vote of the City Council, has called a meeting of the citizens to-night to consult upon the matter. Portsmouth does not make quite so much public display and stir in the matter, as some other places: but we believe she has usually been on hand with her quota, and is now quietly putting in a prospective substitute occasionally.

☞ Auctioneer Adams is to sell a small schooner, at the C. & P. Railroad Wharf, Market street, this morning at 11 o'clock.

A rare chance indeed to get a new and very nice house at your own price, is offered in Auctioneer Hackett's advertisement this morning.

☞ The Union Hotel, at Hampton, three miles from the Beach, is advertised this morning, in charge of a new proprietor, Mr. D. A. Bean, who is a very pleasant, agreeable man, at any rate, and we guess can keep a hotel. The house is prettily located, and possesses many attractions.

☞ The Rev. Mr. Patterson not having returned, there will be no morning service at the Universalist Church to-morrow. Sunday School service in the afternoon.

☞ Mr. Avery had the first blueberries for the season on Friday.

— The President, pursuant to the recommendation of Congress, appoints the first Thursday of August as a day of humiliation and prayer.

— Considerable loss is reported to have taken place within the last week by the raging of extensive fires in the timber country of Wisconsin. Many buildings were burnt, including Dean's Mills, at Manitowoc, valued at $25,000.

—Rev. Mr. Beecher's church at Georgetown, Mass., grows in spite of all opposition. Last Sabbath three members were admitted by letter, and twenty-two by baptism; and the church has not been in so flourishing a condition for many years.

— Brig W. C. Clark of Waldoboro', from Machias for Matanzas, with a cargo on Spanish account, has been burnt by the rebel pirate Florida. The vessel was 338 tons burthen, and was built in Waldoboro' in 1856.

— The indefatigable Perham succeeded in getting through Congress his bill for a Northern Pacific railroad, and it has been signed by the President. The company will be organized in Boston, and first meeting will be held about the 1st of September.

— The loss by the armory fire at Springfield will not exceed if it reaches $50,000. Eighteen of the 47 milling machines that were supposed to be lost beyond remedy, came out in such a condition that repairs will make them again usable.

— Speculators have agents traveling in all the New England States offering farmers thirty cents in the fall for their butter. These fellows, bargain or no bargain, manage matters to their advantage, as they generally suggest the idea, if not successful in trading, that prices will be much higher by the close of the year.

FIRE AT LOUISVILLE.—The Louisville papers say that the fire by which the Government storehouse and other buildings in that city were burnt last week was undoubtedly the work of incendiaries. The hospital stores, in charge of Dr. Magruder, purveyor, were first destroyed, including five thousand ounces of quinine, a complete assortment of drugs, sixty thousand blankets, mattresses, etc., to the value of $300,000. Other government property was destroyed, making the whole amount $800,000, which is a total loss. The loss to private parties in buildings, flour, tobacco, whisky, &c., is estimated at over $400,000, on which there is only $160,000 insurance, of which $10,000 is in the Etna of Hartford.

☞ The N. H. Legislature has spent the week mainly in discussing the State House question. Those who advocate its removal, are better delegates to one of two other public Institutions in Concord, than to General Court..

A bill is before this august body (wonder if they mean to sit till August?) to promote recruiting for New Hampshire, in the rebel States, agreeably to the new law of Congress.

☞ The New York Times learns that the British yacht Deerhound, which happened to be so opportunely near the Alabama during her fight with the Kearsarge, and which rescued her commander, and at his urgent request took him into a British harbor of refuge, is owned by the firm of Fraser, Trenholm & Co., of Liverpool, who are the rebel agents for that port, and that she is thus almost as really rebel property as the Alabama herself. It probably was not wholly accidental that she happened to be on the spot at that particular time.

☞ The rebel Congress, in their peace manifesto, speak of themselves and their constituents as "eight millions of people, resolved with one mind 'to die freemen rather than live slaves.'"

This is a remarkable saying: if it means anything, and is held to be right, it justifies every slave insurrection that ever took place—and exalts John Brown to the highest rank among the great and noble.

☞ A fire broke out in Salmon Falls on Friday morning about 9 o'clock, and destroyed the old Mill, the Agent's house, and a block of boarding-houses. It was arrested without spreading further in the village. Engines, firemen and citizens from Dover did good service. In the afternoon there was some disorder and fighting among men who had been drinking freely.

INSTALLATION OF A LADY PREACHER. Miss Olympia Brown was on Thursday installed pastor (or pastoress) of the Universalist Church in Weymouth, Mass. Rev. Miss Brown is said to be a college graduate, and a fine speaker.

— It is understood that Secretary Fessenden will not contract our currency.

— SNOW was six inches deep on the top of Mount Washington on the 20th of June.

— The Quakers have established a college in Pennsylvania.

— On Monday morning Daniel E. Williams of Berlin, Me., was found dead in his barn, hanging by the neck from one of the beams. He was 48 years old, and in good circumstances, but the fear of poverty made him insane.

— Maj. Jonathan P. Cilley, of the 1st Maine Cavalry, who was severely wounded at the battle of Antietam, has been again wounded by a minie ball in his foot. Maj. C. is a son of Hon. Jonathan Cilley, deceased.

MARRIAGES.

In Newington, July 4, by Rev. Samuel Hoyt, Mr. ANDREW H. WHITE to Miss CLARA S. VENNARD, both of Newcastle.

DEATHS.

In Rye, July 3, Mr. JAMES E. MAGE, aged 22 years and 7 months.

In St. Louis, Mo., June 26, MARY T. GUTHRIE, 48, wife of J. G. Guthrie, and daughter of the late Josiah Prescott, of Hampton Falls.

BUSINESS NOTICES.—

Would you save yourself from suffering after eating, or from acidity of the stomach, or burning sensation, or indigestion? Use Herrick Allen's Gold Medal Saleratus. Never use soda if you can procure this article. It will strengthen weak stomachs and relieve dyspepsia; is a saving in the quantity of flour, &c., &c. Try it. Grocers and Druggists must all sell it. The Wholesale Agents are Wholesale Grocers.

Soldiers, see to your own health, do not trust to the army supplies; cholera, fever and bowel complaints will follow your slightest indiscretion. Holloway's Pills and Ointment should be in every man's knapsack. The British and French troops use no other medicines.

If the reader of this "notice" cannot get a box of Pills or Ointment from the drug store in his place, let him write to me, 80 Maiden Lane, enclosing the amount, and I will mail a box free of expense. Many dealers will not keep my medicines on hand because they cannot make as much profit as on other proprietary medicines. 35 cents, 88 cents, and $1.40 per box or pot. 216

Gas Fixtures.

Persons who desire to have any repairs or alterations made in Gas Pipes or Fixtures, are requested to send in their orders at once. The work can be done much more promptly now than later in the season. E. A. STEVENS.

"A Stitch in Time Saves Nine."

All Furnaces, Stoves and Funnels should be thoroughly cleaned out and put in order, as soon as fires are done being made in them. If allowed to remain filled with ashes and soot through the summer, they will decay very rapidly, and useless expense be incurred.

A full supply of Linings and Repair Pieces constantly on hand, and all orders attended to with dispatch. E. A. STEVENS.

HALEY, MORSE & BOYDEN'S

SELF-ADJUSTING

CLOTHES WRINGER.

THE BEST IN THE WORLD.

Over 40,000 have been sold by the manufacturer in a little more than two years—nearly 400 of them in Portsmouth and vicinity!

Buy one and try it—if not perfectly satisfactory the money will be refunded.

Facts for the People.

The enormous rise in price of Iron, Coal and Labor, has caused manufacturers to advance the price of STOVES and Castings several times since the war began; and it is now arranged to make a general advance of 25 to 50 per cent. this season.

We have not yet raised the price of Stoves in proportion to their increased cost, but shall be compelled to do so very shortly. Persons who expect to purchase anything in the Stove and Furnace line within a year or two, will save money by doing so at once. The price of a Stove is not so much an object, now, as its capacity and the cost of operating it. All things considered, there is no Stove equal to

THE MODEL COOK.

IT IS, IN FACT,

The Best Stove Out,

for economy, convenience and dispatch.

Many people think it best to use an old stove as long as possible, but it is far better to throw it away and purchase a MODEL COOK, than to keep it at the present high price of fuel.

One of our shrewdest citizens who purchased a MODEL COOK STOVE a year since, says he has saved more than its cost already.

A careful, prudent farmer purchased one, and after it had been in operation some days his son came into the store and said, "something was wrong at their house;" his father and himself used wood off the same pile, he burned three baskets full a day, and his father only one! We sold him a Stove before he left, and there has been no complaint since.

These Stoves are in use in many hotels and boarding houses, and in hundreds of private families in this city and vicinity, and give the best of satisfaction.

MASON & HAMLIN'S

CABINET ORGANS,

Combining the requisites for Sacred and Secular, Church and Parlor Music; for Families, Sunday Schools, Day Schools, Churches, &c.

They are elegant as pieces of furniture; occupy little space; are not liable to get out of order or out of tune; are warranted for five years; will improve in tone by age, and are moderate in cost.

They are to private houses, Sunday schools and smaller churches, what the larger pipe organs are to large churches, and in addition to this are adapted to secular as well as sacred music.

The Cabinet Organ is essentially different from, and a marked improvement upon, all instruments of the melodeon or harmonium kind. Its superiority consists in many important characteristics.

The undersigned, Agent for the Manufacturers, will be pleased to show the Cabinet Organs to all wishing to purchase, at his residence, NO. 30 HANOVER STREET.

GOLDEN SHEAF WHISKEY.

C. A. RICHARDS,

99 WASHINGTON STREET, Boston.

Would most respectfully invite the attention and examination of all Grocers, Druggists, Apothecaries and Private Individuals, intending to sell or USE STRICTLY PURE

Liquors, Wines, Cordials or Bitters,

to the list of choice goods enumerated below, which are constantly on hand in large quantities at their Large and Commodious

Wine Store and Bottling Establishment,

99 Washington street, Boston.

First on the list, as a reliable pure stimulant, stands the celebrated and widely known

Golden Sheaf Bourbon Whiskey,

made from Wheat, Rye and Corn, warranted for five years old. Put up in unique style each bottle is a paper bag, the bottom of one bottle of each, the large and increasing sales of which convince the proprietor that no extended advertisement is needed to extol its real merits. It will recommend itself on trial

Golden Sheaf Cordial.

A delightful and healthful beverage, aromatic, with a fine ginger cordial, made from the pure Golden Sheaf Bourbon.

Golden Sheaf Bitters.

The best Tonic Bitter ever offered to the public. Mingled with the Bitter Herbs of the Bourbon are a number of other ingredients for restoring the appetite and imparting life and vigor to the whole system.

Golden Sheaf Punch.

Made from fresh, ripe lemons, and other articles, combined as a whole into a fine rich

Bourbon Whiskey Punch.

All the above put up full strength of the whiskey, and in cases of one dozen each. These articles improve by age, and no exposure of climate can affect them.

JOHN AND ROBERT DUNSTER'S CELEBRATED

LONDON DOCK SPIRITS AND WINES,

Imported solely by C. A. R., in wood, from the London Docks, and sold by him in America. The distinguished and world-wide reputation of these articles has induced the subscriber to seek and obtain the Sole Agency of the Company. They are sold only in Bottles, entirely pure, and without adulteration, and comprise the four kinds, as follows:—

LONDON DOCK GIN,
LONDON DOCK BRANDY,
LONDON DOCK SHERRY,
LONDON DOCK PORT.

All in cases of one dozen each, in strong shipping order for immediate transportation, and are sold lower than any other liquors and wines in the market, of equal quality.

Pure California Wines.

The large demand for the pure wines of California has made it a fixed fact that no well-selected stock of Wines is complete without them. C. A. R. has made arrangements for the entire production of

The Largest Vineyard in California!

and it now bottling, and offers for sale, the finest CALIFORNIA WINES ever seen IN THIS MARKET, of four qualities, in splendid style of labels, bottles and case—such as

ANGELICA—Sweet.
PORT—Rich.
ROCK—Dry.
STILL CHAMPAGNE—Delicious.

Parties attracted by this advertisement, or who have already bought and tested the superior qualities of these articles, can have a price list sent by mail, or samples by express, when desired, by addressing the subscriber as

C. A. RICHARDS,

99 Washington street, - - - Boston.

NOTE.—C. A. Richards would also beg leave to state that the above are only a part of the list of articles for sale at his Warehouse, viz:—

In addition, one of the largest stocks in America of **Fine Bottled Wines and Spirits**, of every variety and kind, together with a fine assortment of Liquors and Wines in original packages, for sale by the cask or gallon. Also, **Fine Cigars, Sardines, Pickles, Sauces**, and every kind of table luxury usually found in a first class wine store in this country or in Europe.

Orders are used respectfully solicited

FURNISH and STEARNS, Agents for Portsmouth. Boston, Dec. 9, 1862.—3mwly

Never before retailed less than $4. They are acknowledged to be the most durable and desirable Pen in the market. 200,000 persons are now using them, and constantly sending orders for more. We also send, without extra charge, "CROUDS WORK FOR GOLD OR 100 SECRETS, OR HOW TO MAKE FIVE DOLLARS A DAY. Without Capital. One of these secrets cost the publisher $500 for the right to publish it. Several persons are now making $120 per month by these Secrets. This book is worth $50 to any man or woman. Hiram Ann Bennett, a wounded soldier, writes us from Chicago, he has realized, in four months, $812 by knowledge obtained from this Book. Charles E. Wright, of Portland, says: "God speed the day when all shall possess your valuable Book, for it has raised me from poverty to prosperity." Capt. White, in the Army, writes: "We received your Fine Gold Pen, and find them far superior to all others used in this department." We send one Gold Pen, silver Extension Case and Book of Secrets for $1. Three for $2.75. Four for $3.50. Twelve for $9.00. We warrant every Pen sent to be of fine gold. Address M. YOUNG & BROS., 187 Monroe street, New York. Send Government money. Jy21—3mTuSu

Constitution Life Syrup,

COMPOSED OF

IODIDE POTASSIUM,

With the compound concentrated fluid extract of

VALUABLE MEDICINAL

ROOTS AND HERBS,

Prepared by WM. R. GREGG, M. D.,

Graduate College Physicians and Surgeons, N. Y., formerly Assistant Physician Blackwell's Island Hospitals, late Medical Inspector New York State Volunteer Depots, under Gov. Edwin D. Morgan.

Constitution Life Syrup

HAS PRODUCED

A REVOLUTION IN MEDICINE!

What may seem almost incredible, is, that many diseases hitherto considered hopelessly incurable are frequently cured in a few days or weeks, and we cheerfully invite the investigation of the liberal minded and scientific to cures which have no parallel at the present day.

Our medicine is so regular, by it the seat of disease is directly reached, and the equilibrium restored. Those who have suffered long from painful and obstinate diseases, those who have vainly sought relief from advertised medicines, those who cannot be cured by other physicians—are

Invited to use Constitution Life Syrup.

During the past five years we have contended with obstacles and overcome opposition as bitter as ever encountered by any reformers.

Rapidity of Cure.

Some say, "Your cures are too quick," while others doubt their permanence, and think that diseases can only be cured by the "slow recuperative process of Nature." This is our reply:

In health, the body, like a well-balanced scale, is in a state of equilibrium. But when from any cause down goes one side of the scale, we have the effect, disease. What is requisite is, to restore the normal balance of the scale.

CONSTITUTION LIFE SYRUP.

A positive and specific remedy for all diseases originating from an IMPURE STATE OF THE BLOOD, and for all (hereditary) DISEASES transmitted from PARENT TO CHILD.

Paralysis.

Hemiplegia, Paresis, Paraplegia, Paralysis Agitans.

It is so universally admitted that Constitution Life Syrup is the only effective remedy in the various forms of Paralysis, that we need not reiterate that it is emphatically the Great Life-Giving Power.

Dyspepsia.

Indigestion, Liver Complaint, Constipation, Weight of Stom'k, Biliousness, Want of Appetite, Flatulence, Bad Breath.

Worms, Glandular Swellings, Ulceration, King's Evil, Erysipelas, Salt Rheum.

This taint (hereditary or acquired) filling life with untold misery, is by all usual medical treatment incurable.

Rheumatism.

Lumbago, Sciatica, Gout, Neuralgia, Tic Doloureux.

Where is any disease in which the Constitution Life Syrup is a sovereign, it is in Rheumatism and its kindred affections. The most intense pains are almost instantly alleviated—enormous swellings are reduced—the joints, long stiffened by rheumatism, of 20 or 30 years standing, have been cured by us.

Nervousness.

Nervous Debility, Confusion of Thoughts, Epilepsy, Loss of Power, Shattered Nerves, Nervous Headache.

Thousands who have suffered for years will bless the day on which they read these lines. Particularly to weak, suffering woman will this medicine prove an inestimable blessing—directing her footsteps to a Hope which fulfils more than it promises.

Mercurial Diseases.

Salivation, Pudding of Mercury, Aching of Bones, Bad Breath, Ulcers in Bones, Depressed Spirits.

Constitution Life Syrup purges the system entirely from all the evil effects of MERCURY, removing the bad Breath and curing the Weak Joints and Rheumatic Pains which the use of Calomel is sure to produce. It hardens Spongy Gums and secures the Teeth as firmly as ever.

Constitution Life Syrup

Eradicates, root and branch, the Eruptive Diseases of the Skin, like

ULCERS, PIMPLES, BLOTCHES,

And all other difficulties of this kind, which so much disfigure the outward appearance of both males and females, making them a disgusting object to themselves and their friends.

CONSTITUTION LIFE SYRUP

Cures all Swellings of the Glands,

Either of the Face, Neck or Female Breast, and should be taken as soon as the swelling is detected, thus preventing the disfiguring and painful tracheotomy. Discharging sores, which disgrace so many of the younger portion of the community, from six to twenty years of age. Young children are so subject to Discharges from the Ears, which depends upon a Scrofulous constitution. These cases soon recover by taking a few doses of the Life Syrup.

All scrofulous persons suffering from Debility, Emaciation, Dyspepsia; Dropsy, of the limbs or abdomen; Leucorrhœa or Whites, Irregularity of the system and womb, generally accompanied with inflammation and ulceration of the uterus; are permanently cured by Constitution Life Syrup. The disease known as Goitre or Swelled Neck, the Life Syrup will remove entirely. The remedy should be taken for some time as the disease is necessarily of a tedious character, and will not be removed without extra effort. Tumors of the Ovaries, Tumors of the Breast, and swelling of other glands of the body will be completely reduced without resorting to the knife or operations of any kind.

Symptoms of Sympathetic or Organic Disease of the Heart (as palpitation, Disease of Valves—producing a grating or filing sound), Dropsy of the Heart Case and Pericardium, are so important to thousands of persons suffering from any acute pain in the region of the heart, will be greatly relieved by Constitution Life Syrup.

Broken Down and Delicate Constitutions,

Suffering from Nightmare, Palpitation of the Heart, Want of Memory, Forebodings, Horror of Insanity, Fear of Disease, Dimness of Vision, Dry Hot Skin and Extremities, Want of Sleep, Restlessness, Nervous Irritability, Loss of Appetite, Dyspepsia, Nervous System, all require the aid of the CONSTITUTION LIFE SYRUP.

For all **Secretive Diseases**, either of the Nose Throat, Tongue, Spine, Forehead or Scalp, no remedy has ever proved its equal.

MEN, YOUNG MEN, MIDDLE AGED MEN, depending upon a diseased action of the Liver, are very unpleasant to the young wife and mother. A few bottles of Constitution Life Syrup will correct the secretive organ, and remove the deposit which is directly under the skin.

In Diseases of the Liver, giving rise to languor, dizziness, indigestion, weak stomach, or an enlarged or cancerous condition of that organ, accompanied with burning or other unpleasant sensations, relief may be looked for by the use of CONSTITUTION LIFE SYRUP.

☞ *As a general Blood-Purifying Agent, the Life Syrup stands unrivalled by any preparation in the world.*

Diseases of the Spine, so usually developed in the young, Hip Disease, Neuralgia, and all Nervous Diseases, will find relief and be cured by the use of the Life Syrup.

Diseases of the Kidneys, Gravel, Stone, Dropsy, Suppression of Urine, Inflammation of the Kidneys, Stone in the Bladder, Stricture, Gravel, Weak Back, and its especially recommended in these cases of Fever Affection of Kidneys, Stone in the Bladder, Stricture, Gravel, Weak Back, and its especially recommended in these cases of Fever Affection where all the old numerous medicines have failed.

It is prepared in a highly concentrated form, the dose only being from one to two tablespoonfuls three times per day.

It is diuretic and alterative in its action; purifying and cleansing the blood, causing it to flow in all of its original purity and vigor; thus removing from the system all pernicious causes which have induced disease.

CHEROKEE INJECTION is intended as an ally or assistant to the CHEROKEE REMEDY, and should be used in conjunction with that medicine in all cases of Gonorrhœa, Gleet, Fluor Albus or Whites its effects are *healing, soothing and demulcent*, removing all scalding, heat, chordee and pain, instead of the burning and almost unendurable pain that is experienced with nearly all the *cheap quack injections.*

☞ By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.

For full particulars get our pamphlet from any drug store in the country, or write us and we will mail free, to any address, a full treatise.

Price—CHEROKEE REMEDY, $2 per bottle or three bottles for $5.

Price—CHEROKEE INJECTION, $2 per bottle, or three bottles for $5.

Sent by Express to any address on receipt of price. Sold by all druggists everywhere.

DR. W. R. MERWIN & CO., Sole Proprietors, No. 59 Liberty street, New York.

Glad News for the Unfortunate!

The Long Sought For Discovered at Last.

CHEROKEE REMEDY

—AND—

CHEROKEE INJECTION,

Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as Incontinence of the Urine, Inflammation of the Bladder, Inflammation of the Kidneys, Stone in the Bladder, Stricture, Gravel, Weak Back, and is especially recommended in those cases of Fever Affection of Kidneys, Stone in the Bladder, Stricture, Gravel, Weak Back, and is especially recommended in those cases of Fever Affection where all the old numerous medicines have failed.

It is prepared in a highly concentrated form, the dose only being from one to two tablespoonfuls three times per day.

It is diuretic and alterative in its action; purifying and cleansing the blood, causing it to flow in all of its original purity and vigor; thus removing from the system all pernicious causes which have induced disease.

CHEROKEE INJECTION is intended as an ally or assistant to the CHEROKEE REMEDY, and should be used in conjunction with that medicine in all cases of Gonorrhœa, Gleet, Fluor Albus or Whites its effects are *healing, soothing and demulcent*, removing all scalding, heat, chordee and pain, instead of the burning and almost unendurable pain that is experienced with nearly all the *cheap quack injections.*

SPEER'S
SAMBUCI WINE,
PURE AND FOUR YEARS OLD,
OF CHOICE OPORTO FRUIT,
For Physician's Use, Females, Weakly Persons and Invalids.
AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs; very beneficial in Dropsy, Gout and Rheumatic Affections.
SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by physicians and chemists as possessing medical properties superior to any other Wine in the market, an excellent article for all weak and debilitated persons, and the aged and infirm; improving the appetite, and benefiting ladies and children.
A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.
☞ None genuine unless the signature of "ALFRED SPEER, Passaic, N. J.," is over the cork of each bottle.
Make One Trial of this Wine.
For sale by **W. R. Preston,** Portsmouth. The trade in Boston supplied by O. C. Goodwin & Co. and Weeks & Potter.
A. SPEER, Proprietor; Vineyard, Passaic, N. J.; Office, No. 77 Maiden Lane, N. Y. John LaFoy, Paris, Agent for France and Germany. my13tf

Please Look at This.
RYE, N.H., Feb. 26, 1848. "I hereby certify that my daughter has had the salt rheum for a number of years and has tried many medicines, but to no her labor, or even rest—as it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of DR. SWETT'S PANACEA, and several bottles of his HUMOR WASH, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by its use. I have acted as agent for the sale of it. JOSIAH JENNESS.
PORTSMOUTH, April 21st, 1862.
I have for several years been afflicted with dis-tressed my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.
From ELDER I CHESLEY, *Lee, May* 31, 1841.
DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY.
☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, No. 7 High street, Portsmouth, N. H., promptly attended to. may20

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837.)
76 State street, opposite Kilby street,
Boston.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or determining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimony below, given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE then the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.
The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON
Commissioner of Patents.
"I have no hesitation in assuring inventors that they can not employ a person *more competent* and *trustworthy*, and more capable of putting their applications in form to secure for them a broad, and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending*. Such a remarkable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART.
During eight months, the subscriber, in course of his large practice, made on *twice rejected* applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.
R. H. EDDY.
Boston, Dec. 19, 1863.—3tawly

The Old Established Hospital.
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cared Annually!
DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at the Old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the safest as well as the latest remedies for those diseases, offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.
In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords, Bubo, Ulcerated Pharynx, Sore Nose, Tender shins, Bones, Cutaneous Eruptions, Blisters, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.
YOUNG MEN.
Young Men addicted to secret habits, who have impaired their health and destroyed the vigor of their minds, thus depriving themselves of the pleasure of the Married Life, are notified that in consulting Dr. J. Teller, they will find a friend to console and a Physician who has rescued thousands, in almost every part of the United States, who applied to Dr. J. Teller, never before published—Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps, inclosed, will secure a copy by return mail. Dr TELLER has devoted a lifetime to the cure of those diseases upon which his books treat.
TO THE LADIES.
DR. TELLER'S PILLS remain the only Agency in America, for the sale of Dr. Vichol's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.
Caution—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, for the genuine, in English, in the receipt. Price $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or observation.
Office hours from 8 A. M. to 8 P. M., and on Sundays from 2 to 5 P. M.
N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, inclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to
J. TELLER, M. D.,
anl0 No. 5 Beaver Street Albany, N. Y.

VERNATELLA.
Warranted to make the Soles of Boots and Shoes water and dampness proof, and wear one-third longer.
VERNATELLA
Is a preparation from Copper, having no grease, linseed oil, or anything of the kind, and when the soles are once saturated with it, water can no more get through them than through copper itself. Price 25 Cents Per Bottle, at retail everywhere.
But its cost to the purchaser is really NOTHING, as it makes the soles wear enough longer to more than pay for it, leaving as a net gain the making of them Water and Dampness Proof, and the preservation thereby of that priceless gem, the health.
☞ LADIES, READ THIS! ☜
SAVE YOUR HEALTH.
Use Vernatella on the Soles of your Shoes. It makes them water proof and thereby protects your feet from dampness, for the ground is always more or less moist, either from rain or the morning and evening dew.

Morning Chronicle.

Portsmouth, N. H.

MONDAY, JULY 11, 1864.

THE REBELLION.

The rebel army as they passed plundered and burnt at Hagerstown, Md., on the 8th. Imboden demanded $20,000 or he would burn Zeilers & Co.'s warehouse, and it was paid, although a like sum had been paid already to a previous party. Report locates a Union force at Hancock. It is probably Hunter's.

A Baltimore dispatch, of Saturday afternoon, says our forces have evacuated Frederick and fallen back to a position south of the Monocacy. The rebels occupy Frederick, it what force is not positively known. Report says 12,000 strong, under Breckenridge. There are also reports that another rebel force has crossed the Potomac near Edwards Ferry, and have moved in the direction of Urbana, probably to flank us.—We are hourly gaining strength by reinforcements, and will doubtless frustrate this rebel movement.

The Philadelphia Bulletin, of the 9th, has a dispatch from Harrisburg stating that the corps of Ewell and Breckenridge and Rhodes' forces are all on this side of the Potomac.

The Herald's Headquarters Army of the Potomac dispatch, of the 7th, says that deserters are continually coming into our our lines. They complain of short rations in Petersburg. In this respect the siege is Vicksburg over again.

By Telegraph—Sunday noon.

BALTIMORE, July 9, 9 P. M.—There is great excitement here to-day, the streets are teeming with rumors from the front, and active arrangements are being made in anticipation of an emergency. The Loyal Leagues are being armed, and the defensive works strengthened. Government is pressing into service all the horses they can lay hands on. Passes are required to leave the city, and suspected persons are vigilantly watched. There has been no fighting by the Army of the Potomac known in Washington.

WASHINGTON, July 9.—The sudden occupation of Frederick, Md., this morning, has caused a decided sensation here. But little definite information reaches Washington from the actual scene of operations in Maryland. The number of the enemy that occupy Frederick is variously estimated at from 15,000 to 20,000, and is thought to comprise all the rebel forces which have been operating in different places along the upper Potomac the past few days, together with reinforcements which have been received from Virginia. Refugees from Loudon county, who reached here to-day, report that quite a large rebel force has been passing northward from Culpepper within a few days. The occupation of Frederick leads to the belief that the invading force is much larger than has been supposed.—Movements are in progress to-day, at different points, tending to the protection of Baltimore and Washington, and to driving the enemy out of Maryland.

Gen. Butler has been relieved from command of the 18th Army Corps by Gen. Baldy Smith. Gen. Butler returns to Fortress Monroe.

☞ On Friday the President signed the bill to guarantee certain States whose governments have been usurped or overthrown a Republican form of Government. The bill was presented for his approval less than an hour before the *sine die* adjournment of Congress, and he now issues a proclamation that gives his assent to it.

GENERAL COURT. — The question of commuting the sentence of Wier, the murderer, is postponed to Tuesday P. M. The consideration of the military bill was made the special order for Thurday forenoon at 10 o'clock. The consideration of the State capital question was made the special order for Wednesday next at 10 o'clock.

What is a young man of the greatest use at a supper party? When he's a spoon.

— Wm. Schofield was instantly killed, and a young man by the name of Hutchinson badly injured, by the explosion of a cannon while firing a salute at New Lenox, Mass., on the 4th.

— While the declaration of Independence was being read at Hartford, Conn., on Monday, a bystander said to another, "Pretty good thing that, aint it? Too much of the —— nigger about it, though."

— The Junior Class at the Theological Seminary, Bangor, with one exception, have volunteered in the service of the Christian Commission, and have gone to the front, where they will immediately commence upon their new and important duties.

— The monstrously large woman who died at Brookfield, Conn., the other day, was Barnum's fat woman, Mrs. Jane Pisbon, formerly exhibited as Miss Jane Campbell. Her exhibition weight was 660 pounds. Ten men were employed to get her into her coffin, which was so wide that the door of the house had to be enlarged to enable its removal.

NEW HAMPSHIRE ITEMS.

—— The next annual meeting of the United States Universalist Association will be held in Concord, N. H., about the middle of September. A large attendance of laymen and of the leading clergymen of the denomination is expected.

—— Kearsarge, whence our victorious ship is named, is a mountain half a mile high, near the centre of New Hampshire, one of the sentinel outposts of the White Hills, but not connected with them. The Unionists of the Granite State will henceforth regard this noble eminence with a prouder affection, since its name is indissolubly blended with one of the happiest exploits of our navy.—*Post.*

—— Hon. Edmund Burke while riding in his carriage in Claremont, on Monday last, was way-laid by one Baron S. Noyes, who, failing to arrest the horse, fired three shots from a revolver at Mr. Burke, in the carriage. Noyes confesses his intent to take the life of Mr. Burke. This assault grew out of the fact of Mr. Burke being counsel for the wife of Noyes in a proceeding for divorce for ill usage.

☞ Carleton, the well informed army correspondent of the Boston Journal, writes from near Petersburg in a most encouraging strain. He says:

I find now and then men who have the blues—more out of the army than in it—who look at our losses in this campaign and become faint-hearted. They forget that there is another side—that the losses of the rebels are nearly if not quite equal to ours. We went into this war to conquer if it took the last man, woman and child to do it. The questions to be settled, the foundations to be laid and secured, are for all time—not for a year or a generation. The cancer to be eaten out had almost taken the life of the victim. It had penetrated the entire system—State, church, society, high and low. We are eating it out rapidly. There are no slaves in the District of Columbia or the territories, no slaves in Maryland, no more a fugitive slave bill, only here and there a slave in Missouri. Kentucky is sending here into the Union army by thousands. Churches and ecclesiastical bodies are purified; emancipation is decreed.

A year ago to-day a hundred thousand rebels were concentrated at Gettysburg. That army has been destroyed. A second—the best appointed—the largest Lee has ever commanded—has been forced from the Rapidan to Petersburg. A year ago, Richmond was fed by the arteries of commerce. The rebel capital had all her railroads in runing order—to Chattanooga and the Mississippi, to Lynchburg, up the Shenandoah, to Danville, to Weldon and the South, to Fredericksburg. To-day, the Central road is destroyed. The roads to Lynchburg and Danville are ruins. Chattanooga is ours. The East Tennessee road is grown over with grass; that to Fredericksburg is broken up: that to Weldon is cut here and in North Carolina. Possibly Lee has the James river canal. He also has the line from Petersburg to Richmond, but he cannot bring a pound of flour or bacon or ammunition from his Southern depots. We are pegging away at him day and night. The country is full of refugees. His thousands of wounded are on his hands. His men become exhausted as well as ours. The men and women who have heretofore harvested the corn and wheat in the northern half of the Old Dominion, and in the Shenandoah are gone from the plantations. Some of them carried these hights of Petersburg the other day. They are shouldering the musket, driving the teams, digging ditches, doing hospital work for the Union.

To-morrow it will be one year since the rebellion was at high tide. I remember how it dashed upon that wall of living hearts at Gettysburg at half past three in the afternoon—how near it came to flowing over the barriers and sweeping them away—how it crawled up to the muzzles of the guns curled round the Cemetery Ridge, then melted away, its force gone, its power broken.

Compare then and now, and see if there is a reason for being despondent. I see none.

— It is said that an heiress in Brantford, C. W., has eloped with one of Ramsey's Ethiopian Minstrels.

— Rev. G. W. Quimby, editor of the Gospel Banner, has engaged to supply the Universalist pulpit in Augusta, Me.

— The extensive distillery of Hill, Knox & Co., at Warsaw, Ill., was totally destroyed a few nights since. Loss estimated at $125,000.

— The World's Washington dispatch says the Government, in order to avoid the issue with Gov. Seymour, will quietly remove Gen. Dix to another Department.

— New Orleans dates of the 2d say arrangements have been made for the release of 1000 Union prisoners in Texas. Among them are officers captured at Galveston Jan. 1, 1863.

— Returning veterans, whose term of service is out, say that the soldiers in the field were never so well served with rations, while marching and fighting, as they have been during the present campaign.

— The Tribune's Washington dispatch says strong pressure is being brought to bear on the Government to demand the restitution of the pirate Semmes and crew picked up by the Deerbound, and that Secretary Seward will resist the pressure.

— The trial of the celebrated Yelverton case in the English House of Lords has developed the fact that a man may lawfully have a separate wife in each of the three countries of England, Scotland and Ireland, whom he may respectively repudiate in each of the others, a legal marriage in one country not being legal in another.

DROLL LOGIC.—A very conservative paper ridicules ex-Secretary Chase, because, as the paper says, he "seemed always impressed with the profound conviction that rum, whiskey and tobacco should be made to bear the entire financial burthens of the war; though they had not half the influence in bringing it about that the kid gloves and white neck-chokers had."

Did anybody ever object to taxing kid gloves and white cravats? We trow not. But the above sneer is meant for argument; as such it is unsound and false. The dry goods and the whiskey are mere inert matter; but the "soul-drivers," as John Randolph used to call them, who forced the South into rebellion, were almost to a man steeped in whiskey and tobacco. The men who wore white neck-chokers were the old preachers of 40 years ago,—but the ministers of the last 20 years in New England—i. e., nine-tenths of all now in the ministry, wear, and have worn, *black* cravats, and not white ones. But whatever they have worn, they have not as a body been disturbers of the peace. If in their ordinary ministry they have borne testimony against all sorts of wickedness, of course they must have spoken against the business of the "soul-drivers."

If they had universally (as they did too generally) left off speaking against that business when demagogues told them they must do so; if Stephen A. Douglas and all his million friends in the free States had only let the soul-drivers continue to rule them,—and if the country had submitted to the rule of Atchison and Stringfellow, Breckinridge and Lane, Floyd and Jeff. Davis—what a nice peaceful time we should have had—till these rascals got ready for some new war on Mexico, Central America, Cuba or Hayti, "to extend the area of freedom," as they used to say about annexing Texas.

But the Douglas Democrats would not agree to be trodden down—and the pulpit would not be baser than the party—and so the soul-drivers made war upon their old party, on the Union, and on liberty and law in general. Their allies and tools may do their worst to aid them, by lies and sneers, but the progress of the age is against them.

O. T.

☞ Capt. Winslow, of the Kearsarge, has addressed a letter to the London Daily News. He says he did not send any challenge, but that Semmes sent a request to him not to leave, as he would fight the Kearsarge, and would only occupy a day or two in making preparations. Five days, however, elapsed before they were completed. Capt. Winslow says that in the wake of the engines, on the outside, the Kearsarge had stopped up and down her chest chains. These were stopped by marline and eyebolts, which extended some 20 feet. This was done by the hands of the Kearsarge, and the whole was covered by light plank, to prevent the dirt from collecting. It was done for the purpose of protecting the engines when there was no coal in the upper part of the bunkers, as was the case when the action took place. The Alabama, towards the last of the fight, hoisted sail to get away, when the Kearsarge was laid across her bows and would have raked her had they not surrendered, which she had done, and was trying to get her flags down and was showing a white flag over the stern.

The Kearsarge received twenty-eight shots above and below,—thirteen about her hull. The best shots were abaft the mainmast, and two shots which cut her chain stops, the shell of which broke the wood covering. They were too high to have damaged the boiler, had they penetrated. The Kearsarge was only slightly damaged, and it was supposed that the action for hot work had just commenced, when it ended.

The Paris *Temps* gives a report that two Confederate cruisers were off Cherbourg watching for the Kearsarge.

☞ An Historical Discourse by Rev. Thomas W. Silloway, late junior pastor of the first Universalist society in Boston, has been received. The church has passed into other hands, and this was Mr. Silloway's valedictory sermon. In it he gives the history of the society, with such Christian counsels as the occasion seemed to suggest. It is well written and earnest, covering with the appendix 42 pages. The Newburyport Herald remarks that Mr. S. alludes to that city, where "he refers to the preaching of Mr. Murray in 1775, in the Old South church, and remarks that nothing short of 'remarkable eloquence and its attending fame' could have produced 'a consummation so devoutly to be wished.'—His allusion, of course, is to 'Salvation' Murray, in distinction from 'Damnation' Murray, as they were familiarly designated by such as were disposed to make theological distinctions, and in their own way. The former, Mr. Silloway represents as the first open and avowed defender of Universalism in America, as he was the first pastor of the society he was then addressing."

☞ Our correspondent "Ico" sends us from New Zealand a file of the Otago Daily Times: it is a paper of ten large pages, well stocked with advertisements, and handsomely printed.

☞ The Washington correspondent of the Boston Advertiser states that coal merchants in that section have availed themselves of the recent great stories about the rebel raid into Maryland, to advance the price of coal largely "on account of the break in the canal." He suggests that the big story about the advance of 30,000 rebels, coming from the quarter least informed, was probably set in motion by coal speculators.

— On the 4th a son of Benjamin F. Marble, of Woolwich, Me., while discharging a gun, was so seriously injured that he died Tuesday.

— The bronze statue captured at Lexington, Va., by Gen. Hunter, reached Wheeling, Va., last Saturday. It is the first bronze statue of Washington ever cast.

SUN UMBRELLAS,

A GOOD ASSORTMENT.

Coal $14.00 Per Ton!

MONEY SAVED BY USING EDDY'S PATENT

KEROSENE COOKING STOVE.

By the use of two or more burners sufficient heat is obtained for doing most of the cooking for a family, at a very small expense and with great facility.

Economy is perhaps their greatest recommendation in these times of high prices of Coal, for with one of these stoves tea may be prepared for a family at a cost for fuel not exceeding One Cent, and dinner not exceeding Two Cents.

They are portable, and burn without smoke or odor, hence they may be used in any part of the house.

Call and see one in operation, at No 12 Market street. Sole Agents for Portsmouth.

J. W. & A. STAVERS.

Also, Dealers in Crockery, Glass Ware, Room Papers, Lamps, Window Shades, Boots, Shoes, and Fancy Goods. Je16

Notice.

All persons who are enrolled in this city, claiming residence elsewhere, are requested to leave their names and places of residence at the City Clerk's Office, No. 74 State street.
